RE: DESERT CONSERVATION PROGRAM PROJECT COMPLETION NOTIFICATION:
TORTOISE STERILIZATION CLINIC
2015-USFWS-1555B

The work for the above referenced project has been completed. Please see the attached for all project related information.

The purpose of the above referenced project was:

The purpose of this project is to provide a desert tortoise sterilization workshop for veterinarians to help reduce backyard breeding.

The major accomplishment or findings of this project include:

The major accomplishments for this project were the training of 16 veterinarians and 13 veterinary technicians in the proper techniques for sterilizing pet desert tortoises. The project also resulted in the sterilization of 55 (30 females, 25 males) pet tortoises from private custodians from the Las Vegas area.

For more information about this project and/or for other Project Reports or Symposium Reports, please visit our website at: <http://www.clarkcountynv.gov/airquality/dcp/Pages/default.aspx>

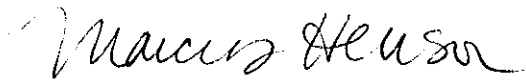

If you have any questions, please contact Scott Cambrin at (702) 455-3859.
