

Department of Public Works Traffic Management Division

500 S. Grand Central Pkwy. Las Vegas, NV 89155-4000 (702)455-6000

District 1 Reservation of Site Application (RSA) Instructions

Pursuant to Clark County Code of Ordinance Title 5.02, effective current date, a site can be reserved for the installation of a small cell site located within the public right-of-way which includes sidewalks, medians, trails, etc. To apply for a site reservation, please fill out the attached Reservation of Site Application and use the following information as a reference.

RSA Form is available at

https://www.clarkcountynv.gov/government/departments/public_works_department/programs_and_services/wireless_sites.php

For **Las Vegas Boulevard (LVB) Type 5 Smart Pole Reservations Application (Design District 1)**, please fill out the RSA form completely. Available sites, the Pole ID, and the Northing and Easting can be found using the following map:

<http://arg.is/0afejb0>.

Pole Priority Level: Please have a priority level associated with each SRA, 1 being highest priority and as the number increases the priority level decreases. No SRA can have the same priority level per Licensee. The priority level will be used to identify the poles which the licensee considers most important

A signature from the applicant is required. Please print name above and use digital signature on application below.

Licensee / Conduit Color: Using the example from Detail A, please select the correct box indicating the designee and color for the corresponding outer sheath and inner conduit.

Type 5 Bay: Using the example from Detail B, indicate the reservation priority level for each bay (A, B, C) identify which bay has highest priority to the lowest priority. 1 being the highest priority and 3 being the lowest. If the highest priority bay is unavailable Clark County will assign you the next highest priority bay and so on and so forth.

Licensee Notes: If you need to describe your proposed reservation, then please use this area.

A \$25 will be lost if the RSA is filled out incorrectly. Once each construction phase approaches completion Clark County will notify the licensee and the licensee will have three months to complete a Site License Application (SLA) to begin the installation process and occupation for each site.
