GENERAL ELECTION, CLARK COUNTY, NEVADA
TUESDAY, NOVEMBER 6, 1990
CLARK COUNTY ADVISORY ELECTION

CLARK COUNTY ADVISORY QUESTION

QUESTION NO. 10

CLARK COUNTY TRANSPORTATION IMPROVEMENT QUESTION

Shall the Board of County Commissioners urge the 1991 Nevada Legislature to enact legislation implementing the fair share funding program adopted by the Board of County Commissioners to fund at least \$100 million annually in transportation improvements by allowing the County to generate new revenue from taxes on retail sales, motor vehicle privilege, motor vehicle fuel, aviation fuel, hotel-motel room rental, and new construction?

YES

197 →

NO

198 →

Vertical column of 20 small circles for marking answers.

QUESTION NO. 9

Proposed Constitutional Amendment

THE PEOPLE OF THE STATE OF NEVADA DO ENACT AS FOLLOWS:

Section 1 of Article 10 of the Constitution of the State of Nevada shall be read as follows:

Taxes shall not be levied upon the wages or personal income of any individual standing the foregoing provision, and except as provided in Section 1 of this section, taxes may be levied upon any business in whatever form it may be conducted

20

EXPLANATION TO CLARK COUNTY TRANSPORTATION IMPROVEMENT QUESTION

On June 19, 1990, the Board of County Commissioners adopted the "Fair Share Funding Program" which proposes to generate \$100 million annually in revenue dedicated to improve transportation. Revenue for this program would be generated from increased taxes on retail sales (¼%), motor vehicle privilege (1c), motor vehicle fuel (a maximum increase of 1c in 1992, and an additional 4c implemented between 1993 and 1996 as projects warrant), aviation fuel (4c), hotel-motel room rental (1%), and new construction (\$500 per residential unit/50c per square foot of commercial development). Additional revenue is anticipated from Airport fees and existing state and federal sources. The "Fair Share Funding Program" anticipates that tourists would pay approximately 30% of this transportation program; industry and gaming 18%; 31% would be expected from state and federal sources; and residents would contribute approximately 21% of the total program.

A "YES" vote on this question would urge the 1991 Nevada Legislature to allow the County to generate new revenue in order to address critical traffic problems by constructing and improving beltways, streets, interchanges, intersections and transportation systems throughout the County.

A "NO" vote on this question would keep revenues dedicated to transportation improvements at current levels and not provide new revenue to be used to construct and improve beltways, streets, interchanges, intersections and transportation systems throughout the County.

NOTE: This question is purely advisory in nature and does not place any legal requirement on the governing body or any officer of the political subdivision.

ARGUMENTS FOR PASSAGE

Traffic congestion in Clark County is increasing daily and at times approaches gridlock, hurting our air quality and our economic future. Over the past decade, there have been severe cut-backs in federal and state funding for transportation on a nationwide basis, while in Clark County our tourist industry is booming and our population is growing. It is estimated that needed transportation projects in Clark County now exceed \$2 billion. Unless local revenue sources are developed to fund traffic relief, the present situation will only get worse. The Fair Share Funding Program will ensure that everyone who benefits from improved transportation will contribute a fair share of the cost.

ARGUMENTS AGAINST PASSAGE

The Fair Share Funding Program will increase certain taxes for tourists, developers, businesses, and local citizens, which could have a negative impact

on our economy. Any funding program for transportation should include property taxes. The proposed tax on construction may restrict the growth rate of new development. The federal and state governments should be responsible for paying the cost of transportation projects.

NOVEMBER 6, 1990 GENERAL ELECTION

CITY INITIATIVE QUESTION NO. 1

SHALL THE CITY OF LAS VEGAS CHARTER BE AMENDED TO CAUSE THE CITY OF LAS VEGAS TO OWN, OPERATE, AND MAINTAIN AN ANIMAL CARE AND CONTROL FACILITY WITHIN THE BOUNDARIES OF THE CITY OF LAS VEGAS?

City Initiative Question No. 1	City of Las Vegas Charter Amendments	Shall the City of Las Vegas Charter be amended to cause the City of Las Vegas to own, operate, and maintain an animal care and control facility within the boundaries of the City of Las Vegas?
City Initiative Question No. 2	City of Las Vegas Charter Amendments	If City Initiative Question No. 1 is approved by the voters, shall the City of Las Vegas Charter also be amended to increase the number of elected officials by adding one (1) Municipal Animal Care and Control Administrator?

Primary Election 1990

*"These are some of the problems discovered so far: Numerous races, including the congressional race involving Rep. James Bilbray and the hotly contested county commission race between Don Schlesinger and Bob Ryan, were left off the ballot in some precincts; At least 10 polling places opened as much as an hour or more late, which meant many people planning to vote before work were turned away; The computer system used to tally the votes broke down, delaying the final results for more than half a day."

Las Vegas SUN September 6, 1990

*"The Clark County registrar of voters will recount the results in three closely contested legislative races from last Tuesday's primary."

Las Vegas SUN September 11, 1990

*"Charles Woods followed up his allegations of election fraud with two letters demanding copies of records relating to balloting procedures."

Las Vegas SUN September 18, 1990

General Election 1990:

*"Final tabulation of ballots from Tuesday's general election, which drew 59% of eligible voters, was delayed for roughly six hours by jammed ballot-card readers and a computer error that prompted the recount of 22 precincts."

Review Journal November 8, 1990

General Election 1992

*"122 absentee ballots have not yet been returned by overseas and military personnel in District 8. State law provides them 30 days to return the ballots which were mailed out late due to a court order which provided for the addition of minor parties to the ballot. Since new ballots had to be printed, the absentee ballots could not be sent out on time, those with ballots have until November 7, at 5:00 p.m. to return the ballots. Mark Jones currently holds a 24 vote lead over Sandi Drenzer in District 8.

Review Journal November 5, 1992

*"Final election results were available at 3:30 a.m.

Las Vegas SUN November 4, 1992

*"The Clark County Election Department discovered Thursday it had overlooked counting 1,506 ballots after the polls closed on Election Day

11/6/92, RJ

Primary Election 1990:

*"Adding up errors that began before the polls opened at 7 a.m. Tuesday, West recounted: Ten sites opened up to an hour late because ballots were not delivered to them. Up to four sites in Henderson failed to have ballots because roads were washed out from this weekend's storm. Other schools were locked when precinct workers arrived. Two errors by Metrol Police occurred when ballots were delivered to the wrong locations. Ballot books in voting booths were wrong in four to seven precincts. Poll workers neglected to record ballots properly in 20 percent of the precincts."

Las Vegas SUN September 5, 1990

*"Several primary races could be contested because Clark County Election Department snafus."

Las Vegas SUN September 5, 1990

*"Changes in vote counting, under-trained precinct workers, computer problems and misplaced records forced Clark County election Department employees to count ballots on the floor by hand in a 1990 primary election Tuesday that continued today."

Las Vegas SUN September 5, 1990

*"Clark County Manager Pat Shalmy said Wednesday it will take \$1 million to fix computer problems plaguing the 1990 primary election that crashed the county's IBM system during ballot counting."

Las Vegas SUN September 6, 1990

*"Shaffer said it could cost \$6 million to improve the county's computer to handle elections as Southern Nevada's population grows."

Las Vegas SUN September 6, 1990

*"Election results were finally tabulated at 10:30 p.m. Wednesday night.
