Group 2 will take the 50yd range at 9:15 as Group 1 moves to the 100yd range. This procedure will continue to repeat itself until the last group has taken the firing line.

Targets for this Program!

Paper targets with 3” bull’s eyes are used for “bench” shooting on venues 2 and 5, and 6” bull’s eyes are used for “standing” on venues 1, 3 & 4. Shooting Complex staff and volunteers will assist the competitors with placement of targets on moveable 24” target frames. All targets are scored “Hit” or “Miss”. Competitors should sign each of their paper targets indicating they agree with the score.

Rapid-fire targets are comprised of 5 self-healing discs that are each 6” in diameter. These are placed across the top of a free-standing sawhorse structure approximately 10” apart, center-to center. Shooters have 5 shots and 5 seconds to topple each disc.
