

STRATEGIC PRIORITIES

1

SAFE & SECURE COMMUNITIES

Sustain Clark County's place as a safe community to live, work and play for all residents and visitors.

- ✓ Ensure planning, policies and practices focus on the safety and accessibility of community spaces, structures, and public infrastructure
- ✓ Develop a roadmap to address resource needs for emergency and medical services
- ✓ Identify technology to monitor and detect unreported and illegal activity, improved response time and enhance data-driven decision making

2

COLLABORATIVE COMMUNITY ENGAGEMENT

Collaborate with the public to encourage inclusive community-based problem-solving and boost involvement.

- ✓ Identify opportunities to improve relationships with government associates
- ✓ Create opportunities for both public and private partnerships
- ✓ Invite community allies willing to enhance service delivery and add value

3

SERVING THE COMMUNITY

Treat every interaction as an opportunity to welcome the public and deliver outstanding and respectful service.

- ✓ Provide consistent, responsive and high-quality services to all residents and visitors
- ✓ Rethink, innovate and modernize service delivery
- ✓ Foster highly-engaged, high-performing and service-focused employees

4

STRONG COMMUNITIES

Cultivate resources and services that promote safe, nurturing and stable communities where people prosper.

- ✓ Focus resources on programs that support individuals and families and promote safe and healthy environments
- ✓ Expand intervention programs to reduce program dependency
- ✓ Invest in programs which support self-sufficiency

5

AFFORDABLE AND LIVABLE COMMUNITIES

Create a community where residents have access to stable and affordable housing, support services, & economic opportunities.

- ✓ Improve services to ensure homelessness is rare, momentary and not recurring
- ✓ Seek innovative partners and incentives to expand supply of affordable housing units
- ✓ Concentrate goals, policies, and funding on programs that lead to self-sufficiency
- ✓ Support workforce training and development

6

CONNECTING THE COMMUNITY

Deliver a comprehensive, reliable and connected transportation network to move people efficiently, economically and safely.

- ✓ Address growth and infrastructure needs through smart and thoughtful community-wide planning
- ✓ Expand transit services to maximize access to employment and services
- ✓ Implement initiatives to identify multi-modal options and improve road and pedestrian safety
- ✓ Leverage technology to improve mobility
