## NOTICE TO INDUSTRY

### AIO Contractor License Limitations

Effective July 1, 2014 the Clark County Building Department (CCBD) will no longer issue permits to contractors licensed solely as an A-10 for work which includes the installation of water or gas plumbing service lines to fixtures that are not directly related to the pool or pool service equipment. Examples of such fixtures include, but are not limited to fire pits, fire places, barbeque stub outs, and tiki torches. Any such water or gas plumbing work that exceeds the limitation of the scope of work defined in NRS 624 sub-classification AIO(f) must be performed by a properly licensed plumbing contractor.
