How Drivers Can Make School Zones Safer

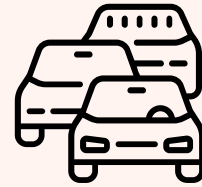

REDUCE YOUR SPEED

Be aware of upcoming school zones and reduce your speed. In most, the speed limit through a school zone is between 15 and 25 mph. Reduce your speed through the school zone.

LOOK FOR INCREASED TRAFFIC

Traffic can become congested during drop-off and pick-up times, so plan accordingly. You may need to get up a little earlier and leave work a few minutes later to avoid the congestion.

KNOW THE BUS RULES

When the **red lights** are on and the **stop sign** is extended from the side, you **cannot pass** the bus.

**DOUBLE PARKING
AND U-TURNS
ARE NOT
ALLOWED**

DOUBLE PARKING AND U-TURNS ARE NOT ALLOWED FOR THE SAFETY OF ALL. BE MINDFUL OF STUDENTS GOING BETWEEN CARS. WE WANT EVERYONE TO ARRIVE HOME SAFELY.

LOOK FOR PEDESTRIANS

Be on the lookout for kids darting into traffic or dodging cars to get across the street. Not all children will use a crosswalk. Don't tailgate, and be prepared to stop.

OBEY CROSSING GUARDS

Most school zones will be controlled by crossing guards. Look for these people and do what they say.

HAVE A GREAT SCHOOL YEAR
