RE: DESERT CONSERVATION PROGRAM PROJECT COMPLETION NOTIFICATION:
BOULDER CITY CONSERVATION EASEMENT WEED SURVEY
2007-NPS-714K

The work for the above referenced project has been completed. Please see the attached for all project related information.

The purpose of the above referenced project was:

The purpose of this project is to conduct surveys of routes in the Boulder City Conservation Easement (BCCE) to detect non-native vegetation and conduct targeted treatments of existing occurrences of invasive, non-native vegetation.

The major accomplishment or findings of this project include:

This project has been successful at detecting and controlling small populations of high priority weeds such as sahara mustard (*brassica tournefortii*) in isolated areas of the BCCE.

For more information about this project and/or for other Project Reports or Symposium Reports, please visit our website at: <http://www.clarkcountynv.gov/airquality/dcp/Pages/default.aspx>

If you have any questions, please contact John Brekke at (702) 455-2722.

Sincerely,

Marci D. Henson
Program Manager
