

Swimming Lessons

*With all water programs, Please notify your instructor if you have any health concerns, previous injuries or medical conditions that may be aggravated during workouts

Beginner lessons 21 & older

Participant ratio: 1 instructor to 10 students

Pool location: Shallow water (0 to 4 feet)

No Experience Required

Class goal: Instructors work with each participant to overcome apprehension and work on basic skills such as floating, swimming underwater, and basic stroke development. Lessons are designed to meet the participants personal goals.

Skills taught: Freestyle and back stroke, rotary breathing, streamlining, breaststroke, scissor kick, front/back float, survival floating, basic treading, etc.

BE A WATER WATCHER

Summertime safety is about more than SPF.
Drowning remains the leading cause of unintentional injury-related death for young children in Southern Nevada.
Make summer fun for everyone with these three steps —
PATROL, PROTECT, PREPARE

PATROL

Most tragedies occur in seconds. Always designate an adult to actively watch children in the water.

PROTECT

Install four-sided pool fencing, door alarms, lock(s), and other safety measures to provide defensive barriers between your child and the pool.

PREPARE

Enroll your child in swim lessons, take CPR classes, and ensure every water watcher knows how to call 911 in an emergency.
