Add Proposed Order:

The Order must be submitted using the courts template. You can download via a link that is available after selecting the subsequent filing type. The template may be edited to meet your specific needs but must maintain the table with the merge field on page 2.

Receiving a Signed Order:

The approval process for a Default Judgment differs from other subsequent filings. The application will be approved or denied by a Clerk of the Court. When that it is completed, an email will be delivered to all parties on the case with a link to a stamped copy of only the Application. The Proposed Order will be routed to the Judge for processing. He / She will then approve or deny the Order and a 2nd email will be sent where a signed and stamped copy can be retrieved.
