V. Informational Items

1. Land Use Plan meeting dates (for discussion only)

There will only be two more dates so please plan to attend them.

Land Use Plan meeting dates for Bunkerville: October 24, 2018 & January 24, 2019.

2. Discussion requested by Cliven Bundy for local land use issues (for discussion only)

Cliven came to discuss portions of the Northeast area where he has vested or preempted rights. He wants the responsibility of the maintenance and protection of the land to be with local government and not in the hands of the federal government. In Cliven's opinion this would ensure that the resources are being properly protected, developed and used. Cliven is holding a public meeting on October 13<sup>th</sup> at the Old Logandale School in Logandale at 4pm.

3. Applications are available until Tuesday, November 13, 2018 for appointments by the Board of County Commissioners to serve on the Bunkerville TAB/CAC for a two-year term beginning January 2019. (for discussion only)

Applications and info was provided for anyone interested in applying.

VI. Planning & Zoning

1. **UC-18-0628-ROBBINS, CRAIG:**

**USE PERMIT** to allow a proposed casita to not be architecturally compatible with the principal structure (manufactured home) on 0.8 acres in an R-A (Residential Agricultural) Zone. Generally located 170 feet north of Virgin Street and 115 feet west of Tobler Lane within Bunkerville. MK/jor/ml (For discussion and possible action)

**10/02/18 PC**

**Moved by: Duane Magoon**

**Action: Approved with stipulation that the owner can only inhabit the casita. The Casita is not allowed to be a rental property**

**Vote: 3-1**

**Voting Aye: Brian Haviland, Boyd Wittwer and Duane Magoon**

**Voting Nay: Vernon Pollock**

There was some hesitation from the board because they don't want the casita becoming a rental property.

VII. General Business

1. Review/finalize FY 2019/2020 budget request(s) and take public comment on the budget request(s). (for discussion and possible action)

**Moved by: Vernon Pollock**

**Action: Approved as discussed**

**Vote: 4-0/Unanimous**

2. Clark County requests the Bunkerville Town Advisory Board to nominate a representative and alternate for the 2018/2019 Community Development Advisory Committee (CDAC). (for discussion and possible action)

**ACTION: APPROVED AS RECOMMENDED**

**Moved by: Boyd Wittwer**

**Action: Board nominated Vernon Pollock with no alternate**

**Vote: 4-0/Unanimous**

VIII. Public Comment

Lee Kirk (BLM- Bureau of Land Management) – BLM has been granted funding for a cultural management plan which is to be used for the protection of cultural sites. They are looking at 3 sites including Whitney Pocket and Falling Man. 3 public meetings will be held at the end of October or beginning of November in Mesquite, Moapa Valley and Las Vegas. Residents requested that the Mesquite meeting be held in Bunkerville instead. Janice will ask if the meeting can be held in Bunkerville rather than Mesquite.

BLM is working with junior rangers to develop an interactive book which concentrates on teaching the historic value of Gold Butte and will have other facts about wildlife in the area.

IX. Next Meeting Date

The next regular meeting will be October 11, 2018

X. Adjournment

The meeting was adjourned at 8:43 p.m.

# Information on Speed Limits

*How are speed limits determined? How can I get the speed limit in my neighborhood lower than 25?  
How can I get more speed limit signs posted? If you lower the speed limit, won't the motorist slow down?  
Aren't speed limits always posted to 10 miles slower that I can go?*

## How are speed limits determined?

Years of experience and research have led engineers to the conclusion that the 85<sup>th</sup> percentile speed (or the speed at or below that 85 percent of the motorists will travel on the street) is a reasonable speed. It is an acknowledgement that 15 percent of drivers drive unreasonable for the given conditions. Many speed studies conducted over the past decades have found that the likelihood of an accident is lowest when the majority of the motorists are moving at the same rate. The 85<sup>th</sup> percentile speed is the safest rate for all ranges; safer even than the 50<sup>th</sup> percentile (half of the traffic is faster, half of the traffic is slower) or the average speed (sum of all speeds divided by the number of vehicles) for the simple reason that the speed differential is least for this group. Measurements of the 85<sup>th</sup> percentile are made under free-flowing and ideal traffic conditions. Finally, the engineers will consider other factors such as number of driveways, the volume of traffic, the width of the roadway, and number of travel lanes; however, the basic speed limit through a zone remains premised on the 85<sup>th</sup> percentile. There are other appropriate signs (curve warning, intersection ahead, school, etc.) that are intended to complement the overall signing scheme.

Once the 85<sup>th</sup> percentile speed is determined through a traffic study, the speed limit is set to the nearest ending 5-mile interval (25, 35, 45, 55, or 65 miles per hour). Most streets in Clark County are designed for a pre-determined speed limit. Arterials streets are designed and constructed to be posted at 45 miles per hour, collectors at 35 miles per hour, and all other streets at 25 miles per hour. **25 miles per hour is the lowest speed posted for non-school frontage areas.** The Beltway (I-215/CC 215) is designed for an ultimate 65 miles per hour upon completion to a freeway type of roadway but has lower speed limits in sections that are interim roadway facilities or under construction.

## How are the speed limit signs posted?

Clark County places speed limit signs at the location where a motorist would need to change speeds. Speed limit signs are posted at entrances to residential areas where the speed limit has changed from a higher speed to 25 miles per hour. Speed limit signs are normally not posted within subdivisions. Speed limits signs on arterial and collector streets are normally posted at ½ mile intervals just past crossing another arterial or collector streets. On streets with no posted speed limit signs, the "prima facie" speed limit is 25 mile per hour.

## If you lower the speed limit, won't the motorist slow down?

While a common myth, research and studies have found that motorist will drive on a street at a speed they feel comfortable with regardless of the posted speed. Posting artificially lower speed limits does not slow traffic and can increase the potential for accidents.

## Aren't speed limits always posted to 10 miles slower that I can go?

Speed limits are set at the maximum speed a motorist can drive. Roadway and weather conditions may required a motorist to drive slower than the posted speed but there are no times when a motorist should driver faster than the posted speed limit.

This flyer is for general purposes only. For more information, please contact the Clark County Department of Public Works, Traffic Management Division at (702) 455-6000 or email [InTheWorks@ClarkCountyNV.gov](mailto:InTheWorks@ClarkCountyNV.gov).

**NOTE:** The MUTCD is used throughout the country as the standard by which traffic control decisions are made. Nevada Revised Statute 484A.430 and County Code 14.12.070 require the County to use the MUTCD for placement of all traffic control devices. The complete MUTCD can be found at: <http://mutcd.fhwa.dot.gov/pdfs/2009/pdf-index.htm>.

April 2012

A short summary of the attached draft:

We need a plan;

This isn't a plan for Bundy Ranch. This is a plan for all the residents of Northeast Clark County and Bundy Ranch is in this part of the county. Since the early 1990's the federal government has layered regulations over the top of our land until they have regulated us completely off the land. Restrictions and regulations and using their own law enforcement, have made it impossible to enjoy our rights and freedoms to this land.

This plan presents a way for We the People of northeast Clark County Nevada to claim and use the land we already have rights to, eliminate unnecessary restrictions, and be the rightful owners and administrators in northeast Clark County.

**(DRAFT #4)**

## **LAND PLAN**

### **(PART OF) NORTH EAST CLARK COUNTY NEVADA LAND PLAN**

**(Only areas where Bundy has vested or preempted rights)  
(Moapa Valley Town Advisory Board could have a land acquisition similar to  
Bunkerville)**

- 1** We the People of NECC, acting as citizens of a republic do hereby adopt a comprehensive land plan. The North East Clark County Land Plan (NECCLP) is adopted by our representatives serving as the Bunkerville and Moapa Valley town advisory boards.
- 2** We the people of northeast Clark County call on our elected representatives, and call on the Commissioners of Clark County to adopt our plan as part of the Clark County land plan.
- 3** Whereas, the public land in north east Clark County belongs to the people of Clark County Nevada (Chain of title of these lands: Native Indian -Nation of Spain - Nation of Mexico - 1848 to US Arizona territory County of Pah Ute - 1866. US Congressional Act May 5, 1866 dispose of (Art IV:3) to State of Nevada, joint resolution #24 approved 1981, ratified by the people in 1982.); Whereas, Clark County is a subdivision of the sovereign Nevada. Bundy Ranch is an adjudicated part of NE Clark County;
- 4** It has been 3 years since the Bundy protest and 21 years since We the People said this land is Nevada land. Nevada state law NRS 321.596 et al. statues (Nevada Public Land Ownership Act). 1996 Nevada reformation, We the people, overwhelmingly supported Nevada control of public land. Bundy protest removed the US Federal Bureaucrats off the land. We the people have enjoyed freedom and access; maybe the freest land in America.  
For 25 years we have had no land plan. It is due time!
- 5** RANCHES ADJUCIATED BY CONTRACT (PARTIES) - #1 - US Dept. of Interior and #2 the Rancher. In accordance with preempted rights created through beneficial use, in accordance with Nevada State laws 1940-1960 area and livestock. In November 1970? changed adjudication to ephemeral from livestock number to no livestock numbers. 1992 Bundy cancelled all contracts with BLM management and 1934 Taylor Garzing contracts with US federal government. 1992-2017 no contracts, continual beneficial use of resources 1850s - 2017.
- 6** Bundy Ranch holds rights to forage, livestock water, access, range improvements, and all other rights as Clark County residents. Bundy Ranch holds a land patent pursuant to the Act of Congress of May 20, 1862 to secure homestead with the appurtenances thereof, unto the said claimant and the heirs and assigns of the said claimant FOREVER; subject to any vested and accrued water rights for mining, agricultural, manufacturing or other purposes.

- 7 WHERE AS: Clark County Commissioners are the closest government to the People.
- 8 DESCRIPTION -- A greater portion of Mormon Mesa, Virgin River Valley, lower Moapa Valley, Virgin Mountain, and Gold Butte (Common name - Bundy Ranch)
- 9 Within the following boundaries, to wit: commencing on the NE corner Clark County Nevada, SE corner Lincoln County Nevada, W Arizona Stateline thence S to Colorado River-Mead Lake, follow E waterline around N of lake to the W high water line, thence NW to town Overton, NV, N of NV Fish and Wildlife thence E to Mormon Mesa rim thence N along Mesa rim to Lincoln County S boundary thence E to the point of beginning.
- 10 EXEMPTION: City of Mesquite, NV, I-15 corridor, NV State Hwy. 170, Clark County sewer plant Overton, private lands, subject to State of Nevada open range-fence out laws. All existing utility and communication right-of-ways or easements, agriculture irrigation right-of-ways and easements, FAA and US interstate communication. Nay Ranch and Don Whitney gazing land, if requested.
- 11 DESIGNATED COUNTY ROADS: (COUNTY MAINTAINED) 2 wheel drive vehicles, 1 lane standard
1. I-15 mile marker 100 to Lincoln County border, Carp/Elgin roads
  2. NS 170 to Arizona state border – White Rock- Nay Ranch- Grand Wash roads
  3. NS 170 to Lake Mead – Hell’s Kitchen – Cat Claw and Clive’s Landing roads
  4. Overton Airport road to Virgin River
- 12 ALL OTHER ROADS and trails be maintained by land steward in accordance to NV law and their needs
- 13 ROADS, Clark County residents will have access to all roads and trails according to Nevada State law.
- 14 Now therefore, let it be known, that the following is the duly adopted management plan for the northeast portion of Clark County.
- 15 We the People recognize our elected Clark County Sheriff as the only authority with policing and arresting power in Clark County Nevada. With the direction and consent of the sheriff, Nevada Highway Patrol may exercise authority on Interstate 15 and NV highway 170 for public safety; Nevada Fish and Game may have limited authority in accordance with state law; and Nevada Livestock Identification may have limited authority in accordance with state law.
- 16 Whereas, We the People of Clark County, Nevada, a political and fiscal subdivision of the sovereign state of Nevada, are rightful owners of all land within Clark County borders. All who enter across Clark County exterior borders are our guests only, having no political power or vote.

**17** All contracts, leases, licenses, permits, easements, MOUs or agreements with the United States government will be null and void including, but not limited to, all US government land classifications such as areas of critical environmental concern, wilderness areas, national recreational areas, monuments and etc.

**18** In place of the former federal contracts and agreements, new contracts or agreements will be negotiated with Clark County government. All fees or tax on production will be paid to Clark County government general funds.

**19** THIS LAND DECLARATION - all amendments, actions, new developments or maintenance over \$25,000 in total cost will go before Moapa Valley and Bunkerville town advisory boards, then to be presented before Clark County Commissioner's, (semiannual) first meeting in April and October.

**20** WE THE PEOPLE of Clark County will have 100% access to the Bundy Ranch area to picnic, camp, motorhome, hunt, fish, off-road, hike, bike, enjoy the scenic desert, only reserving 500 ft radius around wildlife and livestock watering sources and artifact reserves.

**21** NEW & IMPROVED ACCESS - for motor homes, camper trailers, and camps. The side roads, vacant gravel pits, and new access will be improved to let you off the beaten trail. 15 day maximum stay.

**22** HUNT & FISH - access to all road and trails, giving new territory to explore and improved habitat. Improved wildlife and livestock water sources.

**23** OFF-ROADING - access to 100% of Bundy Ranch area all roads and trails and new development. A plan for 2 major off road loops, 5 service stations. Loop 1 (miles?) Loop 2 ( ) + 1000s of miles off-road in the interior. Two ferry systems to move ATVs across Lake Mead.

**24** SCENIC TOUR & VIEW SITES - 100% access to the giant desert, Mormon Mesa, lower Muddy River, Virgin River, Virgin Mountains, Gold Butte, east shore of Lake Mead, old mines, old mine town sites, cattle and wildlife, cactus and a beautiful sunset, Indian writings, sink hole, and stars. Could place concrete picnic tables on Virgin River and Mormon Mesa viewpoints.

**25** PETROGLYPHS - INDIAN WRITINGS - Ten sights. It is in the general public and native Indian's interest to protect and preserve ancient Indian writings. The public desires to have access to view and enjoy.

**26** ROD IRON/GUARDRAIL set 30 feet from the face of the petroglyphs, walk way of natural stone giving access to old and young, away from but close enough to see and enjoy. (note: dislike this, it ruins the natural mystic of the place)

**27** LAND IMPROVEMENTS: Virgin River and lower Muddy River and east Lake Mead shore, to reduce erosion, enhance edible fish and game, livestock, and recreation access.

**28 LOWER MUDDY RIVER and VIRGIN RIVER.** These river bottoms are not fit for beast or man. They have a heavy thick canopy of tamarack brush that has very little habitat value, very little scenic or recreational value.

**29 THE ERADICATING OF THE TAMARACK** plant is well on its way. The introduction of the tamarack beetle is de-foliating the plant.

**30 A PLAN** to clear masses of dead plants and replace with a new habitat of new forage to improve for edible fish and game, livestock, and scenic and recreational enjoyment.

**31 THE CLEARING PROCESS** will reserve 20% of mature tree over 20 ft. tall – Cottonwoods, Black willows, Mesquite and Mesquite trees for shade and scenic value up the valleys.

**32 WEED CONTROL.** Emphasis on eradicating Tamarack brush and establishing grass sod to stabilize erosion, enhance feed, beautify and create recreational opportunities.

**33 WATER.** In accordance with Nevada law, multiple use:

- a) Domestic
- b) Agriculture
- c) Livestock
- d) Fish and game
- e) Recreation

All existing water rights, easements, and access will be recognized.

**34 WATER -** Retain the preempted water usage that the tamarack has used for over 100 years, 2 ac. Ft. per acre? Maybe more. That water will remain in beneficial use, to establish new improved habitat for edible fish, game, livestock and scenic, recreation and access.

**35 WATER -** Rivers, water rights – retain wildlife, livestock and vegetation preempted established uses.

**36 FIRE –** Control, management for the safety and benefit of man.
