

# Welcome to the Sunset Park Discovery Trail

The Discovery Trail provides a pathway that leads through the Sunset Park Sand Dunes and connects to the landscaped part of Sunset Park. By following the 2 1/2 mile paved loop trail, you can enjoy a variety of landscapes, wildlife and plants along the way.

## Screwbean Mesquite

### Sunset Regional Park Dunes Discovery

CATHARTES AURA  
*Turkey Vulture*

Dunes like these once covered much of the Paradise Valley area of Las Vegas. They formed over thousands of years when wind-blown sand mounded up at the base of mesquite trees and other Mojave Desert plants. The only remaining dune field in Paradise Valley is here in Sunset Park.
