

Support democracy and earn money for your organization!

Raise the Vote gives local businesses and community groups the opportunity to raise money for their organization or their favorite nonprofit by working at a Clark County polling place during an election.

Under the Raise the Vote program, the members of your organization volunteer their time to work at a polling place, and the money they earn is paid directly to your group. (Typically, polling place workers are paid an hourly or daily rate.)

It is truly a win-win.

We provide the training and equipment; you provide important support for the electoral process while raising money for worthwhile organizations and charities.

Thank you again for your interest in this great program. We look forward to working with you!
