Wyatt requested to be removed from the agenda due to unforeseen circumstances and will attend a future meeting

VIII. Public Comment

Lee Kirk- (Acting BLM Manager of the Gold Butte Monument) BLM is in the process of organizing a 'Draft Environment Assessment' which will be reviewed by the BLM and Tribe. Lee hopes it will be made available for a Public Comment Review by August/September. This Assessment will address cultural sites and recreational amenities. BLM currently has OHV funding available to pay to replace and add new directional signs to the Back Country Byway. National Public Lands Day is September 28th and BLM is looking for volunteers to help install signs and kiosks. They are still working on their JR Ranger Book which Lee hopes to be complete within the next 6 months. The Resource Management Plan is officially terminated. The new BLM Las Vegas Field Manager is, Shonna Dooman. Jannice Cutler from the BLM's St. George Office - They have permission to be on private property in Seven Springs to complete a burro roundup. The roundup is projected to begin at the end of July and completed by August or until they have collected 40 burros; which is what BLM has funding for. The burros will be collected in a corral with hay or other treats, no aircraft will be used, the burros will not be sterilized, and they will be adopted out. If horses or any other livestock are inadvertently trapped with the burros, they will be released. The burros are set to be transported to the Florence Wild Horse & Burro Training Center in Florence, AZ. The board mentioned that the splash pad recently had pumps changed but thinks it may still be out of order. Elmer Lopez, Parks and Rec, will check on the times that the splash pad operates and will confirm whether it's been fixed.
