RE: DESERT CONSERVATION PROGRAM PROJECT COMPLETION NOTIFICATION:
HABITAT MODEL FOR PEREGRINE FALCON, 2005-NPS-609C

The work for the above referenced project has been completed. Please see the attached for all project related information.

The purpose of the above referenced project was:

Provide a study of technical information and materials that will meet conditions for funding of a related project, 2005-NPS-475-P (Peregrine Falcon Monitoring at Lake Mead NRA). These products will inform a species status report for the peregrine falcon at Lake Mead National Recreation Area (LMNRA).

The major accomplishment or findings of this project include:

- Produced a habitat suitability model and associated maps that were used to target surveys for undocumented peregrine territories in LMNRA
- Results were delivered as final project data and final report.

For more information about this project, please visit our website at:

<http://www.accessclarkcounty.com/depts/daqem/epd/dcp/Pages/dcpactiveprojects.aspx>

If you have any questions, please contact Larry Mata, Project Manager at (702) 455-3964.

Sincerely,

Marci D. Henson
Program Manager
