RE: Justification Letter

WS-21-0718

To Whom It May Concern,

This letter will serve as a document submittal requirement set forth by the Clark County Land Use Application Process.

In March 2020, we decided to have a concrete pad constructed on the west side of our property. At this time my husband Robert (Bob) had a discussion with our neighbor located to the west of us, 1594 Anasazi Avenue, Ed Rusk. Bob talked to Ed about wanting to construct a 'Shade Structure' on the west side of our current shop, the reason for pouring the concrete pad. From March until July, Bob had several discussions with Ed about our plans, Bob asked Ed if he was okay with us putting the legs of the structure on the property line, butting up to the block wall. Ed stated, that he did not have a problem with that. Bob was very explicit with Ed as to the exact dimensions of the shade structure, wanting to make sure he was ok with the size as well as the fact that the legs were going to be every five feet. At one point, Bob even climbed on the block wall to show Ed how high the structure was going to be.

We spent time looking at different structures locally in the area that were already up and talked to many people in reference to what we were going to do. It was a general consensus that a permit was not required.

We have since found out that County Code requires that the structure be 7' off of the interior property line as well as 6' from existing buildings.

On December 19, 2020 we had the 'Shade Structure' installed. That evening Ed told Bob that the structure was too big and it needed to come down, he said that his wife was very upset about it. The next day Bob met with Ed to try to come to a compromise to the situation, as we had just spent a great deal of time and money. Ed was not interested in any type of compromise; he simply wanted the structure taken down. He

asked Bob if he had gotten a permit and stated that if the county was contacted, they will make you take it down.

I attempted to contact the county via a local number 702-397-8089 on 1-4-2021, I left a message at 7:10 am and again at 12:35 pm. On 1-6-2021 I called 702-455-3000 (Building Department) and left a message for Marquis at 10:53 am. I created an account on Citizen access in January as well, attempting to find out what we needed to do as well as what the code was for shade structures in our area. No one ever returned my phone calls.

At this time, we are seeking a waiver of the 7' offset from the west interior property line (West side of structure) for the existing 'shade structure', which is 26' Wide X 80' Long; the legs of the structure are against the block wall and 6' from our existing shop. On the west side there is a 5.5' side panel from the top and open on the east, north and south sides.

We are very much wanting to make things right, as far as the county code is concerned. However, we want very much to be able to utilize our property to its fullest extent.

The situation with our neighbor has been very hard to deal with. They are good people and have been great neighbors. We included them in our decision at each phase. We have spent a great deal of time and money improving our property. We are at a loss as to their change of opinion.

Sincerely,

The image shows two handwritten signatures in black ink. The first signature on the left is for Robert Mahon, and the second signature on the right is for Wendy Skinner. Both signatures are fluid and cursive.

PUBLIC HEARING

APP. NUMBER/OWNER/DESCRIPTION OF REQUEST

WS-21-0718-MAHON ROBERT & SKINNER WENDY A:

WAIVER OF DEVELOPMENT STANDARDS to reduce setbacks for an accessory structure in conjunction with an existing single family residence on 1.0 acre in an R-E (Rural Estates Residential) Zone, within the Moapa Valley Overlay District.

Generally located on the north side of Anasazi Avenue, 531 feet west of Moapa Valley Boulevard within Moapa Valley. MK/jgh/jo (For possible action)

RELATED INFORMATION:

APN:

041-34-810-016

WAIVER OF DEVELOPMENT STANDARDS:

Reduce the interior side yard setback to zero feet where a minimum of 5 feet is required per Table 30.40-1 (a 100% reduction).

LAND USE PLAN:

NORTHEAST COUNTY (MOAPA VALLEY) - RANCH ESTATES NEIGHBORHOOD (UP TO 2 DU/AC)

BACKGROUND:

Project Description

General Summary

- Site Address: 1540 Anasazi Ave
- Site Acreage: 1
- Project Type: Accessory detached structure
- Building Height (feet): 18

Site Plans

The plans depict an existing single family residence on 1 acre. The accessory structure is open on all sides and is used as an RV carport. The detached accessory structure is located along the west property line and is against the block wall (zero lot line). The structure maintains the minimum 6 foot separation from the principal building; however, it encroaches into the side yard setback where 5 feet is required.

Elevations

The accessory structure is constructed of steel post with a metal roof and is 18 feet in height.

Floor Plans

The structure is open on all sides.

Applicant's Justification

The applicant indicates that this is a zero lot line request. The structure is against the block wall to the west and will be used as a carport for an RV/trailer. The applicant further indicates this location is the only area that will accommodate the accessory structure.

Surrounding Land Use

	Planned Land Use Category	Zoning District	Existing Land Use
North, South, East, & West	Ranch Estates Neighborhood (up to 2 du/ac)	R-E	Single family residential & undeveloped

Clark County Public Response Office (CCPRO)

CE21-00586 is an active code enforcement case on this site for Building without a permit.

STANDARDS FOR APPROVAL:

The applicant shall demonstrate that the proposed request meets the goals and purposes of Title 30.

Analysis

Current Planning

According to Title 30, the applicant shall have the burden of proof to establish that the proposed request is appropriate for its existing location by showing that the uses of the area adjacent to the property included in the waiver of development standards request will not be affected in a substantially adverse manner. The intent and purpose of a waiver of development standards is to modify a development standard where the provision of an alternative standard, or other factors which mitigate the impact of the relaxed standard, may justify an alternative.

This request does not comply with the Ranch Estate Neighborhood description outlined in the Master Plan, which encourages greater setbacks between neighboring dwellings than typically found in suburban/urbanized areas. The need to reduce the setback is a self-imposed hardship. Therefore, staff cannot support the request.

Staff Recommendation

Denial.

If this request is approved, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Master Plan, Title 30, and/or the Nevada Revised Statutes.

PRELIMINARY STAFF CONDITIONS:

Current Planning

If approved:

- Applicant is advised that this approval does not constitute approval of a building permit; the County is currently rewriting Title 30 and future land use applications, including applications for extensions of time, will be reviewed for conformance with the regulations in place at the time of application; a substantial change in circumstances or regulations may warrant denial or added conditions to an extension of time; the extension of time may be denied if the project has not commenced or there has been no substantial work towards completion within the time specified; and that this application must commence within 2 years of approval date or it will expire.
