Independent Auditor's Report

To the Board of Trustees Clark County, Nevada OPEB Trust Fund Las Vegas, Nevada

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of the Clark County, Nevada OPEB Trust Fund (the Fund), a fiduciary component unit of Clark County, Nevada, as of and for the year ended June 30, 2023, and the related notes to the financial statements, as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the Fund, as of June 30, 2023, and the change in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As discussed in Note 1, the financial statements present only the Clark County, Nevada OPEB Trust Fund, and do not purport to, and do not, present fairly the financial position of Clark County, Nevada as of June 30, 2023, the changes in its financial position, for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fund's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedules of changes in the net OPEB liability and related ratios, schedules of contributions, and schedules of investment returns be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with

management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 20, 2023 on our consideration of the Fund's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Fund's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Fund's internal control over financial reporting and compliance.

Clark County, Nevada OPEB Trust Fund Management's Discussion and Analysis June 30, 2023

Management offers the following discussion and analysis as a narrative introduction to the basic financial statements and an analytical overview of the Clark County, Nevada OPEB Trust Fund's (the Fund) financial activities for the fiscal year ended June 30, 2023. This narrative is intended as a supplement and should be read in conjunction with the financial statements.

Overview of the Financial Statements

The Fund's basic financial statements include the following components:

- Statement of Fiduciary Net Position
- Statement of Changes in Fiduciary Net Position
- Notes to Financial Statements

In addition to the basic financial statements, required supplementary information is provided in the following schedules:

- Schedules of Changes in the Net OPEB Liability and Related Ratios
- Schedules of Contributions
- Schedules of Investment Returns

The *Statement of Fiduciary Net Position* presents the Fund's assets and liabilities and the net position, which are held in trust for other post-employment benefits of Clark County, Nevada. This statement reflects a year-end snapshot of the Fund's investments, at fair value, along with cash, receivables and other liabilities.

The *Statement of Changes in Fiduciary Net Position* presents information showing how the Fund's net position changed during the year. This statement includes additions for contributions by Clark County and investment earnings and deductions for benefit payments and administrative expenses.

The *Notes to Financial Statements* are an integral part of the financial statements and provide additional information that is necessary in order to gain a comprehensive understanding of data reported in the financial statements.

The Schedules of Changes in the Net OPEB Liability and Related Ratios is required supplementary information which provides multi-year information about the OPEB liabilities for which the Fund's assets are held and managed.

The *Schedules of Contributions* is required supplementary information which provides multi-year information. It contains the actuarial determined contribution as well as the methods and assumptions used to determine contribution rates.

The *Schedules of Investment Returns* is required supplementary information which provides multi-year information regarding the rate of return calculated as the internal rate of return on the Fund's investments, net of investment expense.

Total	6,045	1,488

Benefits Provided

The Fund provides medical, dental, vision, and prescription benefits to eligible retired employees and beneficiaries. The benefit provisions are established and amended through negotiations between the respective unions and the Employer.

Contributions

The contribution requirements of Fund members by the Employer are established and may be amended through negotiations between the various unions and the governing body of the Employer.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with the accounting principles generally accepted in the United States of America. These statements have also been prepared in accordance with the reporting standards as promulgated by the Governmental Accounting Standards Board (GASB), which designates accounting principles and financial reporting standards applicable to the Fund.

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investments and Investment Income

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investment income consists of the Fund's net earnings from its participation in the State of Nevada's Retirement Benefits Investment Fund (RBIF), an external investment pool, and the Clark County Investment Pool (County Investment Pool), an investment pool. The Fund's net earnings from each of the investment pools is based on the Fund's original investment plus a monthly allocation of investment income, including realized and unrealized gains and losses, which is the same as the value of the pool shares.

Contributions

Contributions are recognized in the period in which such amounts are remitted by the Employer. In addition, contributions for benefits are based on benefits cash flow projections utilizing the benefit payment history, as determined by the Fund's actuary.

Payment of Benefits

Benefits are based on cash flow projections utilizing the benefit payment history, as determined by the Fund's actuary.

Administrative Expenses

Administrative expenses are recorded when incurred and payable by the Fund.

Net Position

Net position is restricted for postemployment benefits other than pension.

Note 3 - Cash and Investments

Deposits

As of June 30, 2023, the Fund's carrying and bank balances were as follows:

	arrying Balance	E	Bank Balance
Clark County Self-Funded Department of Aviation Self Funded	\$ 15,071 2,488	\$	20,099 3,318
	\$ 17,559	\$	23,417

All of the bank balances were covered by the Federal Deposit Insurance Company.

Investments

The Board of Trustees has established an investment policy for the Fund. Under the policy, the Fund's assets are limited to investments in the RBIF; and any investment authorized pursuant to Nevada Revised Statue (NRS) 355.170. Such investments under NRS 355.170 include certain "A" rated notes and bonds, guaranteed investment contracts, obligations of the U.S. Treasury, obligations of other U.S. Government agencies, negotiable and non-negotiable certificates of deposit issued by commercial banks or insured savings and loan associations, bankers acceptances, repurchase agreements, "AAA" rated mutual funds that invest in securities of the Federal Government or agencies of the Federal Government, and the State of Nevada Local Government Investment Pool.

RBIF

The Fund invests its assets in RBIF as allowed by the NRS 287.017 and the Nevada Administrative Code (NAC). The RBIF was established pursuant to NRS 355.220 and is administered by the Retirement Benefits Investment Board as an unrated external investment pool. The RBIF is not registered with the Securities and Exchange Commission (SEC) as an investment company. Each participant acts as fiduciary for its particular share of the RBIF and is allocated earnings and expenses according to their proportional share in the RBIF. Bank of New York, Mellon determines the fair value of the RBIF monthly. Complete financial information on the RBIF as of June 30, 2023 can be obtained by contacting Public Employees Retirement System (PERS) at 693 W. Nye Lane, Carson City, NV, 89703.

Clark County Investment Pool

The Fund invests its assets in the County Investment Pool as allowed by NRS 287.017. The County Investment Pool was established by the Clark County Board of Commissioners pursuant to NRS 355.168 and is administered as an unrated investment pool. Investments in the County Investment Pool include only those investments allowed under NRS 355.170. The County Treasurer, under authority of the Clark County Board of Commissioners, is the primary investment official for the County. The County Investment Pool is not registered with the SEC as an investment company.

All investments within the County Investment Pool are stated at original investment, plus a monthly allocation of investment income, including realized and unrealized gains and losses, which is the same as the value of the pool shares.

Investments at fair value as of June 30, 2023:

	Clark County Self-Funded	Department of Aviation Self-Funded	Total
RBIF County Investment Pool	\$ 151,841,490 95,562	\$ 55,356,854 751	\$ 207,198,344 96,313
	\$ 151,937,052	\$ 55,357,605	\$ 207,294,657

For the year ended June 30, 2023, the positive annual money-weighted rate of return on investments net of investment expense, were 12.57% and 13.57% for the Clark County Self-Funded and the Department of Aviation Self-Funded, respectively. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Note 4 - Net OPEB Liability (Asset) of the County

The components of the net OPEB liability (asset) of the County as of June 30, 2023, were as follows:

	Clark County Self-Funded	Department of Aviation Self-Funded	Total
Total OPEB liability Plan fiduciary net position	\$ 312,910,956 151,948,008	\$ 47,973,007 55,358,489	\$ 360,883,963 207,306,497
County's Net OPEB liability (asset)	\$ 160,962,948	\$ (7,385,482)	\$ 153,577,466
Plan fiduciary net position as a percentage of the total OPEB liability	48.56%	115.40%	57.44%

Actuarial Assumptions

The total OPEB liability was determined by an actuarial valuation as of June 30, 2022, with a measurement date as of June 30, 2023, using the following actuarial assumptions applied to all periods included in the measurement, for the Clark County Self-Funded and the Department of Aviation Self-Funded, unless otherwise specified:

Inflation	2.50%
Salary increases	3.00%
Investment rate of return	7.50%
Healthcare cost trend rates*	
Pre-Medicare	6.50% initial
	4.00% ultimate
Post-Medicare	5.50% initial
	4.00% ultimate
Mortality rates	Pub-2010 headcount weighted mortality table, projected scaled using MP-2021, applied on a gender-specific and job class basis

*Healthcare cost trend rate fluctuates each year until ultimate trend rate is reached.

The demographic assumptions are based on the Nevada PERS Actuarial Experience Study based on the 2021 Nevada PERS Actuarial Valuation. Salary scale and inflation assumptions are based on the 2021 Nevada PERS Actuarial Valuation.

Discount rate: The discount rates used to measure the total OPEB liability in 2023 were 4.47% and 7.50%, respectively, for the Clark County Self-Funded and the Department of Aviation Self-Funded which is an increase of 0.40% and 1.12% from fiscal year 2022, respectively. These are based on the blending of Bond Buyer 20-Bond GO Index and the long-term expected return on the Clark County Self-funded and the Department of Aviation Self-funded assets.

Based on those assumptions, the OPEB Fund's assets were projected to be sufficient to make projected future benefit payments for current plan members through 2046 and 2117 for the Clark County Self-Funded and the Department of Aviation Self-Funded, respectively. Payments after that date would be funded by Employer assets. Therefore, the long-term expected rate of return on Fund investments (7.50%) was applied to periods of projected benefit payments through 2046 and 2117 for the Clark County Self-Funded and the Department of Aviation Self-Funded, respectively; once the benefits were exhausted, the municipal bond rate was used.

Sensitivity of the Net OPEB Liability (Asset) to Changes in the Discount Rate

The following presents the net OPEB liability (asset) of the County, as well as what the County's net OPEB liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current discount rate:

CPAs & BUSINESS ADVISORS

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Board of Trustees Clark County, Nevada OPEB Trust Fund Las Vegas, Nevada

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the Clark County, Nevada OPEB Trust Fund (the Fund), a fiduciary component unit of Clark County, Nevada, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Fund's basic financial statements and have issued our report thereon dated December 20, 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Fund's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, we do not express an opinion on the effectiveness of the Fund's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

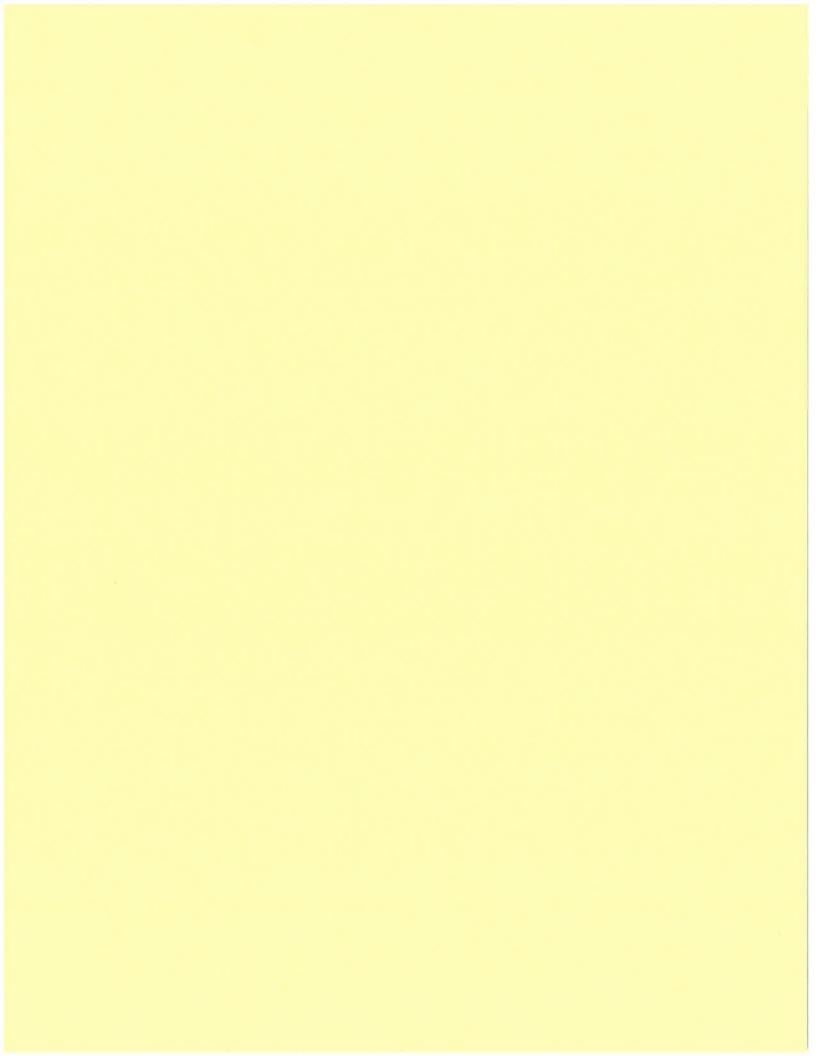

As part of obtaining reasonable assurance about whether the Fund's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

The Big Question

Reasons To Cut:

- Recent Inflation Lower
- The Lag Impact of Hikes
- Projected Growth Slowing
- Full-Time Employment Declining
- Commercial Real Estate Crumbling
- Regional Bank Challenges

Why should we cut the Fed Funds Rate?

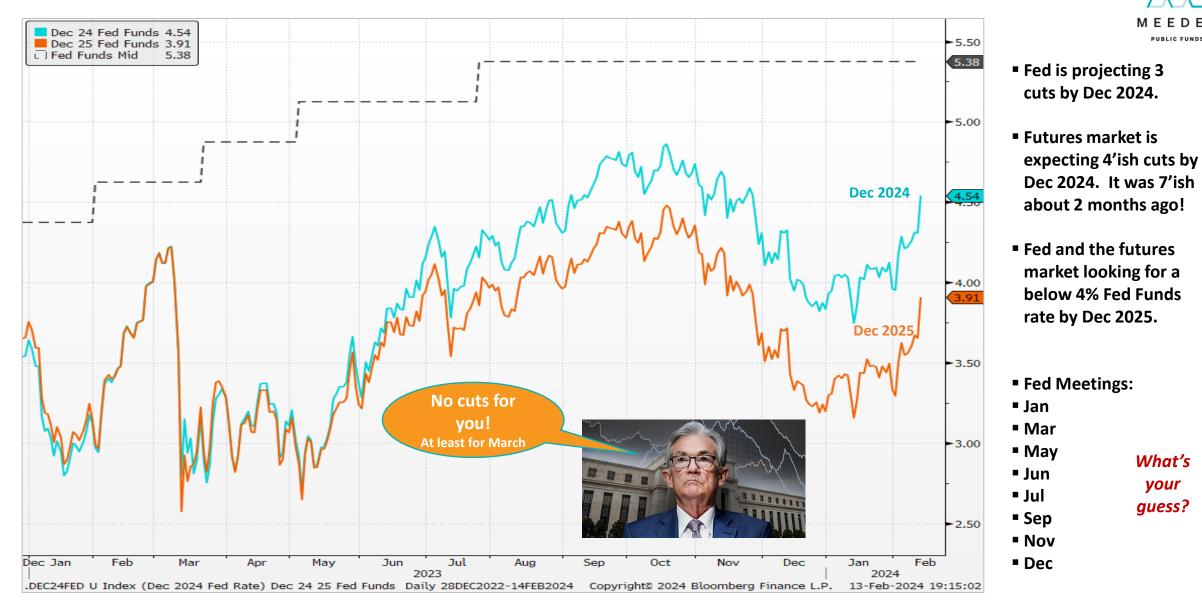

PUBLIC FUNDS

Reasons To Stay Put:

- Unemployment Below 4%
- Jobless Claims Very Low
- Wages Increasing
- House Prices Remain Elevated
- Consumer Spending High
- Higher Structural Inflation

 The Q4 2024 deflator was only -1.5, helping GDP beat expectations by a bunch.

 Both Bloomberg's survey of economists and the Fed's projections have GDP slowing materially each quarter of 2024.

A Look At The Fed's Favorite Inflation Metric

 PCE Core YOY has declined but is still above the Fed's 2% target.

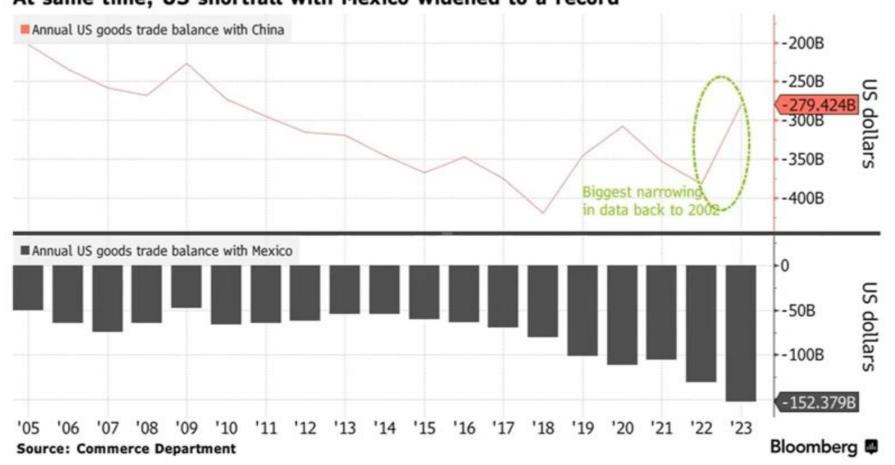

- Annualizing the past three months shows a more promising look at recent inflation with it registering only 1.6%.
- "The Committee does not expect it will be appropriate to reduce the target range until it has gained greater confidence that inflation is moving sustainably toward 2 percent."
 FOMC Statement Jan 31, 2024

Potentially Higher Structural Inflation

6

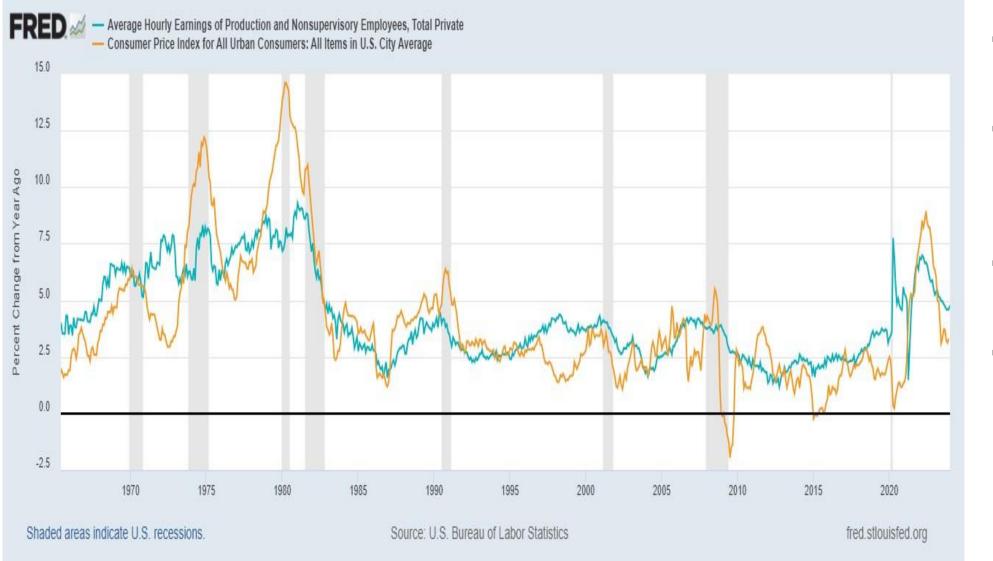

US Trade Deficit With China Smallest Since 2010 At same time, US shortfall with Mexico widened to a record

The U.S. is importing less from China.

- Imports from Mexico are at a record high.
- "Friend-shoring" and "on-shoring" will most likely raise structural inflation in the future.

Wage Inflation vs. CPI

 Workers' average earnings are finally higher than CPI YOY.

- But many Americans are still feeling behind financially due to the recent spike of inflation.
- Notice: The Fed generally hikes rates with inflation jumps.
- Notice Also: That's when we've generally had recessions follow.

7

U.S. Employment Information

 Job creation has slowed but is still solid.

- The unemployment rate is 3.7% and has been below 4% for about 2 years. That is unusually low.
- It's the longest stretch of below 4% unemployment since the 1960s.

Employment Divergence..."A Disturbance In The Force"?

 Nonfarm jobs continue to climb, which includes full time and part time workers.

MEEDER

- Employees working full time, have declined the past two months.
- And have declined the past year.

Consumer Spending: Retail Sales

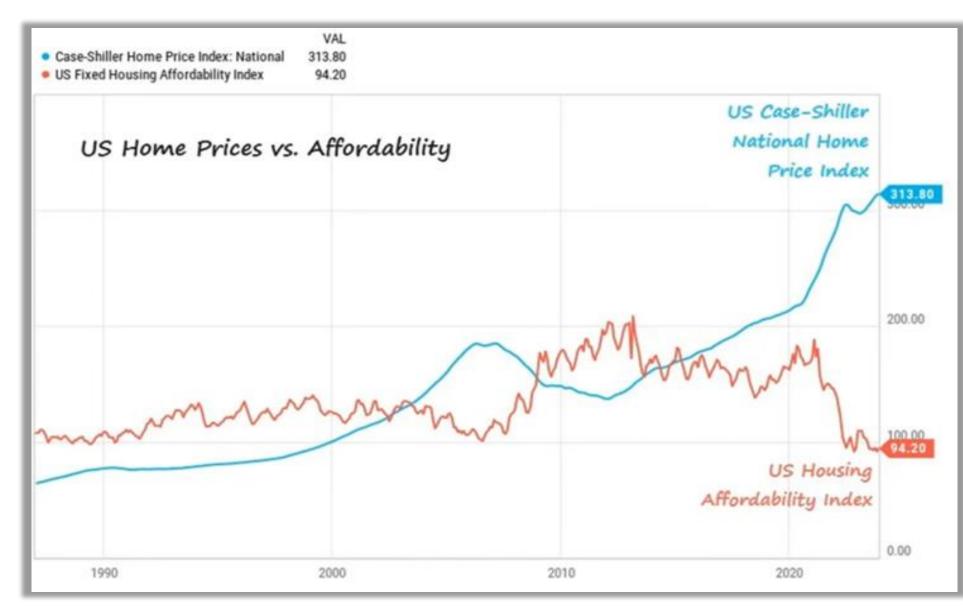

The rate of change of Retail Sales is slowing.

- However, the absolute level is still elevated.
- Credit card balances are at record highs.
- But Households' net worth levels are near record highs.

Resilient Residential and Crumbling Commercial

 Residential real estate prices continue to climb in spite of high mortgages rates, due to very low inventory for sale.

 The CoreLogic Case-Shiller 20-City Home Price Index rose 5.4% YOY from Nov 2022 to Nov 2023.

 The Housing Affordability Index is at its lowest level since the early 1980s.

Resilient Residential and Crumbling Commercial

 Most commercial real estate values have declined the past 12 months.

- Small and regional banks have material exposure to commercial real estate.
- The Fed is expected to not renew the Bank
 Term Funding
 Program in March
 2024.
- This could pressure banks earnings and profitability.

Regional Bank Stocks vs. S&P 500

 Regional bank stocks have dramatically underperformed the broader S&P 500.

 It's expected to take many years to work out the small and regional bank issues.

U.S. Treasury and Fed Funds Rates the Past 12 Months

 Intermediate and longer rates have fallen considerably the since October 2023.

- But jumped in February due to higher-than-expected jobs and CPI/PPI.
- Since early December, longer rates have been in a 50'ish basis point range.
