Role of TABs/CACs

- **Assist** the BCC in the governance of the unincorporated town or area by acting as representatives of the residents of the respective town or area.
- **Make recommendations** based on community input on issues pertaining to the town or area such as long-term planning, zoning changes, public works and park projects; **provide input** regarding resident concerns and problems to the BCC; and **disseminate information** from the County to the residents of the town or area.

Role of TABs/CACs

- **Operate** under the same rules as the BCC, including open meeting law, meeting conduct, and public comment periods.
- **Representative** of Clark County and the respective Commissioner(s) for the town or area.
- Input is valuable and appreciated, but remember, you are an **Advisory Board**.

Volunteerism is the voice of the people put into action. These actions shape and mold the present into a future of which we can all be proud.
