

WELCOME TO DISTRICT B Newsletter

March 2025 Edition

Welcome to District B!

Thank you so much for taking the time to read our newsletter. We hope that you enjoy learning about Clark County.

There is so much going on in the district. No matter what your interests are there is something for you.

March is Women's History Month. Clark County is rich with notable women who have done so much. Please take the time to learn about them. On our Celebrating Women's History page, we give you a link to find out about more women. In late March, we will host a beautiful exhibit in the rotunda here at Clark County government center.

March is also home to Nevada reading week for over 30 years. This year's theme is "**Color the World with books.**" Education is important for all families. Nevada Reading week for most schools will be **March 3-7, 2025.** Schools will be looking for volunteers to come and read to the students. Call a school near you and get on their list.

Please let us know if there are any specific topics that you would like to hear about.

Debby Schmitt

I taught for CCSD for 29 years, most of it in Kindergarten and 1st grade. The last 2 years I have been filling a vacancy in Special Education. As a teacher, I always got to know each child as an individual, their strengths and weaknesses both academically and behaviorally. I worked on bringing out the best in each by making connections with them to help them grow. My philosophy has always been to, "love them into learning." One of my highlights was when a former student asked me to be in the delivery room with her. She was a young adult without the support of her mom, and it was an amazing experience to witness a baby come into this world. Teaching brings me joy. I don't have to work. I want to work and continue making a difference in the lives of young learners.

Dara Marquez

Dara has been a teacher with CCSD for 4 years. Most of that time has been in the 3rd grade. As a teacher she has inspired many students to think outside of the box. From science to math and reading students have explored many places at the same time. Partnering with Tule Springs Fossil Beds National Monument to complete the 2023 Teacher Ranger Teacher Internship. Dara was well received as she was able to show her students what was right in their back yard. She is part of Teacher Leader Academy which focuses on influencing school culture and student needs. She has also been nominated for Teacher of the Year by her peers and administration.

Helen Stewart

First Lady of Las Vegas

Helen Stewart ran the Las Vegas Ranch, located at the site of Old Mormon Fort, between 1882 to 1902, and turned the ranch from a failure into a successful farm and traveler hub. Stewart's husband, Archibald, moved to the ranch in 1880 but he was murdered two years later at Kiel Ranch in what is now North Las Vegas. Stewart and her five children were left to care for the ranch, despite her disdain for ranch life and the isolation she felt there in the ranch's early years. She wrote to her sister and husband in 1887, "I still live at the old Ranch ... it is rather a lonesome place but I must try to take care of things." Helen's home became a voting site in 1890, and the first official post office in 1893. Helen even served as the postmistress in 1903, the same year the ranch's name was officially spelled as Las Vegas. During her time at the ranch, Stewart wrote many journals documenting the growth of Las Vegas and about the lives of the local Paiute women and collecting more than 550 baskets from the tribe. The ranch's land was sold to the San Pedro, Los Angeles and Salt Lake Railroad in 1902, which helped further grow Las Vegas from a desert rest stop into a bustling city. Stewart spent the rest of her life in Las Vegas, involving herself in community groups and the Clark County School Board.
