## Notice to Industry

### RESIDENTIAL SPRINKLERS

Clark County Board of Commissioners on August 20, 2013 adopted the Building Administrative Code which contained amendments to 2012 International Residential Code. At the time of adoption, Clark County deleted the requirements for residential sprinklers within one and two family dwellings. This condition was held in abeyance pending changes to the economic conditions within Southern Nevada. During the January 5, 2015 Board of County Commission meeting, there was a public discussion regarding residential sprinklers. The Board requested stakeholder's input to determine the cost and benefits of adopting the residential sprinkler provisions. Please submit written comments to Carol Carter at [carolc@clarkcountynv.gov](mailto:carolc@clarkcountynv.gov) no later than February 20, 2015.

Sincerely,

Ronald L. Lynn  
Director/Building & Fire Official
