FORMS

Nevada does not have one standardized set of official court forms, so it is not unusual to have to create your own forms using sample language and formatting requirements.

Many fillable forms are available for free on the Civil Law Self-Help Center's webpage at:

www.civillawselfhelpcenter.org.

Many fillable forms are available for free on the Family Law Self-Help Center's webpage at:

Additional sample language for creating your own forms is available at the Clark County Law Library. We also offer a blank pleading template on our webpage and on our computers for drafting legal documents.
