30.04 Administration and Enforcement

30.04.010 Title. This Title shall be known as the Clark County Unified Development Code (UDC) and is adopted under the authority of Chapter 278 (Planning and Zoning) of the Nevada Revised Statutes and all amendatory and supplementary acts, and shall include any future amendments. If the provisions of this Title are in conflict with the Nevada Revised Statutes, Nevada Revised Statutes will prevail.

30.04.020 Purpose. This Title is adopted to implement the Comprehensive Master Plan for Clark County in order to promote the general prosperity, health, safety, and welfare of the citizens of Clark County. It sets forth the regulations that govern the subdivision, use, and/or development of land, divides the County into Zoning Districts, and sets forth the regulations pertaining to such districts. This Title is designed to ensure that development will:

1. Preserve the quality of air and water resources.
2. Promote the conservation of open space and the protection of other natural and scenic resources from unreasonable impairment, including the protection of endangered or threatened species.
3. Provide for recreational needs.
4. Protect life and property in areas subject to floods, landslides or other natural disasters.
5. Develop a timely, orderly and efficient arrangement of transportation, public facilities and improvements, and public services, including facilities and services for bicycles.
6. Correspond with the character and physical limitations of the land.
7. Take into account the immediate and long-range financial impact of the application of particular land to particular kinds of development, and the relative suitability of the land for development.
8. Provide for an adequate supply of housing affordable to the economic profile of various communities.
9. Encourage the most appropriate use of land throughout the County.
10. Protect existing neighborhoods and communities, including the protection of rural neighborhoods.
11. Provide for harmonious development compatible with surrounding development.
12. Attain optimum use of land and improvements.

13. Improve desirability of living conditions.
14. Encourage the preservation of historic and paleontological resources and sites.
15. Otherwise further the general prosperity, health, safety and welfare of the community.
(Ord. 4481 § 1 (part), 5/2017; Ord. 3804 § 1, 9/2009)

30.04.030 Applicability. The provisions of this Title shall apply to all use of property and all development in unincorporated Clark County. This Title is intended to supplement the provisions of: Title 6, Business Licenses; Title 7, Business Regulation; Title 8, Liquor and Gaming Licenses and Regulation; Title 9, Public Health and Sanitation; Title 10, Animals; Title 11, Abatement of Nuisances; Title 12 Public Peace, Safety and Morals, Title 13, Fire and Fire Prevention; Title 16, Roads and Highways; Title 19, Parks and Recreation; Title 20, Airports; Title 22, Buildings and Construction; and Title 24, Water, Sewage, and other Utilities. Applications or requests to waive any provision set forth in Chapter 30.04 shall not be accepted nor permitted. (Ord. 2857 § 1, 2/2003)

30.04.040 Summary of Authority. The County Officials and bodies listed below have the responsibility for implementing and administering this Title in cooperation with all listed authorities:

1. Responsibilities of the Board of County Commissioners (Board).

- A. Initiate, adopt, and amend a Comprehensive Master Plan as specified in Chapter 30.12 (Comprehensive Master Plan and Community Districts).
- B. Approve, conditionally approve, or deny land use applications, major project applications and subdivisions as specified in Chapters 30.16 (Land Use Application Processing), 30.20 (Major Project Application Processing), and 30.28 (Subdivision Application Processing).
- C. Hear appeals of decisions made by the Planning Commission, the Director of Public Works, Director of Department of Building, or Zoning Administrator regarding any application for which they have final authority to act.
- D. Take any other action not delegated to other bodies that may be desirable and necessary.
- E. The Chair is authorized to sign land use applications for projects which have been initiated or otherwise approved by the Board.

2. Responsibilities of the Planning Commission (Commission).

- A. Prepare and adopt the Clark County Comprehensive Master Plan, and elements thereof, or amendments thereto.
- B. Approve, conditionally approve, or deny land use applications and subdivisions, and make recommendations for approval or denial to the Board as specified in Chapters 30.12 (Comprehensive Master Plan and Community Districts), 30.16 (Land Use Application Processing), and 30.28 (Subdivision Application Processing).

- 3. Responsibilities of Town Boards.**
 - A. Receive community input and provide advice and recommendations to the entity responsible for approving any land use and subdivision application, except administrative applications.
 - B. Review land development studies or hold public meetings as requested by the Commission or Board.
- 4. Responsibilities of the Director of Building.** The responsibilities of the Director of Building shall be to oversee the Department of Building. The Department of Building is responsible to:
 - A. Enforce the unified development code only during the construction of on-site buildings and structures.
 - B. Administer and enforce the provisions of Titles 22, 24 and 25 of this Code.
 - C. Interpret the requirements related to on-site accessible parking.
- 5. Responsibilities of the Zoning Administrator.** The responsibilities of the Zoning Administrator are to:
 - A. Administer this Title, including the acceptance, review and processing of land use applications and subdivisions, the maintenance of all records in compliance with Nevada Open Meeting Law, and rendering interpretations of the provisions of this Title in cooperation with other government entities.
 - B. In consultation and co-operation with other governmental entities, formulate recommendations for all applications to be considered by the Commission or the Board.
 - C. Approve, conditionally approve, or deny certain land use applications and subdivisions as specified in Chapters 30.16 (Land Use Application Processing) and 30.28 (Subdivision Application Processing) including verification of all zoning requirements and developability of lots.
 - D. Determine whether zone boundary amendment requests are consistent with the various adopted land use plan maps.
 - E. Administer specifications and procedures relating to this Title.
 - F. Accept an extension for any expired application when the extension is submitted within one year of the expiration of the application if the owner has encountered verifiable extenuating circumstances, as determined by the Zoning Administrator, which prevented the submission of the extension in a timely manner. Accept an application for review when the application for review is submitted within one year from the review date, if the owner has encountered verifiable extenuating circumstances, as determined by the Zoning Administrator, which prevented the submission of the application for review in a timely manner.

6. Responsibilities of the Director of Public Works.

- A.** Establish standards for approval of technical studies, off-site plans, permits and off-site improvements.
- B.** Prepare amendments to and render interpretations of the improvement standards of this Title.
- C.** Establish standard conditions for excavations in “No Cut” streets.
- D.** Approve all full street closures.
- E.** Review of off-site plans and technical studies on development projects affecting Public Works Capital Improvement Projects.
- F.** Establish criteria and standards for License and Maintenance Agreements.
- G.** Construct off-site improvements on defaulted bond projects.
- H.** Establish night work only streets.
- I.** Establish standards for Flood Plain Management.
- J.** Establish standards for and approve encroachments in the right-of-way for special event permits, coordinated through the Las Vegas Metropolitan Police Department, and oversized loads.
- K.** Conduct technical reviews of subdivision maps, permits, and land use applications to ensure compliance with this Title.
- L.** Approve amount of bonds or cash deposits related to construction and installation of required facilities and improvements.
- M.** Claim bonds on defaulted projects and deposit funds with Public Works.
- N.** Issue encroachment permits in “No Cut” streets in conformance with established standard conditions.
- O.** Coordinate all comments and issue approvals on off-site plans and technical studies affecting Public Works Capital Improvement Projects and issue right-of-way permits.
- P.** Issue encroachment permits

- Q. Administer the FEMA Community Rating System.
 - R. Accept, process, and record any and all documents necessary to effect the dedication of real property of any interest therein to Clark County or the termination of temporary easements that are resulting from the general application of land use and development requirements, including applicable conditions of discretionary approvals there for the right-of-ways, easements, and public facilities.
 - S. Administer specifications and procedures relating to subdivision regulations and the technical data required.
 - T. Grant or deny certain administrative land use applications as specified in Chapter 30.16 (Land Use Application Processing) and 30.28 (Subdivision Application Processing).
 - U. Review and approve plans, technical studies and cost estimates for improvements, including private streets, in conformance with established standards.
 - V. Prepare and have executed License and Maintenance Agreements in accordance with established criteria and standards.
7. **Responsibilities of the Code Enforcement Manager.** Enforce the Unified Development Code.
8. **Responsibilities of the Director of Comprehensive Planning.**
- A. Prepare updates and amendments to the Comprehensive Master Plan and render interpretations of this Title relative to the master plan.
 - B. Administer and enforce this Title.
 - C. Conduct reviews of land use applications, and subdivision maps to ensure compliance with this Title.
 - D. Grant and deny certain administrative land use applications as specified in Chapters 30.16 (Land Use Application Processing) and 30.28 (Subdivision Application Processing).
 - E. Render interpretations of the Comprehensive Master Plan.
9. **Responsibilities of the District Attorney.** Provide legal advice to County Officials and represent Clark County in the prosecution of any criminal or civil action necessary to enforce the provisions of this Title, including an action for injunctive relief, ensure compliance with Nevada Open Meeting Law, and provide legal advice to Director of Building, Director of Public Works, the Director of Comprehensive Planning, Zoning Administrator, Board, and Commission.

10. **Responsibilities of the County Surveyor.** The County Surveyor is responsible for complying with all the provisions of the Nevada Revised Statutes and Clark County Code concerning all matters relating to the Office of County Surveyor, professional land surveying and mapping, legal descriptions, mining claims and any duties assigned by the Board of Clark County Commissioners and, or the Director of Public Works.
11. **Responsibilities of the Director of Business License.** Enforce this Title prior to the approval business licenses.
12. **Responsibilities of the Director of Environment and Sustainability.** Enforce this Title regarding public health. Further, the Director has all authority with respect to the regulation and control of odor, smoke, particulate emissions, dust, desert conservation, and sustainability.
13. **Responsibilities of the Sheriff.** Enforce this Title as directed by the Zoning Administrator.
14. **Responsibilities of the County Recorder.** Record all maps and required documents presented for recording and enforce this Title with respect to the recording of documents. (Ord. 4982 § 1, 9/2022; Ord. 4760 § 13, 2/2020; Ord. 4658 § 1, 1/2019; Ord. 4623 § 1, 9/2018; Ord. 4559 § 3 (part), 1/2018; Ord. 4481 § 1 (part), 5/2017; Ord. 4082 § 1, 3/2013; Ord. 4077 § 1, 2/2013; Ord. 4036 § 4, 7/2012; Ord. 4008 § 20, 3/2012; Ord. 3859 § 1, 6/2010; Ord. 3848 § 1, 2/2010; Ord. 3826 § 4, 11/2009; Ord. 3688 § 1, 10/2008; Ord. 3373 § 1, 3/2006; Ord. 3229 § 1, 6/2005; Ord. 3160 § 2, 11/2004; Ord. 3085 § 36, 6/2004; Ord. 2769 § 39-47, 7/2002; Ord 2573 § 1 (part), 2001)

30.04.050 Designees. Whenever this Title refers to the Director of Building, Director of Comprehensive Planning, Zoning Administrator, Director of Public Works, Building Official, Code Enforcement Manager, County Surveyor, County Engineer, County Recorder, Director of Business License, Director of Environment and Sustainability, Sheriff, and/or District Attorney, it shall also include any person designated by that authority to act in his or her place. (Ord. 4760 § 14, 2/2020; Ord. 4036 § 5, 7/2012; Ord 4008 § 21, 3/2012; Ord. 3085 § 37, 6/2004; Ord. 2769 § 48, 7/2002)

30.04.060 All Development to be in Compliance with Clark County Code. No structure, use of any structure or land, and lot of record shall be established, enlarged, extended, altered, moved, divided or maintained except as authorized by and in compliance with the provisions of this Title. Following approval of all appropriate applications and maps, all proper licenses and permits are required, as indicated in the Clark County Code, in order to establish the use or structure. Nothing in this Title, including the approval of a land use application or subdivision, shall be interpreted to replace such requirements.

- 30.04.070 Interpretation.** In their interpretation and application, the provisions of this Title shall be minimum requirements, adopted for the promotion of the general prosperity, health, safety, and welfare. More restrictive standards, or the provision of amenities in excess of required standards, shall be permitted.
- 30.04.075 Commercial and Industrial Subdivisions to Comply with Building Code and Zoning Regulations.** The plans of and for the proposed erection, construction, reconstruction, alteration or use of any structure to be built on lots or parcels that are created by a subdivision of land pursuant to NRS 278.325 (commercial and industrial zoned parcels) shall conform to all building code and zoning regulations in effect at time of building permit issuance. (Ord. 3472 § 1 (part), 1/2007)
- 30.04.080 Conflicts with Other Regulations or Agreements.** This Title is not intended to interfere with, abrogate or annul any easements, covenants, platted setback lines or other agreements between parties. Where the requirements of this Title conflict with the requirements of any other lawfully adopted rules, regulations, ordinances, deed restrictions or covenants, the most restrictive, or those imposing higher standards, to the extent permitted by law, shall govern. Where the requirements of any imposed condition conflicts with any governmental regulation or law, compliance with the condition is not required. Where the requirements of imposed conditions conflict with conditions imposed by a separate land use or subdivision map application, any condition imposed or waived by the Board during a public hearing shall supercede the conflicting condition. The County does not enforce private agreements. (Ord 2573 § 1 (part), 2001)
- 30.04.090 Unlawful Uses and Structures Not Validated.** These provisions shall not be interpreted to validate or make lawful any unlawful use or structure existing upon the effective date of the ordinances codified in this Title. Any such unlawful use or structure shall remain unlawful to the extent that the use or structure is in conflict with the provisions of this Title.
- 30.04.100 Issuance of Permits or Licenses.** The adoption of this Title shall not affect the validity of any building permit or business license lawfully issued prior to the effective date of the Title or amendment, providing the permit or license is active or reinstated according to Titles 6, 7, 8 and 22. If the building permit or business license does lapse without benefit of any reinstatement, then the subsequent permit or license shall only be issued in conformance with the requirements, or amended requirements of this Title.
- 30.04.110 Legal Effect.** This Title is predicated upon, and may only be enforced consistent with, the Constitutions of the United States of America and the State of Nevada. No provision or ordinance shall be enforced or mandated which would violate the Constitution of the United States or the State of Nevada.
- 30.04.120 Severability.** Should any section, subsection, paragraph, clause, word or provision of these regulations be declared by a court of competent jurisdiction to be unconstitutional or invalid, such decision shall not affect the validity of the regulations as a whole, or any part thereof, other than the part so declared to be unconstitutional or invalid.
- 30.04.130 Repeal of Pre-Existing Titles.** Upon this Title taking effect after publication, as required by law, the previous Titles relating to subdivision, land development, public improvement standards and zoning, as well as all amendments thereto, are repealed, provided that such repeal shall not affect

the liability of any person for a violation of those Titles, or amendments thereto, or the right of the County to prosecute for such violation.

30.04.140 Penalties. Any person violating any provision of this Title is guilty of a misdemeanor and is subject to the applicable penalties as provided under NRS 193.150 (Punishment of Misdemeanors). Any act that is prohibited, or the failure to perform required acts, shall constitute a violation of this Title. Any person is guilty of a separate offense for each and every day during any portion of which any violation of this Title is committed or continued.

30.04.145 Enforcement Procedure. If the property owner has submitted an appropriate land use application to legalize the use and/or structure which is the subject of an enforcement proceeding, the Code Enforcement Manager may suspend enforcement pending consideration of the land use application by the approval authority. (Ord. 2961 § 1, 10/2003)

30.04.150 Abatement Proceedings. Any use of property, or the establishment of a building or structure contrary to the provisions of this Title or in violation of any condition attached to the granting of any land use application is unlawful and a public nuisance. Upon discovery of such a violation, the County may commence proceedings for the abatement thereof in accordance with applicable provisions of the Clark County Code, or may pursue other remedies as provided by law. (Ord. 3209 § 1 (part), 3/2005)

30.04.160 Grounds for Revocation of Land Use Applications. Failure to abide by and faithfully comply with 1) the provisions of this Title with respect to use, development standards, or maintenance requirements, 2) with any other requirement of the Clark County Code, 3) with any applicable requirement of the Nevada Revised Statutes or Nevada Administrative Code, or 4) with any and all conditions attached to the granting of any land use application is unlawful and a public nuisance, and shall constitute grounds for the revocation of the same, or any permit or license issued in conjunction with the application.

1. Upon discovery of such a violation, the County may commence proceedings for the revocation thereof in accordance with applicable provisions of the Clark County Code or may pursue other remedies as provided by law. If the Board determines that there is sufficient cause to revoke the application or permit, a public hearing shall be scheduled before the Board, at which time the property owner or other interested party may show cause as to why the permit should or should not be revoked. The hearing shall be noticed in accordance with the requirements for the original application type, or at a minimum, notice is required consistent with that of a design review as a public hearing with a five hundred foot radius as listed in 30.16-9(g). The Board shall issue findings of fact based on the evidence presented to it as part of its decision. If the Board revokes the permit, it shall specify for the record the reasons for its action.

2. The revocation of a business license, or the revocation of permits, which are no longer appealable, required by the Southern Nevada Health District, to conduct a use shall cause any underlying land use application permitting the specified use to become invalid without the hearing specified in subsection (1) above. (Ord. 3472 § 1 (part), 1/2007; Ord. 3423 § 1, 8/2006; Ord. 3257 § 1, 7/2005; Ord. 3209 § 1 (part), 3/2005; Ord. 2890 § 1, 4/2003)

30.04.170 Cumulative Remedies All remedies provided herein shall be cumulative and not exclusive.

30.04.180 DELETED (Ord. 4559 § 3 (part), 1/2018; Ord. 2741 § 1, 5/2002)

30.04.190 Records. All records submitted with any land use or subdivision application, or at any hearing for the same, shall become a part of the records of the *Board* or *Commission* and be maintained in accordance with the provisions of Chapter 239 (Public Records) of the Nevada Revised Statutes. Any document within these records can be examined and reproduced by any person, except that copyrighted material is subject to copyright law. (Ord. 3518 § 1, 5/2007)

30.08 Definitions

30.08.010 Purpose. The purpose of this Chapter is to ensure precision in interpreting the provisions of this Title.

30.08.020 Word Usage and Rules of Construction of Language.

- a.** All provisions, terms, phrases and expressions contained in this Title shall be construed in accordance with the purposes set forth in this Title.
- b.** In the case of any difference of meaning or implication between the text of this Title and any heading, drawing, table, figure or illustration, the most restrictive text shall control.
- c.** Unless otherwise specifically indicated, lists of items or examples that use terms such as “including,” “such as,” or similar language are intended to provide examples and not to be exhaustive lists of all possibilities.
- d.** References to days are calendar days unless otherwise stated. The time in which an act is to be done shall be computed by excluding the first day and including the last day. If the last day is a Saturday, Sunday, or holiday observed by Clark County, that day shall be excluded.
- e.** Whenever reference is made to a resolution, ordinance, statute, regulation or document, it shall be construed as a reference to the most recent edition or amendment of such resolution, ordinance, statute, regulation or document, unless otherwise specifically stated.
- f.** Words in the masculine gender include the feminine.
- g.** Terms not defined within this Title or the International Building Code shall have the meaning customarily assigned to them. (Ord. 3209 § 2 (part), 3/2005)
- h.** All public officials, bodies and agencies to which references are made are those of Clark County, unless otherwise indicated.
- i.** The words “shall,” “will,” “must,” “is not,” and “is” are always mandatory. The words “may” and “should” are advisory and discretionary terms.
- j.** Words used in one tense (past, present, or future) include all other tenses, unless the context clearly indicates the contrary. The singular includes the plural and the plural includes the singular.
- k.** Unless the context clearly suggests the contrary, conjunctions shall be interpreted as follows:

1. “And” indicates that all connected items, conditions, provisions, or events apply.
 2. “Or” indicates that 1 or more of the connected items, conditions, provisions or events may apply.
1. Words not included herein, but defined in other Titles within the Clark County Code, shall be construed as defined therein.

30.08.030 Definition of Terms. The following words and phrases used in this Title shall have the meanings set forth in this Section:

Abandoned	“Abandoned” means to cease or suspend from developing or maintaining a building or use.
Abandoned Sign	See “Sign”
Abandonment	See “Vacation and Abandonment”
Abutting	“Abutting” means having a common border with, or being separated from such a common border, by a public or private street, alley, or easement (see “Adjacent” or “Contiguous”), except that property within 150 feet of a proposed or existing major project shall be considered to be abutting.
Access	“Access” means a way or means of approach to provide vehicular or pedestrian physical entrance to a property.
Accessory Apartment	“Accessory Apartment” means a segregated portion of a dwelling, or a separate structure located on a lot with a dwelling, that is used for residential purposes (living, cooking, sanitation, and sleeping), including rental for occupancy by others (see “Remuneration”). For the purpose of this definition and satisfying related regulations in Title 30, an “accessory apartment” shall include cooking facilities (kitchen or kitchenette) but shall not be considered an additional “dwelling unit” when calculating density per acre. (Also see “Casita”, “Guest Quarters” and “Temporary Living Quarters”) (Ord. 4200 § 1 (part), 5/2014; Ord. 3433 § 1 (part), 10/2006; Ord. 3238 § 1 (part), 7/2005)
Accessory Building	See “Building”
Accessory Commercial Use	“Accessory Commercial Use” means commercial uses which are established specifically for the convenience of residents and guests within a development and designed to be accessory to and integrated into a residential development or recreational vehicle park. Accessory commercial uses include food and miscellaneous

household product sales, sundries, barbershop, beauty salon, snack bars, video rental, laundry service, laundromats, and daycare centers, but do not include the sale of beer, wine, liquor, or tobacco, nor any type of gaming, reflexology, or massage establishment (even when incidental to a beauty salon). (See 30.44, “Accessory Commercial Uses”, for use requirements.) (Ord. 4429 § 1 (part), 10/2016; Ord. 4194 § 1 (part), 4/2014; Ord. 2907 § 1 (part), 7/2003)

Accessory Use

See “Use”

Acre

“Acre” includes the following meanings:

1. “Acre,” “Gross Acre,” or “Gross Acreage” means an area of 43,560 square feet and includes the total area within the property lines of a lot or parcel of land before public streets, flood control channels or basins, or other areas to be dedicated or reserved for a public use are deducted from such lot or parcel. County or other government held property previously dedicated shall not be included in calculating total acreage.
2. “Net acreage” means an area that excludes public streets, alleys, flood control channels or basins, or other areas to be dedicated or reserved for a public use, including property previously dedicated, either abutting on, running through, or within, a building site.
3. “Nominal Acre” means an area based on the aliquot part of a section. (Ord. 4839 § 1 (part), 1/2021; Ord. 3518 § 2 (part), 5/2007)

Action	“Action” means the decision made by the reviewing authority on a land use or subdivision application, including the determination made and any conditions of approval. For the purposes of NRS 278.0235 only, final action occurs on the date the Board, Commission, or Staff grants or denies an application.
Acupressure	See “Massage” and Chapter 7.08, Massage
Acupuncture	See “Medical Use” or “Office”
Adequate Supply	“Adequate Supply” means the immediate availability of a sufficient quantity and quality of cannabis at a reasonable price of any specific strain of cannabis. (Ord. 4839 § 1 (part), 1/2021; Ord. 4487 § 1 (part), 6/2017; Ord. 4193 § 2 (part), 4/2014)
Adjacent	“Adjacent” means having a common border with another property, including the intersection of property lines at property corners, with no street or other property between. (see “Abutting” or “Contiguous”) (Ord. 3296 § 1 (part), 10/2005)
Administrative Design Review Application	"Administrative Design Review Application" means a request filed with the Zoning Administrator to administratively review a proposed development to be built in conformance with the district and other requirements of this Title in accordance with the standards shown in Table 30.16-10 of this Title. (Ord. 3085 § 38 (part), 6/2004; Ord. 2907 § 1 (part), 7/2003)
Administrative Minor Deviation Application	"Administrative Minor Deviation Application" means a request filed with the Zoning Administrator to vary from certain restrictions imposed by this Title, as permitted by the various Sections. (Ord. 3085 § 38 (part), 6/2004; Ord. 2907 § 1 (part), 7/2003)

**Administrative
Temporary Use
Application**

"Administrative Temporary Use Application" means a request filed with the Zoning Administrator to consider specific temporary uses deemed to be acceptable at specified locations for a limited period of time. (Ord. 3085 § 38 (part), 6/2004; Ord. 2907 § 1 (part), 7/2003)

**Adult Use Overlay
District**

"Adult Use Overlay District" means the specific area location identified by map #13 in Appendix G of this Title within which additional standards and restrictions as described in Section 30.48 Part H shall be applied. (Ord. 3055 § 1 (part), 4/2004)

Adult Uses

"Adult Uses," because of their very nature, are recognized as having serious objectionable operational characteristics, particularly when several of them are concentrated under certain circumstances thereby having a deleterious effect upon the adjacent areas. Special regulation of these uses is necessary to ensure that these adverse effects will not contribute to the blighting or downgrading of the surrounding neighborhood. The primary control or regulation is for the purpose of preventing a concentration of these uses in any 1 area, to prevent the infiltration of organized crime in the area, and to safeguard the youth and non-consenting adults from exposure to non-First Amendment expressions. For the purpose of regulating adult uses, as provided in Table 30.44-1, the following definitions shall apply; however, this definition shall not supercede definitions of Title 6, 7 or 8 (Business License & Liquor and Gaming).

Adult uses are characterized by material having as a dominant theme and emphasis on matter depicting, describing or relating to "specified sexual activities" or "specified anatomical areas" as defined under Subsections (8) and (9) of this definition. Each of the following adult uses shall be considered a separate use, and approval of one use shall not infer the approval of any other adult use. If an adult use is approved in combination with any other adult use, interior access is required throughout the entire establishment.

1. "Adult Bookstore" means an establishment which does or will derive 35% or more of its gross sales or rentals of books, magazines, films, tapes, discs or other periodicals, either individually or in combination, which are distinguished or characterized by their emphasis on matter depicting, describing or relating to specified sexual activities, or specified anatomical areas.
2. "Adult Motion Picture Theater" means an enclosed area with a capacity of 50 or more persons used for presenting

material having as a dominant theme material distinguished or characterized by an emphasis on matter depicting, describing or relating to specified sexual activities or specified anatomical areas, for observation, by patrons therein.

3. “Adult Mini-Motion Picture Theater” means an enclosed area with a capacity for less than 50 persons used for presenting material distinguished or characterized by an emphasis on matter depicting, describing or relating to specified sexual activities or specified anatomical areas, for observation by patrons therein, including closed circuit television viewings.
4. “Adult Entertainment Cabaret” means a public or private establishment which features nude or topless entertainers, bottomless entertainers, strippers, exhibitions, contests, or similar entertainment wherein T-shirts, blouses, or similar garments worn by participants are saturated with liquid so as to result in the exposure, highlighting or outlining of the participant's specified anatomical areas as defined under Subsection (9) of this Section. Typical production shows offered by resort hotels that include topless entertainers shall not be considered an adult entertainment cabaret provided that a separation and/or barrier that prevents physical contact between performers and customers is maintained at all times during each performance. (See Chapters 8.04.010 Resort Hotel, 8.04.310 License Issuance, and/or Business License Department)
5. “Adult Picture Arcade Theater” means any premises where there is maintained one or more machines or contrivances to show still or motion pictures, or television sets, designated for viewing by 1 or more customers used for presenting material distinguished or characterized by an emphasis on matter depicting, describing or relating to specified sexual activities or specified anatomical areas, and for which any charge, consideration or payment is required. This definition includes peep shows which exhibit motion pictures by means of coin-operated projection machine.
6. “Sex Novelty Shop” means an establishment selling sex articles, materials, items, or devices which are neither books, films or pictures, tapes or discs which are designed or sold for the stimulation of human genital organs or sexual gratification including, but not limited to, dildos, vibrators, marital aids and artificial vagina. The definition of a Sex Novelty Shop shall not include any retail establishment located within the interior of a resort hotel located between Sahara Avenue and St. Rose Parkway and Cameron Street and its alignment and Swenson Street/Pollock Drive and its alignment that:

- a.
 - i. Devotes, at any particular time, 15 percent or less of its entire retail inventory and space to such inventory, or
 - ii. derives 30 percent or less of its gross revenue from the sale of such inventory, whichever is greater;
 - b. provides some form of physical separation between such inventory and other inventory in the retail establishment;
 - c. limits access to the area where such inventory is located to persons who are 18 years of age or older;
 - d. provides for the display of such inventory at a location within the retail establishment that is not at the front entrance where guests enter and/or that is not in any display window of the retail establishment; and
 - e. limits the square footage in which such retail inventory shall be displayed for sale to a total of 200 square feet throughout the resort hotel property.
7. "Theater - NonAdult" see "Theater".
8. "Specified Sexual Activities" is defined as:
- A. Human genitals in a state of sexual stimulation or arousal.
 - B. Acts of human masturbation, sexual intercourse, oral sexual activity, or sodomy.
 - C. Fondling or other erotic touching of human genitals, pubic region, buttock or female breast.
9. "Specified Anatomical Areas" is defined as:
- A. Less than completely and opaquely covered:
 - i. Human genitals/pubic region.
 - ii. Buttock.
 - iii. Female breast, or male breast if surgically augmented to appear as a female breast, showing any portion of the areola or showing the majority of an exposed breast even when the areola is covered.
 - B. Human male genitals in a discernibly turgid state, even if completely and opaquely covered.

10. "Motion Picture," as used in Table 30.44-1, includes television viewing, regardless of whether picture presentation originated with closed circuit, live broadcast, cassette, or other recording.
11. "Commercial Nude Establishment" means any commercial business other than an adult entertainment cabaret that has persons who perform services and/or are visible to the public while displaying or failing to cover the specified anatomical areas defined under Subsection (9) of this Section. (Ord. 4559 § 4 (part), 1/2018; Ord. 4151 § 1, 12/2013; Ord. 4010 § 1 (part), 4/2012; Ord. 3055 § 1 (part), 4/2004; Ord. 3019 § 1 (part), 2/2004; Ord. 2772 § 2 (part), 7/2002)

Advertising

"Advertising" means any writing, printing, painting, display, emblem, drawing, sign or other device, designed, used or intended to be used to advertise products, goods, services, or promote the sale of objects, or attract attention to a place, or lettering for the purpose of making anything known.

Agriculture

"Agriculture" means the tilling of soil, raising of crops, horticulture, gardening, and keeping or raising fowl and other domesticated animals, and includes associated accessory structures such as barns and corrals. Included are the following:

1. "Animal Care Project" means the keeping of animals in conjunction with a multi-membership animal husbandry society that provides participants with direction and guidance in the raising of animals and an opportunity to exhibit the animals at an off-site location at the end of the project.
2. "Apiary" means a place where bees are kept for the production of honey or for the pollination of plants.
3. "Aquaculture" means the farming or rearing of aquatic life or the cultivation of aquatic plants.
4. "Aviary" means a house, large cage or enclosure for keeping and rearing of 4 or more birds in confinement, except for chickens, turkeys, peacocks, ostriches, emus, rheas or similar domesticated birds normally raised for consumption, but does not include young birds under 6 months of age.
5. "Community Garden" means an area of land maintained by a group to grow and harvest food crops or non-food crops for consumption or donation. Community gardens may be divided into separate plots for cultivation by one or more individuals or may be farmed collectively by members of the group and may include common areas maintained and used by group members. The term does not include "Agriculture – Gardening/Greenhouse" or "Farmer's Market".

6. “Gardening/Greenhouse” means the cultivation of any plant, food, or flower crop, but not animals. The term does not include “Agriculture – Community Garden” or “Farmer’s Market” or “Aquaculture”.
7. “Hogs/Pigs” See “Agriculture – Hogs/Pigs” or “Agriculture – Animal Care Project” in Table 30.44-1 or see “Food Scrap Management Program” per this Section.
8. “Livestock” means the raising or keeping of domesticated animals (other than household pets or exotic or wild animals or inherently dangerous exotic or wild animals, but not including their offspring less than 6 months old) which have been traditionally bred for food or transport. (See “Fence – Agricultural Fence” for additional fencing requirements). Livestock (not including hogs/pigs), for the purpose of this Title, includes the following:
 - A. “Small” means animals whose weight at maturity does not generally exceed 50 pounds, such as rabbits (except pet rabbits), peafowl, chickens, turkey, chinchillas, and similar animals.
 - B. “Medium” means animals whose weight at maturity generally exceeds 50 pounds, but does not normally exceed 250 pounds, such as goats, sheep, emus, rheas, and small ponies.
 - C. “Large” means animals whose weight at maturity generally exceeds 250 pounds, such as ostriches, camels, cattle, and horses. (Ord. 4658 § 2 (part), 1/2019; Ord.4360 § 1 (part), 1/2016; Ord. 4355 § 15 (part), 12/2015; Ord. 4077 § 2 (part), 2/2013; Ord. 3993 § 1 (part), 12/2011; Ord. 3924 § 1 (part), 1/2011; Ord. 2907 § 1 (part), 7/2003)

Airport

“Airport” means any landing area, runway or other facility designed, public or private, used or intended to be used, either publicly or by any person or persons, for the landing and taking off of fixed wing aircraft, including all necessary taxiways, aircraft storage and tie-down areas, hangars and other necessary buildings, including incidental commercial uses, and open spaces.

4. “Holding Facility” means a public or private facility, other than a jail or prison, that is designed to physically restrict the movements and activities of persons held in lawful custody in the facility, including facilities designed to provide civil protective custody or facilities designed to temporarily house juveniles accused or adjudicated of having committed an offense, or persons alleged or determined to be mentally incompetent. (Ord. 3688 § 2 (part), 10/2008)

Development

“Development” means the division of land into 2 or more parcels; the recordation of a commercial/industrial subdivision map; the construction, reconstruction, conversion, structural alteration, relocation, or enlargement of any structure or site improvement; property for which an unexpired land use application approved a use; property for which a building permit is active for the appropriate use; any mining, excavation, landfill, grading, or modification of the natural landscape; and/or any use or extension of the use of land, including the addition of impervious surfaces which retard or prevent the infiltration of water into the soil mantle, or which change the characteristics of water flow. Development shall include development within another political subdivision. (See also “Use”)

1. “Commercial Development” means established development in which the uses conducted are listed as conditional or permitted in the commercial districts in Table 30.44-1, regardless of the district in which it is located. Dispatch services may be provided accessory to a licensed business.
2. “Industrial Development” means established development in which the uses conducted are listed as conditional or permitted in the industrial districts in Table 30.44-1, regardless of the district in which it is located. Dispatch services may be provided accessory to a licensed business.
3. “Less Intensive Development” means development permitted within a district which is more restrictive than the developing district.
4. “Mixed Use Development” means the combination of commercial and residential development (the commercial component of which exceeds the limits of “accessory commercial use”, see also Section 30.48.700) on a single lot or within a single integrated development on multiple lots, or within a single building, and where the combined land uses are planned as a unified complementary whole to accommodate the functional integration of shared vehicular, parking, transit, and pedestrian areas. Mixed use development shall be considered a commercial development for the purpose of determining development standards except where specific standards are established and as otherwise required by Chapter 30.48, Part J. Commercial components of mixed use development shall be open and accessible to the general public.
5. “Non-Residential Development” means any development which has a principal use other than a dwelling, including the lot upon which the development is located.
6. “Residential Development” means established habitable development, or a recorded subdivision in which at least one home has been constructed, in which the uses conducted are listed as conditional or permitted in the residential districts in Table 30.44-1, regardless of the district in which it is located. Mixed use development is not a residential development. (See also “Use, Residential”)
7. “Special Development” means established development permitted as a special use within the various districts which is not a permitted or conditional use within any of the various districts, other than special districts, such as congregate care, assisted and independent living, schools, hospitals, cemeteries, libraries, daycare, childcare, museums, and places of

worship, except as otherwise noted in the definition of other types of development. (Ord. 4839 § 1 (part), 1/2021; Ord. 3859 § 2 (part), 6/2010; Ord. 3805 § 1 (part), 9/2009; Ord. 3397 § 1 (part), 6/2006; Ord. 3174 § 1 (part), 1/2005; Ord. 3055 § 1 (part), 4/2004; Ord. 2907 § 1 (part), 7/2003)

Development Agreement

“Development Agreement” means a written agreement, adopted pursuant to State statutes and the provisions of this Title, for a specified period of time between the County and any person having a legal or equitable interest in real property for the purpose of developing such property in accordance with specified laws, ordinances, codes, resolutions, rules, regulations and plans adopted by the Board and in effect at the time such agreement is executed, in return for additional development requirements that may include, but are not limited to, provision of affordable housing, design standards, and on- and off-site infrastructure and other improvements, and which shall be approved by the Board. A Development Agreement provides assurance the property owner has committed to the provision of sufficient public facilities and infrastructure needs related to the development. It is approved for a specific period of time; the terms are locked in for that period of time.

1. “Negotiated Development Agreement” means a negotiated, approved, recorded, and binding agreement between the property owner and the County for the development of land. A Development Agreement is negotiated for a period of time, usually corresponding to the projected build out of the project and the terms are locked in for that period of time.
2. “Standard Development Agreement” means an approved, recorded, and binding agreement between the property owner and the County for the development of land. A Standard Development Agreement provides assurance the property owner has financially committed to the provision of sufficient public facilities and infrastructure needs related to the development, as specified in the Southwest Las Vegas Valley Public Facilities Needs Assessment (PFNA) Report initiated and approved by the Board. (Ord. 3975 § 1 (part), 8/2011)

Development Standards

“Development Standards” means the requirements and standards for development including, but not limited to, densities, building height, bulk and setback requirements by land use type, signage, landscaping, parking and open space.

Developer

"Developer" means the individual or entity responsible for a development.

Livestock Feed/Sales Yard	See “Agriculture - Livestock Feed/Sales Yard” (See Chapter 6.12 Livestock Sales).
Loading Space	“Loading Space” means an off-street space or berth for the temporary parking of a commercial vehicle while loading or unloading merchandise or materials.
Local Street	See “Street”
Lodge	See “Club”
Lodging, Long/Short Term	“Lodging, Long/Short Term” means a multi-unit commercial establishment with a mixture of transient and long-term stay lodging, consisting of units with a kitchen suitable for non-transient occupancy and 1) shall include customary hotel services such as linen, maid service, telephone and upkeep of furniture, and 2) may include resident and guest amenities such as meeting rooms, clubhouse and recreational facilities. (Ord. 3946 § 1, 5/2011)
Loft	“Loft” means a room, other than a hallway, above the first floor which is open to the first floor. For the purpose of limitations on accessory buildings, a loft is an upper floor area within an accessory building that is open and visible to the floor below, that shall not 1) exceed 50% of the base footprint of the building, 2) include partitions other than pony walls or railings as required by the Building Official for safety purposes, and 3) provide exterior access. (Ord. 3106 § 1 (part), 8/2004)
Lot	“Lot” means a parcel of land, or a space within an approved manufactured home park or recreational vehicle park, occupied, or to be occupied by, a building or group of buildings, together with such yards, open spaces, lot width and lot area as required by this Title, having frontage upon a street or other legally approved right-of-way. A lot may be land so recorded on a plat of record, or considered as a unit of property and described by metes and bounds if created by deed prior to July 1, 1973, and which may include parts of or a combination of such lots, when adjacent to one another, providing such grounds are used for 1 improvement. All lots shall have legal access. (Ord. 2769 § 49 (part), 7/2002)

Figure 30.08-5 Corner Lot

1. "Corner Lot" means a lot abutting 2 intersecting streets, where the interior angle of intersection does not exceed 135 degrees.
2. "Double Frontage Lot" means a lot, other than a corner lot, with frontage on more than 1 street.
3. "Flag Lot/Key Lot" means a lot having access to a public or private street by a narrow, private right-of-way or portion of a lot.
4. "Front Lot Line" means the line considered to front on that street on which typically the greatest number of buildings are erected.
5. "Interior Lot" means a lot other than a corner lot.
6. "Lot Area" means the total horizontal area within the lot.
7. "Lot Coverage" means the total area of the lot covered by the roof of any enclosed or unenclosed building, including eaves and overhangs.
8. "Lot of Record" means a lot in separate ownership which was created in accordance with the State Law and County Code in effect at the time the parcel was created:
 - A. Is shown separately on any official subdivision map duly approved and recorded in the manner provided by law

after May 5, 1970, and which has not been owned by the same owners of property adjacent to it at the same time since the establishment of the district regulations to which it does not conform, unless the adjacent property is unrelated to the nonconforming status of the lot. If 2 or more lots, or combinations of lots and portions of lots, having continuous frontage in single ownership are of record at the effective date of this Title and do not meet the requirements established, the land involved shall be considered to be an undivided parcel.

- B.** With respect to the creation of lots without a subdivision, lots created (1) without a subdivision map prior to July 1, 1973, (2) by contract for sale prior to June 20, 1962, (3) created by a court order, or (4) created by the dedication of a public right-of-way having a width of 60 feet or more if the dedication has been accepted by the County, shall be considered to be legally created. A contract for the sale of land after June 20, 1962, or a legal description listed on a single recorded deed recorded prior to July 1, 1973 with the legal description of adjacent parcels also listed, does not constitute the division of land. (Ord. 2690 §1 (part), 12/2001)
- 9.** “Minimum Area” means the smallest lot area permissible in a particular zoning district on which a use or structure may be located.
- 10.** “Rear Lot Line” means a lot line opposite and most distant from the front line, and in the case of an irregular, triangular or gore-shaped lot, a line ten feet in length within the lot most nearly parallel to and at the maximum distance from the front lot line.
- 11.** “Side Lot Line” means any lot boundary other than a front or rear lot line.
- 12.** “Substandard Lot” means a parcel of land which has less than the minimum area required in the district in which the lot is located.
- 13.** “Through Lot” means a residential lot, other than a corner lot, abutting more than one street, and having vehicular access to more than 1 street.
- 14.** “Zero Lot Line Lot,” also known as a patio home, means a lot designed for a one-family dwelling unit or a one-family attached dwelling unit with 1 side yard reduced or eliminated.

Truck Staging Area

“Truck Staging Area” means an area or building(s) where cargo is stored and where commercial vehicles load and unload cargo for transshipment or distribution to a convention area on a regular basis, and which may include facilities for the temporary storage of loads. (Ord. 4123 § 1, 9/2013)

Two-Family Dwelling

See “Dwelling”

Turf

“Turf” means any grassy area maintained by frequent mowing and fertilization and/or watering, commonly used for lawns and playing fields. (Ord. 4977 § 1 (part), 8/2022; Ord. 3094 § 1, 7/2004)

Urban Area

“Urban Area” means the land within the outer boundary of the Las Vegas Valley Bureau of Land Management Disposal Boundary established by the Southern Nevada Public Lands Management Act as amended (enacted on October 19, 1998), plus the land extending 3 miles (measured radially) beyond the boundary, and also including Community Districts 1, 2 and 4 identified in the various land use plans and Community District Element of the Plan. All other areas within the County are rural. (See Appendix G, Map 10) (Ord. 4481 § 2 (part), 5/2017; Ord. 2907 § 1 (part), 7/2003)

Urban Run-off “Urban Run-off” means water run-off from streets, gutters, parking lots, roof tops, construction sites, landscape areas, agricultural lands, and other diffused sources that usually contains litter, pesticides, organic and bacterial waste.

Urban Village (U-V) See Development (Ord. 3549 § 1 (part), 9/2007)

Use “Use” means the purpose for which land or buildings are designed, occupied, maintained, or planned, including uses within another political subdivision (See also “Development”). Types of uses include the following:

1. “Accessory Use” means a use or activity, that is subordinate in area, extent and purpose incidental to the principal use of the property, located on the same lot or parcel of land. The following are applicable to residential development.
 - A. Nothing in this Title shall be construed to prohibit constitutionally protected activities including the use of the home for noncommercial gatherings of family and friends, discussion groups, religious or political gatherings, or neighborhood meetings.
 - B. The storage of 2 unlicensed but operable automobiles is permitted and shall not be parked within the public right-of-way.
2. “Commercial Use” means an existing commercial development or property designated for commercial uses in any adopted land use guide/plan, unless an approved use allows a noncommercial use.
3. “Compatible Use” means the characteristics of different land uses that allow them to be harmoniously located near or adjacent to each other with minimal impacts. Compatible use considerations may include a range of activities and design features related to existing and proposed development, such as but not limited to height, mass, density, architecture, landscaping, hours of operation, and environmental impacts (see Chapter 30.68 for Site Environmental Standards; also see “Similar Use”).
4. “Conditional Use” means a use permitted within a zoning district provided that it conforms to the standards for permitted uses in subsection 9 below and in addition conforms to the standard listed under the specific use within Table 30.44-1.
5. “Conflicting Use” means the transfer of negative impacts over property lines from one land use to an adjacent land use. Conflicting use considerations may include but are not limited to a range of incompatible activities and design features related to existing and proposed development, such as but not limited to height, mass, density, architecture, landscaping, loss

of privacy, unsightly views, traffic and parking concerns, hours of operation and environmental impacts (see Chapter 30.68 for Site Environmental Standards).

6. “Industrial Use” means an existing industrial development, or property designated for industrial uses in any adopted land use guide/plan, unless an approved use allows a nonindustrial use.
7. “Less Intensive Use” means a use which is classified in a more restrictive zoning district than other uses listed in a less restrictive zoning district. This term is used when describing a development, an approved development, or in all other cases, the land use category.
8. “Mixed Use” means the combination of commercial and residential development (the commercial component of which exceeds the limits of “accessory commercial use”, see also Section 30.48.700) on a single lot *OR* within a single building *OR* within a single integrated development on multiple lots *OR* on property designated for mixed uses in any adopted land use plan, *OR* on property developed or planned for mixed use, and includes all property thus described within another political subdivision. A mixed use or development shall be considered a commercial use or development for the purpose of determining development standards except where specific standards are established and as otherwise required by Chapter 30.48, Part J. Commercial components of mixed use developments shall be open and accessible to the general public.
9. “Permitted Use” means any use allowed in a zoning district providing that:
 - A. Buildings, structures and land shall be used, erected, maintained, altered or enlarged only for the purposes listed as permitted in the district in which such building or land is located and then only after applying for and securing all permits and licenses required.
 - B. Any use already established within an area prior to the present district regulations which is not a permitted use within such district or is permitted use only with a special use permit shall be allowed to continue as a nonconforming use subject to all conditions and restrictions relating to nonconforming uses as provided in Chapter 30.76.
 - C. When a use is not specifically listed as permitted or is expressly prohibited, it shall be assumed that such uses

are prohibited and are detrimental to the general prosperity, health, safety and welfare. Where the Zoning Administrator determines it is similar to another use it shall be a “Permitted Use.”

10. “Principal Use” means the primary use of land or structures, as distinguished from an accessory use.
11. “Residential Use” means an existing habitable residential development or dwelling, *OR* property designated for residential uses in any adopted land use guide, *OR* property developed or planned for residential use within another political subdivision (unless an approved use allows a nonresidential use), *AND* shall not include mixed use or mixed use development for the purpose of determining development standards. (See also, “Development, Residential”)
12. “Similar Use” means a use that has the same characteristics as the specifically cited uses in terms of the following: trip generation and type of traffic, parking and circulation, utility demands, environmental impacts, physical space needs, and clientele (also see “Compatible Use”).
13. “Special Use” means a use that, due to a special characteristic of its operation or installation but is permitted with discretion in a district subject to review by the Commission or the Board to ensure compatibility with existing or planned surrounding uses and characteristics of development.
14. “Temporary Use” means a use established for a specified period of time with the intent to discontinue the use at the end of the designated time period. (Ord. 4077 § 2 (part), 2/2013; Ord. 4063 § 1(part), 11/2012; Ord. 4010 § 1 (part), 4/2012; Ord. 3975 § 1 (part), 8/2011; Ord. 3970 § 1 (part), 8/2011; Ord. 3549 § 1 (part), 9/2007; Ord. 3397 § 1 (part), 6/2006; Ord. 3357 § 1 (part), 3/2006; Ord. 3174 § 1 (part), 1/2005; Ord. 3055 § 1 (part), 4/2004; Ord. 2907 § 1 (part), 7/2003)

Utility

See “Public Utility”

Vacation and Abandonment

“Vacation and Abandonment” means the relinquishment of any interest of any dedicated public road, improvement or public easement of interest to Clark County, in conformance with NRS 278.480.

**Variance
Application**

“Variance Application” means a request requesting relief from the requirements of the code for reasons to be demonstrated by the applicant as shown in Table 30.16-6.

**Vehicle
Dismantling Yard**

“Vehicle Dismantling Yard” means any premises used for the dismantling or wrecking of motor vehicles and trailers including premises used in the storing, keeping, buying, selling, or dealing in dismantled wrecked, inoperative or disabled vehicles or integral parts of component materials thereof, and the storage, sale or dumping of dismantled, partially dismantled or wrecked inoperative vehicles and trailers, or parts thereof. Vehicle dismantling shall not include the incidental storage of inoperative or disabled vehicles in connection with the legal operation of any vehicle repair, maintenance, paint and body or similar use. (Ord. 4010 § 1 (part), 4/2012)

Vehicle, Junked

“Vehicle, Junked” means any motor vehicle whose condition is wrecked, dismantled, partially dismantled, inoperative, abandoned or discarded. A motor vehicle is presumed to be abandoned or discarded if it has remained in one place for a period of at least several days and is unlicensed and unregistered by the State of Nevada. The storage of junked vehicles is permitted only in conjunction with an automobile dismantling yard.

**Vehicle
Maintenance**

“Vehicle Maintenance” means any commercial establishment designed or used for the maintenance of vehicles. Maintenance shall be limited to tune-ups, oil changes, lubrication, smog check, brake and muffler repair and maintenance, the sale and repair of tires, window repair or replacement or other similar routine maintenance functions. Vehicle maintenance does not include brake, muffler, and/or tire repair as principal uses. (Ord. 4010 § 1 (part), 4/2012; Ord. 3924 § 1 (part), 1/2011; Ord. 3757 § 1 (part), 4/2009; Ord. 3549 § 1 (part), 9/2007; Ord. 2907 § 1 (part), 7/2003)

**Vehicle Paint/
Body Shop**

“Vehicle Paint/Body Shop” means a facility for collision repair services including body, frame, or fender straightening or repair, and painting of vehicles in an appropriate paint booth. See also “Automobile Minor Paint/Body Shop.” (Ord. 4010 § 1 (part), 4/2012; Ord. 3586 § 1(part), 2/2008; Ord. 2857 § 2 (part), 2/2003; Ord. 2658 § 1, 2001)

Vehicle Repair

“Vehicle Repair” means a location designed or used for the repair or maintenance of vehicles, including mechanical repair, engine or transmission replacement or overhaul, and upholstery, but not including paint or body work. Repair (not including engine or transmission repair) may be performed by the owner of 1 automobile only at the residence (not to be parked within a street)

when the vehicle, parts, and equipment are enclosed, or screened from the view of any street with a weatherproof cover while repair is not being performed. See also “Automobile Hobby Repair & Restoration”. (Ord. 4010 § 1 (part), 4/2012; Ord. 3635 § 1(part), 6/2008; Ord. 3190 § 1 (part), 2/2005; Ord. 2907 § 1 (part), 7/2003)

Vehicle Wash “Vehicle Wash” means a building or area that provides facilities for washing, cleaning, waxing and/or detailing of motor vehicles, either by mechanical means or by hand, either as a service provided by others or self-service which may include accessory retail uses. (See “Accessory Commercial”) (See Chapter 6.12 Auto Wash Detailing). (Ord. 4010 § 1 (part), 4/2012)

Veterinary Clinic and Service “Veterinary Clinic and Service” means an establishment, not including outside pens, where animals are admitted for examination, medical or surgical treatment, overnight care, and/or observation. (See Chapter 6.12 Business License).

Waiver of Condition Application “Waiver of Condition Application” means a request filed with the Zoning Administrator to modify a condition imposed by the Commission or Board on an approved land use application. (Ord. 3085 § 38 (part), 6/2004; Ord. 2961 § 2 (part), 10/2003)

Waiver of Standard Application “Waiver of Standard Application” means a request filed with the Zoning Administrator to modify a development standard where the provision of an alternative standard, or other factors which mitigate the impact of the relaxed standard, may justify an alternative. A waiver of off-site improvements constitutes a temporary postponement only and shall only be approved subject to signing deed restrictions for the future improvements. (Ord. 3085 § 38 (part), 6/2004; Ord. 2961 § 2 (part), 10/2003)

Wall Height See “Fence Height”

Wall, Perimeter

“Wall, Perimeter” means an opaque structure constructed with masonry, brick, concrete, stucco, or other similar material, is greater than 36 inches in height, and constructed within a required setback for the purpose of providing security and/or buffering for the property owner. Walls constructed within the “Buildable Area” and which are not affixed to the principal building shall be considered accessory structures (see “Fence”). The following describes types of perimeter walls.

1. “Block Wall” means a perimeter wall enclosing property which need not be a decorative wall and may also be in the form of rock features, waterfalls and other decorative forms, providing the wall complies with height restrictions.
2. “Decorative Wall” means a wall having an appearance enhanced by either texture or design finished with stucco, pilasters, tile, or brick, split-face block, block containing a pattern or design or a combination of any of the above. A decorative wall shall not include the standard, solid gray cinder block or concrete walls with a flat finish nor include wood or chain link fences, either with or without slats. Wherever possible, decorative walls shall have a harmonious relationship with existing adjoining walls.
3. “Noise Attenuating Wall” means a wall constructed between adjacent uses designed to mitigate the impact of noise generated by 1 use on an adjacent use. When constructed in accordance with the Nevada Department of Transportation's standards along freeways, the height of the wall shall be unrestricted
4. “Retaining Wall” means a wall where the grade on 1 side of the wall is greater than the grade on the opposite side if engineered so that the wall is designed to support the weight of the soil on the high side of the wall. Paving or a similar treatment of a slope to prevent erosion is not a retaining wall;
5. “Security Wall” means a wall which meets the requirements of “Security Fence” (see “Security Fence”)
6. “Buffer Wall” means a wall which mitigates the potential negative impact between uses, per Chapter 30.64. (Ord. 3296 § 1 (part), 10/2005)

Wall Sign	See “Sign”
Warehouse	“Warehouse” means an enclosed structure for the storage of goods for distribution or transfer to another location. (See Chapter 6.12 Business License).

30.12 Master Plan and Community Districts

PART A THE PLAN

30.12.010 The Master Plan. The Clark County Master Plan (Plan), adopted by the Board on November 17, 2021, consists of various elements as defined in NRS 278.160, and all subsequent amendments thereto. (Ord 4903 § 2 (part), 12/2021; Ord. 4481 § 3 (part), 5/2017; Ord. 3518 § 3, 5/2007; Ord. 3296 § 2 (part), 10/2005; Ord. 2674 § 1, 2001)

30.12.020 Purpose. The Clark County Master Plan shall serve as a pattern and guide for the orderly physical growth and development of Clark County. Unless otherwise provided, all development approved through this Title shall be in conformance with the Master Plan as follows.

1. Unless otherwise noted in this Title, all approved zoning districts and development should reflect the applicable land use classification and intensity of use specified:
 - A. In the community district element.
 - B. In the various land use maps adopted in conjunction with the Master Plan.
 - C. In the general description of the various land use categories depicted upon the adopted maps.
2. A proposed land use category allows a range of zoning districts; therefore the approval of a planning area map, or an amendment thereto, shall not be construed to obligate the Commission or the Board to approve the maximum density or intensity of use permitted within an approved land use category. Requests for land use applications are subject to the discretion of the Commission or Board, within the general guidance contained within the Master Plan coupled with consideration of:
 - A. The general prosperity, health, safety, and welfare of the public.
 - B. The character of the area.
 - C. The area's peculiar suitability for particular uses.
 - D. The availability of water and other required resources.
 - E. The availability of, and facilities for, services.
 - F. Preservation of buildings and property.
 - G. Encouraging the most appropriate land use.
3. Public facility design, location and improvement policies contained within the Master Plan shall be utilized as guidelines in the application of subdivision, public improvement, and design review procedures contained within this Title, including:
 - A. The provision of lots of sufficient size, adequate improvements and facilities, and appropriate design for the intended use.
 - B. The construction and installation of streets, highways with uniformity of street width and access to lands, public utilities and other public facilities to minimize traffic congestion and safety hazards.
 - C. The prevention of the subdivision of lands which are subject to severe slope; lack of water, sewer or other required public services; flooding; or which are otherwise unsuitable for subdivision.
 - D. The development of a permanently wholesome community environment, adequate public services and safe streets.

4. Site design and location policies contained within the Master Plan shall be utilized as guidelines in the application of the design review procedures contained within Table 30.16-9 (Design Review).
5. Land use and subdivision applications for the development of land may be approved, conditionally approved, or denied based on the plans, policy statements, goals contained anywhere within the Master Plan, or any amendment thereto. (Ord 4903 § 2 (part), 12/2021; Ord. 4559 § 5, 1/2018; Ord. 4481 § 3 (part), 5/2017; Ord. 3296 § 2 (part), 10/2005)

PART B MASTER PLAN UPDATES AND AMENDMENTS

30.12.030 Purpose. The purpose of this part is to provide standards and procedures for the acceptance, processing, hearing and final action on Master Plan updates and amendments, with the intent of providing for the orderly and efficient development of land. (Ord 4903 § 2 (part), 12/2021; Ord. 4481 § 3 (part), 5/2017; Ord 3885 § 2 (part), 8/2010)

30.12.035 Master Plan Amendment Processing. Master Plan amendments, may be initiated, accepted, processed, noticed, heard and acted upon in accordance with the provisions of this Part. The Master Plan shall only be amended per Table 30.12-1 below. Planning Area Update and Amendments are processed in accordance with Section 30.12.040. (Ord 4903 § 2 (part), 12/2021; Ord. 4481 § 3 (part), 5/2017; Ord. 3975 § 2 (part), 8/2011; Ord 3885 § 2 (part), 8/2010)

30.12.040 Planning Area and Transportation Map Updates and Amendments. Planning Area and Transportation Map updates and amendments are also subject to the additional requirements established in this subsection. Clerical errors and omissions may be administratively corrected at any time without a hearing.

1. **Planning Area Update Process.** Each planning area should be reviewed, and revised if appropriate, according to the schedule established by the Board. Each year, the Director of Comprehensive Planning shall receive direction from the Board regarding the appropriateness of updating the planning area. Should the Board choose not to update the planning area, the direction shall affirm the planning area’s policies and maps continued viability.
2. **Planning Area Update Re-examination Process.** The Board may re-examine any part of a planning area in accordance with the re-examination process described in Table 30.12-2.
3. **Planning Area Amendments.** The Board may initiate an amendment to a plan in accordance with the annual amendment process described in Table 30.12-3.
4. **Planning Area Amendments Reconsideration Process.** The Board may reconsider any part of an amendment in accordance with the reconsideration process described in Table 30.12-3.
5. **Exceptions.** The Board may initiate an amendment to incorporate an approved Specific Plan (per Table 30.20-4) within the planning area per the procedure in Table 30.12-3.
6. **Transportation Map Amendment.** A Transportation Map must be amended prior to or concurrent with any land use request to reduce the width or modify the alignment of any roadway shown on the map(s). (Ord. 4982 § 3 (part), 9/2022; Ord 4903 § 2 (part), 12/2021; Ord. 4367 § 2, 2/2016; Ord. 3975 § 2 (part), 8/2011; Ord. 3885 § 2 (part), 8/2010; Ord. 3296 § 2 (part), 10/2005; Ord. 3209 § 3 (part), 5/2005; Ord. 2889 § 2, 4/2003; Ord. 2865 § 1, 4/2003)

30.12.045 Master Plan Amendment Processing and Planning Area Update and Amendments. Master Plan amendments and Planning Area update and amendments may be initiated, accepted, processed, noticed, heard and acted upon in accordance with the provisions of this Part. The Master Plan shall only be amended per Table 30.12-1, Planning Area Updates and Amendments per Tables 30.12-2 and 30.12-3 below. Chapter 30.16, Section 30.16.210 describes the general standards for processing and consideration of all applications. Section 30.16.230 details the notice requirements when a public hearing is required, and Section 30.16.240 lists document submittal requirements for each of the application types. (Ord 4903 § 2 (part), 12/2021; Ord. 4481 § 3 (part), 5/2017; Ord. 3975 § 2 (part), 8/2011)

PART C COMMUNITY DISTRICTS

30.12.050 Purpose The purpose of establishing different community districts within unincorporated Clark County is to enable the establishment of alternative development standards particularly suited for the geographic areas described below. Each community district is designated on the latest map adopted by the Board, or within any adopted land use plan, and may have special development standards which shall apply within that district only. Such special development standards shall be designed to reflect and accommodate the particular social, geographic and other characteristics of the district.

30.12.060 Established Community Districts.

- a. Community District 1 shall include the property shown as a regional economic base and employment center.
- b. Community District 2 shall include the property shown as the urban growth area.
- c. Community District 3 shall include the property shown as the future development/rural open space.
- d. Community District 4 shall include the property shown as growth centers or satellite communities.
- e. Community District 5 shall include those portions of unincorporated Clark County towns and communities as shown within the South County, Northeast Clark County and Northwest Clark County Land Use Plans including but not limited to: Indian Springs, Mt. Charleston, Searchlight, Bunkerville, Glendale, Moapa, Moapa Valley, Goodsprings, Nelson, Palm Gardens, Cal-Nev-Ari, Blue Diamond, Mountain Springs, and Sandy Valley as shown in Appendix G, map 3A. Within community district 5, uses and standards specified as permitted within community district 5 as shown in Table 30.44-1 (Global Use Table), shall be permitted even if the slope exceeds twelve percent (12%).
- f. Community District 6 shall include the property shown as an open space and conservation district, or land which has a slope in excess of 12%. (Ord 3885 § 2 (part), 8/2010; Ord. 2573 § 3, 2001; Ord. 2510 § 2, 2000)

30.16 Land Use Application Processing

30.16.010 Purpose. The purpose of this Chapter is to provide standards and procedures for the acceptance, processing, hearing and final action of Land Use Applications. To merit approval by the approval authority, an application, amendment, or map must demonstrate compatibility with all applicable community goals as follows:

1. Furthering the purpose of the Plan.
2. Contributing to the general prosperity, health, safety, and welfare of the community.
3. Avoiding or minimizing impacts on adjacent property.
4. Complementing or enhancing the character of the neighborhood and promoting logical and orderly development patterns.
5. Minimizing negative impacts on traffic conditions.
6. Ensuring adequate parking is provided.
7. Minimizing negative environmental impacts, including but not limited to water, noise, dust, odor, smoke, air quality, drainage, light, glare, wildlife, vegetation, wetlands, and the natural functioning of the environment.
8. Providing or contributing to required public improvements, facilities, or services to ensure that adequate transportation, recreation, drainage, fire protection, utility, and other applicable needs are met.
9. Considering the impact on public schools.

30.16.020 General Land Use Application Processing. Land use applications may be initiated, accepted, processed, noticed, heard and acted upon in accordance with the provisions of this Chapter. Each application shall be processed as specified in this Chapter. Sections 30.16.040 through 30.16.206 establish specialized standards for processing and final action on various application types. Section 30.16.210 describes the general standards for processing and consideration of all applications. Section 30.16.230 details the notice requirements when a public hearing is required, and Section 30.16.240 lists document submittal requirements for each of the application types.

a. Initiating Authority	Board or Board member, Zoning Administrator, Director of Public Works, Director of Department of Building, or a person with a property interest related to the requested text amendment
b. Standards for Acceptance	<p>1. Any member of the Board may direct the Zoning Administrator to prepare an ordinance and schedule it for introduction and a public hearing in accordance with Section 244.095-115 of the Nevada Revised Statutes. Any other person shall obtain the concurrence of a Board member prior to submission of a text amendment and, if applicable, shall comply with the following:</p> <p>A. Prior to submitting a text amendment application to amend the Mixed Use Overlay District map, the property owner or applicant shall engage in a pre-submittal conference with the County pursuant to Section 30.48.750. The pre-submittal conference shall not be scheduled without written consent of the applicable Board member(s) pursuant to subsection (b)(1)(B) below.</p> <p>B. Applications to amend the Mixed Use Overlay District map shall not be accepted without written consent of the Board member(s) in whose district the property is located; or, if any such Board member is constrained by ethical conflicts of interest or declines to consent to the acceptance of an application, a request for acceptance may be placed on an agenda for the Board to consider at the request of the applicant. When the Board member(s) in whose district the property is located declines to consent, the Board may nevertheless consider the request and approve acceptance of an application with a unanimous vote of the other Board members voting and not abstaining, subject to NRS requirements. In all other instances, a simple majority vote is required to accept an application.</p>
c. Fee	\$400 Applications to amend the Mixed Use Overlay District shall require an additional notification fee of \$1,000, plus \$200 Sign Fee and a Pre-submittal Conference Fee of \$500
d. Application Process	Hearing before the Board per 30.16.210; plus Commission whose recommendation shall be forwarded to the Board no sooner than the second zoning agenda following Commission action
e. Notice Requirements	Posted notice, entity notice, and city notice; plus 2,500 foot radius and signs for amendments to the Mixed Use Overlay District. If the proposed regulation is to amend airport zoning regulations, the notice must be sent 15 calendar days prior to the hearing, in accordance with NRS 497.080 (See Section 30.16.230 Notice)
f. Recommending Entities	Cities, Government entities, Town Board, Planning Commission
g. Approval Authority	Board
h. Standards for Approval	<p>1. If a determination is made that an amendment requested by a person other than a Board member may serve the general prosperity, health, safety, and/or welfare of the entire County, the Board may direct the Zoning Administrator to draft an ordinance accordingly. The Zoning Administrator shall schedule the ordinance for introduction and a public hearing in accordance with NRS Section 244.095-119</p> <p>2. A text amendment is not intended to relieve particular hardships nor to confer special privileges or rights upon any person or property</p> <p>3. A text amendment to expand or amend the Mixed Use Overlay District shall only be approved when the proposed area meets the intended purpose of the Overlay, including transit-oriented development as described in Sections 30.48.700 and 30.48.760, and the proposal constitutes a broader, community-serving adjustment of Overlay boundaries rather than site-specific, parcel-based adjustments</p>
i. Related Application Submittal	A required Land Use Application may be submitted after an enabling ordinance has been adopted, provided the application is not acted on before the effective date of the ordinance; however, applications for a mixed use development may be submitted after approval of the text amendment provided they are not acted upon prior to the effective date of the ordinance amending the Mixed Use Overlay District map

i. Standards For Approval	<ol style="list-style-type: none"> 1. Requests for amendments are subject to the discretion of the Board in consideration of the Plan. The Board may approve a request as submitted, or may reduce a request to a more restrictive district, within the residential, commercial, or manufacturing zoning district category. To change zoning district category, it must be held and renotified prior to final action by the Board. 2. Good cause shall be shown if the Board approves a density of over 2 dwelling units per acre within 330 feet of an RNP-I or RNP-II district; 4 dwelling units per acre within 330 feet of an RNP-III district; or a non-residential use within 330 feet of an RNP-I, RNP-II, or RNP-III district. 3. If the allowable density or intensity of use is sought to be decreased, and at least 20% of the owners within the notification radius object to the change, the Board shall consider the merits of the objections and shall make a written finding that the public interest and necessity will be promoted by the change. 4. The applicant shall provide justification that approval of the zone boundary amendment is appropriate. The Board may consider the cumulative impacts of zone boundary amendments within the planning area. 5. FAA and other additional requirements and standards are established in 30.16.210.

A zone boundary amendment that has not been finalized by adoption of an ordinance is void with the approval of a subsequent amendment.
<p>k. Resolutions of Intent</p>	<ol style="list-style-type: none"> 1. A resolution of intent to reclassify shall include any conditions, stipulations or limitations which the Board may deem necessary and require in the public interest as a prerequisite to final action on a request for an amendment to a zoning district boundary. 2. The fulfillment of all conditions, stipulations and limitations contained in any such resolution shall make the resolution a binding commitment on the part of the Board. 3. A resolution of intent is entered into for the benefit of the public and not for the benefit of any private individual or entity. 4. Upon completion of all conditions contained in the resolution the Board shall authorize an amendment to a zoning district boundary or a zoning district reclassification by the adoption of an ordinance amending the Official Zoning Map. If a subdivision map is recorded for a portion of the zone boundary amendment, an ordinance to reclassify the property may be approved by the Board only for that portion included in the map.

i. Standards for Approval

1. Special uses shall not be permitted by right, but shall be considered on a case by case basis for the proposed lot(s) or parcel(s). Applications are subject to the discretion of the Commission and/or Board in consideration of the Plan in accordance with Chapter 30.12.
 2. No application shall be approved unless the applicant establishes that the use is appropriate at the proposed location by showing the following:
 - A. The proposed use shall be in harmony with the purpose, goals, objectives and standards of the Plan and of this Title;
 - B. The proposed use shall not result in a substantial or undue adverse effect on adjacent properties, character of the neighborhood, traffic conditions, parking, public improvements, public sites or rights-of-way, or other matters affecting the public health, safety, and general welfare; and
 - C. The proposed use will be adequately served by public improvements, facilities, and services and will not impose an undue burden
 3. In addition to the above, the following shall apply to the uses specified below:
 - A. Applications for high impact projects shall demonstrate that any proposed modification to required design and development standards, including reductions to landscaping, screening and buffering requirements, will not adversely impact neighboring properties.
 - B. Expansions to the gaming enterprise district shall demonstrate that:
 - i. The roads, water, sanitation, utilities and related services to the location are adequate;
 - ii. The proposed establishment will not unduly impact public services, consumption of natural resources and the quality of life enjoyed by residents of the surrounding neighborhoods;
 - iii. The proposed establishment will enhance, expand and stabilize employment and the local economy;
 - iv. The proposed establishment will be located in an area planned or zoned for that purpose pursuant to NRS 278.010 to 278.630, inclusive;
 - v. The proposed establishment will not be detrimental to the health, safety or general welfare of the community or be incompatible with the surrounding area; and
 - vi. All traffic impacts can be adequately mitigated.
- NOTE:** A majority vote of 3/4 of the Board's members present at the meeting shall be required to approve an expansion of the Gaming Enterprise District.

<p>i. Standards for Approval</p>	<p><u>Continued from previous page</u></p> <p>C. Regarding Cannabis Establishments: the following additional factors shall apply in determining which, if any, proposed location for a Cannabis Establishment is appropriate and best suited to serve the needs of the residents of Clark County:</p> <ul style="list-style-type: none"> i. Whether crime in the area poses an undue threat to the security of the proposed Cannabis Establishment, its products, employees or prospective patrons; ii. Whether the design of the proposed Cannabis Establishment maintains a professional appearance; iii. Whether the proposed Dispensaries are properly dispersed throughout the more populous area of Clark County so that those authorized to use medical cannabis will have convenient access to a sufficient distribution of cannabis for medical use, while also considering whether the locations that are approved, if any, do not adversely impact any one area by being located too closely to another Dispensary. iv. Whether the Dispensary is proximately located to medical offices, pharmacies, neighborhood services or similar facilities, including by way of public transportation, such that patrons of a Dispensary may conveniently access other facilities serving their medical needs. v. Whether the Cannabis Retail Store is adequately separated from other Cannabis Retail Stores to prevent a high concentration of stores within close proximity. vi. Any Cannabis Establishment that obtains a Cannabis Establishment Certificate/License from the State without obtaining the appropriate land use approval from Clark County shall not be considered a legal use and a business license shall not be issued unless all required land use approvals for the Cannabis Establishment have been obtained. vii. Whether the proposed Cannabis Consumption Lounge has received concurrence on an Impaired Driver Prevention Plan from the Clark County Office of Traffic Safety. <p>D. Applications for aboveground transmission lines 200kv or greater, which are located outside the corridors identified in the Public Facilities and Services Element of the Clark County Comprehensive Master Plan shall demonstrate that:</p> <ul style="list-style-type: none"> i. the construction of the aboveground transmission line does not conflict with any existing or planned infrastructure or other utility projects; ii. the proximity of the proposed site does not negatively impact any school, hospital, or urban residential area with a density greater than 2 dwelling units per acre. <p>4. e. Notice	Posted notice, entity notice, city notice
f. Recommending Entities	Government Entities (See 30.16.230 for detailed notice requirements)
g. Approval Authority	Board
h. Standards for Approval	Approval is contingent upon the Board determining that the development agreement is: <ol style="list-style-type: none"> 1. adequately addressing issues identified in the RISE reports; 2. a necessary and appropriate mechanism to facilitate development of the project; 3. consistent with the objectives, policies, general land uses and programs specified in the master plan; 4. compatible with uses authorized in, and regulations prescribed for, the zoning district in which the property is located and all other provisions of this Title; 5. not be detrimental to public health, safety and general welfare; and 6. consistent with the provision of Nevada Revised Statutes Chapter 278 If approved, the agreement shall be adopted by ordinance in accordance with Nevada Revised Statutes.
i. Vesting of Rights	Any development agreement approved and adopted pursuant to this Chapter may allow the property owner to be vested for specific development rights only upon achieving specific progress thresholds. Such progress thresholds shall be based on contributions toward or construction of specific public or private improvements as specified in the agreement. The property owner or applicant shall acquire no vested rights other than those allowed in the agreement and as otherwise provided under applicable laws
j. Time Limit if Approved	As specified in the agreement. All agreements are subject to a 2 year review of the agreement

30.16.210 Application Process. When specified within this Title that such an application is required or authorized, the approval authority shall consider applications in accordance with the following procedure in addition to the requirements listed in sections 30.16.040 through 30.16.206 above for specific application types:

- 1. Applications.** Any application, amendment, or map requiring approval shall be filed with the Zoning Administrator and shall be presented to the approval authority for review. Administrative applications shall be processed and acted upon without a formal hearing. Hearing applications shall be scheduled to a meeting before the approval authority; however, public hearing notices need not be sent to adjacent and nearby properties provided other required notice is given. Public hearing applications shall be scheduled to a meeting before the approval authority and shall be notified per the appropriate application requirement, including notice to adjacent and nearby properties.
- 2. Pre-submittal Conference.** Any application, amendment, or map requiring a pre-submittal conference shall include plans as required pursuant to this Title and/or as determined by the Zoning Administrator, and shall satisfy all pre-submittal requirements prior to the application's submittal. Multiple applications for the same project may utilize one pre-submittal conference, subject to expiration as established in Section 30.16.210(19)(G). A pre-submittal conference, including any required document submitted thereto, shall not be considered a Land Use Application submittal. A pre-submittal conference shall be required for the following (A-G) and as otherwise determined by the Zoning Administrator:
 - A.** uses involving hazardous chemicals, explosives, materials or wastes in amounts regulated by NRS and NAC (determination of pertinent requirements for the proposed use)
 - B.** high impact project
 - C.** neighborhood casinos
 - D.** resort hotel
- 3. Document Submittal Requirements.** Land use pre-submittal forms and applications shall not be acceptable without the required documents unless the Zoning Administrator determines a listed document is not required. If circumstances warrant, the Zoning Administrator may require additional documentation necessary to evaluate a particular application.
- 4. Standards for Acceptance.**
 - A.** All parcels of land included within a single petition or application must be contiguous; however, each Cannabis Establishment requires a separate application. Except for specific applications to waive standards, all plans shall show development that complies with the standards of this Title. If such an application is accepted and later found to not be in conformance with this Title, the application shall be considered to be withdrawn and the fees shall be refunded to the applicant or owner. In addition, standards for acceptance of specific applications are as listed with each application type.
 - B.** Applications, amendments, or maps to establish uses involving hazardous chemicals, explosives, materials or wastes shall not be accepted prior to submittal of the Clark County Fire Permit Survey Form to the Building Official. The owner or applicant shall also engage in a pre-submittal conference with County staff to discuss hazardous materials requirements pertinent to the proposed development prior to submitting an application for a chemical and/or hazardous material use.
 - C.** Applications for increased density or intensity, or for exceptions to the special standards required, within any overlay district shall not be accepted unless in compliance with Chapter 30.48.

- D. Annexation applications shall not be accepted without the required acknowledgement from the City into which a property is proposed to be annexed (See Annexation Letter, Section 30.16.240 (13).
 - E. Applications for waivers to defer temporarily on-site paving requirements shall not be accepted without concurrence from the Department of Environment and Sustainability. A waiver to defer on-site paving shall not be required if paving is not required by Clark County Air Quality Regulations Section 92.
 - F. Applications for any land use that requires submittal of FAA Form 7460-1, Notification of Proposed Construction, per Section 30.56.070 and Chapter 30.48 Part B shall not be accepted without written evidence (from FAA) of prior submittal to the FAA.
 - G. Applications for any land use that requires a pre-submittal conference shall not be accepted prior to satisfying all pre-submittal conference requirements.
5. **Fees.** When applicable, the applicant shall pay a filing fee per Chapter 30.80 at the time of filing for a pre-submittal conference request, application, amendment, or map (*fees are also listed in each application table*).
6. **Processing Time.** Generally, *action* shall be taken approximately within the specified period as measured from the date of acceptance of the application unless appealed, extended by the County, at the request by owner, or for good cause.
7. **Review.**
- A. The Zoning Administrator may notify interested public utilities and governmental entities. The Town Board whose jurisdiction includes the area of the petition shall be notified not less than 10 days prior to the hearing unless it is an administrative application.
 - B. If a hearing is required to be a public hearing, public notice as required shall be provided, and interested parties shall have an opportunity to be heard.
 - C. The approval authority shall consider the submitted data and information, recommendations from public utilities, government entities including town boards, and interested parties in an endeavor to determine whether the application will help accomplish the purpose and intent of this Title.
 - D. For an expansion of the Gaming Enterprise District, a court reporter shall record the hearing in accordance with Chapters 463 and 656 of NRS.
8. **Approval Authority.** The approval authority listed in Tables 30.16-2 through 30.16-17 shall have the authority to take final action on an application, amendment, or map, except that applications for which the Commission is the approval authority may instead, when submitted in conjunction with another application, amendment, or map requiring Board action, be acted on by the Board.
9. **Request to Hold.** The owner or applicant may request the approval authority to postpone consideration of an application, amendment, or map from the scheduled date to a future date. The approval authority may hold the application, amendment, or map as requested, may hold it to a date other than requested, or may act on it if the approval authority determines action is appropriate. Per NRS 278.050 and 278.3195, the approval authority shall not grant more than 2 continuances on the same matter unless additional circumstances are warranted by the determination of good cause shown by the applicant.
10. **Decision.** Pursuant to Nevada Revised Statutes, the approval authority shall act upon the application with consideration to recommendations from the Town Board and other government entities, providing all applicable requirements of this Title are met.

- 11. Conditions of Approval.** As a prerequisite to approval of an application, the approval authority may impose conditions on any application, amendment, or map necessary to accomplish the objectives of this Title and to mitigate potential adverse effects of an application on adjacent properties and the community which shall be binding on property owner(s) and their successors, including but not limited to the following:
- A.** All development or use of land is subject to the development standards listed in this Title unless otherwise specified.
 - B.** Compliance with all approved plans, conditions, restrictions and rules is required prior to permit issuance or map recordation, except that the approval authority may require revisions to plans.
 - C.** The approval authority may require the property owner to grant to the County right-of-way, easements, or other consideration necessary for the protection of the health and welfare of the community, including the signing of a resolution of intent in conjunction with an application for a zone boundary amendment.
 - D.** Any condition imposed by the Board in conflict with any requirement of this Code which is designed to mitigate the impact of an application, amendment, or map on adjacent property owners or the community shall be permitted without additional Land Use Application submittals unless the condition would create a health or safety hazard (including, without limitation, sight zone or airport environs hazards). Any condition imposed by the Commission in conflict with any requirement of this Code which is designed to mitigate the impact of an application, amendment, or map, the application shall be forwarded to the Board for final action.
 - E.** Any condition imposed on a previously approved application may be waived on any subsequently approved application if required notices show the waiver requested. The Commission may only waive conditions imposed by the Commission; however, the Board may waive conditions imposed by the Commission or Board.
 - F.** The approval authority may consider a Development Agreement for high impact projects. The agreement will address the need for the provision of adequate public facilities and/or infrastructure including but not limited to transportation, fire and police protection, flood control and drainage, parks, and open space, trails system, schools, water and sewer services, related to the proposed development, and as identified in the RISE reports submitted with special use permit application. In addition, the Development Agreement will evaluate phasing of additional facilities and services for the proposed development, and ensure existing services for established development will not be significantly affected. The approval authority may consider whether a less intense project is appropriate if the Development Agreement does not adequately address the impacts and related needs identified in the RISE reports.
 - G.** For projects other than high impact projects or Major Projects, the approval authority may propose a Development Agreement consistent with the needs identified by the Southwest Las Vegas Valley PFNA Report initiated and approved by the Board. Modifications to the formula for the Standard Agreement are not permitted except through a Negotiated Development Agreement.

- 12. Standards for Approval.** In addition to specific standards for approval for each application type listed in Sections 30.16.040 through 30.16.206 above, the following standards apply for the consideration of all application types:
- A.** An application, amendment, or map may be approved if it meets the following criteria:
 - i.** It is generally consistent with the Plan, as amended, or reflects conditions that have changed since the adoption or amendment to the Plan.
 - ii.** There will be capacity to provide adequate public facilities and services, including but not limited to transportation, utility, sewer, water, police, and fire service, to accommodate development permitted under the proposal.
 - iii.** It complies with and forwards the capital improvement planning efforts of the County.
 - iv.** It will not significantly impact the natural environment, including but not limited to water, air, noise, storm water management, wildlife, vegetation, wetlands, and the natural functioning of the environment.
 - v.** It will result in a logical and orderly development pattern.
 - vi.** The proposal, including but not limited to the density, intensity, scale, height, and operations, is harmonious and compatible with existing and planned development on adjacent properties and in the surrounding area or neighborhood; shall not be unsightly, undesirable, or noxious; and/or includes measures that will be taken to adequately buffer or otherwise mitigate any incompatibility.
 - B.** The approval of an application, amendment, or map shall constitute a finding by the approval authority that the application, amendment, or map is consistent with the standards and purposes enumerated in the Plan, this Title, and/or NRS. The approval of any application, amendment, or map will not waive building codes, fire codes, business license requirements, or any other requirement imposed by County, State, or Federal regulations or law.
 - C.** Except for administrative minor deviations, special use permits, waivers, and variances to specific development standards as approved, development shall comply with all development standards as specified in this Title.
 - D.** Written evidence that the FAA has determined whether a proposed structure constitutes a hazard to air navigation shall be submitted two weeks prior to final approval unless the Zoning Administrator concludes the FAA determination has been submitted early enough for action to occur, on any related Land Use Application for any proposed structure that intrudes into the Airport Airspace Overlay District that is not excepted (see Chapter 30.48 Part B); applications for which required FAA determinations have not been received shall be held or denied.
- 13. Denial.** The denial of an application, amendment, or map shall constitute a finding by the approval authority that the application, amendment, or map is inconsistent with the standards and purposes enumerated in the Plan, this Title, or the Nevada Revised Statutes. Unless denied without prejudice, an application, amendment, or map that is denied is subject to the re-petition period specified in this chapter.

14. Finality of Decision. Except where an item has been appealed or forwarded to the Board for final action, a decision becomes final upon expiration of the appeal or reconsideration period. No permits or licenses shall be issued until the action becomes final.

- A.** For all administrative applications other than Administrative Temporary uses for seasonal sales, or temporary signs per Table 30.72-3, Administrative Minor Deviations to development standards within Chapters 30.32 and 30.52, and Zoning Compliance applications, the applicant shall be sent a Notice of Administrative Decision following action on the application. Action shall be final and effective 5 working days from the date the letter was sent unless appealed to the Board. The applicant or correspondent notification must include delivery confirmation.
- B.** Action for Administrative Temporary Use applications for seasonal sales or temporary signs per Table 30.72-3, Administrative Minor Deviations to development standards within Chapters 30.32 and 30.52, and Zoning Compliance Applications shall be final and effective on the date of action on the application.
- C.** For all applications acted on by the Commission or Board, the Notice of Final Action shall be sent by first class mail following final action.

15. Appeal.

- A.** All appeals shall be in writing, except that no appeal is required if, at the hearing on an item, staff announces that the item shall be forwarded to the Board for final action.
- B.** For applications acted upon by the Planning Commission, the appeal must be physically received by the Zoning Administrator by 5:00 p.m. on the fifth working day following action on the application, in which case the approval authority's decision will serve as a recommendation to the Board.
- C.** For Administrative Minor Deviation applications to development standards within Chapters 30.32 and 30.52, the manner of appeal is to submit a Waiver of Development Standards.
- D.** For Administrative Vacation and Abandonment applications, the manner of appeal is the submittal of a Vacation and Abandonment application.
- E.** For all other administrative applications or Zoning Administrator's decisions, the manner of appeal is to submit a written request to appeal the Zoning Administrator's decision to the Board by 5:00 p.m. of the fifth working day from when the Notice of Administrative Decision or Zoning Administrator's letter has been sent. The Zoning Administrator's decision will serve as a recommendation to the Board.
- F.** For applications acted upon by the Board, see Section 30.16.210 (16) (Reconsideration).
- G.** Once an appeal has been filed, it cannot be withdrawn.
- H.** Any person may appeal the Board's approval of an application to expand the Gaming Enterprise District outside the Las Vegas Boulevard Gaming Corridor or the Rural Clark County Gaming Zone, per Chapter 463 of NRS, to the review panel of the Gaming Policy Committee within 10 working days of the decision of the Board.
- I.** A Planning Commissioner who voted on an application may not file an appeal.
- J.** In the event of an appeal (does not include applications for which the manner of appeal is to submit a land use application), the application shall be scheduled for a hearing by the Board on the date announced at the Commission meeting. Administrative applications shall be scheduled for the next available zoning agenda after the appeal is processed unless continued for good cause. The Board may limit its discussion to the issues raised in the appeal.

16. Reconsideration.

- A. Request.** For any application, amendment, or map whereby final action is decided by the Board, any member of the Board who voted in favor of the motion which carried may request that the application, amendment, or map be reconsidered if made in writing and received by the Zoning Administrator within 5 working days of the decision, in which case the decision shall not become final. The request for reconsideration shall thereafter be scheduled for a hearing before the Board on the second zoning agenda after the request was made.
- B. Rehearing.** Should the Board approve reconsideration of the decision at the hearing, the application, amendment, or map shall be scheduled for a public hearing at a subsequent meeting of the Board.

17. Withdrawal. An application, amendment, or map withdrawn by the property owner or applicant shall cease its consideration. Thereafter, the only consideration shall be whether the application, amendment, or map is subject to the re-petition limits. An application, amendment, or map request withdrawn by the property owner or applicant shall be subject to the re-petition limits specified in this chapter unless accepted as withdrawn without prejudice by the Commission or Board. Any administrative application, application requested to be withdrawn by the County, application requested to be withdrawn prior to public notification, or application withdrawn after approval, will be considered withdrawn without prejudice. A property owner or applicant may not withdraw any portion of an application that is initiated by a government entity.

18. Re-petition. Unless initiated by a governmental entity, applications, amendments, and maps are subject to the following re-petition limits:

- A.** Unless expressly denied or withdrawn without prejudice, the same application, amendment, or map, or a different application, amendment, or map for a more intense use or increase in density, shall not be accepted by the Zoning Administrator within 12 months of final action on the previous application, amendment, or map.

19. Expiration.

- A.** Unless otherwise specified in the approval of any amendment or application, the applicant or owner shall have the time specified in Tables 30.16-2 through 30.16-17 to commence or complete the use as measured from the date of the approval.
- B.** The approval authority may also approve a special use permit, waiver of development standards, or variance application with a review date to determine continued compatibility with adjacent properties and the community.
- C.** Any Land Use Application heard in conjunction with another application, amendment, or map shall have the same time limit unless otherwise specified by the approval authority.
- D.** If construction is commenced, work shall continue until completed. If permits for the construction expire before completion and after the commencement date, the amendment or application shall expire unless an extension of time is submitted and approved.
- E.** An application, amendment, or map held shall expire if more than 6 months elapse from the last scheduled meeting date without a request by the applicant for a hearing, in which case the re-petition limits shall apply. An application that has been placed on hold due to insufficient funds shall expire after 3 months from the submittal date if no replacement funds have been received. Administrative applications, or any application, amendment or map not scheduled to a meeting before the approval authority shall expire if 6 months lapse from acceptance date.

- F. A special use permit, waiver of standards, variance, design review, zoning compliance, or administrative design review application that establishes any use, for which construction has been completed or the use commenced, shall expire if the building is destroyed and not reconstructed, or the use is discontinued and not reestablished, within 1 year if the use or structure has not otherwise become nonconforming. A use is considered to be discontinued if the required license or permit for the use has expired. When reconstruction is required, if reconstruction is commenced within 1 year, the application shall not expire, providing construction is continuous and building permits do not expire.
- G. Satisfaction of pre-submittal conference requirements, including all documents submitted thereto, shall be considered expired after 180 days from the date of the pre-submittal conference.

30.16.220 DELETED – Hearing Process. (Ord. 2970 § 2, 11/2003)

30.16.230 Notice.

- a. Before an application for which a hearing is required is acted upon, notice of the hearing shall be provided as required in Tables 30.16-2 through 30.16-17 above.
 1. Any notice required shall be written in language which is easy to understand and shall give the date, time, place, purpose of the hearing and, when applicable, give a physical description or map of the property in question.
 2. The notice shall be sent by mail or by electronic means, when acceptable to the owner, tenant, or entity to which the notice is sent, if receipt of the electronic notice can be verified.
 3. All required public hearing notices must be sent prior to the first public hearing as stated below. If the date and time of any subsequent hearing is announced at the meeting, additional notice is not required, except for hazardous material or explosive requests.
 4. Additional notice and fees apply when more than 85 calendar days have elapsed since the date of the meeting from which the last notice was sent. If an application is held indefinitely, or a less restrictive request is made part of the application, renotification is required.
 5. If the Commission or Board requires a subsequent application with public hearing as a condition of approval for an application, the notice provided shall be the same radius notification currently required for the original application. Notices for design review applications may also include notice of proposed changes in location of uses or principal structures when applicable.
 6. Special use permit applications for explosives, or hazardous materials or waste, shall include a list of the substances and quantities that will be located at the facility.

- b. Pursuant to the notification requirements established in Tables 30.16-2 through 30.16-17, public notice consists of the following types:
1. **Entity Notice.** Where entity notice is required, an advisory notice of an application shall be sent to interested governmental and public utility entities including the Town Board whose jurisdiction includes the area of the petition as requested, or as required by law, a minimum of 10 calendar days prior to the meeting. A courtesy notice shall also be sent to any Town Board whose jurisdiction is within 1/2 mile of the proposed project.
 - A. When the application is a special use permit for explosives or hazardous materials or waste, notice shall be sent to:
 - i. The Administrator of the Division of Environmental Protection of the Department of Conservation and Natural Resources.
 - ii. The State Fire Marshal.
 - iii. The Administrator of the Division of Industrial Relations of the Department of Business and Industry.
 - B. When the application is a zone boundary amendment to establish a Historic Neighborhood Overlay District, an advisory notice shall be sent to the State Historic Preservation Office.
 2. **Posted Notice.** All applications scheduled for a hearing before the Commission and/or Board shall be shown on an agenda, which shall be posted in various designated public locations within the community, in conformance with NRS 241.020 (Open Meeting), a minimum of 3 working days prior to the meeting. Note: all agendas are accessible on the Clark County internet web page (www.accessclarkcounty.com).
 3. **Newspaper Notice.** Where newspaper notice is required, notice of the hearing shall be published in a newspaper of general circulation within the County a minimum of 10 calendar days prior to the meeting.
 4. **City Notice.** Where city notice is required, notice of the hearing shall be sent to the city when the proposed site is completely surrounded by the city, affected by an interlocal agreement between the County and city, or when the proposed development is a project of regional significance.
 5. **Radius Notice.** Where radius notice is required, notice of the hearing shall be sent a minimum of 10 calendar days prior to the meeting to:
 - A. Each owner of real property listed on the latest assessment rolls of the County within the radius specified to the exterior boundary of the land described in the petition, or the owners of the nearest 100 separately owned parcels, whichever provides notice to the greater number of property owners. The specified distance listed in Tables 30.16-2 through 30.16-17 for each application type or specific request shall be noticed.
 - B. Each tenant of a manufactured home park when the park is within the notice area specified above, and including each tenant of a manufactured home park proposed for redevelopment to a different use.
 - C. The property owner or applicant. If a proposed amendment involves a change of the zoning district that reduces the density or intensity of use, the notice must include a section that allows the property owner whose property's density or intensity of use will be decreased to state his approval of or opposition to the proposed amendment.

- D. Where delivery confirmation notice is required, notice shall be sent by delivery confirmation mail at least 10 calendar days prior to the meeting to the owners of all properties within the specified radius.
 - E. If the application is for a special use permit for explosives, hazardous materials or waste, the tenants of multiple family dwelling units shall also be notified, and the notice shall be sent not less than 30 calendar days prior to the hearing before the Commission and the Board.
 - F. Any property or homeowner's association registered with the County whose organization boundaries are defined by a recorded subdivision and are located within the notification radius for the specified application type. When located within a Historic Neighborhood Overlay District, the site need not be within a recorded subdivision.
6. **Abutting Properties.** Where notice to abutting properties is required, notice shall be sent least 10 calendar days prior to the meeting to the owners of all properties abutting any segment of a street established by easement, dedication, or prescriptive right, the name of which is proposed to be changed, or to all properties within the area affected by any street numbering change.
7. **Area Notice.** For a major project initiated by a property owner, after a pre-application conference and prior to the Board hearing on a Specific Plan, the developer shall notify property owners inside and within 2,500 feet of the proposed planning area, to provide information on the proposed project, to allow opportunity for public input, and to address the rights and obligations of the property owners within the planning area. The developer shall notify the County of the date, time and location of the meeting. If the proposed major project has been initiated by the Board, the Zoning Administrator shall schedule, notify and conduct the meeting. See Chapter 30.20.
8. **Signs.** When required, a sign, or signs, shall be posted by the County on the property describing the time and place of the public hearing, existing and proposed land use categories, and the purpose of the request. Sign requirements include:
- A. The sign shall be a minimum of 4 square feet (2' x 2') in size.
 - B. The letters indicating the time of the public hearing and the proposed application shall be a minimum of 2 inches in height.
 - C. The sign shall remain on the property until final action is complete.
 - D. The sign must reasonably calculated to withstand the elements for 40 calendar days and must be consistent in the use of colors for the background and lettering of the sign.
- E. **Number of Signs.**
- i. For tracts of land less than 15 acres, 1 notification sign is required.
 - ii. For tracts which exceed 15 acres, an additional notification sign is required for each improved street front within the petition which exceeds 1,320 feet.
 - iii. No single application shall be required to post more than 5 notification signs on the property.
 - iv. For manufactured home parks proposing redevelopment to a different use, one additional sign shall be clearly posted at the entrance to the manufactured home park's on-site manager's Office. (Ord 4152 § 2 (part), 12/2013; Ord. 4077 § 3 (part), 2/2013; Ord. 3992 § 2 (part), 11/2011; Ord. 3848 § 3(part), 2/2010; Ord. 3780 § 1, 6/2009; Ord. 3757 § 2 (part), 4/2009; Ord. 3635 § 3(part), 6/2008; Ord. 3549 § 3(part), 9/2007; Ord. 3520 § 2 (part), 6/2007; Ord. 3354 § 2 (part), 2/2006; Ord. 3296 § 3 (part), 10/2005; Ord. 3229 § 3 (part), 6/2005)

30.16.240 Document Submittal Requirements.

- a. All documents accompanying applications shall be legible and suitable for microfilm and imaging reproduction. All documents submitted are available to the public for inspection and copying. All plans must be accurate, drawn to a standard scale not smaller than 1 inch equals 60 feet, or 1/8 inch equals 1 foot, dimensioned, and folded so they can be placed into a legal size file.
 1. **Application.** A signed application, notarized when required by the Zoning Administrator, detailing the nature and justification for the request. For signature of a corporation, or of someone other than the property owner, corporate declaration of authority or power of attorney must accompany the application. A leaseholder should consult with the property owner prior to the submission of an application.
 2. **Site Plans.**
 - A. Site development plans showing the uses of the parcel of land, existing and proposed structures, setbacks, yards and open space, maximum slope of property (if exceeds 12%), see Chapter 30.56 for hillside development), lot layout, the size and number of parking spaces, routes of vehicular access, the location of signs, the location of landscaping, trash enclosures, loading spaces, sight zones, and any other information that is necessary for the Zoning Administrator to evaluate the request. Proposed development shall be shown on the entire parcel or parcels included within the application. Plans accompanying applications other than a Design Review or Administrative Design Review shall be considered conceptual plans only, and will still require the submission of a Design Review or Administrative Design Review.
 - B. For an annexation request and vacation and abandonment, the plan shall show the property proposed to be annexed or vacated, the adjacent parcels, and the political jurisdiction to which the adjacent parcels belong.
 - C. For planned unit development (PUD), the plan shall additionally show (or a separate plan be submitted that shows):
 - i. All required open space areas in relation to property lines, buildings, pavement, streets, and pedestrian connections.
 - ii. All public parks, public recreational facilities, or other open space reserved for public use with acreage equivalent to the open space requirements for the proposed project.
 3. **Floor Plans.** Floor plans indicating the size of existing and proposed buildings, the use of space and total square footage of buildings. Plans accompanying applications other than a Design Review or Administrative Design Review shall be considered conceptual plans only, and will still require the submission of a Design Review or Administrative Design Review.
 4. **Elevation.** Elevations indicating the architectural appearance, the types of building materials proposed for the exterior, and the height of the existing and proposed buildings. At the discretion of the Zoning Administrator, photographs of existing structures may be substituted for required elevations. Plans accompanying applications other than a Design Review or Administrative Design Review shall be considered conceptual plans only, and will still require the submission of a Design Review or Administrative Design Review.
 5. **Landscape Plan.** Plans accompanying applications other than a Design Review or Administrative Design Review may be conceptual. All other plans shall address applicable

sight visibility concerns, including adequate spatial considerations for the size (height and width) and foliage spread of plant materials at maturity, and shall show the following:

- A. Landscaped areas in relation to property lines, pavement, streets, buildings, traffic control signs and devices, and sight visibility zones.
 - B. The common name, botanical name, size, number and location of existing and proposed plant materials and non-living ground cover (See Southern Nevada Regional Planning Coalition's Regional Plant list).
 - C. Water features, fences, and retaining walls.
 - D. Total landscape area in square feet, with amount of any permitted turf (in square feet) separately listed.
 - E. Grading to show retention of precipitation when possible.
 - F. Location of overspray sprinklers.
6. **Locator Map.** A map which shows the location of residential developments, structures for religious services, and public or private schools within 2,500 feet of the property upon which the establishment is to be located.
 7. **Assessor's Map(s).** The most recent official Assessor's plat map or maps, to scale, indicating the subject parcels, together with a list of all of the parcel numbers included within the proposal if more than 1 parcel is involved. For street naming, street name or numbering change, and vacation and abandonment applications, Assessor's maps for the entire alignment affected by the application shall be required.
 8. **Zone Boundary Map/Legal Description.** When multiple zoning districts are requested with a single application, the legal description for the area of each zone boundary shall be typed on a clean sheet of paper, together with maps showing the proposed district boundaries.
 9. **Deed.** The most recent recorded deed is required. For any extension of time, the deed is required only if ownership of the property has changed since the original application's approval.
 10. **Vacation and Abandonment Legal Description.** The legal description of an easement and/or right-of-way to be vacated or property to be reconveyed must be typed on a clean sheet of paper.
 11. **Parking Analysis.** An analysis of required parking for all existing and/or proposed uses at the location shall demonstrate adequate parking based on Chapter 30.60. The analysis may be included on the site plan. For any waiver of standards which proposes to reduce required parking, a parking study justifying the reduction shall also be submitted.
 12. **Annexation Letter.** A letter, memo, or standard form issued by the City into which a property is proposed to be annexed acknowledging the property owner's intent to be annexed and the City's willingness to consider the request if approved by the County.

- 13. Justification Letter.** A letter stating justification(s) for the approval of a Land Use Application, including how the proposal will produce an environment of stable and desirable character consistent with the objectives of this Title and the Master Plan, an analysis of outstanding issues, the intended uses, the impact on adjacent properties, the need for any public utility or public services, actions to be taken to minimize any detrimental impacts of the proposal, an analysis of how the proposal is consistent with the standards of approval listed for the various applications and, if applicable, the time period for which any permit is sought. A justification letter submitted for a special use permit or waiver of development standards for a group home shall be considered a request for accommodation.
- 14. Letters from Fire Alarm Office.** A letter from the Fire Alarm Office which specifies that the proposed name is in accordance with the guidelines shown in Las Vegas Valley Street Naming and Address Assignment Policy, as adopted by the Board on August 3, 1988.
- 15. Regional Infrastructure and Services Evaluation (RISE) Reports.** The RISE reports are an integral part of the application process for high impact projects to identify additional necessary infrastructure and/or services. The Director of Comprehensive Planning shall provide a RISE Report handout for completion and submittal by the applicant. Separate unbound copies of the reports must include the name of the correspondent, telephone number, project location, Assessor's parcel number(s), project information including number of units and area for single-family, multi-family, commercial, industrial and hotel/casino uses, a development schedule (including demolition) and any phasing plans. The reports are to include relevant information for consideration by the reviewing authority. They are intended to evaluate existing infrastructure and services. The reports should indicate how services not planned in the Master Plan, or anticipated can be provided to accommodate any increased demand for services created by the proposed project such as a high impact project or text amendment to modify the Mixed Use Overlay District. Except as provided below, they are not intended to be detailed engineering studies nor are they intended to substitute for detailed engineering studies required later in the development process, however, the reports must include accurate data representing the impact of the proposed project. The reports include:

 - A. Water Supply Report.** Report indicating: 1) the quantity of water demanded during, and after, its construction, estimated by applying a demand factor established by the provider of water service, or an equivalent calculation, to the number of units that will be created, and the gross acreage that will be occupied, by the project; and 2) that there is an adequate supply of water and that the necessary facilities exist to deliver the water to accommodate the project. The report should also include all fire flow requirements. If the existing water supply or service facilities are not adequate, the petitioner must indicate how the existing supply and service facilities will be augmented to accommodate the development. The report should also address the effect of any officially adopted plans and/or schedules for publicly provided improvements.
 - B. Wastewater Treatment Report.** Report indicating: 1) raw sewage quantity discharged for the entire project, estimated by applying a sewage generation factor established by the sewer service provider to the proposed number of units or area of indoor floor space; 2) raw sewage quantity discharged for each phase; 3) whether the project will generate any industrial waste; 4) a pre-treatment plan for industrial waste; 5) the existing wastewater treatment facilities and pipelines are adequate. If existing wastewater treatment capacity, equipment and pipelines are not adequate, indicate how existing facilities will be augmented to accommodate the proposed development. The report should address the

effect of any officially adopted plans and/or schedules for publicly provided improvements.

- C. **Transportation Report.** A report prepared by a professional engineer addressing overall transportation impacts including pedestrian circulation, traffic, right-of-way, and mass transit, as outlined below. The report shall also include any required improvements such as pedestrian bridges, grade separated arterials, and any alternative transportation facilities or structures, such as bicycle racks. High impact projects should submit, a summary of the traffic impact analysis, highlighting the following:

Traffic. The report shall address both vehicular and pedestrian traffic generated at full build out. The analysis must estimate traffic volumes generated by the proposed development (estimated by applying to the proposed project, average trip rates for peak days and hours established by the Institute of Transportation Engineers or its successor), distribute, and assign these volumes to the study area streets and intersections. Effects of expected traffic must be included, mitigation measures proposed and recommend a network of arterial and collector streets to accommodate traffic volumes projected at project build out. The proposed arterial and collector network must be presented with estimated lane requirements, including required grade separations, and regional continuity and connectivity shall be demonstrated. A level of service analysis must be furnished for each study area intersection under estimated build out traffic volumes, and shall include proposed mitigation measures and attempt to improve level of service of any intersection within the study area projected to have a level of service “D” or lower due to the proposed development.

Right-of-way. The report should address impacts to the Clark County Transportation Element of the Regional Master Plan of Streets and Highways of the Regional Transportation Commission and any officially adopted plans and/or schedules for publicly provided improvements and provide preliminary information delineating public and private right-of-way dedication measures and the existing and planned, capacities of roads considered by the petitioner to be adequate to alleviate adverse access and traffic circulation impacts. The report shall also delineate proposed access controls and address the need for pedestrian bridges.

Mass Transit. The report must also provide the distance from the proposed site to the nearest existing mass transit loading point for both employees and visitors. The analysis must include projected demand of the project for mass transportation to/from the site even if the site is served or planned for service.

- D. **Geotechnical Report.** Report delineating proposed impact mitigation measures considered by the petitioner to be adequate to alleviate adverse geologic hazards and adverse subsurface soil and groundwater conditions. The development must comply with the currently adopted building code and local amendments.

- E. **Flood Control and Drainage Report.** The report should indicate the project will comply with Clark County Regional Flood District Hydrologic Criteria and Drainage Design Manual. The developer will be responsible for building adequate facilities in compliance with the flood control manual. The report must indicate how the existing site area drainage pattern will be altered; estimate quantity of storm water runoff increase, by using adopted hydrologic methods. The report should address if total water runoff quantity after construction exceeds the existing or planned storm water drainage system capacity; if the proposed project will require drainage mitigation to protect the development and downstream property owners from interim flows, and facilities needed to mitigate the flows should be incorporated into the overall site design.

- F. Fire Protection and Emergency Services Report.** General project information inclusive of project square footage, acreage and average daily trips, as well as tourist accommodation information. For existing projects, include total square footage to be demolished, total rooms and or resort to be demolished. Project demand should be analyzed regarding Fire Department personnel, facilities and services in the following areas at a minimum: adequate water supply, location of project with respect to the existing service area, and any special hazards accompanying storage, use or processing of hazardous materials associated with the project. Finally the report should include the lowest occupied floor below grade and the estimated completion date of the project.
- G. Police Service Report.** The report shall indicate the following: 1) the number of calls for police service in the vicinity and the average police response time; 2) identification of any security measures proposed to be provided for the project by the petitioner; 3) address the effect of any officially adopted plans and/or schedules for publicly provided improvements; and 4) the distance from the site to where the nearest police services are provided, including facilities that are planned but not yet constructed, and facilities which have been included in a plan for capital improvements prepared by the appropriate local government pursuant to NRS 278.0226.
- H. Educational Services Report.** An estimate of the number of school-age children (elementary through high school) which will live in the proposed development and data regarding the current capacity of the public schools which provide educational services to the area and the existing and planned capacities of schools. The report should include infrastructure necessary to serve the development. The report should also address the effect of any officially adopted plans and/or schedules for publicly provided improvements.
- I. Neighborhood Impact Report.** A report estimating the impact on existing public services, consumption of natural resources, housing and the quality of life enjoyed by the residents of surrounding neighborhoods, and also demonstrating that the proposal will not be detrimental to the health, safety, or general welfare of the community. Total proposed population generated by the project should be included. The report must list amenities within 1/4 mile of the proposed site including but not limited to open spaces, planned recreation areas, resort hotels, shopping centers, and theaters and in general, places open to the public. Each item should be accompanied by a description of each possible way the amenity could be accessed from the proposed site.
- J. Economic and Employment Impact Report.** A report estimating the economic benefit of the proposal, including the number of potential jobs created by the proposal, direct and indirect impacts to the economy, job to income ratio and housing.
- K. Parks/Trails/Federal Lands.** A report estimating the effects to recreation and cultural services as delivered by Clark County Parks and Recreation Department, specifically, effects on the County minimum standard of 2.5 acres of programmable recreation space and 1.5 acres of open space for a total of the minimum standard of 4 acres of open space per 1,000 residents, and aesthetic quality in public spaces. Specific projected population information must be included. Any proposed recreational facilities and parks must meet Clark County Parks and Recreation Department standards. The report must include any plans for facilities, artwork, and parks maintenance including estimates of how existing or proposed facilities may be affected by increased user visits, trips, or tourism. The applicant must provide the distance of the project to existing or proposed recreation and cultural facilities. Density, intensity, geographic or transportation barriers to facilities must be addressed and any other unusual conditions of access to public recreation and cultural facilities. The applicant should address any safety and security concerns

or effects. The report should identify existing or planned trails and possible linkages to the Las Vegas Valley Pedestrian/Bicycle Trail System.

Federal Lands. The report should include if the land is currently held in private or public ownership. If still in public ownership, information describing the status of the land acquisition process must be included.

Trails. If the project borders a thoroughfare identified on the Regional Primary Trails Plan as a trail corridor, a description of how the project will implement the plan must be included.

L. Air Quality and Environmental Review. The report shall include the following information:

Air Quality. The project shall comply with all applicable air quality regulations. The applicant shall complete and submit to the Department of Environment and Sustainability the air quality report (part of RISE report handout) containing all pertinent project information to determine projected air quality impacts and permit requirements.

Environmental.

Habitat & Species Conservation. The project shall comply with all applicable requirements of the Multiple Species Habitat Conservation Plan pursuant to sections 30.32.050 and 30.80.080 of this code. The report shall include a description of how the project will demonstrate compliance before beginning land disturbing activities.

M. Water Quality. The project shall conform with the applicable water quality standards and regulations including conformity with the most current Clark County Area-Wide Water Quality Management Plan.

N. Storm Water. The report shall include a description of how the project design will prevent illicit and foreign substances from entering the storm water conveyance system, including materials from roads and parking surfaces.

O. Analysis Summary. A summary report of the analysis, issues, improvements, and proposed phasing of improvements concurrent with development.

P. Additional Reports. The Zoning Administrator, Planning Commission or Board may require the submittal of any other reports and/or information they feel is necessary to make an informed decision on the application.

16. Ownership/Applicant Disclosure. A disclosure form provided by Clark County that requires applicants to list the names of individuals holding more than 5% ownership or financial interest in the business entity appearing before the Board of County Commissioners, except as provided below, shall be submitted with an application as required. "Business entities" include all business associations organized under or governed by Title 7 of the Nevada Revised Statutes, including but not limited to private corporations, close corporations, foreign corporations, limited liability companies, partnerships, limited partnerships, and professional corporations. Publicly traded corporations shall list all Corporate Officers and Board of Directors in lieu of disclosing the names of individuals with ownership or financial interest. The disclosure requirement, as applied to land-use transactions, extends to the applicant and the landowner.

17. **Fire Permit Survey Form.** A disclosure form provided by Clark County that requires applicants to identify the presence of hazardous chemicals, explosives, hazardous chemical waste, or other hazardous materials or substances involved in the storage, manufacturing, or use of such materials at a business site.
18. **Project Description.** A brief summary description of the proposed development, including total acreage, zoning or amendment requested, significant site characteristics (if any), building designs, heights, and intended uses as shown on plans, previous and potential use permit or waiver requests, surrounding zoning and land uses, analysis of outstanding issues not covered by the compelling justification letter, and any other information necessary for a preliminary evaluation of the project.
19. **Easements/Right-of-Way Documents.** These shall include 1 copy of each document, which created an encumbrance or easement on the property as shown on the title report. For right-of-way dedication purposes, the applicant shall perform a record of survey to determine underlying title rights in relationship to “as built” improvements on Las Vegas Boulevard. For all projects along Las Vegas Boulevard, a transportation study shall identify the necessary improvements in relation to the determination of necessary right-of-way. (See also 30.52.030 (a)(1)(J))
20. **Vicinity Map.** A map showing the location of a proposed project in relation to the surrounding area (vicinity) which shall include, at a minimum, the notification radius required for a given application type and identify all major streets, highways, and railway lines within the vicinity and all the land uses proposed for the project. Additional information shall also be included as required per Title 30 for various application types.
21. **FAA Submittal.** Written evidence from FAA of prior submittal of Form 7460-1, Notification of Proposed Construction, pursuant to Section 30.56.070 and Chapter 30.48 Part B.
22. **Pedestrian Circulation Plan.** A plan showing the functional integration and layout of all public and private pedestrian connections to adjacent projects, properties, and public rights-of-way. The plan shall clearly show pedestrian connections to all existing and proposed sidewalks, pedestrian bridges, trails, transit stops, parking areas (public and private), park and ride facilities, and public (open space) areas such as, but not limited to, pedestrian arcades and plazas. The plan shall also include the following:
 - A. Cross section and elevation details for all proposed pedestrian connections, including sidewalks on both sides of all streets whether public or private.
 - B. The location and design details of all amenity zone features within the pedestrian realm.
23. **Development Agreement.**
 - A. A development agreement shall:
 - i. Describe the land subject to the development agreement;
 - ii. Specify permitted property uses, density or intensity of the uses, and maximum height, size and setbacks of proposed buildings;
 - iii. Provide, where appropriate, reservation or dedication of land for public purposes, including, but not limited to rights-of-way, easements or public facilities, as may be required or permitted pursuant to laws, ordinances, resolutions, rules or plans adopted by the Board or the Regional Transportation Commission and in effect at the time of entering into the agreement;

- iv. Specify the duration of the agreement and, if desired, terms for modification and extension of the agreement; provide that the parties shall not be precluded from extending the termination date by mutual agreement or from entering into subsequent development agreements or supplements thereto;
- v. Specify other conditions, terms, restrictions and requirements for other discretionary actions;
- vi. Address all issues identified in the RISE reports submitted with a land use application and the Public Facilities Needs Assessment (PFNA) relating to the project if a PFNA has been approved for the subject property in accordance with this Title; and
- vii. Contain a description of the final resolution proposed for each issue identified, and any other information identified and deemed necessary as a result of any action by the Board.

B. A development agreement may:

- i. Provide for commencement and completion of various portions of the proposed development. Each portion or phase of development or improvement contemplated should have the ability to stand alone, independent of proposed further phases or improvements. Subsequent phases of development may be added to completed phases to achieve independent status;
- ii. Include conditions imposed by other land use and permit approvals related to the proposed project;
- iii. If required by the Board, be accompanied by a bond, posted by the property owner, to ensure provision of some or all public facilities;
- iv. Contain an indemnity or insurance clause requiring the developer, applicant and/or property owner to indemnify the County against certain claims arising out of the development process; and

C. The development agreement also may cover any other matter not inconsistent with this Chapter, nor prohibited by law.

24. Residential Impact Statement. A statement provided to the Planning Commission or the Board of County Commissioners with the addresses and corresponding manufactured home identification numbers of all tenants of the park proposed for closure or redevelopment; an analysis of replacement housing needs or requirements for the tenants; and an analysis of any sites to which the homes of the tenants may be moved per NRS 118B.

25. Letters of Consent. Letters of consent as required by this Title from adjacent property owners unless otherwise specified.

26. Cross sections shall be provided for all non-single family development and a subdivision map pursuant to Section 30.32.040.

- b.** The Zoning Administrator may determine that any of the listed documents is not necessary for a particular application and may thereby waive the requirement for the submission of the document. Duplicate documents for multiple applications being considered at the same hearing are not required. If the nature of a particular application necessitates the submittal of additional documentation, such documentation may be required by the Zoning Administrator, Commission or Board.

30.20 Major Project Application Processing

30.20.010 Purpose.

- a.** The purpose of this Chapter is to provide standards and procedures for the acceptance, processing, hearing, and final action on applications for the residential and/or mixed use development of lands designated for future growth or lying beyond the current infrastructure capacity projected to meet the near term urban growth. It allows the comprehensive consideration of such projects and the infrastructure required for them, in accordance with the purpose of the Comprehensive Master Plan per Chapter 30.12 (The Comprehensive Master Plan and Community Districts).
- b.** Additionally, NRS 278 provides authority for the County to carry out its plan for infrastructure financing through the negotiation of development agreements.
- c.** The guidelines which establish the development process options under which a project developer may proceed with a Major Project are outlined in this Chapter. (Ord. 4481 § 5 (part), 5/2017; Ord. 3622 § 2 (part), 4/2008)

30.20.020 Qualification and Requirements for Major Projects. Qualification requirements and Development Agreement options for Major Projects are established as follows:

- 1.** Any residential or mixed use project of 300 acres or more shall be considered a Major Project and shall require a Negotiated Development Agreement.
- 2.** Projects within the MDP (Major Development Project) land use designation of the Lone Mountain/Centennial Hills planning area shall be processed as Major Projects (regardless of size) and shall be required to utilize the Standard Development Agreement, which does not require approval of a land use application per Table 30.20-7. Modifications to the formula for the Standard Development Agreement are not permitted except through a Negotiated Development Agreement. (Ord. 3975 § 4, 8/2011; Ord. 3622 § 2 (part), 4/2008; Ord. 3229 § 4, 6/2005; Ord. 2868 § 1, 3/2003)

30.20.030 Application Processing for Major Projects. Applications for a Major Project shall be processed and conform to the requirements per Tables 30.20-1 through 30.20-8. All parcels of land included within a single petition or application must be contiguous.

g. Approval Authority	Board
h. Standards for Approval	The application may be approved if the Board determines that the plan is consistent with community goals, compatible with existing and planned land uses, and addresses issues identified at the Concept Plan and PFNA.
i. Conditions of Approval	<ol style="list-style-type: none"> 1. The Board may identify additional issues, significant improvements and anticipated phasing, and may modify the plan as needed. The approval of a Specific Plan shall not confer the right to develop the Major Project, but shall only provide the developer guidance regarding the potential of the project and the issues which need to be resolved to the satisfaction of the Board through subsequent applications and agreements. 2. The approval of the Specific Plan establishes the allowable land use categories. 3. All approved plans, conditions, restrictions and rules shall be made a part of the application approval and shall be binding on the property owner and applicant. 4. The applicant shall process a land use plan map amendment per Chapter 30.12 to adopt the land use categories approved in the Specific Plan.
j. Time Limit if Approved	Once a Specific Plan is incorporated into the Land Use Plan, there is no time limit. If a Specific Plan is not incorporated into the Land Use Plan, any approved Specific Plan for which land use applications for development have not been submitted within two (2) years of the approval shall expire, and all approvals for the Major Project shall be void, unless an application for an extension of time has been submitted per Table 30.16-17. Any extension may require updating all or part of the analysis.
k. Major Project Indicator	After Specific Plan approval, the Zoning Administrator shall identify the property as a Major Project on the Official Zoning Map.

h. Standards for Approval	The Development Agreement may be approved if the Board determines that: <ol style="list-style-type: none"> 1. The issues identified in the Public Facilities Needs Assessment relating to this project have been adequately addressed; 2. A Development Agreement is a necessary and appropriate mechanism to implement the development of the project; 3. The Development Agreement is consistent with the objectives, policies, general land uses and programs specified in the master plan; 4. The Development Agreement is compatible with the uses authorized in, and the regulations prescribed for, the zoning district in which the property is located and all other provisions of this Title; 5. The Development Agreement is in conformity with the public convenience, general welfare and good land use practices; 6. The Development Agreement will not be detrimental to the public health, safety and general welfare; 7. The Development Agreement will not adversely affect the orderly development of property; and 8. The Development Agreement is consistent with the provisions of NRS Chapter 278.
i. Vesting of Rights	Any Development Agreement approved and adopted pursuant to this Chapter may provide that the property owner will be vested for specific development rights only upon achieving specific progress thresholds. Such progress thresholds shall be based on the construction of specific public or private improvements or the submission of Specific Plans or data prior to the exercise of certain development rights. If a park or other negotiated improvement is not completed or contribution is not made by the negotiated threshold included within the Development Agreement, no additional building permits shall be issued for the major project. The property owner or applicant shall acquire no vested rights other than those allowed in the agreement and otherwise provided under the laws of Clark County, the state of Nevada or governmental or quasi-governmental bodies. (See Note below 30.20-7.1)
j. Time Limit if Approved	As specified in the agreement, subject to a two year review of the agreement. If approved, the agreement shall be adopted by ordinance in accordance with the Nevada Revised Statutes. An updated development schedule shall be included with each two (2) year review.

30.20.110 Document Submittal Requirements. All Major Project applications shall be accompanied by the documents and information described below when required by Tables 30.20-2 thru 4 and 7.

- a. All documents shall be legible and suitable for electronic scanning/imaging. All plans must be accurate, drawn to a standard scale, and folded so they can be placed into a legal file. For an application to be acceptable for processing, all required documents which are applicable to the specific application must be filed:
 1. **Application.** A signed application, notarized when required by the Zoning Administrator, detailing the nature and justification for the request.
 2. **Concept Plan.** A map or maps, and report if necessary, identifying the proposed boundaries of a Major Project, as well as a logical planning area beyond the boundary. Boundary may be defined by natural or man-made boundaries including, without limitation, section lines, railroad rights-of-way, topographic limits of development, beltway, or major arterials. It shall contain generalized land use categories, and an overall maximum number of dwelling units. Any significant characteristics of the site shall also be identified, and transitioning to adjacent land uses shall be addressed.
 3. **Specific Plan.** A site plan or plans showing the following:
 - A. The Specific Plan project boundaries, dimensions, overall density, and acreage;
 - B. The proposed land uses and land use categories, (the same land use categories shall be used as those in the Comprehensive Master Plan) including their locations and configurations, the amount of acreage and percentage of total site area of each category, the amount of open space or recreational facilities on public property or common area, and approximate location of public uses such as schools, parks, fire and police stations;
 - C. Significant natural characteristics of the site and surroundings including topography, drainage, subsidence, faults, other geologically unstable areas, or any other natural characteristic which may affect development of the land;
 - D. Existing and proposed drainage facilities, arterial and collector streets, and major utility facilities;
 - E. The major transportation and circulation routes as identified in the Public Facilities Needs Assessment;
 - F. The existing land uses of adjacent properties and the planned land uses of adjacent properties as indicated on a land use plan adopted by the Board or other local governing body if within their jurisdiction;
 - G. Existing physical or cultural features which are intended to be preserved, if any;
 - H. A vicinity map;
 - I. Locations of major grading or regrading; and
 - J. Accommodations for major utilities.
 - K. Development Schedule.

4. **Justification letter.** A letter stating the reasons which justify the approval of an application, including an analysis and plan of action to address outstanding issues, the intended uses and nature of the request, how the application is compatible with the plan and this Title, its impact on adjacent properties, the need for any public utility or public services, actions to be taken to minimize any detrimental impacts of the proposal, and, if applicable, the time period for which the permit is sought. The letter shall address the justification for the specific application for which it is submitted, and shall describe any previous and/or pending actions with regard to the proposed project, including application numbers and dates of hearings.
5. **Public Facilities Needs Assessment/Plan.** An assessment of existing infrastructure and services with a plan to accommodate any increased demand created by the proposed project. The applicant shall provide the following calculations, analysis or assessments per the handout provided by the Director of Comprehensive Planning: (Separate unbound copies of the reports must include the name of the correspondent, telephone number, project location, Assessor's parcel number(s), project information including number of units and area for single-family, multi-family, commercial, industrial and hotel/casino uses.)
 - A. **Transportation.** Transportation and street network analysis addressing the impacts of vehicular and pedestrian traffic generated at full build out of the Specific Plan. The analysis must estimate traffic volumes generated by the proposed development of the Specific Plan and distribute and assign these volumes to the study area streets and intersections. The analysis must recommend a network of arterial and collector streets that will accommodate the traffic volumes projected at the build out of the neighborhood plan at a level of service C or higher. The limits of the study area will be determined in a meeting between the developer and the Clark County Traffic Engineer, during the review of the PFNA. A level of service analysis must be furnished for each study area intersection under estimated build out traffic volumes. The analysis shall include proposed mitigation measures to improve the level of service of any intersection within the study area projected to have a level of service "D" or lower due to the proposed development. The proposed arterial and collector network must be presented with estimated lane requirements. Regional continuity and connectivity of the proposed arterial and collector network shall be demonstrated. The analysis shall also address pedestrian circulation and connectivity, mass transit and other alternative modes of transportation.
 - B. **Fire and Police Protection.**
 - i. Assessment of the ability of the Clark County Fire Department to provide minimum fire protection services within the Specific Plan. A report shall be submitted presenting data indicating that existing suppression, EMS and prevention services, together with the administrative load associated with such services, are present to facilitate construction and ongoing life of the project. All data required is per the Fire and Emergency Services Report of the Safety Element of the Clark County Comprehensive Master Plan.

The data shall analyze the project demand with respect to existing Clark County Fire Department personnel, facilities and services in the following areas, at a minimum: 1) presence of adequate potable water supply in accordance with the Fire Code; 2) project location with respect to service area of existing fire stations; 3) response time required from existing fire stations to the project, compared to recognized response time requirements; 4) anticipated number of project response calls; 5) number of response calls expected to be reasonably handled by existing suppression and EMS services in the project service area; 6) special dangers accompanying storage, use, or processing of hazardous materials associated with the project; 7) inspection man-hours required; 8) review man-hours required; and 9) any other project facilities, equipment, appurtenances, or devices required to deliver suppression, EMS and

prevention services that exceed Clark County Fire Department current capacity, as identified by Clark County Fire Department.

Where analysis determines existing services provided by Clark County Fire Department are not sufficient to manage the demand of the project, the applicant must indicate how the existing services will be augmented to provide adequate suppression, EMS and prevention services for the project. If existing potable water supply and fire fighting services are not adequate to accommodate the proposal, the applicant must indicate how existing services will be augmented to provide adequate fire protection.

- ii. Assessment regarding the ability of the Las Vegas Metropolitan Police Department to ensure the security of the citizens and visitors including the following: 1) number of dwelling units; area (square feet) of non-residential uses, hotel/motel/resort rooms, hotel/casino, and acreage to be developed; 2) number of calls for police service in the vicinity and average police response time; 3) identification of any security measures proposed to be provided for the project by the petitioner; 4) address the effect of any officially adopted plans and/or schedules for publicly provided improvements; 5) distance from the site to the nearest police services, including facilities planned but not yet constructed, and facilities which have been included in a plan for capital improvements prepared by the appropriate local government pursuant to NRS 278.0226; and 6) the ability to provide a pro rata share of costs for one fully equipped police substation, or fraction thereof, per one hundred twenty-five thousand (125,000) residents.

C. Flood Control and Drainage. A Conceptual Master Flood and Drainage analysis, indicating the project will comply with Clark County Regional Flood District Hydrologic Criteria and Drainage Design Manual. The developer will be responsible for building adequate facilities in compliance with the flood control manual. The report must indicate how the existing site area drainage pattern will be altered; estimate quantity of storm water runoff increase, by using adopted hydrologic methods. The report should address if total water runoff quantity after construction exceeds the existing or planned storm water drainage system capacity; if the proposed project will require drainage mitigation to protect the development and downstream property owners from interim flows, and facilities needed to mitigate the flows should be incorporated into the overall site design.

D. Parks/Trails/Federal Lands.

Parks. Preliminary parks plan based on estimating the effects to recreation and cultural services as delivered by Clark County Parks and Recreation Department, specifically, effects on the County minimum standard of 2.5 acres of programmable recreation space and 1.5 acres of open space for a total of the minimum standard of 4 acres of open space per 1,000 residents for the urban area, 6.0 acres of programmable recreation space per 1,000 residents for the rural area, and aesthetic quality in public spaces. Specific projected population information must be included. Any proposed recreational facilities and parks must meet Clark County Parks and Recreation Department standards. The report must include any plans for facilities, artwork, and parks maintenance including estimates of how existing or proposed facilities may be affected by increased user visits, trips, or tourism. The applicant must provide the distance of the project to existing or proposed recreation and cultural facilities. Density, intensity, geographic or transportation barriers to facilities must be addressed and any other unusual conditions of access to public recreation and cultural facilities. The applicant should address any safety and security concerns or effects.

Trails. The report should identify existing or planned trails and possible linkages to the Las Vegas Valley Pedestrian/Bicycle Trail System. If the project borders a thoroughfare

identified on the Regional Primary Trails Plan as a trail corridor, a description of how the project will implement the plan must be included.

Federal Lands. The report should include if the land is currently held in private or public ownership. If still in public ownership, information describing the status of the land acquisition process must be included.

- E. Schools.** School site analysis based on the criteria established by the Clark County School District. An estimate of the number of school-age children (elementary through high school) which will live in the proposed development and data regarding the current capacity of the public schools which provide educational services to the area and the existing and planned capacities of schools. The report should include infrastructure necessary to serve the development. The report should also address the effect of any officially adopted plans and/or schedules for publicly provided improvements.
- F. Water Supply Report.** Report indicating: 1) the quantity of water demanded during, and after, its construction, estimated by applying a demand factor established by the provider of water service, or an equivalent calculation, to the number of units that will be created, and the gross acreage that will be occupied, by the project; and 2) that there is an adequate supply of water and that the necessary facilities exist to deliver the water to accommodate the project. The report should also include all fire flow requirements. If the existing water supply or service facilities are not adequate, the petitioner must indicate how the existing supply and service facilities will be augmented to accommodate the development. The report should also address the effect of any officially adopted plans and/or schedules for publicly provided improvements.
- G. Wastewater Treatment Report.** Report indicating: 1) raw sewage quantity discharged for the entire project, estimated by applying a sewage generation factor established by the sewer service provider to the proposed number of units or area of indoor floor space; 2) raw sewage quantity discharged for each phase; 3) whether the project will generate any industrial waste; 4) a pre-treatment plan for industrial waste; 5) the existing wastewater treatment facilities and pipelines are adequate. If existing wastewater treatment capacity, equipment and pipelines are not adequate, indicate how existing facilities will be augmented to accommodate the proposed development. The report should address the effect of any officially adopted plans and/or schedules for publicly provided improvements.
- H. Water Quality.** The project shall conform with the applicable water quality standards and regulations including conformity with the most current Clark County Area-Wide Water Quality Management Plan.
- I. Stormwater.** The project shall comply with all applicable stormwater regulations, including Clark County Code Chapter 24.40, Storm Sewer System Discharge. The report shall include a description of how the project design will prevent illicit and foreign substances from entering the stormwater conveyance system, including materials from roads and parking surfaces.
- J. Economic and Employment Impact Report.** A report estimating the economic benefit of the proposal, including the number of potential jobs created by the proposal, direct and indirect impacts to the economy, job to income ratio and housing.
- K. Geotechnical Report.** Report delineating proposed impact mitigation measures considered by the petitioner to be adequate to alleviate adverse geologic hazards and adverse subsurface soil and groundwater conditions. The development must comply with the currently adopted building code and local amendments.

- L. Air Quality and Environmental Review.** The report shall include the following information.

Air Quality. The project shall comply with all applicable air quality regulations. The applicant shall complete and submit to the Department of Environment and Sustainability the air quality report (part of RISE report handout) containing all pertinent project information to determine projected air quality impacts and permit requirements.

Environmental.

Habitat & Species Conservation. The project shall comply with all applicable requirements of the Multiple Species Habitat Conservation Plan pursuant to sections 30.32.050 and 30.80.080 of this code. The report shall include a description of how the project will demonstrate compliance before beginning land disturbing activities.

- M. Analysis Summary.** A summary report of the analysis, issues, improvements and proposed phasing of improvements concurrent with development of the neighborhood plan.
- N. Additional Reports.** The Zoning Administrator, Planning Commission or Board may require the submittal of any other reports and/or information they feel is necessary to make an informed decision on the application.

- 6. Development Schedule.** The development schedule is a non-binding best estimate of the developer showing approximate phasing and proposed sequence of development, and anticipated requirements for the entire project, including approximate dates of commencement and completion of the planned community for a five year period, to be used by affected governmental and public utility entities to anticipate the need for services within the Specific Plan. The development schedule shall be complete if it contains the following:

- A. Subdivision Maps.** The number of tentative maps and final maps to be submitted for approval, including the number of lots per map and the total number of lots;
- B. Building Permits.** The total number of residential units and commercial and industrial projects, and the square footage of all commercial and industrial development;
- C. Public Facilities.**
- i.** Location, type and size of regional drainage facilities to be constructed;
 - ii.** Number of parks/trails to be constructed, their size and location;
 - iii.** Number of fire stations to be constructed and their location;
 - iv.** Number of schools to be constructed, their type and location;
 - v.** Number of police stations to be constructed and their location;
 - vi.** Number of libraries to be constructed, their size and location; and
 - vii.** Number of other public facilities, including new roads, to be constructed, their type, size and location.

7. Development Agreement.

A. A Development Agreement shall:

- i.** Describe the land subject to the Development Agreement;
- ii.** Specify the permitted uses of the property, the density or intensity of the uses, and the maximum height, size and setbacks of proposed buildings;
- iii.** Provide, where appropriate, for reservation or dedication of land for public purposes, including, but not limited to rights-of-way, easements or public facilities, as may be required or permitted pursuant to laws, ordinances, resolutions, rules or plans adopted by the Board or the regional transportation commission and in effect at the time of entering into the agreement;
- iv.** Specify the duration of the agreement and, if desired, terms for modification and extension of the agreement; provide that the parties shall not be precluded from extending the termination date by mutual agreement or from entering into subsequent Development Agreements or supplements thereto;
- v.** Specify the laws, ordinances, codes, resolutions, rules, regulations, plans, design and improvement standards by name and date of adoption applicable to the project. Unless specified in the agreement or unless directly in conflict with what is specified in the agreement, the laws, ordinances, codes, resolutions, rules, regulations, plans and design and improvement standards adopted by the Board or the regional transportation commission and in effect at the time of issuance of any required construction or building permit shall apply;
- vi.** Specify other conditions, terms, restrictions and requirements for other discretionary actions;
- vii.** Address the issues identified in the Public Facilities Needs Assessment/Plan relating to this project if a Public Facilities Needs Assessment/Plan has been approved for the subject property in accordance with this Title; and
- viii.** Contain a description of the final resolution proposed for each of the issues identified, and any other information identified and deemed necessary as a result of any action by the Board.

B. A Development Agreement may:

- i.** Provide for commencement and completion of various portions of the proposed development. Each portion or phase of development or improvement contemplated should be able to stand alone, independent of proposed further phases or improvements. Subsequent phases of development may be added to completed phases to achieve independent status;
- ii.** Include conditions imposed by other land use and permit approvals allowed by law as of the effective date of the Development Agreement;
- iii.** If required by the Board, be accompanied by a bond, posted by the property owner, to ensure provision of some or all of the public facilities;
- iv.** Contain an indemnity or insurance clause requiring the developer, applicant and/or property owner to indemnify the county against certain claims arising out of the development process; and

- C. The Development Agreement also may cover any other matter not inconsistent with this Chapter, nor prohibited by law.
8. **Assessor's Map(s).** The most recent official assessor's plat map or maps, to scale, indicating the subject parcels, together with a list of all of the parcel numbers included within the proposal if more than one parcel is involved.
 9. **Deed.** The most recent recorded deed is required. For any extension of time, the deed is required only if ownership of the property has changed since the original application's approval.
 10. **Legal Description.** The legal description of the property shall be typed on a clean sheet of paper.
 11. **Land Suitability Statement.** While not intended to be an environmental impact statement, a land suitability statement shall include a description of existing natural characteristics of the site and surroundings including topography, drainage, subsidence, faults, other geologically unstable areas, presence of endangered species, or any other natural characteristic which may affect development of the land. The report shall also include any existing physical or historical features which are intended or required to be preserved per federal or state regulations.
 12. **Concept Plan Checklist.** A completed checklist identifying any impact a proposed major project may have to the surrounding area, as well as the entire County. Topics covered by the checklist include, but are not limited to; maximum number of units at time of build out; total proposed population generated by the project; impact on existing public services and infrastructure; proposed circulation including access points to the project as well as major thoroughfares within; consumption of natural resources; housing and the quality of life enjoyed by the residents of surrounding neighborhoods; recreational amenities the project will offer to residents (immediate as well as those within the County). The checklist shall also include proposals to mitigate any impact, as well as identify any foreseen obstacles to the development process. The checklist shall be submitted with the Concept Plan, and may be presented to Town Board, Planning Commission and Board.
- b. If the Director of Comprehensive Planning or Zoning Administrator determines that any of the listed documents are not necessary for a particular application, he/she may waive the requirement for the submission of the document. Duplicate documents for multiple applications being considered at the same hearing are not required. If the nature of a particular application necessitates the submittal of additional documentation, such documentation may be required by the Zoning Administrator. (Ord. 4839 § 4, 1/2021; Ord. 4760 § 18, 2/2020; Ord. 4481 § 5 (part), 5/2017; Ord 4008 § 25, 3/2012; Ord. 3975 § 15, 8/2011; Ord. 3520 § 3 2007; Ord. 2510 § 4 (part), 2000)

30.20.120 Conformance to Plans.

- a. **General Conformance.** Approval of a *Major Project* and associated plans, conditions, restrictions and rules shall be binding on the applicant. The violation of such shall be sufficient to cause the application to become invalid.
- b. **Substantial Conformance.**
 1. Submission of more detailed plans for subsequent phases of an approved Major Project which do not include substantial changes from the originally approved plans, as determined by the Zoning Administrator, will be considered in substantial conformance.

2. In addition to, and prior to, any required additional land use approvals, any substantial change to a *Major Project* shall require the same submittals, processing, hearings and review as though it were a new Major Project.
3. Zone Boundary Amendments which do not conform with the Specific Plan shall not be accepted. The Specific Plan must be amended, which may require modifications to the Public Facilities Needs Assessment/Plan or the Development Agreement.

30.24 Planned Unit Development (PUD)

30.24.010 Purpose. A planned unit development (PUD) is intended to maximize flexibility and innovation in residential development by utilizing area-sensitive site planning and design to achieve a desirable mixture of compatible land use patterns that include efficient pedestrian and vehicular traffic systems and streetscapes, enhanced residential amenities, and allowances for the provision of usable open space.

- a. As with all land use approvals, the governing body will utilize its discretion of power as set forth in NRS 278 to review proposals to develop under this Chapter. However, all PUDs shall minimize adverse impacts on surrounding property.
 1. The Commission or Board may approve only such level of intensity or density that is appropriate for a particular location and is not obligated to automatically approve the level of development intensity or density requested for a PUD.
 2. The Commission or Board may require, as a condition of approval, any condition, limitation or design factor which will promote proper development and the use of effective land use transitioning.
- b. A PUD shall address the following land use objectives:
 1. Minimize adverse impacts on surrounding property.
 2. Provide for the revitalization and/or redevelopment of areas where decline of any type has occurred.
 3. Encourage infill development that is compatible and harmonious with adjacent uses, both existing and planned.
 4. Provide development that is compatible with the County's goals and objectives and contributes to the general prosperity, health, safety and welfare of the community.
 5. Provide consistency with the Plan, this Title, and other applicable plans, policies, standards and regulations. (Ord. 3381 § 2 (part), 5/2006; Ord. 3078 § 2 (part), 6/2004)

30.24.020 Applicability. A PUD shall only be established on sites that satisfy the following requirements:

1. The overall site shall consist of a minimum gross area of five (5) acres.
2. The entire property proposed for development as a PUD shall be under common ownership or unified control to ensure unified development. (Ord. 3078 § 2 (part), 6/2004)

30.24.030 DELETED - Pre-Submittal Conference.

(Ord. 4839 § 5 (part), 1/2021; Ord. 3381 § 2 (part), 5/2006; Ord. 3085 § 47, 6/2004; Ord. 3078 § 2 (part), 6/2004; Ord. 2769 § 61, 7/2002)

30.24.040 Procedures to Establish.

- a. A PUD is permitted as a special use in accordance with the procedures and standards for approval set forth in Table 30.16-4. A PUD may be established without a special use permit if the proposed development is in full compliance with all zoning and overlay district regulations, including density restrictions. Residential PUDs shall also comply with the requirements of NRS 116, and a subdivision map shall be recorded for all PUDs. A design review application is required in accordance with the procedures and standards for approval set forth in Table 30.16-9.
- b. Except as prohibited by the requirements of this Chapter, the Commission or Board shall have the authority, in connection with the granting of any PUD approval pursuant to this Section, to change, alter, vary, modify or waive any provision of this Title as they deem appropriate to apply to an approved PUD, subject to all other applicable standards set forth in this Title.
- c. **Standards.** No such change, alteration, variation, modification or waiver shall be approved unless the Commission or Board finds that the modified standards of the PUD as proposed shall:
 - 1. Achieve the purposes for which PUDs may be approved pursuant to this Section;
 - 2. Maintain harmony with the general purposes, goals, and objectives of this Title and the Plan; and
 - 3. Result in a development providing amenities to address, offset, and mitigate development impacts. (Ord. 3805 § 3, 9/2009; Ord. 3381 § 2 (part), 5/2006; Ord. 3078 § 2 (part), 6/2004)

30.24.050 Plans Approval, Conditions, Conformance, and Amendments.

- a. The Commission or Board may attach to the site development plans whatever conditions they deem necessary to ensure that proper amenities are provided and compatibility with surrounding, existing and proposed land uses is maintained. No specific condition of approval may be modified administratively. No change, alteration, variation, modification or waiver shall be permitted with respect to any standard made specifically applicable to PUDs by the regulations of any particular district, unless the *Commission or Board* expressly authorizes such a change, alteration, variation, modification, or waiver.
- b. **Flexibility.** The approved plans shall become a part of the PUD approval, and any significant change proposed to the plans shall require the approval of a new special use permit, unless in conformance with the standards listed below.

1. With the initial development of a planned unit development, the Zoning Administrator may review and approve proposed minor amendments to an approved PUD without requiring an additional land use application submittal if the proposed amendments do not conflict with any imposed conditions of approval and do not result in any of the following:
 - A. An increase in the density by more than one percent (1%) or one unit, whichever is greater;
 - B. A decrease in the required amount of open space by more than ten percent (10%);
 - C. A decrease in any setback by more than ten percent (10%) for up to ten percent (10%) of the lots (letters of consent from adjacent property owners shall be required for perimeter lots);
 - D. Relocation of any public right-of-way, unless required by any governmental agency; or
 - E. A change in any requirement for the payment of monies or the dedication of land or other property rights.
2. Modifications to approved, and substitution or addition of new, elevations and floor plans may also be reviewed and approved by the Zoning Administrator, provided any proposed changes are architecturally consistent and compatible with the approved elevations and floor plans on file, and including consistency of unit height.
3. **Additions.** After the initial development of a planned unit development, private property owners may add minor appurtenances as follows.
 - A. In areas designated for private use, minor additions, accessory structures, patio covers and other minor appurtenances that comply with zoning base district requirements shall be permitted in accordance with all applicable zoning district regulations and may also be modified per those regulations in accordance with Chapter 30.16.
 - B. Accessory apartments, guest quarters and casitas are permitted in accordance with the requirements established in Table 30.44-1.
- c. **Site Development Plans.** Plans submitted with the special use permit application shall include the following:
 1. Layout of the subdivision;
 2. Except for planned unit development projects for which only custom homes are proposed, a minimum of three (3) house model plans and three (3) elevations for each house model for single-family and two-family development; Minimum of two (2) building plans and two (2) elevations for multi-family development;
 3. Typical lot setbacks and dimensions;
 4. Minimum building separations;
 5. Buildable area, including minimum front, side and rear yard setbacks;
 6. Open space areas per Table 30.24-1;
 7. Grade changes;

8. Maximum building and fence heights;
9. Building and fence designs;
10. Parking as required per 30.24.080(e); and
11. Applicable design and development criteria as required by 30.24.060, 30.24.070, and 30.24.080. (Ord. 4200 § 2 (part), 5/2014; Ord. 3381 § 2 (part), 5/2006; Ord. 3238 § 3, 7/2005; Ord. 3160 § 4 (part), 11/2004; Ord. 3078 § 2 (part), 6/2004)

30.24.060 Development Standards.

- a. Non-residential development shall conform to the development standards as required elsewhere within this Title.
- b. Development standards for residential developments are as follows.
 1. A PUD shall conform to Chapter 30.32 Permits and Licenses, Chapter 30.52 Off-Site Development Regulations, and Part A of Chapter 30.48 (Airport Environs Overlay District), as well as the design and development standards (including open space) established within this Chapter. Variance or waiver applications to reduce the requirements herein established shall not be accepted unless expressly permitted within the respective section or subsection. Requests for increased density or intensity within any overlay district shall comply with all applicable requirements in Chapter 30.48.
 2. A PUD shall generally comply with this Title with respect to site development standards, including parking, landscaping, screening, environmental standards, signs, and maintaining a ten (10) foot building setback from project perimeters.
 3. Except as required in subsections (1) and (2) above, a PUD's development standards shall be established by the approved site development plans.
 4. Additional density may be permitted in accordance with Table 30.24-1 unless otherwise prohibited by Chapter 30.48, providing the Commission or Board determines the increase in density is justified by the provision of required open space and other design amenities that contribute positively to the beneficial effects of the development for the community. (Ord. 4658 § 6 (part), 1/2019; Ord. 3344 § 1 (part), 9/2007; Ord. 3381 § 2 (part), 5/2006; Ord. 3078 § 2 (part), 6/2004)

30.24.070 Open Space Requirements. Open space areas that are conveniently located, accessible, and visible (defensible space concepts) for the occupants of the development shall be provided as required and may contain such elements as pools, tennis courts, ball fields, and various buildings or structures intended for recreational use. Modifications to these requirements shall only be permitted in conformance with subsection (c)(2) below.

- a. Open space areas that enhance circulation within a site, promote pedestrian use and safety, and improve a site's aesthetic qualities are expected to satisfy the following criteria:
 1. Open space should be designed to provide a mix of active and passive activity areas. Small pocket areas should be avoided whenever possible, and combined into one (1) aggregate area which includes amenities. While natural areas may be preserved as open space, areas with twelve percent (12%) or greater slopes should not be the only open space provided within a development.

2. Open space areas should be accessible to all property owners within the development and connected by a comprehensive on-site pedestrian circulation system.
 3. Open space areas, including plazas and courtyards, should be designed, located, and landscaped to take advantage of solar orientation, maximize water conservation measures, and afford summer shade and winter sunshine.
 4. Where possible, on-site recreation areas should be linked with any appropriate transportation, bicycle, open space, trails or other similar approved plan. When the property is on a trail designated by an adopted plan, the trail shall be provided and that area developed for the trail may be counted as part of the required open space, even if the trail is dedicated. Similarly, if the identified trail is planned for a natural wash adjacent to or bisecting the development, the area of the wash developed as a trail or with recreational amenities may be counted as part of the open space as well.
- b. Required open space shall consist of connected, contiguous areas that are greater than or equal to 200 square feet with widths no smaller than 10 feet and shall not include the following: required street landscaping; drives or driveways; parking lots or bays and loading areas; and utility or service areas. Perimeter landscaping may not be included in the open space calculation.
- c. **Open Space Requirements For Residential Development:**
1. For all development with ten (10) or more lots or units and all development at six (6) or more units per acre regardless of how many lots or units, open space shall be provided at 1.65% of the project's density per acre multiplied by the project's gross acreage multiplied by 35%.

$$(.0165) \times (\text{dwelling units per acre}) \times (\text{total acreage}) \times (.35) = \text{required open space (in acres)}$$

(For conversion to square footage, multiply the open space acreage by 43,560)

2. Exceptions.

- A. A reduction to the open space requirement is permitted with the special use permit on a proportional (pro rata) basis for lots or units within a quarter mile walking distance (approximately 1,320' or five-minutes) from a public park that is not separated from the lots or units by a collector (or wider) street and whose acreage is greater than or equal to the open space requirement; however, in no case shall the open space reduction exceed 50 percent (50%) of the required open space. If not already established, the public park must be scheduled for development within two years of PUD approval.
- B. In the rural residential zoning districts only, when the total required open space is less than 10,000 square feet, the open space shall not be required.
- C. In the rural residential zoning districts only, the open space requirement may be reduced or eliminated with special use permit approval, subject to the following:
 - i. All zoning base district setbacks are satisfied.
 - ii. Perimeter lot size shall be within a minimum of 10% of the lot size of adjacent single family residential development; and
 - iii. A comparable increase (as determined by the Commission or Board) of other appropriate design amenities is provided to offset the density bonus, pursuant to Section 30.24.080(f).

- iv. Conducting a neighborhood meeting with area residents to discuss alternative amenities prior to scheduled Town Board, Planning Commission, and County Commission meetings is strongly encouraged (but not required). If conducted, the neighborhood meeting should be generally consistent with the procedure described in Table 30.16-3 (f)(2)(D), and the information presented should include conceptual site plans and a project description. (Ord. 4965 § 2, 7/2022; Ord. 3381 § 2 (part), 5/2006; Ord. 3078 § 2 (part), 6/2004; Ord. 2510 § 5 (part), 2000)

30.24.080 Design Standards and Guidelines. The following design standards and guidelines are intended to achieve the overall purpose of the PUD as defined in 30.24.010. The requirements established in subsections (b) through (e) below shall be shown on the site development plans submitted for consideration with the special use permit. Variance or waiver applications to modify the requirements herein established shall not be accepted unless expressly permitted within the respective section or subsection.

a. Like Transitioning.

- 1. Transitioning considerations include a range of design features related to existing and proposed development, such as but not limited to height, mass, density, appropriate buffers, architecture, landscaping, loss of privacy, unsightly views, pedestrian and vehicular traffic circulation, parking concerns, and environmental impacts.
- 2. A proposed PUD shall incorporate height and density transitioning considerations along the development's perimeter to achieve an orderly transition to existing residential development on adjacent properties. Buildings or units proposed to be located along the perimeter of the PUD should stay within a 50 percent (50%) tolerance range of the height and density of residential development that is adjacent to, or across the street from, the PUD's perimeter.

b. Architectural Features.

- 1. The following features shall be required:
 - A. Window and door fenestration on all sides of units located along the development's perimeter except for side elevations located less than 20 feet from another residential side elevation.
 - B. Contrasting color schemes used to create visual depth around windows, doors, and building corners.
 - C. A minimum of one (1) principal window treatment on every elevation (front, side, or rear) that faces any street (public or private) or required open space area that may include, but is not limited to, popouts, decorative wrought iron, wood trim, shutters, plant shelves, and other features or embellishments to vary and soften the visual exteriors.
- 2. In addition to the requirements of subsection 30.24.080(b)(1) above, a minimum of three (3) of the following design features shall also be required:
 - A. Enhanced corners (popouts, embellishments, etc.).
 - B. Deep recessed garages.

- C. Low roofs (one story roofs).
 - D. Second stories stacked at greater setback than first floor to facilitate a first floor roof feature, especially when located immediately above the garage.
 - E. Offset garage doors.
 - F. Roof overhangs.
 - G. Courtyards (pony walls and/or decorative wrought iron may be used for courtyard enclosures.)
 - H. Enhanced window fenestration on all front elevations and all second story windows facing a street or required open space area, using principal window treatments per 30.24.080(1)(C).
 - I. Deck, Patio Cover, and/or Balcony Option.
- c. **Streetscapes.**
- 1. The following features shall be required:
 - A. Streets in non-rural residential planned unit developments should be designed whenever possible to avoid long, straight expanses of streets which encourage high speed vehicular travel and are not aesthetically appealing. Providing a minimum 25 foot lateral deviation from a straight course for every 350 feet of street length or other design measures may be used to achieve this goal. Non-rural residential planned unit developments with 51 lots or more are required to meet this standard.
 - B. Four foot wide sidewalk installed on both sides of the street or a 5 foot wide sidewalk installed on 1 side of the street.
 - C. A minimum of 2 pedestrian connections to destinations such as a trails system, public facilities, transit stops, or public street network to promote connectivity.
 - D. Residential units shall maintain a minimum 10 foot setback from any street, drive aisle, sidewalk, or curb. Architectural intrusions per Chapter 30.56 are permitted subject to compliance with sight zone requirements. Reduction to this standard may only be permitted with approval of a waiver of development standards, with the exception of sight zone requirements, which cannot be waived or varied unless otherwise specified in Section 30.52.025.
- d. **Perimeter Landscaping.** All perimeter landscaping shall comply with the requirements established in Chapter 30.64.
- e. **Parking.**
- 1. Parking for single-family or two-family residential development shall be provided as follows: Reduction to these standards may only be permitted with approval of a waiver of development standards.
 - A. Two (2) spaces per residence or townhouse, both spaces must be on site unless an alternative is specifically approved per subsection (C) below.

- B. One (1) additional space shall be provided per every five (5) residential units which may be accommodated off-site, or when functionally feasible, on-street, or within a driveway. If required resident parking spaces are enclosed, an additional 1 space is required per every 5 enclosed spaces.
 - C. **Exception.** Where on-street parking is legally allowed and functionally feasible in terms of a PUD's overall design, each on-street parking space may be substituted on a one-for-one basis for each unit requirement, provided a detailed parking analysis and plan that satisfies functional and safety standards is submitted and approved.
2. Parking for multiple-family residential development shall be provided as required for multi-family dwellings in Chapter 30.60, Table 30.60-1.
- f. **Optional Amenities.** In addition to the requirements of subsections 30.24.080(a-e) above, the following optional amenities are encouraged (but not required) for all planned unit development.
- 1. Enhanced paving and design features at intersections, courtyards, driveways, etc.
 - 2. Staggered setbacks for adjacent homes.
 - 3. L-curbs to prevent parking on a sidewalk.
 - 4. Recessed or rear-entry garages.
 - 5. Enhanced perimeter landscaping with detached sidewalks.
 - 6. The use of green building components, such as but not limited to the following:
 - A. Energy-conserving permeable pavement on private streets, drives, and sidewalks.
 - B. Energy-conserving cool roofing materials.
 - C. Renewable energy systems for heating and/or cooling.
 - D. Renewable energy features such as preservation of solar access with selective window orientation and added glazing to maximize heating/cooling efficiency.
 - E. Alternative water source features and water re-use systems for irrigation.
 - F. Use of landscaping, natural topography, and energy-efficient building layout for natural windbreaks and shade.
 - G. Higher insulation levels.
 - H. Resource conserving designs and use of recycled construction materials.
 - 7. Construction of accessory apartments for affordable housing opportunities as permitted by Table 30.44-1.
 - 8. Preservation of unique historical or cultural features, including natural topography, air, sunlight, and scenic resources.
 - 9. Provision of bicycle and pedestrian pathway systems, especially to designated potential open space or park areas, trails, scenic sites, viewpoints and/or public transit access to the site. Any required landscaping may be within a trail dedication; however it cannot obstruct the intended use of the trail.

10. Provision of natural drainage control, landscaped drainage retention facilities, and regional flood control measures.

11. Other suitable amenities or public benefits deemed worthy of consideration by the Commission or Board. (Ord. 4658 § 6 (part), 1/2019; Ord 4445 § 2 (part), 11/2016; Ord 4410 § 1 (part), 8/2016; Ord. 4200 § 2 (part), 5/2014; Ord. 3544 § 1 (part), 9/2007; Ord. 3524 § 2, 7/2007; Ord. 3381 § 2 (part), 5/2006; Ord. 3078 § 3, 6/2004)

30.24.090 Special Development Standards. Table 30.24-1 establishes maximum densities for the principal uses permitted in a residential PUD and specifies the corresponding open space requirements as established in Section 30.24.070. Due to the agricultural nature of the R-A district, additional density would not serve the purpose of the district or Plan; therefore, it is not included. Densities for the districts not listed in Table 30.24-1 are permitted per the development standards in Chapter 30.40. Table 30.24-2 summarizes the basic requirements for a residential PUD as established in this Title.

Table 30.24-1 Special Development Standards⁴			
ZONING DISTRICT	PRINCIPAL USES PERMITTED	MAXIMUM DENSITY PER GROSS ACRE	OPEN SPACE REQUIRED^{1, 2}
R-U³	Single-Family Dwelling Detached	up to .63 u/a	1.65 % of project density multiplied by gross acreage multiplied by 35%
R-E³	Single-Family Dwelling Detached	up to 2.5 u/a	same as R-U
R-D³	Single-Family Dwelling Detached	up to 3.5 u/a	same as R-U
R-1	Single-Family Dwelling, Townhouse	up to 6 u/a	same as R-U
R-T	Single-Family Dwelling, Townhouse	up to 8 u/a	same as R-U

<ol style="list-style-type: none"> 1. Required for all development within 10 or more lots or units and all development at 6 or more units per acre regardless of how many lots or units. 2. A reduction to the required open space is permitted (in any district listed above) with the special use permit on a proportional (pro rata) basis for lots or units within a quarter mile walking distance (1,320' plus or minus 10%) from a public park that is not separated from the lots or units by a collector street and whose acreage is greater than or equal to the open space requirement; however, in no case shall the reduction exceed 50 % of the required open space. If not already established, the public park must be scheduled for development within 2 years of PUD approval. 3. PUDs in rural residential zoning districts only are exempt from the open space requirement when the total required open space is less than 10,000 square feet, and may request up to a 100% reduction from the open space requirement with the special use permit, subject to compliance with 30.24.070(c). 4. PUD's are not permitted in the H-2 zoning district.

30.28 Subdivision Application Processing

30.28.010 Purpose. The purpose of this Chapter is to provide standards and procedures for the acceptance, processing, hearing, and final action on subdivision and other mapping applications in accordance with the development standards and requirements of this Title.

30.28.020 Applicability. It shall be unlawful for any portion of any subdivision of land in the County to be sold prior to the recording of a subdivision map or to adjust the boundaries between existing lots without recording a boundary line adjustment effective July 1, 1973. Any contract for the sale of land within a proposed subdivision shall contractually obligate the seller to record the required map before title is transferred. (Ord. 2573 § 5 (part), 2001)

30.28.030 General Subdivision Processing.

a. Subdivision and other mapping applications may be initiated, accepted, processed, noticed, heard and acted upon in accordance with the provisions of this Chapter. Any division of land, or adjustment to the boundaries dividing land in Clark County shall be in accordance with the processes described in Sections 30.28.040 through 30.28.110 and Tables 30.28-1 through 30.28-8. For major and minor subdivision maps, the tables are in the order in which subdivision applications shall be submitted and approved. Each application shall be approved before the subsequent application can be accepted. The following five (5) general procedures are described in this Chapter.

1. Major Subdivisions. The review process for major subdivisions is outlined in Tables 30.28-1 through 30.28-3. Major subdivisions are divisions of land into five (5) or more lots or parcels. In addition, common interest communities or subdivisions shall comply with the provisions of the Nevada Revised Statutes, Chapter 116, or with Chapter 117 if applicable.

2. Minor Subdivisions. The review process for minor subdivisions is outlined in Tables 30.28-4 through 30.28-6. Minor subdivisions are divisions of land into four (4) or less lots or parcels.

3. Reversionary Maps. The review process for reversionary maps is outlined in Table 30.28-7.

4. Boundary Line Adjustments. The review process for boundary line adjustments is outlined in Table 30.28-8.

5. Extensions of Time. The review process for extensions of time for subdivision maps is outlined in Table 30.28-9.

b. Certificate of Amendment. The review process for a certificate of amendment shall be as provided in NRS 278.473 and shall be reviewed by the County Surveyor. When the ownership or beneficiary interest is the subject of the amendment, the submittal of an updated title report, including a subdivision guarantee, in conformance with the requirements specified in Section 30.28.130(a)(8), shall also be required to verify that the name or entity of current ownership is correct. (Ord. 3160 § 6 (part), 11/2004; Ord. 2806 § 1 (part), 10/2002)

30.28.040 Major Subdivision Tentative Map. Tentative maps for major subdivisions, and maps titled “Divisions of Land into Large Parcels” shall be processed per Table 30.28-1.

Table 30.28-1 See Also 30.16.210 for general process information and standards	
MAJOR SUBDIVISION TENTATIVE MAP- AUTHORITY AND CONSIDERATION TABLE	
a. Initiating Authority	Property owner
b. Standards for Acceptance	<ol style="list-style-type: none"> 1. All land included within a single map must be contiguous. 2. All property included within the tentative map shall be a legal lot(s), or shall be legalized prior to recording the first final map. 3. All components of a mixed use development may be included on one major subdivision map, provided all proper land use approvals for such a mixed use development have been obtained by the local governing body. 4. Applications subject to the Cooperative Management Area Deed Modifications Policy shall not be accepted without confirmation from the Department of Aviation. 5. A Vacation and Abandonment application must be filed prior to or concurrently with a Tentative Map application to vacate any easements and/or right-of-way necessary to develop/subdivide the legal lot(s). The Vacation and Abandonment must be approved prior to or concurrently with the approval of a Tentative Map.
c. Fee	\$750
d. Application Process	Hearing before the Commission per Section 30.16.210.
e. Notice Requirements	Posted notice, entity notice, and city notice; additionally for manufactured home parks proposed for subdivision and/or redevelopment to a different use, notice shall be provided to each tenant of such parks, plus signs (See Section 30.16.230 Notice)
f. Recommending Entities	Town Board for development for which no prior land use applications have been approved and government entities, and Cities for projects of regional significance
g. Approval Authority	Commission; Board, for application submitted in conjunction with, or in lieu of, another application that requires Board approval, applications requiring a deed modification pursuant to the Cooperative Management Area Deed Modification Policy, or at the discretion of the Zoning Administrator
h. Appeal Authority	Board
i. Standards for Approval	The property owner shall demonstrate that the proposed subdivision is in full compliance with the requirements of this Title. Each of the proposed lots shall be designed with adequate width and depth to accommodate the proposed use(s).
j. Map Expiration	A tentative map shall expire in 4 years from its approval date unless a final map for all, or a portion, of the property included under the tentative map has been recorded within that 4 years. The recording of the first final map shall extend the expiration date of the tentative map for an additional 2 years from the date the first final map was recorded. For each final map recorded thereafter, the expiration date of the tentative map shall continue to be extended for 2 additional years as based on the date the first final map in a series was recorded. The tentative map may also be extended for an additional 2 years by the approval authority pursuant to the hearing process specified in 30.16.210, provided a final map has been recorded since the original approval or the last extension of time.
k. Finality of Decision	Following an appeal or reconsideration period of 5 working days, action shall be final and effective on the date of action on the map unless reconsidered. Following Board or Commission action, the applicant shall be notified of the decision. No permits or licenses shall be issued until the action becomes final.
l. Conditions of Approval	<ol style="list-style-type: none"> 1. All development, or use of land, is subject to the development standards listed in this Title unless otherwise specified. The Commission <i>or</i> Board may impose additional conditions to mitigate potential adverse effects of an application on adjacent properties and the community. 2. All approved plans, conditions, restrictions and rules shall be made a part of the map’s approval and shall be binding on the property owner.
m. Extension of Time	Provided that the requirements specified in Table 30.28-1(j) have been satisfied, a tentative map may be extended in accordance with the procedure shown in Table 30.16-17 except that administrative extensions of time are not permitted.

Chapter 30.28: Subdivision Application Processing

December 23, 2021

30.28.050 Major Subdivision Final Map Technical Review. Technical review of final maps, and amended final maps for major subdivisions and maps titled “Divisions of Land into Large Parcels” shall be processed per Table 30.28-2.

Table 30.28-2 MAJOR SUBDIVISION FINAL MAP TECHNICAL REVIEW- AUTHORITY AND CONSIDERATION TABLE	
a. Initiating Authority	Property owner
b. Standards for Acceptance	<ol style="list-style-type: none"> 1. The tentative map must be approved. 2. The technical impact analysis must be conditionally accepted by the Director of Public Works in accordance with Section 30.32.060 Technical Impact Analysis. 3. Improvement plans must be accepted by the Director of Public works in accordance with 30.32.080 Improvement Plans. Name listed on the improvement plans must match the name on the final map. 4. Once the final map technical review has been accepted, further dedications and easements may not be recorded separately. All dedications and easements shall be included and finalized with the recording of the final map. 5. All components of a mixed-use development may be included on one major subdivision map, provided all proper land use approvals for such a mixed-use development have been obtained by the local governing body.
c. Fee	\$600 + \$6 per lot
d. Approval Authority	Director of Public Works
e. Appeal Authority	Development standards may be waived upon approval of an application in accordance with Table 30.16-7.
f. Distribution and Review	Copies of the map shall be distributed to interested government entities and/or public utilities potentially affected by the proposed subdivision who, together with the Director of Public Works, will conduct the necessary reviews, inspections and research to determine the requirements to be completed by the property owner in order to record a future map, and shall transmit such information to the Director of Public Works within 15 working days.
g. Agency Approvals	The property owner shall perform the necessary tests, and file the information, data and plans required to obtain approval of the map from any agency, department, or utility purveyor as required by the Director of Public Works
h. Notice of Requirements	The Director of Public Works, taking into account the requirements of other governmental entities, shall prepare and issue a notice of requirements to the property owner detailing requirements for recording the map. Said notice can be relied upon by the property owner for the purposes of submitting a map for a period of 1 year from the date of the notice of requirements letter, subject to the provisions of any state statute or local ordinance adopted prior to final approval of the map. Any changes made by the applicant to the technical geometry of the map can be accomplished with revisions to the original plans, provided applicable survey fees are paid. After 2 revisions have occurred, any subsequent change will require the submittal of a new map.
i. Completion of Requirements	The property owner shall complete all the requirements listed on the notice provided by the Director of Public Works and return required corrections to the Director of Public Works for subsequent review. Specific agencies must separately review and approve the proposed subdivision, technical impact analysis, and improvement plans in accordance with Chapter 30.32. When satisfied as to the suitability of the subdivision and the technical correctness of the material submitted, approval will be transmitted to the Director of Public Works.
j. Standards for Approval	<ol style="list-style-type: none"> 1. All divisions of land shall conform to the Plan, the zoning requirements applicable to the zoning district, to the improvement standards listed under Chapter 30.32 of this Title unless otherwise specified, to all conditions of land use applications pertaining to the property, and to any other applicable state law or county ordinance. 2. All approved plans, conditions, restrictions and rules shall be made a part of the application’s approval and shall be binding on the property owner. A map shall be held to conform to the tentative map if no additional building lots are created, no additional property is added, and the design of the subdivision matches the general traffic and drainage pattern of the approved tentative map. 3. The final map technical review must be complete prior to the submission of the final map.

k. Time Limit	The same time period as the initially approved tentative map, or 1 year if the associated tentative map has been previously extended past the initial 4 years due to recorded phases. An extension of time of up to 1 year may be granted if an application is submitted and the required fee is paid. However, such an extension may require the re-evaluation of map requirements, which may result in revised or additional requirements or recalculated bonds and fees to ensure they are sufficient for the construction of required improvements. An amended map without an associated tentative map may apply for an extension of time of up to 1 year.
l. Withdrawal	A map withdrawn by the property owner shall cease its consideration.

30.28.100 Reversionary Maps. Proposed reversionary maps for subdivisions shall be processed per Table 30.28-7.

Table 30.28-7 REVERSIONARY MAPS- AUTHORITY AND CONSIDERATION TABLE	
a. Initiating Authority	Property owner
b. Standards for Acceptance	<ol style="list-style-type: none"> 1. All land included within a single map must be contiguous. 1 reversionary map may of more than 1 map and/or more than one map type is permitted. 2. If applicable, right-of-way must be vacated prior to submission of the map.
c. Fee	Major Subdivision: \$500 Minor Subdivision: \$350 Extension of Time: \$200
d. Application Process	Copies of the map shall be distributed to interested government entities and/or public utilities potentially affected by the proposed reversion who, together with the Director of Public Works, will review the map, and shall transmit required corrections to the Director of Public Works within 15 working days.
e. Notice of Requirements	The Director of Public Works, taking into account the requirements of other governmental entities, shall prepare and issue a notice of requirements to the property owner detailing requirements for recording the map. Said notice can be relied upon by the property owner for the purposes of submitting a map for a period of 1 year from the date of the notice of requirements letter, subject to the provisions of any state statute or local ordinance adopted prior to final approval of the map. Any changes made by the applicant to the technical geometry of the map can be accomplished with revisions to the original plans, provided applicable survey fees are paid. After 2 revisions have occurred, any subsequent change will require the submittal of a new map.
f. Approval Authority	Director of Public Works
g. Appeal Authority	Development standards can be waived by filing an application in accordance with Table 30.16-7.
h. Standards for Approval	Upon final review and obtaining all required signatures on the map, the map shall be approved and may be recorded.
i. Map Expiration	One year from date of the notice of requirements letter. Extensions of time for up to one year each may be granted if an application is submitted and the required fee is paid. However, such extensions may require the re-evaluation of map requirements, which may result in revised or additional requirements.
j. Withdrawal	A map withdrawn by the property owner shall cease its consideration.
k. Mergers and Resubdivision	<ol style="list-style-type: none"> 1. A property owner that owns 2 or more contiguous parcels may merge and re-subdivide the land into new parcels or lots without reverting the preexisting parcels to acreage pursuant to NRS 278.490. The recording of the re-subdivided parcels or lots on a new map constitutes the merging of the preexisting parcels (See appropriate subdivision map process). 2. The property owner or governing body shall ensure that streets, easements and utility easements, whether public or private, that will remain in effect after the merger and re-subdivision, are delineated clearly on the map. 3. If a property owner posted security for the completion of improvements to 2 or more contiguous parcels and those improvements will not be completed, the County shall credit on a pro rata basis the security posted toward the same purposes.

30.28.120 Extensions of Time. Extensions of time for major subdivision final map technical review, minor subdivision parcel map review, exceptions to minor subdivision parcel map review, and separate documents shall be processed per Table 30.28-9.

Table 30.28-9 EXTENSIONS OF TIME- AUTHORITY AND CONSIDERATION TABLE	
a. Initiating Authority	Property owner
b. Standards for Acceptance	Final Map Technical Review: A request to extend a map may only be submitted if there is an active tentative map. All other maps or separate documents: A request to extend a map or separate document shall be submitted before 5:00 p.m. of the day it is due to expire, or the last working day prior to expiration.
c. Base Fee	Minor subdivision maps: \$200 Tentative maps and major subdivision maps: \$200 Separate Documents: \$50
d. Application Process	Administrative review per 30.16.210
e. Recommending Entities	Government entities
f. Approval Authority	Director of Public Works.
g. Appeal Authority	Board
h. Standards for Approval	<ol style="list-style-type: none"> 1. Final Map Technical Review: An extension of time not to exceed 1 year, but not to exceed the time limit imposed on any tentative map. However, such an extension may require the re-evaluation of map requirements, which may result in revised or additional requirements or recalculated bonds and fees to ensure they are sufficient for the construction of required improvements. The approval authority may deny or add new conditions to the application if it finds that circumstances have substantially changed to warrant denial or additional conditions. 2. All Other Maps: An extension of time not to exceed 1 year, but not to exceed the time limit imposed on any approved land use application. However, such an extension may require the re-evaluation of map requirements, which may result in revised or additional requirements or recalculated bonds and fees to ensure they are sufficient for the construction of required improvements. The approval authority may deny or add new conditions to the application if it finds that circumstances have substantially changed to warrant denial or additional conditions. 3. Separate Document: An extension of time not to exceed 1 year. The approval authority may deny or add new conditions to the application if it finds that circumstances have substantially changed to warrant denial or additional conditions.
i. Withdrawal	An extension withdrawn by the property owner shall cease its consideration.
j. Finality of Decision	The action becomes final upon signing of the application by the Director of Public Works, or upon expiration of the appeal or reconsideration period given in this table. Following action, the property owner shall be notified of the decision. No maps shall be recorded until the decision becomes final.
k. Appeal	<ol style="list-style-type: none"> 1. Any person may appeal, in writing, the decision within 5 working days of the decision. The appeal must be physically received by the Director of Public Works by 5:00 p.m. of the 5th day. Once an appeal has been filed, it cannot be withdrawn. 2. In the event of an appeal, the application shall be scheduled for a hearing by the Board within 40 calendar days of the close of the appeal period unless continued for good cause. The Board may limit its discussion to the issues raised in the appeal.

30.28.130 Document Submittal Requirements.

- a. All subdivision or other maps shall be accompanied by the documents and information described below. All documents shall be legible and suitable for microfilm reproduction. All maps must be prepared by a competent professional to compile the data necessary to comply with this Title. All plans and maps must be accurate, drawn to a suitable and legible scale, with a legend clarifying all markings and lines delineated on the maps, and folded so they can be placed into a legal file. For an application to be acceptable for processing, all required documents must be filed.

1. **Application.** A signed application, notarized when required by the Zoning Administrator or Director of Public Works, detailing the nature and justification for the request.
2. **Site Plans.** For a parcel map review, site plans drawn to scale showing a north arrow, property lines and the dimensions of the parcel of land, proposed property lines and dimensions, existing and proposed streets, existing structures and other physical features on the lot, parking, setbacks of building(s) to proposed property lines, existing and proposed driveway or drive aisle locations, and a notation of the distance to existing municipal sewer and/or water lines if within one mile of the property. If municipal sewer and/or water lines are greater than one mile distant, it shall be noted on the plan. The plans need not be prepared by a professional. If the slope of the property exceeds 12%, development must comply with hillside development regulations of Chapter 30.56.
3. **Tentative Map.** The tentative map shall be prepared by professional person(s) competent to compile the necessary data, and shall be named and contain the following information:
 - A. The date of preparation and the map scale.
 - B. The lettering shall be placed to read from the bottom right-hand side of the sheet. The north point shall be directed away from the reader.
 - C. Names, addresses and telephone numbers of owners of record, subdivider, and person or persons who prepared the map.
 - D. Sufficient legal description of the land to describe the location, including a graphic exterior subdivision boundary, dimensions, and approximate acreage.
 - E. Locations, names, present widths and improvements of adjacent streets.
 - F. Lot corners of adjoining subdivisions or tracts, together with recording data of adjoining subdivisions and/or parcels by recorded deed reference.
 - G. Location, names, proposed grades and widths of proposed streets and highways, as shown on the Plan and within the proposed subdivision, including street section drawings.
 - H. Contour lines of the entire subdivision, having the following intervals:
 - i. Two foot contour intervals for ground slopes between level and 40%.
 - ii. Five foot contour intervals for ground slopes between 40% and 80%.
 - iii. Ten foot contour intervals for ground slopes exceeding 80%.

- iv. If the slope exceeds 12%, it must comply with hillside development regulations of Chapter 30.56 and show the limits of such slope.
- I. The width and location of all easements for drainage, sewage, public utilities, and other purposes.
- J. Radii of all curves.
- K. The lot layout, lot number, and approximate dimensions of each lot.
- L. A map indicating plans for the development of the entire area if the proposed plat is a portion of a larger holding intended for subsequent development.
- M. The location and outline, to scale, of each existing building or other structure, within the proposed subdivision, noting whether or not each existing building or structure is to be removed or remain in the development of the subdivision, and other physical features which would influence the layout or design.
- N. Location of areas subject to inundation or stormwater overflow, and the location, widths, and direction of flow of all watercourses and proposed stormwater drainage and facilities, and also depicting limits of the 100 year flood plain.
- O. Location and size of existing culverts, drain pipes, watercourses, natural drainage channels and their relocation, if proposed.
- P. Sources and availability of water supply, proposed size and location of existing water mains, and proposed location of fire hydrants.
- Q. Proposed method of sewage disposal. Location and size of nearest main.
- R. Proposed use of property.
- S. Proposed sites to be reserved or dedicated for public parks, schools, playgrounds and/or other public uses.
- T. Proposed improvements and location, including any shared access.
- U. Location of sidewalks.
- V. A vicinity or key map showing the relation of the subdivision to the area in which it is located.
- W. A statement regarding protective covenants and deed restrictions which the subdivider intends to enforce.
- X. Known, mapped or observable faults and fissures, as well as setback to any faults, or a statement related thereto.
- Y. All groundwater depths historically within 20 feet of the existing ground surface, or a statement related thereto.

- Z.** A statement indicating where the nearest water and sewer utility distribution systems proposed to be used are located.
- 4. Mylar.** The original of any proposed completed map with original signatures, made with tracing cloth, Mylar, or any other similar material acceptable to the County Recorder, clearly and legibly drawn in permanent ink. The affidavits, certificates, and acknowledgments shall be legibly stamped or printed upon the map and signed with permanent ink. The lettering shall be placed to be read from the bottom or right-hand side of the sheet, and the north point shall be directed away from the reader. Reversionary maps shall be identical to the map being reverted except that if the map to be reverted is drawn at a scale too large to be legible a smaller scale sufficient to make all required information legible shall be used. Each original shall comply with the following:
- A. Sheet Size.** Each sheet of the originals shall be 24” by 32” with a 1” margin at the top, bottom and right edges, and a 2” margin at the left edge along 24” dimension, and be numbered consecutively with the relationship of each sheet to the total in the set.
 - B. Drawing Map.** The map shall be prepared by a licensed Nevada professional land surveyor, or under his direct supervision.
 - C. Scale and Legend.** The subdivision map shall show a scale not to exceed 100’ to 1”. A legend shall be shown clarifying all markings and lines delineated upon the map, the basis of bearings used in the survey, and a north arrow. This excludes survey analysis.
 - D. General Information.** The subdivision name and number, scale, and north point shall be shown on each sheet.
 - E. Approval Stamp.** A blank space, 3” by 3”, shall be reserved at the lower right-hand corner of the map for stamp of approval and recording by the Clark County Recorder.
 - F. Title.** On page one, a title comprising the subdivision name and number, followed by the words “Clark County, Nevada” shall be shown. The subdivision name and/or number shall be unique within Clark County. In addition, any amended or reversionary map shall respectively have the words “Amended Map” or “Reversionary Map” preceding the title prominently displayed, along with the recording information of the document being amended or reverted.
 - G. Subtitle.** Below the title shall be a subtitle consisting of a general description of all the property being subdivided, by reference to recorded deeds or maps which have been recorded, or by reference to the Public Land Survey System. References to tracts and subdivisions in the description must be worded identically with original records, and references to book and page numbers of record must be complete, including the recording information of documents being amended or reverted when applicable.
 - H. Certificates on Map.** Page one of the map shall contain all the certificates as required below and by the Nevada Revised Statutes (See Appendix I for Certificate examples):
 - i.** Certificate of acknowledgment.

- ii. Certification of ownership for a reversionary map, or a certificate of ownership and dedication for all other maps, shall offer: 1) all of the parcels of land shown thereon intended for any public use or dedication to the public; 2) the dedication of all of the streets (or other public ways or places); and 3) the dedication for sanitary sewers, as shown on the map within the subdivision.
 - iii. Beneficiaries of record certificate, stating consent to the recording of the map and the dedications agreed to in the owner's certificate, which may be on a separate document from the title page, and which is to be recorded concurrent with the Mylar if a note on the Mylar indicates the same. (Also see 30.28.130(a)(8))
 - iv. A complete and accurate legal description of the subdivision boundary and the total area within the boundary.
 - v. Surveyor's certificate.
 - vi. County Surveyor's certificate.
 - vii. Zoning Administrator's certificate.
- I. The boundary of the subdivision designated by a 1/16" solid border. Such border shall not obliterate any figures or other data.
- J. Survey data, including:
- i. Bearings and distances to a corner of the USPLSS (United States Public Land Survey System) or other readily identifiable corner of the public land survey system, or other readily identifiable control corner that is approved by the County Surveyor and shows ties to the National Geodetic Survey Control System (if points are established in the immediate area) must be delineated on said map.
 - ii. Bearings and lengths of all lines, the radius, central angle, length of curve and tangent of curve for all curved lines.
 - iii. All monuments, stakes and other evidences, found, set, reset or replaced, shall be shown describing their kind, size and location.
 - iv. All lot corners of adjoining subdivisions or tracts, together with recording data of adjoining subdivisions and/or parcels by recorded deed reference, shown in half-tone or broken lines.
 - v. Basis of bearing.
 - vi. Any additional information determined necessary to delineate the location and status of the property surveyed, in accordance with the provisions of NRS chapter 625.
- K. The centerlines of all streets in and adjoining the subdivision shall be shown, indicating all permanent monuments found or placed, and shall reference the map or field book wherever the County Surveyor has established such centerlines, and shall state if any points were reset by ties. The locations, names, total width and width on

each side of the centerline of all streets and other rights-of-way within the subdivision shall also be shown.

- L. Notes of information, data and monuments necessary to locate and relocate any and all exterior boundary lines, lot or block lines.
- M. All distances to the nearest 1/100 of a foot, in feet and decimals, and all bearings to the nearest degree, minute and second.
- N. All lot and parcel dimensions, boundaries and courses clearly shown and defined, where lots are intended for sale, reserved for private purposes, or offered for dedication for any purpose.
- O. The location and width of all easements denoted by dashed lines, public and private, clearly labeled and identified as to nature, purpose, and date of recording. For easements of record, recorded references shall be given.
- P. The location and width of utility rights-of-way, located upon private property, within the subdivision.
- Q. Any limitations of rights of access to and from streets and lots and other parcels.
- R. All city boundaries crossing or adjoining the subdivision.
- S. Each lot and block shall be numbered or lettered if applicable.
- T. Parcels that are not contiguous shall be shown on separate maps. No more than one map shall be made on the same sheet. Continuous parcels owned by different parties may be included in one map, provided that all owners join in the dedication and acknowledgment. It is not necessary to specify the parcels belonging to each party.
- U. The drawing should agree with the written description, but not require reference to the written description in order for it to be entirely self-explanatory.
- V. All parks, easements, and other sites intended for public use and access must be designated and dimensioned and, if other than public, must be so marked. If there is more than one park, each shall be named or lettered.
- W. Driveways or drive aisles accessing more than one lot shall be designated by easement, or as otherwise granted on the map.
- X. Maps for mixed used developments shall include the following:
 - i. The map shall be titled "Commercial/Residential" (common interest community, if required).
 - ii. A note must be placed on the map stating the residential portion is subject to NRS 116, 117 and 278, and the commercial portion is per NRS 625 and 278.325.
 - iii. The specific extents of the residential portions and commercial portions shall be clearly delineated.

5. **Copies.** Copies of the original Mylar map drawn by a professional land surveyor.
6. **Easement Map.** A map prepared and certified by a licensed Nevada professional land surveyor showing the locations of all easements on the property identified in the preliminary title report, referencing the document number which created the easement.
7. **Tentative Map Checklist.** The checklist provided to the Zoning Administrator which details the information contained on the tentative map, as shown under subsection (3) above.
8. **Title Report.** A title report dated less than 6 months prior to the time of submittal from a reputable title company showing the names of those parties who may be required to sign the subdivision map, including any required beneficiary statements and listing all encumbrances on the property to be subdivided. An updated title report will be required upon submission of any technical review if the copy of the title report submitted with a tentative map is more than 6 months old. An updated title report not more than 2 weeks old, including a subdivision guarantee, is required at the time of submission of a completed map application. The legal description on submitted map plans and all mylars shall match the legal description contained in the required title reports.

For the purpose of this requirement, “subdivision guarantee” shall mean a report from a title company in which the title company certifies that it has issued a guarantee for the benefit of the local government that lists the names of each owner of record of, and each holder of record of a security interest created by a mortgage or a deed of trust in, the land to be divided (together known as “beneficiaries of record”) that declares each beneficiary of record’s consent to the division of land thereto (“beneficiaries of record certificate or statement”). Additionally, “guarantee” shall mean the terms and conditions of insurance coverage or guarantee relating to title of any property interest. (Also see 30.28.130(a)(4)(H)(iii))

9. **Easement/Right-of-Way Documents.** These shall include one copy of each document which created an encumbrance or easement on the property as shown on the title report.
10. **Deed.** The most recent recorded ownership deed is required for all property included within the map. For any extension of time, the deed is required only if ownership of the property has changed since the approval of the original application.
11. **Impact Analysis.** An impact analysis, performed by a Nevada Licensed Professional Engineer recommending mitigation measures for the anticipated impacts on traffic and drainage as indicated below:
 - A. **Traffic Impact Analysis.** Assesses the impacts of a proposed development on the existing and future multi-modal transportation network and analyzes the adequacy of the development's planned access points.
 - B. **Drainage Impact Analysis.** Assesses the impact of a proposed development on drainage patterns on the site of the development and for adjacent and downstream properties.
12. **Technical Impact Analysis Notice.** One copy of the notice(s) from the Department of Public Works indicating that all required technical impact analyses have been conditionally accepted.

- 13. Improvement Plan Copies.** Fully detailed engineering plans, drawings, profiles, cross sections, specifications and all other necessary details of the improvements and installations required, together with a detailed estimate of the cost of the improvements. Plans submitted shall clearly indicate the distinction between constructed and to-be-constructed improvements. Each sheet of said plans shall carry in the lower right-hand corner the subdivision name, type of design shown on the plan, the name of the designing engineer, and sheet number and information necessary to clarify the design. Each sheet of such plan shall show a north arrow and shall indicate the scale used, and all plans and profiles shall show all the information required in the Clark County standards and specifications.
 - 14. Final Improvement Plans.** Following the determination of the Department of Public Works that the improvement plans are acceptable, original corrected final improvement copies of street plans and profiles, sewer plans and profiles, street lighting plan, and water plan shall be provided.
 - 15. Corrected Copies.** Following corrections made to the map as a result of the technical review, additional copies of the map to be examined for correctness of survey, mathematical data and computations, the setting of monuments and correctness in general shall be provided.
 - 16. Map Check Prints.** Any data necessary for the reasonable interpretation of the locations of points or lines delineated on the map shall be provided including, if requested by the County Surveyor but not limited to, an electronic coordinate geometry point list in an ASCII format (point file), a copy of the map with corresponding point numbers shown (point file map), lot closures in a conventional, or electronic, format, and/or a drawing file in a computer format consistent with software utilized by the County Surveyor with point information included.
 - 17. Certification of Tax Payment.** A certificate from the Clark County Treasurer showing that according to the records of that office, there are no outstanding liens, local taxes, or assessments collected as taxes, except taxes or special assessments not yet payable.
 - 18. Ownership/Applicant Disclosure.** A disclosure form provided by Clark County that requires applicants to list the names of individuals holding more than 5% ownership or financial interest in the business entity appearing before the Board of County Commissioners, except as provided below, shall be submitted with an application as required. "Business entities" include all business associations organized under or governed by Title 7 of the Nevada Revised Statutes, including but not limited to private corporations, close corporations, foreign corporations, limited liability companies, partnerships, limited partnerships, and professional corporations. Publicly traded corporations shall list all Corporate Officers and Board of Directors in lieu of disclosing the names of individuals with ownership or financial interest. The disclosure requirement, as applied to land-use transactions, extends to the applicant and the landowner.
 - 19. Fire Permit Survey Form.** A disclosure form provided by Clark County that requires applicants to identify all hazardous chemicals, explosives, waste or other materials involved in the storage, manufacturing or use of such materials at a business site.
- b.** The Zoning Administrator or Director of Public Works may determine that any of the listed documents is not necessary for a particular application, and may thereby waive the requirement for the submission of the document. Duplicate documents for multiple applications being considered at the same hearing are not required. If the nature of a

particular application necessitates the submittal of additional documentation, such documentation may be required by the Zoning Administrator, Director of Public Works, Commission or Board. 30.32 Permits and Licenses

30.32.010 Purpose.

- a.** The purpose of this Chapter is to provide means for the acceptance, processing and final action of various permits and licenses necessary to establish uses and structures.
- b.** Permits and licenses may be issued if in conformance with this code. Any permit or license issued in conflict with this Title shall be void.
- c.** It is unlawful to commence any use, or any work for the erection, construction, reconstruction, moving, conversion, alteration, demolition, excavating, grading, right-of-way improvement, or addition upon any property, or within a right-of-way, until all applicable permits and licenses have been obtained.
- d.** These requirements are also intended to ensure that off-site improvements meet proper standards, do not unnecessarily obstruct streets and other rights-of-way, and promote the general prosperity, health, safety, and welfare of the public.
- e.** Structures and premises shall be maintained consistent with the approved plans. Any change of use shall be permitted subject to conformance to this Title and the issuance of licenses when applicable.

30.32.015 Seasonal Sales or Temporary Outdoor Commercial Events. Amusement Rides and Amusement Devices, Inflatable in conjunction with Seasonal Sales or Temporary Outdoor Commercial Events shall comply with the standards below.

1. Amusement Ride Standards.

- a. Operational Requirements.** At a minimum, an Amusement Ride shall be:
 1. Placed on solid footings or anchored to prevent shifting and tipping.
 2. Fenced, barricaded or otherwise guarded against public intrusion in all area around an Amusement Ride, where persons may be endangered during operation of the ride.
 3. Installed in accordance with the manufacturer's specification for the ride.
- b. Inspection Standards.** At a minimum, if applicable, an Amusement Ride must be inspected for the following:
 1. Whether the Amusement Ride is maintained in accordance with the manufacturer's specifications for the ride;
 2. Whether there exists stress-related or wear-related damage to critical parts of the Amusement Ride, the failure of which could result in injury to a member of the public;
 3. Whether belts, bars, footrests, interior padding and other equipment necessary for safe entrance and exit, and necessary to support and restrain a passenger safely while an Amusement Ride is in operation, are provided and maintained in a safe condition;
 4. Whether supporting structures used in connection with an Amusement Ride are designed and constructed so that the Amusement Ride may be operated safely given proper allowance for wind forces, dynamic effects of equipment, load reversals and repetitions to which such structures may be subjected during normal operation of the ride.

2. Amusement Device, Inflatable, Standards. At a minimum, an Amusement Device, Inflatable, shall:

- a.** Be installed and maintained in accordance with the manufacturer's specifications for the device;
- b.** Be free of stress-related or wear-related damage to critical parts of the Amusement Device the failure of which could result in injury to a member of the public;

- c. Be placed on solid footings or anchored to prevent shifting and tipping; and
- d. Be fenced, barricaded or otherwise guarded against public intrusion for the areas around an Amusement Device where persons may be endangered during operation of the device. (Ord 4239 § 3, 10/2014)

30.32.020 Business Licenses. No business license may be issued for any purpose until all required land use applications have been approved and all conditions of approval have been satisfied. A business license for each separate use as required by Titles 6, 7, and 8 of the Clark County Code shall be issued by the Director of Business License, only if in compliance with this Title, who shall ensure conformance to this Title prior to the approval of the license. (Ord 4152 § 5 (part), 12/2013; Ord 3955 § 3 (part), 6/2011; Ord 3720 § 3 (part), 12/2008)

30.32.030 Building Permits. (Grading permits may be issued independently per Section 30.32.040.)

- a. No building permit shall be issued for any purpose until all required land use applications have been approved and the property is a legal lot or, when applicable, required subdivision maps have been recorded and compliance with hillside regulations has been confirmed, if applicable and as required by this Title, except as expressly permitted.

EXCEPTION: Building permits for multiple family condominium projects requiring a subdivision map may be issued prior to the submission of the condominium map, provided the creation of the subdivision map was not a specific condition of approval by the Commission or the Board, and the project has not benefited by the standards established in Chapter 30.24.

- b. The Building Official shall ensure that permits are issued and structures are constructed only in accordance with this Title. Prior to the issuance of a certificate of occupancy, the Building Official shall verify that all applicable on-site improvements under his/her authority meet the requirements of this Title. The Building Official shall require any plans, such as site, elevations, landscape plans, and any documentation necessary, including information regarding neighboring lots, which may be necessary to determine and provide for the enforcement of this Title.
- c. Building permits shall not be issued for any single family residence on a lot which abuts a street on which off-site improvements have not been completed, unless a property owner has complied with Subsection 30.52.030(a)(5).
- d. No building permit shall be issued for any building, or structure, on a lot from which insufficient dedication has been secured per Section 30.52.030.
- e. No building permit shall be issued for any building, or structure, other than a single-family residence in compliance with Section 30.32.030(c), on a lot which abuts a street on which off-site improvements per Chapter 30.52 have not been completed adjacent to the property, or bonds posted and off-site improvement plans approved for the improvements per 30.32.150, in accordance with the specifications of the Clark County Department of Public Works. Off-site improvements need not be required in the case of a building permit for which the estimated valuation is less than \$10,000 or unless waived per Chapter 30.52.120. If a Waiver of Development Standards is approved to modify off-site improvements pursuant to Table 30.16-7, or at the discretion of the Director of Public Works, compliance with Subsection 30.52.030(a)(5) is required.
- f. A building permit for each separate building and/or structure shall be secured from the Building Official of the County by the owner, or his agent, in accordance with the provisions of Title 22 of the Clark County Code.

- g. For commercial projects, no permanent public certificate of occupancy shall be issued until the traffic impact analysis and the improvement plans are approved by the County, the required participation agreements executed and the required improvements are permitted, constructed and accepted by the Director of Public Works.
- h. For residential subdivision projects for which bonds have been posted and off-site improvement plans approved for the improvements per 30.32150, in accordance with specifications of the Clark County Department of Public Works, the required agreements executed and required improvements permitted, the improvements must be constructed, completed and accepted by the Director of Public Works or his designee prior to the final inspection and approval by the Building Official of all homes, buildings and structures within the residential subdivision.
- i. Prior to the issuance of a certificate of occupancy for non-residential development, a certificate of compliance signed by the property owner or the landscape contractor shall be submitted certifying that all required landscaping and screening has been installed in accordance with Chapter 30.64, except as provided in subsection 30.64.030(w).
- j. Prior to the issuance of permits for swimming pools, bodies of water, manmade lakes, water theme parks, and/or decorative water features in conjunction with a resort hotel with a surface area which exceeds the restrictions listed under Chapter 30.64, the Building Official shall ensure that the requirements of the water purveyor have been met. (Ord. 4839 § 7 (part), 1/2021; Ord. 4770 § 5 (part), 3/2020; Ord. 4077 § 6 (part), 2/2013; Ord 3955 § 3 (part), 6/2011; Ord. 3859 § 6 (part), 6/2010; Ord 3720 § 3 (part), 12/2008; Ord 3688 § 5, 10/2008; Ord. 3091 § 1, 7/2004; Ord. 2961 § 4 (part), 10/2003; Ord. 2769 § 72, 7/2002; Ord. 2573 § 6 (part), 2001)

30.32.040 Grading Permits.

- a. Except for the perpetuation of established agricultural cultivation within Community District 5 as designated by Section 30.12.060 of this Title, or site stabilization for disturbed soils, land shall not be disturbed, which includes clearing vegetation, rough grading, stockpiling, or altering the natural ground surface or its elevation, until a grading permit has been issued by Clark County in accordance with all of the requirements listed in this subsection (below): (NOTE: A temporary stormwater permit for construction activities should be obtained through the Nevada Division of Environmental Protection and stockpiling permits must be obtained from the Building Official. Projects within hillside development must submit a design review as a public hearing prior to any grading.)
 1. A land use application has been approved pursuant to Chapter 30.16 of this Title (Land Use Application Processing) if required for the proposed use or a parcel map determination letter has been issued by Clark County Public Works, if required.
 2. Both drainage impact and/or traffic analyses are approved, if required.
 3. A grading plan is approved.
 4. Improvement plans required under Chapter 30.52 (Off-Site Development Requirements) have been reviewed and a bond estimate approved, when applicable.
 5. When applicable, a bond is posted and all fees paid in accordance with Section 30.32.150 for the construction and installation of required off-site improvements, which may be based on an estimate calculated from the improvement plans required under subsection 30.32.030(g).
 6. Pursuant to Section 94 of the Clark County Air Quality Regulations, a Dust Control Permit from the Department of Environment and Sustainability is required if grading or soil disturbing activities exceed one quarter acre or if trenching exceeds 100 feet in length.

7. If there is an interval of 30 days or longer between grading and continuing construction activity, or if construction activity ceases for a 30-day period for any reason, then long-term soil stabilization is required. Long-term soil stabilization consists of the application and maintenance of a dust palliative; gravel; landscaping; or the development of a strong soil crust combined with fencing or some other means of controlling site access. Merely watering the soil to develop a crust is not generally sufficient for long-term stabilization. The Director of the Department of Environment and Sustainability shall determine whether a specific treatment constitutes long-term treatment.
8. The area to be graded shall not exceed the area encompassed within the grading plan approved by the Director of Public Works and the Building Official.
9. **Cross Sections.**
 - a. Cross sections shall:
 1. Be submitted with any subdivision map or any non-single family development.
 2. Extend a minimum of 100 feet beyond the limits of the development site. Measurements shall be made from the centerline of adjacent streets or from the property line where no street exists. The Zoning Administrator may require cross sections that extend more than 100 feet.
 3. Show proposed and existing grades, building locations, and building height information for the development site.
 4. Show the existing finished grade of structures on abutting developed properties or existing grade on undeveloped abutting properties.
 - b. Any request to increase the finished grade over 36 inches shall be considered by the Board through a Design Review as a public hearing.
10. If the land to be graded includes property designated for public purposes by public ownership or easement but intended for private use, a vacation and abandonment shall be approved by all government and utility entities with an interest in the right-of-way or easement, but need not be recorded if a signed, notarized statement releasing Clark County of any liability for damage to any public or utility improvement within the right-of-way or easement to be vacated is provided.
11. Permits for grading may include retaining walls, flood walls and drainage channels, block walls or fences.
12. When the lot is subject to the hillside regulations established in Chapter 30.56, the grading plans shall clearly identify the area and percentage of the lot to be disturbed. Where natural areas are designated, temporary fencing shall be installed where they abut construction areas in order to prevent encroachment into the natural areas.
13. Prior to any disturbance of any land, including rough grading, grubbing, or stockpiling, the applicant shall pay a Multiple Species Habitat Conservation Plan (MSHCP) mitigation fee as prior to the issuance of a grading permit, as required by Chapter 30.80 and pursuant to the provisions established in subsections (A) and (B) below.

- A. The purpose of this fee is to allow the applicant, by certificate of inclusion, to comply with the Federal Endangered Species Act through the Incidental Take Permit issued to the County. Fees collected are used to implement the terms of the Incidental Take Permit.
- B. All applicants for grading, building or off-site permits shall, prior to issuance thereof, complete a land disturbance/mitigation fee form furnished by each Clark County Department which issues such permits. The land disturbance/mitigation fee form must be complete, signed by the applicant for the permit and contain, at a minimum, the following information:
 - i. The Assessor's parcel number.
 - ii. The number of acres within the parcel and the area disturbed by related offsite improvements.
 - iii. The amount of mitigation fees actually paid.

14. For additional grading requirement, see hillside development regulations in Chapter 30.56.

- b. The Commission or Board shall not approve any request for a waiver of standards for premature grading prior to the Department of Environment and Sustainability's approval of a dust mitigation plan that includes steps to guarantee the maintenance of dust control should the proposed construction not be completed. This condition cannot be waived or varied.
- c. **Exceptions:** A grading permit may be issued prior to the completion of the requirements in subsections 30.32.040(a)(4) and (5), above, providing all the other requirements listed in 30.32.040(a), above, have been met and so long as Developer has entered into a grading agreement adopted by the County.

30.32.050 Incidental Take Permit: Compliance with Endangered Species Act.

- a. All applicants for a Land Disturbance Permit shall complete a land disturbance/mitigation fee form described in subsection 30.32.040(a)(13)(B) prior to issuance of the Permit.
- b. **Compliance with the Endangered Species Act.**
 1. All persons, firms, or entities located within Clark County which engage in any activity covered pursuant to the Clark County Multiple Species Habitat Conservation Plan, including but not limited to residential and commercial development, agriculture, mining, grazing and off highway vehicle activities must comply with the applicable provisions of the Incidental Take Permit to be included, by certificate of inclusion, for coverage under the Incidental Take Permit.
 2. All persons, firms, or entities, their agents and employees, which comply with the provisions of this Chapter are hereby permitted to incidentally take any species for which the United States Fish and Wildlife Service has issued the Incidental Take Permit so long as such person, firm or entity has complied and continues to comply with the applicable provisions of the Incidental Take Permit.
 3. All persons, firms, or entities which are not required to pay an MSHCP Mitigation Fee pursuant to the terms of this Chapter and Section 30.80.080 of this Code, but are otherwise in compliance with the applicable provisions of the Incidental Take Permit, are hereby permitted to incidentally take any species covered by the Incidental Take Permit.
 4. The certificate of inclusion that allows a person, firm or entity to comply with Federal Endangered Species Act through the Incidental Take Permit, including the incidental take of species listed in the Incidental Take Permit, shall be immediately revoked, without further action or notice, in the event such person, firm or entity ceases to be in compliance with subsections 1, 2 or 3 above. (Ord 4152 § 5 (part), 12/2013; Ord 4008 § 28, 3/2012; Ord. 3160 § 7 (part), 11/2004; Ord. 3085 § 50, 6/2004; Ord. 2602 § 2, 2001)

30.32.060 Technical Impact Analysis. Any technical impact analysis required by this Title, or as a condition of the approval of any application, shall be prepared by a Nevada licensed professional engineer, submitted, and approved before the submittal of the completed map or prior to the issuance of building permits for the improvement. Complete and accurate technical impact analyses shall be submitted to the Director of Public Works for conditional acceptance prior to the submission of a final map technical review or parcel map technical review.

1. Conditional Acceptance.

- A. The Director of Public Works shall review any required technical impact analysis to determine that the impact analysis is complete and accurate enough to ensure that the design of the proposed subdivision or development will not conflict with the goals of the technical impact analysis.
- B. When the preparer resubmits the impact analysis in a form acceptable to the Director of Public Works, the Director shall conditionally accept the impact analysis. The Director's conditional acceptance affirms the impact analysis is complete and accurate enough to ensure that the design of the proposed subdivision or development will not conflict with the findings of the impact analysis.

- C. If it is determined at any time in the process that the technical impact analysis is incomplete, inaccurate or has not adequately addressed outstanding issues, the impact analysis will be returned to the preparer for re-submission in an acceptable form.
2. **Notice.** Upon conditional acceptance of all required impact analyses, a notice will be prepared and provided to the preparer and/or developer indicating that a technical review can be submitted in accordance with Chapter 30.28. Any developer aggrieved by the conditions imposed as a result of this review may appeal the results by filing a waiver of standards per Table 30.16-7, which need not be a public hearing.
 3. **Final Approval.** No technical impact analysis shall be approved unless the developer demonstrates that compliance with the impact analysis will mitigate the impact of the development on adjacent and downstream properties. (Ord 4275 § 4 (part), 3/2015; Ord. 3859 § 6 (part), 6/2010; Ord. 2961 § 4 (part), 10/2003; Ord. 2769 § 74, 7/2002)

30.32.070 Right-of-Way Permit. A right-of-way permit shall be obtained for any improvements within a right-of-way or public easement in accordance with the following.

1. An off-site permit shall be issued for the purposes of constructing any major new improvements when:
 - A. The improvement plans and technical impact analyses for the proposed work have been reviewed and approved.
 - B. All necessary fees have been paid and bonds and agreements have been executed in accordance with Chapters 30.32 and 30.80 of this Title.
 - C. A grading permit is issued for the grading of the project, if applicable.
 - D. The final map, if required, has completed the first technical review, pursuant to the requirements established in Chapter 30.28, Table 30.28-2.
2. An encroachment permit shall be issued for the purposes of minor reconstruction, modification or maintenance of existing improvements, the installation of new utility facilities, or any other minor encroachment approved by the Director of Public Works within 5 working days when:
 - A. The applicant has completed an application for a permit on the forms provided and has submitted all plans, engineering calculations and other data that is required and applicant has agreed, in writing, to comply with all conditions as stated on that permit.
 - B. The applicant is properly licensed by the State Contractor Board, for performance of work within public right-of-way, or is a utility company.
 - C. The plans for the proposed work, including a construction traffic control plan in accordance with Section 30.32.140(c) of this Title, have been reviewed and approved.
 - D. All necessary fees and deposits have been made in accordance with this Chapter (30.32) and Chapter 30.80.
 - E. The applicant is not currently in default on an existing permit. If an applicant is currently in default, the application will be denied until final resolution of the defaulted permit, either by completing the work or, in the event the County has already completed the work, reimbursing the County for costs incurred exceeding the deposits posted in accordance with this Chapter (30.32) of this Title.

3. If an emergency arises, necessitating immediate work within the right-of-way during the hours when the Public Works Department is not open for business, notification shall be made to the Las Vegas Metropolitan Police Department and Clark County Fire Department, prior to commencement of work, giving the location, time and the extent thereof. An application for an encroachment permit shall be submitted to the Director of Public Works on the following business day, whether the emergency work has been completed or not. The permit shall be granted if the applicant complies with the provisions of this Chapter (30.32) of this Title.
4. Whenever any work, with the exception of emergency work per subsection (3) above, for which a permit is required by this code has been commenced without first obtaining said permit, or exceeding the scope of a valid permit, an investigation shall be made before a permit may be issued for such work. A right-of-way permit violation fee per Chapter 30.80 of this Title shall be collected in addition to all other applicable fees prior to issuance of a permit. The payment of such permit violation fee shall not exempt any person from compliance with all other provisions of this Title or the technical codes nor from any penalty described by law.
5. Prior to issuance of an encroachment permit or prior to commencement of construction for an offsite permit, a traffic control plan must be submitted, a review fee paid, and the traffic control plan approved by the Director of Public Works to ensure that the work will not unreasonably interfere with vehicular and pedestrian traffic, the demand and necessity for parking spaces, and the ingress and egress from the affected or adjacent properties and rights-of-way. The Traffic Control Plan shall conform to the "Manual on Uniform Traffic Control Devices, Latest Edition" and the manual entitled "Nevada Work Zone Traffic Control Handbook, Latest Edition."
6. Any proposed utility line not shown to be underground shall not be approved unless the Zoning Administrator approves the installation following the approval of a waiver of standards as required by Table 30.16-7, which need not be a public hearing.
7. In the State of Nevada Hydrographic Area 212, commonly known as the Las Vegas Valley PM₁₀ non-attainment area of the County, whenever any work is in a public right-of-way that is unpaved, and there is no existing permitted obligation to pave the right-of-way by another applicant, the applicant is required to provide: 1) an agreement executed by the utility company that they will provide dust control of the right-of-way disturbed by the applicant and compliance with Clark County Air Quality regulations until the right-of-way is paved in accordance with Clark County standards; or 2) paved roadway access improvements in accordance with Clark County Code in the right-of-way disturbed by the applicant; or 3) a cash payment to the Clark County Capital Improvement Fund in the amount equal to the estimated cost of constructing the paved access roadway improvements within the right-of-way disturbed. The cost will be established by the Department of Public Works and will be based upon the square feet of the right-of-way disturbed by the applicant. Such funds shall be used specifically for paving the roadway in the area of the work covered by the permit. (Ord. 4481 § 7 (part), 5/2017; Ord. 3970 § 4 (part), 8/2011; Ord. 3859 § 6 (part), 6/2010; Ord. 3229 § 5 (part), 6/2005; Ord. 3160 § 7 (part), 11/2004; Ord. 3092 § 1, 7/2004; Ord. 2961 § 4 (part), 10/2003; Ord. 2769 § 75, 7/2002)

30.32.080 Improvement Plans.

- a. **Standard Drawings and Specifications.** Improvements within a public or private right-of-way/easement shall be constructed in accordance with the "Uniform Standard Drawings for Public Works Construction Off-Site Improvements, Clark County Area, Nevada" and "Uniform Standard Specifications For Public Works Construction Off-Site Improvements, Clark County Area, Nevada" and appendices, current edition or as amended, and on file for public review at the County Clerk's Office and at the Clark County Regional Transportation Commission of Southern Nevada office, as modified by:

1. Policies of the Director of Public Works on file for public review at the office of the Director of Public Works.
2. “Clark County Supplement to Uniform Standard Drawings and Specifications” and appendices, current edition or as amended, and on file for public review at the County Clerk’s Office and at the office of the Director of Public Works.
3. “Minimum Road Design Standards for Non-Urban Roadways” and appendices, current edition or as amended from time to time, and on file for public review at the County Clerk’s Office and at the office of the Director of Public Works.
4. Improvements shall also be constructed in accordance with Subsection 30.52.050(b) (Drainage Regulations, Criteria and Design Manual).

b. Improvement Plan Submittal, Review and Approval.

1. The developer, or representative, shall submit to the Director of Public Works:
 - A. Four (4) copies of the improvement plans. The plans, profiles, cross sections and specifications shall be in accordance with this Title and any conditions imposed by the Commission or Board.
 - B. An improvement plan review fee in accordance with Chapter 30.80 of this Title.
2. The plans shall be submitted prior to the submission of a final map technical review or parcel map technical review.
3. The plans shall be reviewed to determine whether they are complete and accurate in accordance with this Title, any conditions imposed by the Commission or Board, and in compliance with any required and approved technical impact analyses.
4. If the plans are not complete and accurate, the Director of Public Works shall provide information to the applicant’s engineer detailing the necessary corrections to be made. Applicant’s engineer shall resubmit the following to the Director of Public Works together with the required inspection fees:
 - A. Corrected street plans and profiles: original.
 - B. Corrected sewer plans and profiles: original.
 - C. Corrected street lighting plan: original.
 - D. Corrected water plan: original.
 - E. Corrected drainage improvements and grading plans: original.
5. When the Director of Public Works is satisfied as to the technical correctness of the improvement plans submitted for a subdivision map, he shall transmit his approval to the Zoning Administrator.

6. The final improvement plans, which shall remain on file with the County, shall be signed as approved by the Director of Public Works when bonds are posted, fees are paid, the plans, profiles, cross sections and specifications for improvements meet the requirements of this Title, all special requirements that have been required by the Commission and the Board have been met, and all applicable agency approvals have been obtained. The final plans should contain all original signatures of the approving agencies and design engineer and be legible and clear for reproduction purposes.
7. Approval by other entities, as required, shall be either indicated by letter or on the plans and profiles retained by the Director of Public Works or the applicable agencies, departments or districts.
8. Any changes from the approved plans deemed necessary during the construction and installation of improvements shall be approved by the Director of Public Works and, where publicly funded projects are impacted, the applicable agency. If plans are revised, plans and fees in accordance with Chapter 30.80 of this Title shall be submitted prior to acceptance of the revised development improvements. (Ord. 4770 § 5 (part), 3/2020; Ord 4275 § 4 (part), 3/2015; Ord. 3859 § 6 (part), 6/2010; Ord. 3432 § 4, 10/2006; Ord. 2961 § 4 (part), 10/2003; Ord. 2769 § 76, 7/2002)

30.32.090 Utility Improvement Plans, Submittal and Review. The developer and the utility companies are responsible for complying with the requirements of this chapter, and the developer shall make the necessary arrangements with the utility companies involved for the design plans and for the installation of said utility lines. It shall be the responsibility of the property owner to provide utility easements as may be required.

1. **Overhead Utility Permit.** Following the approval of a waiver of standards or variance to establish overhead utilities, if required, utility companies requesting approval for the installation of overhead utility lines shall be required to submit two copies of a plan to the Zoning Administrator showing the following:
 - A. The distribution systems proposed to be installed;
 - B. Location of all existing facilities, existing or proposed sources of power and the location of any street intersections;
 - C. The location of any existing or proposed rights-of-way and/or easements;
 - D. The assessor's parcel number for the starting point of the extension; and
 - E. A legend which includes, at a minimum, standard symbols or notations of existing utilities, including locations of poles and easements.
2. **Review process.** Approval by the Zoning Administrator is required prior to construction or installation of overhead utilities.
 - A. The Zoning Administrator shall review the plan for compliance with the provisions of the Clark County Code and then forward the approved plans to the Director of Public Works.
 - B. The Director of Public Works shall ensure that overhead utilities shall not be installed without plans for such approved by the Zoning Administrator. (Ord. 3859 § 6 (part), 6/2010; Ord. 2769 § 77 & 78, 7/2002)

(Ord 4685 § 1, 4/2019; Ord. 4529 § 2 (part), 10/2017; Ord. 4481 § 7 (part), 5/2017; Ord. 3160 § 7 (part), 11/2004; Ord. 2961 § 4 (part), 10/2003)

1. The Director of Public Works may waive the time restrictions as set forth in this Section if the general prosperity, health, safety or welfare of the public is not adversely affected and if the work to be performed:
 - A. Is not within two hundred and fifty (250) feet of a residential dwelling.
 - B. Will not unnecessarily disrupt traffic flow.
 - C. Requires materials that are not readily available during the restricted time periods.
 - D. Would not significantly disrupt traffic flow during the restricted time periods any more than during the unrestricted time periods.
 - E. Necessitates that such work be accomplished at different time periods than those specified herein.
 - F. Can be completed in whole, or in part, with more intense construction activity that shortens the overall length of the traffic disruption.
2. Where the applicant is aggrieved by the decision of the Director of Public Works, the applicant may file an appeal in the form of a waiver of standards application to the Commission as provided in Table 30.16-7 of this Title, which need not be a public hearing.

30.32.110 Notice of Public Street Project Commencement.

- a. Whenever the County or any other party proposes to construct, reconstruct or resurface a street, the County shall provide the owners of the properties as identified on the current Clark County Tax Assessor's Records that abut the street, or proposed street that is scheduled for such improvement, utility owners or operators, and any governmental entities affected by the scheduled construction, reconstruction or resurfacing with a notice that:
 1. Advises them of the proposed improvement.
 2. Affords them the opportunity to place, expand, relocate, modify or connect utilities in such street or proposed street before the work of improvement commences.
 3. Advises them that, if they fail to do so, they will be restricted from excavating in the street that is to be constructed, reconstructed or modified for the purpose of making utility placement, expansion, relocation, modification, or connections for a period of five (5) years after the work of improvement is completed.
- b. At least one hundred eighty calendar days (180) prior to the commencement of the work of construction, reconstruction, relocation or resurfacing, notice to owners of property identified in Section 30.32.110(a) shall be filed and recorded in the Office of the County Recorder with respect to each of such properties. Owners/operators of utilities or governmental entities shall receive notice by certified mail.

30.32.120 Utility Connections to be Made with Public Street Project. For any notice provided to the owners of the property, public utilities, or government entities, in accordance with Section 30.32.110, except as otherwise provided by the Nevada Revised Statutes or by a franchise agreement with the County, the following conditions apply:

1. The notice shall be binding upon the owner or affected entity and upon any successor in interest in, and to, such property or entity.
2. All utility connections, expansions, relocations, modifications or placements must be made within one hundred eighty (180) days of notification, or in conjunction with, the work of improvement on the street or proposed street. Failure to make any such improvement(s) within one hundred eighty (180) days of notification, or in conjunction with the construction, reconstruction or modification of the street, shall be restricted from excavating in the constructed, reconstructed or modified street for any reason for a period of five (5) years after the work is completed and accepted by the County for maintenance, except as provided by Section 30.32.100 of this Title.

30.32.130 Exceptions to Restrictions Against Cutting Streets.

- a. **Alternate Methods.** In the event that any owner specified above, upon which notice is binding, seeks to work in a public street for the purpose of making a utility connection, expansion, relocation, modification or placement, may request approval from the Director of Public Works, subject to the following conditions.
 1. Alternative methods of providing utility placements, connections, expansions, relocations or modifications, other than by cutting the subject street, must be considered and may be required by the Director of Public Works. Such alternative methods may include, but are not limited to, underground jacking, boring or tunneling under the street surface or by excavating in unpaved alternative alignments or paved alternative alignments not covered by this Chapter. Such alternatives shall also consider the construction of the connection, expansion, relocation or modification from another direction or street in the vicinity, and must conform to the utility's standards and service rules.
 2. When the alternative methods specified in Subsection (1) of this Section cannot be performed, cuts will be allowed and the restoration of pavement shall meet, or may exceed, the minimum requirements described in Section 30.52.060 and may require additional resurfacing of the streets after repairs are made to maintain a uniform pavement appearance.
- b. **Emergency Work.** The restrictions against cutting streets contained in Section 30.32.130 shall not apply to emergency work. Emergency work shall be accomplished in accordance with Section 30.32.070(3) of this Title.

30.32.140 Off-Site Inspections.

- a. All construction or work within a right-of-way or easement for which a permit is required shall be subject to inspection by the Director of Public Works.
 1. The permittee shall notify the Director, one (1) business day prior to requested inspection, that such work is ready for inspection.
 2. Any permitted work shall not be done beyond each successive stage of construction as indicated in specifications without first obtaining an inspection and approval of the Director.
 3. The Director, upon notification shall, within a reasonable time frame, make the requested inspections and shall either indicate that portion of the construction is satisfactory as completed or shall notify the permittee or their agent where the work fails to comply with this Title. Any portions which do not comply shall be corrected and such portion shall not be covered until authorized.
 4. A re-inspection fee may be assessed for each re-inspection of work in accordance with Chapter 30.80 if any one (1) of the following conditions occur.
 - A. Work for which an inspection has been requested is not complete.
 - B. Corrections identified in a previous inspection are not complete.
 - C. Work for which inspection has been requested has been covered.
 - D. Work which requires approval prior to the requested inspection has not been approved.
 5. There shall be a final inspection and approval on all construction when completed and ready for acceptance by the Director and all necessary re-inspection, construction traffic control violation, night work and/or overtime fees have been paid in accordance with Chapter 30.80.
- b. The following inspection provisions are required for grading work permitted under the “Uniform Regulations for the Control of Drainage” to verify compliance with approved plans, specifications and computations, as approved by the local administrator and permitted by the Designated Official. The Designated Official shall ensure that inspections are conducted by qualified individuals and reports are filed to verify compliance by one (1) of the following methods, based upon the project circumstances.
 1. Certification by a Nevada Licensed Professional Engineer who designed the project that work is in substantial compliance with the approved plans, computations, specifications and required testing or certification by a quality control testing and/or inspection agency under this Title or inspection report filed by a County Inspector.
 2. Certifications by a Nevada Licensed Professional Land Surveyor may be required to ensure finish grades comply with the approved plans. No final inspection shall be approved, certificate of completion accepted, or certificate of occupancy issued without such compliance.
- c. **Construction Traffic Control Plan.** Any applicant with an approved permit not maintaining barricades or signage in conformance with their approved Construction Traffic Control Plan within right-of-way which, upon notification, has not corrected the situation and requires the placing of barricades, warning lights or signs by the Director of Public Works, in the interest of public safety shall be charged a construction traffic control violation fee in accordance with Chapter 30.80, for each occasion in which the Director finds it necessary to place or maintain the traffic control devices in the construction zones on behalf of the contractor. Any traffic control

device left in County right-of-way beyond the time limits established on the Construction Traffic Control Plan may be confiscated by the County. The permittee, after providing sufficient proof of ownership, may, at any time up to, and including, the thirtieth day after confiscation, obtain a return of the traffic control device upon payment of the construction traffic control plan violation fee. (Ord. 3859 § 6 (part), 6/2010; Ord. 2961 § 4 (part), 10/2003; Ord. 2769 § 79 & 80, 7/2002)

30.32.150 Bonds and Cash Deposits in Conjunction with the Off-Site Permit. The construction or installation of improvements shall be assured by entering into an agreement with the County whereby the developer agrees to furnish labor, equipment, and material necessary to complete the work within the time specified. The developer shall deliver to the County either a one hundred percent (100%) performance bond or a cash deposit in such an aggregate amount as is estimated by the Director of Public Works to be the total cost of the construction and/or installation of improvements required.

- 1. Posting of Bonds.** Bonds posted pursuant to the above shall run to the County and provide that the developer, his heirs or successors and assigns, and their agents and servants, will comply with the applicable terms, conditions, and provisions of these regulations and will faithfully perform the work of constructing and installing such facilities and improvements in accordance with applicable laws and regulations, and that the developer will save and hold the County harmless from any expense incurred, or damages resulting from the failure of the developer, his heirs, successors or assigns, and their agents or servants, to complete the work of installation and construction of the improvements within the time and manner required by this Title.
- 2. Acceptance of Bonds.** Before acceptance, any required bond or cash deposit shall be approved by the Director of Public Works.
 - A.** If a bond is offered, it shall be executed by a surety or guaranty company, licensed in the State of Nevada, on a form approved by the County and the company shall:
 - i.** Hold a current Certificate of Authority as an acceptable surety on federal bonds per the current United States Department of Treasury listing of approved sureties, Department Circular 570.
 - ii.** Have a current rating of "A" or better by the A.M. Best Company and a Rating Outlook of Stable or Positive.
 - B.** If cash is offered in lieu of a bond it shall:
 - i.** Be of an amount that does not exceed the amount that is federally insured by the Federal Deposit Insurance Corporation of the National Credit Union Administration. In order to offer a cash in lieu of bond, the total cost of the construction and/or installation of the improvements shall not exceed the amount that is federally insured by the Federal Deposit Insurance Corporation or the National Credit Union Administration.
 - ii.** Be deposited with the Director of Public Works who shall provide a receipt and signify the amount and purpose of said deposit, in compliance with these regulations. No interest shall be paid on funds deposited.
 - iii.** Be deposited in a local bank or credit union (bank), insured by the Federal Deposit Insurance Corporation or the National Credit Union Administration, if a proper agreement is entered into by, and between, the developer, the County and such bank, to pay for the installation of said improvements as they are installed. This agreement shall provide, among other things, that there shall, at all times, be a ten percent (10%) retention of the funds so deposited until all improvements have been completed and accepted by the Director of Public Works. The named bank shall have an office or offices lawfully located and actually doing business within the County of Clark, State of Nevada.

3. Duration and Release.

A. Surety Bond. Unless the property that is the subject of the development has been reverted to acreage, bonds posted pursuant to these regulations shall not be released or returned until such time as the improvements guaranteed have been accepted and approved by the Director of Public Works. No improvements shall be accepted or approved unless they conform with the approved set of off-site plans on file. There may be a one time bond reduction of 80% of the surety bond for subdivision projects when only the following improvements are remaining to be built on the streets:

- i. sidewalks;
- ii. utility pads and boxes;
- iii. slurry seal on the asphalt; and
- iv. the water and sewer utilities have agreed to this reduction.

The reduction does not constitute acceptance of any of the projected improvements for maintenance, which will occur upon completion of the required work and release of the remaining 20% of the surety bond.

B. Cash Deposits/Installment Release. Upon completion and inspection of separate phases of work, the Director of Public Works shall have the authority to release funds from a cash deposit made in accordance with Section 30.32.150 (2)(B), every thirty (30) days provided, however, that there shall be at all times a ten percent (10%) retention of all funds so deposited until all of such improvements have been completed and accepted by the Director of Public Works. In the event a cash deposit is made with a local bank or credit union (bank), the release of the funds so deposited shall be governed by the provisions of the deposit agreement.

C. Replacement Bond. Any developer wishing to replace an existing bond with a new bond in an amount equal to the amount previously established in this Section, prior to the completion and acceptance of the improvements required by the County Code, shall be required to pay a bond replacement fee, in accordance with Chapter 30.80, to cover the cost of processing the replacement bond.

4. Default on Work Required Under Bond. If the construction or installation of any improvements or facilities for which a bond is posted is not completed within two (2) years of the date of approval of the final map, (or the time provided in an approved extension of time granted per 30.52.090), whichever is sooner, or if such construction or development is not in accordance or compliance with the Section 30.52.050, or the Off-Site Improvement Agreement or the off-site permit, the County may seek recovery against the bond and the surety shall be responsible and liable for the completion or procurement of completion of the obligations of its principal, whether or not construction of the development, or the off-site improvements, has commenced, and regardless of whether the principal is the owner of the property that is the subject of the development. In no way is the bond intended, or to be interpreted, to condition or delay surety's obligations until after completion of principal's obligations to fully construct the improvements. In the event cash is deposited with the Director of Public Works, the County may use as much of such cash as is necessary to construct or install the improvements or facilities. If any portion of a cash deposit is not required or used by the County, such excess cash shall be repaid to the person making the deposit upon acceptance or approval of the improvements or facilities herein required. Should the actual cost of the improvements exceeds the bond, the developer is in no way relieved from paying the entire amount of such excess. (Ord. 4077 § 6 (part), 2/2013; Ord. 3859 § 6 (part), 6/2010; Ord. 3848 § 5 (part), 2/2010; Ord 3820 § 2, 11/2009; Ord. 3229 § 5 (part), 6/2005; Ord. 2961 § 4 (part), 10/2003; Ord. 2769 § 81, 7/2002)

- 30.32.160 Cash Deposit in Conjunction with an Encroachment Permit.** Prior to the issuance of an encroachment permit for any of the purposes designated in Section 30.32.070(2), an applicant that has had a previous permit in default within the previous two (2) years shall be required to make a deposit with the Director of Public Works in such sum as designated by the Director of Public Works to restore the streets and improvements to their proper condition. Should the person obtaining such permit default or fail, neglect or refuse to restore the right-of-way to proper condition to the satisfaction of the Director of Public Works, the Director of Public Works may use any part of the deposit for such work. Deposit shall be released upon final approval of the work by the Director of Public Works, less any deductions made pursuant to this Section. (Ord. 3859 § 6 (part), 6/2010; Ord. 2769 § 82, 7/2002)
- 30.32.170 Off-Site Improvement Phasing for Commercial Projects. – DELETED** (Ord. 3518 § 7 (part), 5/2007)
- 30.32.180 Reimbursement. – DELETED** (Ord. 3518 § 7 (part), 5/2007)

30.36 Zoning Districts and Maps

30.36.010 Establishment of Zoning Districts. In order to classify, regulate, and segregate the use of land, buildings and structures, and to regulate and restrict the height and bulk of buildings, the unincorporated territory of Clark County is divided into districts as follows.

1. Residential Districts.

A. Single Family Districts:

- i. Rural Residential:**
 - R-U, rural open land district
 - R-A, residential agricultural district
 - R-E, rural estates residential district
 - R-D, suburban estates residential district
- ii. Suburban Residential:**
 - R-1, single-family residential district
 - R-T, manufactured home residential district
- iii. Compact Residential:**
 - R-2, medium density residential district
 - RUD, residential urban density

B. Multiple Family Residential Districts:

- R-3, multiple-family residential district
- R-4, multiple-family residential district (high density)
- R-5, apartment residential district

2. Commercial Districts.

- CRT, commercial residential transitional district
- C-P, office and professional district
- C-1, local business district
- C-2, general commercial district

3. Manufacturing Districts.

- M-D, designed manufacturing district
- M-1, light manufacturing district
- M-2, industrial district

4. Special Districts.

- O-S, open space district
- H-2, general highway frontage district
- P-F, public facility district
- R-V-P, recreational vehicle park district
- U-V, urban village district
- H-1, limited resort and apartment district

5. Overlay Districts.

Adult Use Overlay District
Airport Airspace Overlay District
Airport Environs (AE) Overlay District
Asian Design Overlay District
Cooperative Management Agreement (CMA) Area Design Overlay District
Gaming Enterprise District
Historic Neighborhood Overlay District
Mixed Use Overlay District (MUD)
Moapa Valley Overlay District
Red Rock Design Overlay District
Residential Neighborhood Preservation (RNP) Overlay District
South of Sahara Avenue (SOSA) Design Overlay District
Spring Mountain Overlay District
Transition Corridor Overlay District (Ord. 4016 § 1 (part), 4/2012; Ord 3955 § 4 (part), 6/2011; Ord. 3804 § 4 (part), 9/2009; Ord 3720 § 4 (part), 12/2008; Ord. 3521 § 2 (part), 6/2007; Ord. 3382 § 2 (part), 5/2006; Ord. 3174 § 3 (part), 1/2005; Ord. 3061 § 4 (part), 5/2004)

30.36.020 Interpretation of District Sequence.

- a. Within the residential, commercial and manufacturing district categories, each district shall be deemed to be less restrictive than the district preceding it and each category shall be deemed to be less restrictive than the category preceding it.
- b. The overlay districts shall provide additional requirements and limitations beyond those required by the underlying zoning district only.
- c. The regulations set by this Title within each district shall be considered minimum requirements and shall apply uniformly to each class or kind of structure or land, except as otherwise provided. (Ord. 4077 § 7, 2/2013)

30.36.030 The Official Zoning Map. The County is divided into zones or districts, as shown on the Official Zoning Map, which may be in the form as described in Section 30.36.050, including all explanatory matter, is adopted by reference and declared to be a part of this Title. Any map printed identifying the Official Zoning Map shall be identified by the following words:

“THIS IS THE OFFICIAL ZONING MAP REFERRED TO IN SECTION 30.36.030 OF THE CLARK COUNTY CODE OF THE COUNTY OF CLARK, STATE OF NEVADA AS OF _____ (Date).”

30.36.040 Disclosure Maps. Per Section 7.65.010 of the Clark County Code, the posting of zoning maps and land use plan maps shall be required to be posted showing a 1 mile radius of the property for any residential subdivision with 10 or more lots. The maps must be displayed within the sales office of the subdivision. Chapter 113.070 of the Nevada Revised Statutes requires that at the time of the initial sale of land that the zoning designation and master plan be disclosed to the buyer, and a copy of the Gaming Enterprise District Map is required to be provided with the location of the nearest Gaming Enterprise District. This information and maps for purchase are available in the offices of the Department of Comprehensive Planning and are also available, without charge, on the internet at www.clarkcountynv.gov within County Services by Department/Comprehensive Planning/Open Web Info Mapper selections. (Ord. 3229 § 6, 6/2005)

30.36.050 Custody of the Official Zoning Map. Regardless of the existence of copies which may from time to time be made or published, the Official Zoning Map shall be under the custody of the County Clerk and maintained in an electronic database reflecting ordinances adopted to reclassify property. This Official Zoning Map, so stored, shall be the final authority as to the current zoning status of land and water areas, buildings, and other structures in the County.

30.36.060 Amendments to the Official Zoning Map No changes of any nature shall be made to the Official Zoning Map except in conformity with the procedures for amending the map as set forth in this Title. If changes are made to district boundaries or other matters portrayed on the Official Zoning Map, such changes shall be entered promptly after the ordinance to amend the district boundary adopted by the Board. No amendment to this Title which involves matters portrayed on the Official Zoning Map shall become effective until after such change has been adopted by the Board.

30.36.070 Rules for Interpretation of District Boundaries. Where uncertainty exists as to the boundaries of districts as shown on the Official Zoning Map, the approximate alignment of the boundary, indicated as follows, shall rule.

1. District boundary lines shall be construed to follow:
 - A. The centerlines of streets, highways or alleys.
 - B. Platted lot lines, section lines, quarter section lines or city limits.
 - C. Railroad lines midway between the main tracks.
 - D. Shorelines and, in the event of change in the shoreline, shall be construed as moving with the actual shoreline. Boundaries indicated as approximately following the centerlines of streams, rivers, canals, lakes or other bodies of water shall be constructed to follow such centerlines.
2. District boundaries indicated as parallel to, or extensions of, features indicated in subsection (1) of this Section shall be so construed. Distances not specifically indicated on the Official Zoning Map shall be determined by the scale of the map, or where an ordinance exists based on the legal description.
3. Where physical or cultural features existing on the ground do not coincide with those shown on the Official Zoning Map or are not covered by subsections (1) and (2) of this Section, the Zoning Administrator shall interpret the district boundaries.

30.36.080 Miscellaneous Maps. Maps and the electronic database creating such maps, are hereby adopted to describe specific geographic areas related to topography, air quality, airport functions, overlay districts, community districts, and the protection of rural areas. The maps are as adopted by the Board, and as amended by future action. These maps are shown in reduced form in Appendix G, and detailed copies are available for review and/or purchase from the Department of Comprehensive Planning. The maps are the basis of specific regulations listed within this title which are designed to mitigate the impact of development within the particular areas described. The maps are as follows:

1. **Airport Airspace Maps.** The maps described in Chapter 20.13 and Part B of Chapter 30.48 within which the height of structures is limited within airspace affected by aircraft operations.
 - A. **Harry Reid International Airport Airspace Map**
 - B. **Nellis AFB Airspace Map**
 - C. **North Las Vegas Airport Airspace Map**
 - D. **(save for future Airport use)**
 - E. **Jean Airport Airspace Map**
 - F. **Overton Airport Airspace Map**
2. **DELETED**

3. **Community District Map.** The community districts and boundaries adopted by the various land use plans.
 - A. **Community District Map – Clark County**
 - B. **Community District Map – Las Vegas Valley**
4. **Co-operative Management Area Map.** The area described by the Southern Nevada Public Lands Management Act within which public lands were transferred to Clark County for disposition, and which is affected by aircraft operations.
5. **DELETED**
6. **Hillside Map.** The approximate areas of the County where the slope exceeds 12%.
 - A. **Slope Map – Clark County**
 - B. **Slope Map – Las Vegas Valley**
7. **Las Vegas Artesian Basin Map.** The map describing the watershed of the Las Vegas Valley and areas as designated and described by the Office of the State Engineer of the State of Nevada within which the subdivision of land is restricted due to inadequate ground water resources.
8. **Las Vegas Valley Oversizing Areas Map and Projected Urban Water Service Boundary.** The map designating the service area for the Las Vegas Valley Water District.
9. **DELETED**
10. **Urban/Rural Boundary Map.** The boundary between the area anticipated to be developed per urban standards and the area to be developed per rural standards.
11. **Air Quality Affected Areas – Nevada State Hydrographic Basins 212, 216, and 217.** The boundary describing Nevada Hydrographic Basins 212 (PM-10 Non-attainment area), 216, and 217 within which the Nevada Department of Conservation and Natural Resources, Division of Environmental Protection, has determined must be in compliance with national standards for air quality control.
12. **Red Rock Design Overlay District Map.** The area generally known as the Red Rock Canyon National Conservation Area and adjacent lands, including the southern Gateway Corridor (routes historically defining entrance to the area), the Calico Basin, and the town of Blue Diamond.
13. **Adult Use Overlay District Map.** The areas in which adult uses are permitted per Chapter 30.48 Part H.
14. **CMA Area Design Overlay District Map.** The boundary within which special design and development standards described in Chapter 30.48. PART I, shall be applied.
15. **Mixed Use Overlay District.** The boundary within which U-V zoning is permitted and for which special design and development standards described in Chapter 30.48, PART J, shall be applied for mixed use developments.
 - A. **Las Vegas Valley**
 - B. **Laughlin**

- 16. Asian Design Overlay District Map.** The boundary within which special design and development standards described in Chapter 30.48. PART K, shall be applied.
- 17. Moapa Valley Overlay District Map.** The boundary within which special design and development standards described in Chapter 30.48 PART L, shall be applied.
- 18. Airport Environs Overlay District Maps.** The maps described in PART A of Chapter 30.48 which further restrict land uses and regulate noise. The official data is stored and maintained in an electronic database and adopted as part of the Official Zoning Map. The maps listed below are included in Appendix G for reference.
- A. Harry Reid International Airport Environs Overlay District Map**
 - B. Nellis Air Force Base Airport Environs Overlay District Map**
 - C. Creech Air Force Base Airport Environs Overlay District Map**
 - D. Henderson Executive Airport Environs Overlay District Map**
 - E. North Las Vegas Airport Environs Overlay District Map**
- 19. South of Sahara Avenue (SOSA) Design Overlay District Map.** The boundary within which special design and development standards described in Chapter 30.48 PART M, shall be applied.
- 20. Spring Mountain Overlay District Map.** The boundary within which special design and development standards described in Chapter 30.48 PART N, shall be applied.
- 21. Bird Airstrike Hazard Area Maps.** As recommended by the FAA, the area designated as having the potential for wildlife to impact aircraft movement.
- A. Harry Reid International Airport**
 - B. Nellis Air Force Base**
 - C. Creech Air Force Base**
 - D. North Las Vegas Airport**
 - E. Henderson Executive Airport**
 - F. Jean Airport**
 - G. Overton Airport**

30.40 Zoning Base Districts

30.40.010 General Applicability. This Chapter outlines the purposes, bulk, and intensity requirements for the various zoning base districts. In addition to the standards outlined in this Chapter, all development shall be subject to the requirements included in Chapters 30.52 (Off-Site Development Requirements), 30.56 (Site Development Standards), 30.60 (Parking and Loading Regulations), 30.64 (Site Landscape and Screening Standards), 30.68 (Site Environmental Standards) and, when applicable, to the special requirements and restrictions outlined in Chapter 30.48 (Zoning Overlay Districts). Developments which are to be designed under the planned unit development provisions of this Title shall refer to Chapter 30.24 (Planned Unit Development). (Ord. 3055 § 3 (part), 4/2004)

30.40.020 Permitted Deviations from Bulk and Intensity Requirements. In accordance with the limitations listed below, administrative minor deviations (up to 10% unless otherwise specified) from the development standards listed in the following tables may be approved administratively, in accordance with the procedure outlined in Table 30.16-8. Deviations shall be subject to the following limitations:

- 1. Rural Residential, Single-Family Residential, and Multi-Family Residential Districts.** Deviations from density restrictions, the minimum required setback of 10 feet from any street, and minimum driveway requirements shall not be permitted. In addition, deviations from the minimum lot area shall not be permitted for property within an RNP I, II, or III Overlay District or property designated RNP in the adopted land use plan.
- 2. Commercial, Industrial and Special Districts.** Deviations from the minimum required setback from a street shall not be permitted. Administrative minor deviations for structures over 100 feet in height are not permitted. (Ord. 4770 § 6 (part), 3/2020; Ord. 4102 § 1 (part), 6/2013; Ord. 4077 § 8 (part), 2/2013; Ord. 3549 § 6 (part), 9/2007; Ord. 3432 § 5 (part), 10/2006; Ord. 2741 § 6 (part), 5/2002)

30.40.030 Rural Residential Districts.

- a. General Purpose.** The Rural Residential Districts set forth herein, are intended to permit a broad range of rural residential development necessary to serve the citizens of Clark County.
- b. Standards Applicable to All Rural Residential Districts.** All Rural Residential Districts shall comply with the bulk and intensity requirements listed in Table 30.40-1 and, when applicable, to the additional standards and restrictions required for properties located within any overlay district established in Chapter 30.48 (see respective PART).
- c. Dwelling Unit Density.**
 - 1.** The number of dwelling units per gross acre shall not exceed limits as set forth for the various districts, or for any lot or parcel within the district.
 - 2.** If a lot or parcel lies within more than 1 district, the density of that portion within each district shall not exceed the density permitted for the district.
 - 3.** Variances or waivers of standards to permit additional density shall not be accepted by the Zoning Administrator.
- d. Uses Permitted.** The uses listed under the column of the respective Rural Residential Districts within Table 30.44-1 (see also Appendix F, uses categorized by zoning district) shall establish the uses permitted within the districts, subject to the conditions listed and to all administrative and special use permit approvals as shown in the Table. (Also see Accessory Commercial Uses in Table 30.44-1) (Ord. 3174 § 4 (part), 1/2005; Ord. 3055 § 3 (part), 4/2004)

- 30.40.040 Purpose of R-U, Rural Open Land District.** This district is established to provide for very low density residential use and other appropriate uses of the vast areas of rural land. See Table 30.56-2A for additional design standards and subsection 30.56.060 (b) for provisions regarding special setbacks permitted within Mt. Charleston, Lee Canyon, and Kyle Canyon. (Ord. 4109 § 2 (part), 7/2013; Ord. 3160 § 8 (part), 11/2004; Ord. 3055 § 3 (part), 4/2004)
- 30.40.050 Purpose of R-A, Residential Agricultural District.** This district is established for areas particularly suited for agricultural uses, including residential uses in conjunction with the raising of crops and animals and other agricultural activities. See Table 30.56-2A for additional design standards. (Ord. 4109 § 2 (part), 7/2013; Ord. 3055 § 3 (part), 4/2004)
- 30.40.060 Purpose of R-E, Rural Estates, Residential District.** This district is established for areas particularly suited for low density residential uses and to the raising of crops and of a limited number of animals. See Table 30.56-2A for additional design standards. (Ord. 4109 § 2 (part), 7/2013; Ord. 4102 § 1 (part), 6/2013; Ord. 3757 § 4 (part), 4/2009; Ord. 3160 § 8 (part), 11/2004; Ord. 3106 § 5 (part), 8/2004; Ord. 3055 § 3 (part), 4/2004)
- 30.40.070 Purpose of R-D, Suburban Estates Residential District.** This district is established for use in areas particularly suited to low-density, single-family residential use on lots of 10,000 square feet or more in area. See Table 30.56-2A for additional design standards. (Ord. 4109 § 2 (part), 7/2013; Ord. 3055 § 3 (part), 4/2004)

Table 30.40-1 Rural Residential Districts - Property Development Standards Bulk Matrix	R-U	R-A	R-E	R-D	Notes/Additional Requirements
Dwelling Unit Density (Per Gross Acre)	0.5	1	2	3	Per gross unit
Lot Area	80,000 sq. ft.	40,000 sq. ft.	20,000 sq. ft.	10,000 sq. ft.	Southern Nevada Health District may further restrict requirements for water and sewage. Landscape and common area lots need not meet minimum area. Administrative minor deviations shall not be permitted for property located within the RNP I or II Overlay District, or property designated RNP in the adopted land use plan.
Net Area	72,000 sq.ft.	36,000 sq.ft.	18,000 sq. ft.	9,000 sq. ft.	Lot area less all easements or private streets which restrict construction. The net area for lots adjacent to a collector or arterial street may be reduced by 10%.
Lot Coverage	15%	25%	50%	50%	
Yard Setback					See Section 30.52.025 (Sight Zones). Setback measured from property line, except for R-D, which shall be set back from the edge of any private street. Garage openings must be set back a minimum of 20 feet, except for lots on cul-de-sac streets (See 30.56.040 Yards & Setbacks). See Building Code for additional setbacks. In no case shall the minimum setback from a street be less than 10 feet. (See 30.56.040(d))
Front¹	40 feet ²	40 feet	40 feet	30 feet	Front setback must be open to the sky, void of buildings and courtyard with alternatives as follows: A. A twelve foot reduction for a maximum 50% of the overall building width (furthest side to furthest side) if: i. 2 trees are planted adjacent to the street front; or ii. Decorative features are provided and shown on plans, such as bay windows or stucco pop-outs, and color or texture other than a gray broom finish is added to the driveway. B. On lots smaller than 80,000 square feet, barns, stalls, arenas, paddocks, corrals, and pens for animals (considered structures) shall only be permitted in the side and rear yards; pastures, turnouts, and exercise areas for animals may be located in the front yard with no additional setback required, provided the requirements for accessory structures and fencing are satisfied (note: fencing materials may include traditional farm fencing (smooth twisted wire mounted on posts) or alternative fencing used for confining domestic animals, provided that all fencing is compatible with the rural character of the immediate area). (See Table 30.44-1).
Interior Side					
<i>Principal Structure</i>	15 feet ²	15 feet	10 feet	10 feet	
<i>Accessory Structure¹</i>	5 feet	5 feet	5 feet	5 feet	All windows above the first story shall be opaque, otherwise principal structure setbacks apply. An administrative minor deviation per Table 30.16-8 may be approved to allow transparent windows above the first story to within a 5 foot minimum setback.
<i>Balcony or Deck (Principal or Accessory)</i>					i. No minimum setback for decks. ii. Setback is measured from the property line to the leading edge of the balcony.
Balcony 3 to less than 6 feet above grade	3 feet	3 feet	3 feet	3 feet	
Balcony 6 feet or greater above grade*	12 feet	12 feet	7 feet	7 feet	
<i>Patio Cover*</i>	12 feet	12 feet	7 feet	7 feet	Setback is measured from the property line to the leading edge of the patio cover.
*An administrative minor deviation per Table 30.16-8 may be approved to reduce the setback to a minimum of 5 feet.					
Side Street (corner)					A reduction of 5 feet is permitted if a 3 foot wide landscape strip with shrubs is planted outside of the wall and in addition to any other required street landscape strip.
<i>Principal Structure</i>	25 feet ²	25 feet	15 feet	15 feet	
<i>Accessory Structure¹</i>	10 feet	10 feet	10 feet	10 feet

<i>Balcony or Patio Cover (Principal or Accessory)</i>	10 feet	10 feet	10 feet	10 feet	Setback is measured from the property line to the leading edge of the balcony or patio cover. (No minimum setback for decks)
Rear					
<i>Principal Structure</i>	50 feet ²	50 feet	30 feet	25 feet	If the lot has access only from a collector or arterial street, a reduction of 10 feet is permitted.
<i>Accessory Structure¹</i>	5 feet	5 feet	5 feet	5 feet	All windows above the first story shall be opaque, otherwise principal structure setbacks apply. An administrative minor deviation may be approved to allow transparent windows above the first story to within a 5 foot minimum setback.
<i>Balcony or deck (Principal or Accessory)</i>					i. No minimum setback for decks. ii. Setback is measured from the property line to the leading edge of the balcony.
Balcony 3 to less than 6 feet above grade	3 feet	3 feet	3 feet	3 feet	
Balcony 6 feet or greater above grade	47 feet	47 feet	27 feet	22 feet	An administrative minor deviation per Table 30.16-8 may be approved to reduce the setback to a minimum of 5 feet.
<i>Patio Cover</i>	17 feet	17 feet	17 feet	12 feet	i. Setback is measured from the property line to the leading edge of the patio cover. ii. Setback may be reduced by 5 feet without a land use application for properties not located within an RNP area or RNP overlay district. iii. For property within an RNP area or RNP overlay district or to further reduce the setback per (ii) above, an administrative minor deviation per Table 30.16-8 may be approved to reduce the setback to a minimum of 5 feet.
Height					See Chapter 30.56 for height restrictions for hillside development.
<i>Principal Structure</i>	35 feet	35 feet	35 feet	35 feet	
<i>Accessory Structure¹</i>	25 feet	25 feet	25 feet	14 feet	

Additional Requirements

1. (a) Accessory buildings shall have a minimum separation of 6 feet from any other building,
(b) Shed setbacks within the side and rear yard may be reduced per Table 30.44-1,
(c) Maximum height of any community building shall be 35 feet. See Tables 30.44-1 and 30.56-2A for design/development standards for accessory uses and structures.
2. Buildings and structures on nonconforming lots of record or within nonconforming subdivisions within the R-U zoning district within Mt. Charleston, Lee Canyon, and Kyle Canyon may be established in conformance with R-1 standards except for the following special setbacks pursuant to Section 30.56.060(b): 15 foot front setback, 5 foot side setback, 15 foot side street corner setback, and 10 foot rear setback; however, a minimum 20 foot driveway or 20 foot setback from a street for garages shall always be maintained (uses permitted shall be those established for the R-U district in Table 30.44-1).

Notes:

- A. Architectural intrusions and enclosures may intrude into a required setback up to 3 feet, but shall not be less than 5 feet to a property line, unless in compliance with building code, but in no case shall it be closer than 3 feet. No additional architectural intrusions or enclosures are permitted where the setback is measured to the leading edge of the structure.
- B. No structure other than a permitted fence, wall, or accessory structures per 30.56.040(f) shall be located within 10 feet of a street. See 30.56.040(d) for possible additional restrictions.
- C. Legal nonconforming R-U zoned lots containing a minimum of 20,000 square feet and less than 80,000 square feet shall conform to the development standards for the R-E district.
- D. Property located within an overlay district regulated by Chapter 30.48 is subject to the additional standards and restrictions specified therein.

30.40.080 Suburban & Compact Residential Districts

- a. General Purpose.** The Suburban & Compact Residential Districts set forth herein are intended to permit a broad range of single-family development necessary to serve the citizens of Clark County.
- b. Standards Applicable to All Suburban & Compact Residential Districts.** All Suburban & Compact Residential Districts shall comply with the bulk and intensity requirements listed in Table 30.40-2 and, when applicable, to the additional standards and restrictions required for properties located within any overlay district established in Chapter 30.48 (see respective PART).
- c. Dwelling Unit Density.**
 1. The number of dwelling units per gross acre shall not exceed limits as set forth for the various districts, or for any lot or parcel within the district.
 2. If a lot or parcel lies within more than 1 district, the density of that portion within each district shall not exceed the density allowed for the district.
 3. Variances and waivers of standards to density restrictions shall not be accepted by the Zoning Administrator.
- d. Uses Permitted.** The uses listed under the column of the respective single-family residential districts within Table 30.44-1 (see also Appendix F, uses categorized by zoning district) shall establish the uses permitted within the districts, subject to the conditions listed and subject to all administrative and special use permit approvals as shown in the Table. (Also see Accessory Commercial Uses in Table 30.44-1). (Ord. 3174 § 4 (part), 1/2005; Ord. 3055 § 3 (part), 4/2004)

30.40.090 Purpose of R-1, Single Family Residential District. The R-1, Single-Family Residential District is established to provide for the development of single-family residential use and to prohibit the development of incompatible uses detrimental to the residential environment. See Table 30.56-2A for additional design standards. (Ord. 4109 § 2 (part), 7/2013; Ord. 3055 § 3 (part), 4/2004)

30.40.100 Purpose of R-T, Manufactured Home Residential District. This district is established to provide for residential areas which would be compatible for the development of single-family residential uses, including manufactured homes and manufactured home parks, and to prohibit the development of incompatible uses that are detrimental to the residential environment. See Table 30.56-2A for additional design standards. (Ord. 4109 § 2 (part), 7/2013; Ord. 3055 § 3 (part), 4/2004)

30.40.110 Purpose of R-2, Medium Density Residential District. This district is established to provide for the development of compact single-family and two-family residential uses and to prohibit the development of incompatible uses that are detrimental to the residential environment. See Table 30.56-2A for additional design standards. (Ord. 4109 § 2 (part), 7/2013; Ord. 3055 § 3 (part), 4/2004)

30.40.120 Purpose of RUD, Residential Urban Density District. This district is established to provide for the development of compact single-family residential development and to prohibit the development of incompatible uses that are detrimental to the residential environment. See Table 30.56-2A for additional design standards. (Ord. 4109 § 2 (part), 7/2013; Ord. 3055 § 3 (part), 4/2004)

Southern Nevada Health District may further restrict requirements for water and sewage. Private streets shall not be included in the lot. Landscape and common area lots need not meet minimum area. R-T requires 6,500 sq. ft. minimum lot size if created as mining lot prior to adoption of this Title. RNP-III requires 7,000 sq. ft. minimum lot size.
Yard Setback						Setback measured from property line, back of sidewalk, or edge of private street, whichever is greater, to nearest finished exterior surface of applicable building or structure. (Also see Section 30.52.025 (Sight Zones) & Building Code for additional setbacks). Garage openings require a minimum setback of 20 feet, or 18 feet when accessing a cul-de-sac, except cluster development in RUD may be 10 feet. In no case shall the minimum setback from a street be less than 10 feet. (See 30.56.040).
Front ¹	20 feet	20 feet	5 feet from drive aisle, 10 feet from perimeter street	20 feet	20 feet	Front setback must be open to the sky, void of buildings and courtyards. Alternatives allowed, subject to 2 trees planted adjacent to the street front or decorative features are provided and shown on plans, such as bay windows or stucco pop-outs, and color or texture is added to the driveway other than a grey, broom finish in the following districts as follows: <ol style="list-style-type: none"> 1. R-1, R-T, R-2 – a 10 foot reduction, for a maximum 50% of the overall building width. 2. R-2 – a 4 foot intrusion for a second story architectural enclosure for the full building width, which shall not be combined with Number 1. 3. RUD – a 10 foot reduction for the full building width. 4. Architectural enclosures may not intrude into the above referenced reduced setback.
% of Lot Area in Front Yard	10%	10%	5%	10%	10%	
Interior Side ¹						All accessory structure windows above the first story shall be opaque, otherwise principal structure setbacks apply. An administrative minor deviation may be approved to allow transparent windows above the first story to within a 5 foot minimum setback. No minimum setback for decks. If approved per Table 30.16-4 in R-2 and RUD, when constructing the original dwelling, 1 side yard may be eliminated. This does not apply to additions and/or expansions of the original dwelling.
Principal or Accessory Structure	5 feet	5 feet	5 feet	5 feet	5 feet	
Balcony or Deck or Patio Cover (Principal or Accessory)	3 feet	3 feet	3 feet	3 feet	3 feet	i. No minimum setback for decks. ii. Setback is measured from the property line to the leading edge of the balcony.

Additional Requirements:

1. (a) Accessory buildings shall have a minimum separation of 6 feet from any other building,
- (b) Shed setbacks within the side and rear yard may be reduced per Table 30.44-1,
- (c) Maximum height of any community building shall be 35 feet. See Tables 30.44-1 and 30.56-2A for design/development standards for accessory uses and structures.

Notes:

- A. Architectural intrusions and enclosures may intrude into a required setback up to 3 feet, but shall not be less than 5 feet to a property line, unless in compliance with building code, but in no case shall it be closer than 3 feet. No additional architectural intrusions or enclosures are permitted where the setback is measured to the leading edge of the structure.
- B. No structure other than a permitted fence, wall or accessory structures per 30.56.040(f) shall be located within 10 feet of a street. See 30.56.040(d) for possible additional restrictions.
- C. Property located within an overlay district regulated by Chapter 30.48 is subject to the additional standards and restrictions specified therein.

30.40.130 Multiple-Family Residential Districts.

- a. **General Purpose.** The Multiple-Family Districts set forth herein are intended to permit a broad range of multiple-family densities necessary to serve the citizens of Clark County which shall be designed to ensure compatibility with surrounding uses, such as provision of compatible uses and structures, setbacks, screening, and/or natural or man-made buffers.
- b. **Standards Applicable to all Multiple Family Residential Districts.** All Multiple-Family Residential Districts shall comply with the bulk and intensity requirements listed in Table 30.40-3 and, when applicable, to the additional standards and restrictions required for properties located within any overlay district established in Chapter 30.48 (see respective PART).
- c. **Dwelling Unit Density.**
 1. The number of dwelling units per gross acre shall not exceed limits as set forth for the various districts, or for any lot or parcel within the district.
 2. If a lot or parcel lies within more than 1 district, the density of that portion within each district shall not exceed the density allowed for the district.
 3. Variances and waivers of standards to density restrictions shall not be accepted by the Zoning Administrator.
- d. **Uses Permitted.** The uses listed under the column of the respective Multi-Family Residential Districts within Table 30.44-1 (see also Appendix F, uses categorized by zoning district) shall establish the uses permitted within the districts, subject to the conditions listed and subject to all administrative and special use permit approvals as shown in the Table. (Also see Accessory Commercial Uses in Table 30.44-1). (Ord. 3174 § 4 (part), 1/2005; Ord. 3055 § 3 (part), 4/2004)

30.40.140 Purpose of R-3, Multiple-Family Residential District. This district is established to provide for the development of medium density residential use, including apartments, and to prohibit the development of incompatible uses that are detrimental to the residential environment. See Tables 30.56-2 and 30.56-2A for additional design standards. (Ord. 4109 § 2 (part), 7/2013; Ord. 3055 § 3 (part), 4/2004)

30.40.150 Purpose of R-4, Multiple-Family Residential District (High Density). This district is established to provide for the development of high-density residential use, including apartments, and to prohibit the development of incompatible uses that are detrimental to the high-density residential use. See Table 30.56-2 for additional design standards. (Ord. 3055 § 3 (part), 4/2004)

30.40.160 Purpose of R-5, Apartment Residential District. This district is established to provide for the development of high-density apartment residential use and to prohibit the development of incompatible uses that are detrimental to the high-density residential use. See Table 30.56-2 for additional design standards. (Ord. 3055 § 3 (part), 4/2004)

Additional Requirements:				
1. Single-family residential developments shall conform to Section 30.40.120 and Table 30.40-2 for the RUD (Residential Urban Density) district, including patio cover setbacks, except that density up to 18 dwelling units per acre with a minimum lot area 1,800 square feet and minimum open space 120 square feet per unit is allowed.				
2. (a) Accessory buildings shall have a minimum separation of 6 feet from any other building, (b) Maximum height of any community building shall be 35 feet. See Tables 30.44-1 and 30.56-2 for design/development standards for accessory uses and structures.

Additional Requirements Continued:

Notes:

- A. Architectural intrusions and enclosures may intrude into a required setback up to 3 feet, but shall not be less than 5 feet to a property line, unless in compliance with building code, but in no case shall it be closer than 3 feet. No additional architectural intrusions or enclosures are permitted where the setback is measured to the leading edge of the structure.
- B. No structure other than a permitted fence, wall or accessory structures per 30.56.040(f) shall be located within 10 feet of a street. See 30.56.040(d) for possible additional restrictions.
- C. Multiple family buildings within a development or adjacent to a complex containing 4 units or less shall have a similar and compatible architectural appearance.
- D. Property located within an overlay district regulated by Chapter 30.48 is subject to the additional standards and restrictions specified therein.

(Ord. 4839 § 8 (part), 1/2021; Ord. 4770 § 6 (part), 3/2020; Ord. 4658 § 8 (part), 1/2019; Ord. 4481 § 8 (part), 5/2017; Ord. 4275 § 6 (part), 3/2015; Ord. 4200 § 3 (part), 5/2014; Ord. 4077 § 8 (part), 2/2013; Ord. 3518 § 8 (part), 5/2007; Ord. 3381 § 3 (part), 5/2006; Ord. 3354 § 5 (part), 2/2006; Ord. 3297 § 2 (part), 10/2005; Ord. 3055 § 3 (part), 4/2004; Ord 3008 § 5 (part), 12/2003; Ord. 2510 § 9 (part), 2000)

30.40.170 Commercial Districts

- a. **General Purpose.** The Commercial Districts set forth herein, when taken together, are intended to permit a broad range of commercial development necessary to serve the citizens of Clark County which shall be designed to ensure compatibility with surrounding uses, such as provision of compatible uses and structures, setbacks, screening, and/or natural or man-made buffers, which may include consideration to hours of operation.
- b. **Standards Applicable to all Commercial Districts.** All Commercial Districts shall comply with the bulk and intensity requirements listed in Table 30.40-4 and, when applicable, to the additional standards and restrictions required for properties located within any overlay district established in Chapter 30.48 (see respective PART).
- c. **Uses Permitted.** The uses listed under the column of the respective commercial districts within Table 30.44-1 (see also Appendix F, uses categorized by zoning district) shall establish the uses permitted within the districts, subject to the conditions listed and all administrative and special use permit approvals as shown in the Table. Mixed use development may be established in the C-1 and C-2 districts in conformance with the evaluative criteria for the MUD-4 subdistrict established in Section 30.48.770(A), (B) and (C) (3-9), and density requirements within Table 30.44-1, subject to approval of special use permit and design review (public hearing) applications in addition to any other required application. However, mixed use development in the C-1 district shall additionally require a minimum 10 acre site and location within 330 feet of the intersection of 2 arterial streets or the intersection of 1 arterial and 1 street.

U-V zoning is required for any mixed use development that exceeds MUD-4 subdistrict criteria. Waiver of development standards or variance applications to deviate from the standards and requirements established in Chapter 30.48 Part J shall not be accepted for a mixed use development in the C-1 or C-2 zoning districts except as permitted by that Part. Waiver of development standards and variance applications to deviate from standards not in conflict with Chapter 30.48 Part J may be submitted. (Note: any special use permit required by Section 30.48.770 shall require public hearings before the Commission and the Board). (Ord. 4839 § 8 (part), 1/2021; Ord. 3397 § 5 (part), 6/2006; Ord. 3219 § 4 (part), 5/2005; Ord. 3174 § 4 (part), 1/2005; Ord. 3055 § 3 (part), 4/2004)

30.40.180 Purpose of CRT, Commercial Residential Transitional District. This district is intended to preserve existing single family residential buildings for commercial reuse when within close proximity to residential development where traffic patterns and the characteristics of the existing structures no longer encourage a single-family environment. It is intended as a transition between viable residential districts and major streets, and, in doing so, shall continue to maintain a visual character of the historic residential pattern of development. Development of vacant lots or redevelopment of sites containing existing structures shall closely resemble the scale and architectural character of the neighboring residential development. Reuse and redevelopment of such sites shall be designed and screened to minimize adverse impacts upon adjacent viable residential uses and districts. The district is designed to promote uses and site conditions which are compatible with the adjacent residential neighborhoods. Additional restrictions and special design standards are required for properties within the CMA Area Design, Red Rock Design, and Transition Corridor Overlay Districts (see Chapter 30.48, respective PART). (Ord. 4200 § 3 (part), 5/2014; Ord. 3055 § 3 (part), 4/2004; Ord. 2832 § 3 (part), 12/2002; Ord. 2682 § 1, 11/2001)

30.40.190 Purpose of C-P, Office and Professional District. This district is established to provide for the development of office and professional uses and to provide a buffer through the establishment of low intensity uses between the more intensive commercial districts and the residential districts (see Table 30.56-2 for design standards). Additional restrictions and special design standards are required for properties within the CMA Area Design, Red Rock Design, and Transition Corridor Overlay Districts (see Chapter 30.48, respective PART). (Ord. 3055 § 3 (part), 4/2004; Ord. 2832 § 3 (part), 12/2002; Ord. 2682 § 2, 11/2001)

30.40.200 Purpose of C-1, Local Business District. This district is established to provide for the development of retail business uses or personal services and to serve as a convenience to neighborhoods and limited local markets. The intent of the district is for sites which are typically on a site less than 10 acres except for mixed use development which shall require a site of 10 acres or more. See Table 30.56-2 (Design Standards) for additional design standards. Additional restrictions and special design standards are required for properties within the CMA Area Design, Mixed Use, Red Rock Design, and Transition Corridor Overlay Districts (see Chapter 30.48, respective PART). (Ord. 3219 § 4 (part), 5/2005; Ord. 3055 § 3 (part), 4/2004; Ord. 2832 § 3 (part), 12/2002)

30.40.210 Purpose of C-2, General Commercial District. This district is established to accommodate a full range of commercial uses, or mixed commercial and residential uses, in a manner that can be located to serve the needs of the entire community yet be buffered from having adverse impacts on any adjacent residential neighborhoods. The intent of the district is for sites which are typically greater than 10 acres. See Table 30.56-2 (Design Standards) for additional design standards. Additional restrictions and special design standards are required for properties within the CMA Area Design, Mixed Use, Red Rock Design, and Transition Corridor Overlay Districts (see Chapter 30.48, respective PART). (Ord. 3219 § 4 (part), 5/2005; Ord. 3055 § 3 (part), 4/2004; Ord. 2832 § 3 (part), 12/2002)

Additional Requirements:

1. Location of buildings, fences, parking areas, signs, lighting and landscaping shall conform to the plans approved at the time of design review. New buildings must conform to the following:
 - A. For CRT and C-P within 200 feet of single family residential development, architectural style (materials and colors), including height and bulk, to be consistent with the traditional residential character of surrounding existing residences. An alternative design may also approved in a public hearing;
 - B. Accessory buildings subject to R-1 standards; and
 - C. Rear yard shall be fenced or screened from adjacent residential development.
 - D. For property located within the Transition Corridor Overlay, see Chapter 30.48, PART G, for special development standards.
2. A height setback ratio per Figure 30.56-4 (Setbacks From Streets - Buildings Over 35 Feet). Buildings may not encroach into any Airport Airspace Overlay District Boundary.
3. A height setback ratio per Section 30.56.070 (Height), Figure 30.56-10 (Height/Setback).

(Ord. 4623 § 4 (part), 9/2018; Ord. 4481 § 8 (part), 5/2017; Ord. 4200 § 3 (part), 5/2014; Ord. 3432 § 5 (part), 10/2006; Ord. 3354 § 5 (part), 2/2006; Ord. 3219 § 4 (part), 5/2005; Ord. 3160 § 4 (part), 1/2005; Ord. 3160 § 8 (part), 11/2004; Ord. 3055 § 3 (part), 4/2004; Ord 3008 § 5 (part), 12/2003; Ord. 2832 § 4, 12/2002; Ord. 2682 § 3, 11/2001; Ord. 2510 § 9 (part), 2000)

30.40.220 Manufacturing and Industrial Districts.

- a. General Purpose.** The manufacturing and industrial districts are intended to permit a broad range of industrial development necessary to serve the citizens of Clark County which shall be designed to ensure compatibility with surrounding uses, such as provision of compatible uses and structures, setbacks, screening, and/or natural or man-made buffers, which may include consideration to hours of operation.
- b. Standards Applicable to All Manufacturing and Industrial Districts.** All Manufacturing and Industrial Districts shall comply with the bulk and intensity standards listed in Table 30.40-5 and, when applicable, to the additional standards and restrictions required for properties located within any overlay district established in Chapter 30.48 (see respective PART).
- c. Uses Permitted.** The uses listed under the column of the respective industrial districts within Table 30.44-1 (see also Appendix F, *Uses Categorized By Zoning District*) shall establish the uses permitted within the districts, subject to the conditions listed and to all administrative and special use permit approvals as shown in the Table. (Ord. 3055 § 3 (part), 4/2004)

30.40.230 Purpose of the M-D Designed Manufacturing District. The M-D Designed Manufacturing District is established to provide area suitable for the development of light manufacturing establishments with limited outside uses and to prohibit the development of incompatible uses. See Table 30.56-2 for additional design standards. (Ord. 3055 § 3 (part), 4/2004)

30.40.240 Purpose of the M-1 Light Manufacturing District. The M-1 Light Manufacturing District is established to provide area suitable for the development of light manufacturing establishments and to prohibit the development of incompatible uses. This district is intended for areas which are typically 10 acres or more in size. See Chapter 30.56, Table 30.56-2, for additional design standards. For properties located within the Adult Use Overlay District, also see Chapters 30.44, Table 30.44-1; 30.48, Part H; and 30.76.080. (Ord. 3055 § 3 (part), 4/2004; Ord. 2899 § 3, 5/2003; Ord. 2741 § 6 (part), 5/2002)

30.40.250 Purpose of the M-2 Industrial District. The M-2 Industrial District is intended to provide areas suitable for the location and operation of the most intense manufacturing and industrial activities. See Table 30.56-2 (Design Standards) for additional design standards.

30.40.260 Special Districts

- a. **General Purpose.** The special districts set forth herein, when taken together, are intended to permit a broad range of development necessary to serve the citizens of Clark County.
- b. **Standards Applying to All Special Districts.** All Special Districts shall comply with the bulk and intensity standards listed in Table 30.40-7, and, when applicable, with the additional standards and restrictions required for properties located within any overlay district established in Chapter 30.48 (see respective PART).
- c. **Dwelling Unit Density.**
 1. The number of dwelling units per gross acre shall not exceed limits as set forth for the various districts, or for any lot or parcel within the district.
 2. If a lot or parcel lies within more than 1 district, the density of that portion within each district shall not exceed the density allowed for the district.
 3. Variances and waivers of standards to density restrictions shall not be accepted by the Zoning Administrator.
- d. **Uses Permitted.** The uses listed under the column of the respective special districts within Table 30.44-1 (see also Appendix F, uses categorized by zoning district) shall establish the uses permitted within the districts, subject to the conditions listed and to all administrative and special use permits as shown in the table.
 1. Mixed use development may be established in the H-1 district, subject to approval of special use permit and design review (public hearing) applications in addition to any other required application, as follows:
 - A. Outside of the Mixed Use Overlay District in conformance with zoning base district standards and requirements, including density and height, and compliance with pedestrian realm requirements for the MUD-2 subdistrict established in Table 30.48-J2.
 - B. In the MUD-1, MUD-2, MUD-3 or MUD-4 subdistricts within the Overlay in conformance with subdistrict requirements and satisfaction of the evaluative criteria established in Section 30.48.770(A), (B) and (C) (3-9).
 2. U-V zoning is required for any mixed use development that exceeds H-1 zoning base district or applicable MUD subdistrict standards and requirements. Waiver of development standards or variance applications to deviate from zoning base district or applicable MUD subdistrict standards and requirements shall not be accepted for a mixed use development in the H-1 zoning district except as permitted by Chapter 30.48 Part J. Waiver of development standards and variance applications to deviate from standards not in conflict with Chapter 30.48 Part J may be submitted. (Note: any special use permit required by Section 30.48.770 shall require public hearings before the Commission and the Board).
 3. **Exception:** The H-1 district may be utilized in lieu of the U-V district if the H-1 district is located in the MUD-1 subdistrict within the Mixed Use Overlay District and the development conforms to Chapter 30.48, Part J. (Ord. 4839 § 8 (part), 1/2021; Ord. 3472 § 6, 1/2007; Ord. 3397 § 5 (part), 6/2006; Ord. 3354 § 4 (part), 2/2006; Ord. 3219 § 4 (part), 5/2005)

30.40.270 Purpose of the O-S Open Space District. The O-S Open Space District is intended to provide for permanent open space in the community, to prevent irreversible environmental damage to sensitive areas and to safeguard the general prosperity, health, safety and welfare of the public by limiting development in areas where police and fire protection, protection against flooding by storm water or other services cannot be provided without excessive cost to the community or to provide a buffer between incompatible uses. See Tables 30.56-2 and 30.56-2A (Design Standards) for additional design standards. (Ord. 4109 § 2 (part), 7/2013)

30.40.280 H-2 General Highway Frontage District.

a. Purpose. The H-2 General Highway Frontage District is established to provide for the establishment of a variety of residential, office, and commercial uses. See Tables 30.56-2 and 30.56-2A (Design Standards) for additional design standards.

b. Future Applications for H-2 Zoning Prohibited. Petitions for a zone boundary amendment to H-2 General Highway Frontage District shall not be accepted by the Zoning Administrator after September 30, 1990. (Ord. 4109 § 2 (part), 7/2013)

30.40.290 Purpose of the P-F Public Facility District. The P-F Public Facility District is established in order to provide for the location and development of sites suitable for necessary public buildings, structures and uses, and related private buildings, structures, and accessory uses. Uses developed within the P-F district are expected to conform to the development and design standards (for this and all Chapters of this Title) for such use. Except for regulations within Chapters 30.32 and 30.52, alternatives may be established per the approved plans on file. (Ord. 3848 § 6, 2/2010; Ord. 3635 § 5, 6/2008; Ord. 3549 § 6 (part), 9/2007)

30.40.300 Purpose of the R-V-P Recreational Vehicle Park District The R-V-P Recreational Vehicle Park District is established to provide for the location and development of sites suitable for temporary or transient lodging in recreational vehicles. See Table 30.56-2 (Design Standards) for additional design standards.

30.40.310 U-V Urban Village (Mixed Use) District.

a. Purpose. This district is intended to accommodate a mixture of residential, commercial/employment, and recreational uses typical of a high activity, urban center, as described below, and can only be approved for mixed use development projects in the Mixed Use Overlay District. An array of residential uses, employment centers, recreation and open space amenities, and community and cultural facilities should be elements included within this district. The design of the district and its uses anticipate interaction between different categories of land uses in an intensely developed setting. The vision for development within this district is to have a central core with high density development and building mass, stepping down to mid-densities and intensities of development, then to the least intense, typically calling for one and two story buildings and open space areas. This arrangement of densities is best utilized in close proximity to major transportation corridors and full interchanges (transportation nodes) and intermittently served by section line streets. However, different development patterns may be equally desirable for smaller acreages or within various urban settings. See Chapter 30.48, Part J, and Tables 30.56-2 and 30.56-2A for additional design and development standards.

b. Mixed Uses. Mixed use developments in the U-V district shall be designed only in conformance with the standards established in Chapter 30.48, Part J (Mixed Use Overlay District).

30.40.320 H-1 Limited Resort and Apartment District.

- a. Purpose.** The H-1 Limited Resort and Apartment District is established to provide for the development of gaming enterprises, compatible commercial, and mixed commercial and residential uses, and to prohibit the development of incompatible uses that are detrimental to gaming enterprises. See Table 30.56-2 and 30.56-2A (Design Standards) for additional design standards.
- b. Designation as Gaming Enterprise District.** The H-1 Limited Resort and Apartment District per Chapter 463 of the Nevada Revised Statutes, is designated as the Gaming Enterprise District as shown on the Gaming Enterprise Map in Appendix G. A special use permit for a resort hotel approved in accordance with Table 30.16-4 establishes the ability to have live gaming. Applications to expand the Gaming Enterprise District shall not be accepted for property within 500 feet of residential development or 1,500 feet of a school or church. (Ord. 4109 § 2 (part), 7/2013)

30.40.330 Alternative Development Standards. It is recognized that individual sites may present unique characteristics, including the shape and location of the site, and the design of existing and proposed structures, could be best developed through the application of alternative development standards which depart from the requirements of this Chapter. In certain circumstances such alternative standards may be considered beneficial by the Commission or Board as a tool to achieve the land development policies of the County. In such cases, the Board or Commission may approve alternative development standards through the granting of a waiver of standards, according to the procedures outlined in Table 30-16-7 of this Title subject to finding that the alternative standards will:

1. Result in development having a visual character which is as or more compatible with adjacent development than anticipated by the requirements of this Chapter.
2. Encourage a development trend or a visual character similar to that anticipated by the requirements of this Chapter.
3. Result in a development which meets or exceeds all other requirements of this Title.

1. Architectural intrusions and enclosures may intrude into a required setback up to 3 feet, but shall not be less than 3 feet to a property line.					
2. No structure other than a permitted fence, wall or accessory structures per 30.56.040(f) shall be located within 10 feet of a street. See 30.56.040(d) for possible additional restrictions.					
3. Property located within an overlay district regulated by Chapter 30.48 is subject to the additional standards and restrictions specified therein.					
4. Mixed use development in H-1 is subject to the additional requirements established in Table 30.44-1 and Section 30.48.770.

Additional Requirements:

1. Residential development shall conform to all development standards of the R-U, Rural Open Land District, unless a special use permit is approved in accordance with Table 30.16-4 to allow residential development in accordance with the R-2, Medium Density Residential District; however planned unit developments are not permitted in the H-2 zone. The development standards otherwise listed in Table 30.40-7 apply to commercial development.
2. See Chapter 30.48, Part J, for mixed use design and development standards established for this district.
3. Residential uses within the H-1 district shall require special use permit approval and conformance to R-5 development standards except for condominiums in conjunction with or adjacent to a resort hotel which may be developed per the approved plan.
 - a. Density may be increased to a maximum 100 units per acre for residential projects or mixed use development located in the MUD-1 subdistrict of the Mixed Use Overlay District, subject to satisfying MUD-1 height, pedestrian realm, and open space requirements established in Chapter 30.48, Part J, with approval of the special use permit.
 - b. Mixed use development outside of the Mixed Use Overlay District is permitted in conformance with H-1 zoning base district standards and requirements, including density and height, and compliance with pedestrian realm requirements for the MUD-2 subdistrict established in Table 30.48-J2.
 - c. Recreational vehicle parks in conjunction with resort hotels shall comply with the development standards listed in the RVP district.
 - d. Where a subdivision for single-family dwellings was recorded prior to May of 1974, dwellings and accessory uses typically associated with single-family development (including guest houses or accessory apartments) may be expanded and modified in accordance with the provisions and development standards in the R-D district, provided the dwelling or accessory use is located on a parcel of land that contained a residential structure that was legally nonconforming on March 1, 1998.
4. Only when adjacent to a residential use, otherwise no setback required.
5. A height setback ratio per Figure 30.56-4 (Setbacks From Streets - Buildings Over 35 Feet).
 - A. Except for neighborhood casinos, buildings may not encroach into any Airport Airspace Overlay District Boundary.
 - B. The maximum height for a neighborhood casino located in the MUD-2, MUD-3, or MUD-4 subdistrict of the Mixed Use Overlay District may be permitted in conformance with Table 30.48-J1, provided no building or structure encroaches into any Airport Airspace Overlay District Boundary.
6. A height setback ratio per Section 30.56.070 (Height), Figure 30.56-10 (Height/Setback).

30.44 Uses.

30.44.005 General. Unless otherwise specified in Table 30.44-1, all uses must be conducted within a permanent enclosed building.

30.44.010 Uses Allowed in Zoning Districts

- a. The uses listed in Table 30.44-1 are subject to the development standards listed in Chapters 30.52 (Off-Site Development Requirements), 30.56 (Site Development Standards), 30.60 (Parking and Loading Regulations), 30.64 (Site Landscape and Screening Standards), and 30.68 (Site Environmental Standards) unless modified by the restrictions of any of the overlay districts in Chapter 30.48 (Zoning Overlay Districts) or by the table.
- b. The following categories of uses, conditions and exceptions are identified and listed in Table 30.44-1:
 1. **Permitted Uses “P”.** The use is permitted as a principal use in that zoning district.
 2. **Accessory Uses “A”.** The use is permitted only as an accessory use to the principal use, indicated in Table 30.44-1, within the specified district, but this does not exclude other land uses which are also considered accessory to the principal use, but not listed in Global Use Table. Within the Co-operative Management Agreement Area (See Map in Appendix G), accessory structures and uses shall be permitted on a lot deed restricted by Clark County for nonresidential uses only; where the principal use is established on the adjacent lot and both properties are under the same ownership. The Zoning Administrator shall determine when uses are accessory.
 3. **Conditional Uses “C”.** The use is permitted in the specified districts subject to meeting stated conditions (this may be reviewed with a building permit, business license or design review; a separate land use application is not required). If stated conditions do not apply, the use is a permitted use in that district. All conditional uses require performance measures to mitigate possible negative impacts of the use. These measures are numbered where each conditional use is listed in the Table 30.44-1.
 4. **Temporary Uses “T”.** Temporary uses are permitted in each zoning district subject to the performance conditions listed with an administrative temporary use (T), as provided in Table 30.16-5.
 5. **Special Uses “S”.** The use is permitted as a special use in the listed districts with a special use permit subject to a public hearing process per Table 30.16-4. Some special uses require performance measures to mitigate possible negative impacts of the use when each special use is listed in table 30.44-1.
 6. **Conditions related to various uses.** Most uses require performance conditions to mitigate possible negative impacts of the use. Whenever the applicant cannot or does not desire to comply with a performance condition, relief may only be sought as follows:
 - A. **Accessory Uses, Conditional Uses, Temporary Uses** - a special use permit may be requested in order to waive a condition associated with these uses, unless the condition cannot be waived or varied.
 - B. **Special Uses** - a waiver of development standards may be requested in addition to the special use permit, in order to waive a condition associated with a special use, unless the condition cannot be waived or varied. Certain conditions, as listed in Table 30.44-1, may be considered to be waived during the public hearing process of the special use permit, without the separate waiver of development standards application.

7. Prohibited Uses.

- A. Uses not permitted are expressly prohibited; however, nothing in this Title shall be construed to prohibit constitutionally protected activities including the use of a home for noncommercial gatherings of family and friends, discussion groups, religious or political gatherings, or neighborhood meetings.
- B. If one of the above letters indicating the category of use is not shown in the zoning district columns in Table 30.44-1 for a corresponding use, then the use is not permitted.
- C. Transient commercial use of residential development for remuneration is prohibited in all residential zoning districts, or in any miscellaneous zoning district of this Title, except as otherwise expressly permitted in this Title or as licensed pursuant to Chapter 7.100 of the Clark County Code.
- D. Storage of commercial vehicle or vehicles constitutes a commercial use of land and is prohibited in residential districts except as otherwise expressly permitted; (See Outside Storage 30.44-1) however, this provision shall not be interpreted to prohibit the parking of a single automobile used for commercial purposes (see regulations for “Home Occupation”).
- E. Storage of more than 3 recreational vehicles or travel trailers is prohibited, except as otherwise expressly permitted.
 - i. The provisions of this Section do not supersede private covenants, deed restrictions, declarations of restrictions and equitable servitudes which impose conditions more restrictive than those imposed by this Section, or which impose restrictions not covered or addressed by this Section.
 - ii. The right to maintain a legal nonconforming use of storing more than 3 recreational vehicles or travel trailers shall terminate within 1 year from February 16, 2016, after the use became legally nonconforming, subject to the following provisions:
 - a. If any such legal nonconforming use ceases for any reason for a period of 30 days or more, any subsequent use shall no longer be classified as a legal nonconforming use and shall thereafter conform to the regulations specified in this Section.
 - b. Nonconforming uses and structures established pursuant to this Section are subject to the regulations concerning nonconforming uses and structures set forth in Chapter 30.76 (Nonconformities) of this Title for the period specified in subsection (7)(E)(ii) above.
- F. It is an unlawful prohibited use for any person owning or occupying a developed or otherwise improved parcel of land within unincorporated Clark County to fail to clear such land, within ten days after notice is given to such person by the County, of weeds, grass over 4 inches in height, or any vegetation that is overgrown, dead, dry, diseased, or noxious. (Ord. 4959 § 5 (part), 7/2022; Ord. 4368 § 1 (part), 2/2016; Ord. 4152 § 6 (part), 12/2013; Ord. 3848 § 7 (part), 2/2010; Ord. 3805 § 4 (part), 9/2009; Ord. 3766 § 2, 6/2009; Ord. 3518 § 9 (part), 5/2007; Ord. 3257 § 3 (part), 7/2005; Ord. 3160 § 9 & 10, 11/2004; Ord. 3113 § 4, 8/2004; Ord. 2573 § 9, 2001)

30.44.020 Alternative Standards for Specific Site Development Standards Required With Specific Uses. It is recognized that individual sites may present unique characteristics, the operation and location of site uses that could be best developed through the application of alternative site development standards which depart from the requirements of this Chapter. In certain circumstances such alternative standards may be considered beneficial by the Commission or Board as a tool to achieve the land development policies of the County. In such cases, the Board or Commission may approve alternative site development standards through the granting of a waiver of standards, according to the procedures outlined in Table 30-16-7 of this Title subject to finding that the alternative standards will:

1. Result in a development which is as or more compatible with adjacent development than anticipated by the requirements of this Chapter.
2. Encourage a development trend similar to that anticipated by the requirements of this Chapter.
3. Result in a development which meets or exceeds all other requirements of this Title.
4. Encourage the use of appropriate energy efficient design guidelines as specified in Section 30.56.085.

		Subject to: 1. Permitted only in conjunction with a permitted principal use or structure, and only when the agricultural use is permitted or has been approved. Certain accessory agricultural buildings and structures may be constructed prior to the principal dwelling, subject to the following conditions: A. Undeveloped lots shall be under common ownership with a developed single family residential lot. At least one undeveloped lot shall be adjacent to the developed single family residential lot. Thereafter, any other undeveloped lot(s) must be adjacent to and consecutive with each other. No lot under a different ownership shall be located in between any of the common ownership lots. B. Construction shall be limited to sheds, fences, corrals, or livestock shade structures 1,500 square feet or less (see Clark County Building Administrative Code 22.02.190) and shall not be constructed upon a slab on ground foundation. C. Habitable buildings shall not be permitted. NOTE: The area of any lot(s) may be used to determine the allowable number of animals. 2. On lots smaller than 80,000 square feet, shall be located in the side or rear yard. 3. The surface of all floor areas used for housing animals shall be permeable, and only those not used for housing animals (for example, tack rooms, hay storage, hallways, and similar rooms) may be impermeable. 4. In all districts outside of Community District 5, and except for R-U, R-A or R-E, a decorative roof is required when the structure extends more than two feet above an opaque perimeter wall or is otherwise visible from a street. 5. On lots smaller than 80,000 square feet, a maximum of 600 square feet of building per each large animal permitted based on the area of the lot is allowed. 6. The design standards established in Table 30.56-2A do not apply. 7. Conditions #4 and #5 may be waived with an Administrative Minor Deviation application. 30.48 Zoning Overlay Districts

PART A AIRPORT ENVIRONS OVERLAY DISTRICT

30.48.010 Purpose. The Airport Environs Overlay District (AE Overlay District) is established to:

1. Provide for a range of uses compatible with airport accident hazard and noise exposure areas.
2. Prohibit the development of incompatible uses that are detrimental to the general health, safety and welfare.
3. Require noise attenuated construction, as indicated by Table 30.48-AE in accordance with the noise attenuation construction standards in Chapter 22.22 of the Clark County Code, within these airport environs. The regulations of the AE Overlay District shall supersede the regulations of the underlying district if there is a conflict.
4. Comply with Federal Aviation Administration (FAA) regulations. (Ord 3051 § 2 (part), 3/2004)

30.48.020 Airport Environs Maps.

- a. The Airport Environs Overlay District (AE Overlay District) encompassing 13 subdistricts (as shown on the AE Overlay District Map), is established around Nellis Air Force Base, Creech Air Force Base, Harry Reid International Airport, Henderson Executive Airport, and North Las Vegas Airport; and maintained in an electronic database and adopted as part of the Official Zoning Map including all subsequent amendments: Copies of the maps below are also referenced in Appendix G, Maps 18A through 18E.
 1. Harry Reid International Airport - as shown on the Harry Reid International Airport Environs Overlay District Map latest amendment, effective June 30, 2008. The overlay district, together with the adoption of the *Harry Reid International Airport Environs Overlay District Map*, is hereby incorporated into the Official Zoning Map, hereinafter referred to as the “Harry Reid International Airport Maps”.
 2. Nellis Air Force Base (Nellis AFB) - as shown on the Nellis AFB Airport Environs Overlay District Map, latest amendment effective June 3, 1998. The overlay district, together with the adoption of the *Nellis AFB Airport Environs Overlay District Map*, is hereby incorporated into the Official Zoning Map, hereinafter referred to as “the Nellis Maps”.
 3. Creech Air Force Base – as shown on the Creech AFB Airport Environs Overlay District Map, latest amendment effective March 31, 2004. The overlay district, together with the adoption of the *Creech AFB Airport Environs Overlay District Map* (former *Indian Springs AFB Airport Environs map*), is hereby incorporated into the Official Zoning Map, hereinafter referred to as the “Creech map”.
 4. Henderson Executive Airport – as shown on the Henderson Executive Airport Environs Overlay District Map, latest amendment effective June 30, 2008. The overlay district, together with the adoption of the *Henderson Executive Airport Environs Overlay District Map*, is hereby incorporated into the Official Zoning Map, hereinafter referred to as the “Henderson Airport Map”.
 5. North Las Vegas Airport – as shown on the North Las Vegas Airport Environs Overlay District Map, latest amendment effective June 30, 2008. The overlay district, together with the adoption of the “*North Las Vegas Airport Environs Overlay District Map*”, is hereby incorporated into the Official Zoning Map, hereinafter referred to as the “North Las Vegas Airport Map”.

- b. The 13 subdistricts of the AE Overlay District, with names as amended by this Title, as shown in Table 30.48-1 below.

Table 30.48-1 Airport Environs Subdistricts	
SUBDISTRICT DESIGNATION	ABBREVIATED DESIGNATION

Live ordnance zone 2	LOZ-2
Live ordnance zone 3	LOZ-3

- c. The types of uses permitted and mitigation measures required differ for each subdistrict of the AE Overlay District, as shown in Table 30.48-AE. Where a proposed use, building, or land is impacted by 2 or more subdistricts of the AE Overlay District, the use, building, and/or land shall conform to the requirements of all applicable subdistricts, and where subdistricts impose conflicting requirements, the most restrictive of the requirements shall apply.
- d. The AE Overlay District noise attenuation construction requirements and land use restrictions, delineated in Table 30.48-AE, shall be imposed in addition to and shall overlay all other districts that are encompassed or circumscribed by the AE Overlay District. The symbol for the applicable AE Overlay subdistrict shall be added to the Official Zoning Map of Clark County after the symbol of the underlying district.
- e. Every 5 years from July 1, 1998, the Clark County Department of Aviation (DOA) shall review the Harry Reid International Airport Maps and shall report to the Board on whether any update of the Harry Reid International Airport Maps is required to reflect the noise contours or runway protection zones in the environs of Harry Reid International Airport, based on the DOA reasonable estimate of anticipated aircraft noise exposure. If updates to the Harry Reid International Airport Maps are required, the DOA shall prepare and present such updated maps to the Board for consideration.
- f. Every 5 years from July 1, 1998, the Department of Comprehensive Planning shall contact appropriate United States Air Force personnel to determine whether the Nellis Maps reasonably reflect anticipated aircraft noise exposure, accident potential and live ordnance operations in the environs of Nellis AFB and shall report to the Board on whether any update of the Nellis AFB Environs Overlay District Maps is required to reflect the noise contours, accident potential, and live ordnance operations in the environs of Nellis AFB based on a reasonable estimate of anticipated airport operations. If any updates to the Nellis Maps are required, the Department of Comprehensive Planning shall prepare and present such updated maps to the Board for consideration. (Ord 4908 § 14 (part), 1/2022; Ord. 3658 § 2 (part), 6/2008; Ord 3296 § 6 (part), 10/2005; Ord 3051 § 2 (part), 3/2004; Ord. 2741 § 8 (part), 5/2002)

30.48.030 Permitted Uses. In the AE Overlay District, uses permitted in the underlying zoning district and indicated by a YES in the applicable AE subdistrict column of Table 30.48-AE may be permitted. (Ord 3051 § 2 (part), 3/2004)

- 30.48.040 Uses Permitted Subject to Noise Attenuated Construction.** In the AE Overlay District, uses permitted in the underlying zoning district and indicated by a 25, 30, 35, (25), (30), or (35) key in the applicable subdistrict column may be permitted with a minimum exterior to interior noise attenuation construction standard per Table 30.48-AE and Chapter 22.22 of the Clark County Code. (Ord 3051 § 2 (part), 3/2004)
- 30.48.050 Special Uses.** Additional uses may be permitted subject to securing a special use permit in each case, as provided for in Chapter 30.16 when indicated by a (YES) in the applicable AE subdistrict column of Table 30.48-AE. (Ord 3051 § 2 (part), 3/2004)
- 30.48.060 Prohibited Uses.** Land uses within the AE Overlay District are restricted as indicated by the table except as provided in Section 30.48.070 (Exceptions). All uses indicated by a NO are not compatible and are not allowed, and all uses not expressly permitted in Table 30.48-AE are expressly prohibited unless a use is permitted as an exception under Section 30.48.070. (Ord 3051 § 2 (part), 3/2004)
- 30.48.070 Exceptions.**
- a. Required use restrictions and noise attenuation requirements do not apply to property owned by the respective operators of the airports and utilized for airport functions.
 - b. Uses and structures established prior to the establishment of the AE Overlay District shall be allowed without regard to the additional standards of this overlay district, except that noise attenuated construction, as required by Table 30.48-AE, shall be required for the construction of any new habitable building per section Chapter 30.76 (Non-Conformities), but shall not apply to any addition, remodel, or improvement to an existing building. The overlay district was established as follows:
 - Harry Reid International Airport and Nellis Air Force Base, ordinance 975, effective May 23, 1986;
 - Runway Protection Zones associated with Harry Reid International Airport, ordinance 2458, effective April 19, 2000,
 - AE 60 Subdistrict associated with Harry Reid International Airport, ordinance 3658, effective June 30, 2008,
 - Creech Air Force Base ordinance 3051, effective March 31, 2004,
 - Henderson Executive Airport ordinance 3658, effective June 30, 2008,
 - North Las Vegas Airport ordinance 3658, effective June 30, 2008.
 - c. Except for the use restrictions within the AE-RPZ, APZ-3, APZ-4, LOZ-1, LOZ-2, or LOZ-3 subdistricts, uses and structures approved by any land use application prior to the establishment of the AE Overlay District (as described in subsection (b) above) shall be allowed without regard to the additional standards of this Part, provided that all conditions imposed on such approval are met. This exception does not preclude the imposition of additional conditions, including conformance to the requirements of this Part, if any extension of time to commence or complete construction or a modification of plans is approved. The recording of a final map for a subdivision, the approval of a tentative map, or the issuance of a building permit for any building or structure in an AE-RPZ, APZ-3, APZ-4, LOZ-1, LOZ-2, or LOZ-3 subdistrict shall conclusively establish that such use, building, or structure is permitted upon the subject property pursuant to this Subsection. (Ord. 3658 § 2 (part), 6/2008; Ord. 3635 § 7, 6/2008; Ord 3051 § 2 (part), 3/2004)
- 30.48.080 Table 30.48 – AE Land Use Compatibility in the Airport Environs Overlay District.** The following table indicates uses permitted, uses permitted subject to noise attenuated construction, uses permitted subject to a special use permit and uses prohibited in each of the subdistricts of the AE Overlay District. To determine the applicable compatibility regulations, refer to the Standard Land Use Classification Manual (SLUCM) categories as shown in Table 30.44-1 and in Appendix E. (Ord 4152 § 7 (part), 12/2013; Ord 3051 § 2 (part), 3/2004)

KEY	CONDITIONS
()	Means uses not associated with structures or people intensive uses like lakes, hunting, and similar uses and therefore no restrictions are applied.
NO	Unless permitted by Section 30.48.070, not compatible and not allowed.
(NO)	If permitted by Section 30.48.070, a noise level reduction of 30 decibels is required.
[NO]	If permitted by Section 30.48.070, a noise level reduction of 35 decibels is required.
YES	Land use and related structures are allowed without restrictions.
(YES)	Special use permit required. Additional factors to be considered: labor intensity, height of structures, structural coverage, explosive characteristics, air pollution, size of establishment, people density, peak period concentrations (including shopper/visitors), low intensity office uses only (limited scale of concentration of such uses). Meeting places, auditoriums, areas of public assembly, etc. not allowed in runway protection zones or live ordnance zones.
{YES}	Use permitted. However, no buildings, or structures suitable for habitation or occupancy allowed.
[YES]	Use permitted. However, no buildings, structures, or above ground transmission lines allowed.
25, 30, 35	A noise level reduction of 25, 30, or 35 decibels, respectively.
(25), (30), (35)	A noise level reduction of 25, 30, or 35 decibels, respectively where public is received, office areas, noise sensitive areas or where the normal ambient noise level is low.

PART B AIRPORT AIRSPACE OVERLAY DISTRICT

30.48.090 Purpose. The Airport Airspace Overlay District is established to restrict structures and other obstructions from intruding into the airspace utilized by, and thereby jeopardizing the safety of, aircraft operating from the various airports within the County.

30.48.100 Airport Zones. The Airport Airspace Overlay District is hereby established, which includes all land lying beneath the airspace which is (a) defined by Federal Aviation Regulation (FAR) Part 77 primary, approach, transition, horizontal and conical surfaces, and the Aircraft Departure Critical Area surfaces identified by the maps listed in Section 30.48.130; (b) overlying property in proximity to military and public-use airports in Clark County, Nevada; and (c) regulated by Chapter 20.13 (Airport Hazard Regulations) of the Clark County Code. An area located in more than 1 of the airport districts is considered to be only in the district with the more restrictive height design standards.

30.48.110 Airport Zone Height Limitations. Except as otherwise provided, no structure shall be permitted to be erected, altered or maintained within the Airport Airspace Overlay District that (a) would constitute a hazard to air navigation, or (b) would result in an increase to minimum flight altitudes during any phase of flight, or (c) would otherwise be determined to pose a significant adverse impact on airport or aircraft operations. However, nothing in this Part shall be construed as prohibiting the construction, alteration or maintenance of any structure to a height up to 35 feet above the surface of the land or in any zone created by this Part which has received all necessary airspace approvals as required in Section 20.13 of the Clark County Code. (Ord 3586 § 6 (part), 2/2008)

30.48.120 Notices of Construction or Alteration.

- a. Construction or Alteration Requiring Notice.** Any person proposing construction or alteration in the environs of any public use or military airport shall notify the Manager, Air Traffic Division, FAA Regional Office not less than 30 days before commencement of construction if such construction or alteration exceeds any of the following height standards.
 - 1. At 200 feet above the ground level at its site.
 - 2. The plane of an imaginary surface extending outward and upward at a slope of 100 to 1 for a horizontal distance of 20,000 feet from the nearest point of the nearest runway of any airport, subject to the provisions of this Part.
 - 3. If construction or alteration is of greater height than the standards set forth in subdivision (1) or (2) of this Subsection after their height has been adjusted upward for the appropriate route as follows in Table 30.48-2.

Route	Height Above Route
Interstate highways	17 feet
Public roadways	15 feet
Private road	10 feet, or the height of the highest mobile object normally traversing the road, whichever is greater
Railroads	23 feet
Waterways or any other unspecified route	The height of the highest mobile object that would normally use the route

4. When requested by the FAA, any construction or alteration that would be in an instrument approach area and available information indicates the height might exceed any FAA obstruction standard.
 5. Any notice required by this Section shall be on FAA Form 7460-1, available from the regional offices of the FAA & from Clark County DOA.
 6. Director's permit: In accordance with Section 20.13.060 of the Clark County Code, a permit from the Director of Aviation, shall be required prior to any of the following:
 - A. The construction or establishment of any new structure or use subject to 30.48.120 (a)(1-5); or
 - B. The construction or establishment of any existing structure or use subject to 30.48.120 (a)(1-5); or
 - C. The time any non-conforming structure or tree is replaced, substantially altered, rebuilt, allowed to grow higher, or replanted.
- b. Construction or Alteration Not Requiring Notice.** Notice to the FAA is not required for construction or alteration of any of the following.
1. Objects that are shielded by existing structures of a permanent and substantial character or by natural terrain or topographical features of equal or greater height, and would be located in the congested area of a city, town or settlement where it is evident, beyond all reasonable doubt that the structure so shielded will not adversely affect safety in air navigation.
 2. Any antenna structure of 20 feet or less in height, except one that would increase the height of another antenna structure.
 3. Any air navigation facility, airport visual approach or landing aid, aircraft arresting device or meteorological device of a type approved by the Director of Aviation, or an appropriate military service on military airports, the location and height of which is fixed by its functional purpose.
 4. Any construction or alteration for which notice is required by any other FAA regulation.

30.48.130 Official Airport Airspace Zoning Maps. The following Official Airport Airspace Zoning Maps for specific airports lying within the jurisdiction of Clark County, Nevada, as adopted by ordinance of the Board, are on file at the office of the County Clerk and incorporated by reference and made a part hereof:

1. The Harry Reid International Airport Official Airspace Zoning Map, consisting of 5 sheets, prepared by the Clark County Airport Engineering Department, dated July 18, 1990, and adopted by Ordinance 1221;
2. The North Las Vegas Air Terminal Official Airspace Zoning Map, consisting of 1 sheet, prepared by the Clark County Airport Engineering Department, dated July 18, 1990, and adopted by Ordinance 1221;
3. The Overton Airport Official Airspace Zoning Map, consisting of 1 sheet, prepared by the Clark County Airport Engineering Department, dated July 18, 1990, and adopted by Ordinance 1221;

4. The Jean Airport Official Airspace Zoning Map, consisting of 1 sheet, prepared by the Clark County Airport Engineering Department, dated July 18, 1990, and adopted by Ordinance 1221; and
5. The Nellis Air Force Base Official Airspace Zoning Map, consisting of 10 sheets, dated March 4, 1998 and adopted by ordinance 2119.
6. Harry Reid International Airport Aircraft Departure Critical Area Map consisting of 1 sheet, prepared by the Clark County Airport Engineering Department dated February 2, 1993 and adopted by Ordinance 1599. (Ord 4908 § 14 (part), 1/2022)

30.48.140 Use Restrictions. Notwithstanding any other provisions of this Part, no use may be made of land or water within any zone established under this part in such a manner as to:

1. Create a “Hazard to Air Navigation” as determined by the FAA.
2. Cause an increase in minimum flight or approach procedure altitudes as determined by the FAA.
3. Create electrical interference with navigation signals or radio communication between the airport and aircraft.
4. Make it difficult for pilots to distinguish between airport lights and others.
5. Result in glare in the eyes of pilots using the airport.
6. Impair visibility in the vicinity of the airport.
7. Create bird strike hazards.
8. Otherwise in any way endanger or interfere with the landing, takeoff or maneuvering of aircraft intending to use the airport.

30.48.150 Nonconforming Uses, Marking and Lighting. As required by Section 30.76.040(5), the owner of any existing nonconforming structure may be required to install, operate, and maintain thereon such markers and lights as may be deemed necessary by the Director of Aviation to indicate to the operators of aircraft in the vicinity of the airport the presence of such airport obstruction.

30.48.160 Variances or Waivers of Standards.

- a. Applications. Any person desiring to erect or increase the height of any structure, or to permit the growth of any tree, or otherwise use his property in a manner which would constitute a violation of these regulations, may apply for a waiver of development standards or variance as provided in Table 30.16-7 and 30.16-6 respectively, or a variance as provided in Chapter 20.13 of the Clark County Code. If a variance is approved by the Board of Adjustment per Chapter 20.13 of the Clark County Code, a separate waiver of development standards approval is not required.
- b. Such waivers or variances may be allowed where a literal application of enforcement of these regulations would result in practical difficulty or unnecessary hardship, and the relief granted would not be contrary to the public interest but would do substantial justice and be in accordance with the intent of these regulations.

- c. Conditions. Any such waiver or variance allowed may be subject to any reasonable conditions that the Commission or Board may deem necessary to fulfill the purposes of this Title. If an intrusion into the district is permitted, structures and/or trees shall be situated and/or marked or lighted as required by the Federal Aviation Administration (FAA) and the Board of Adjustment so that they do not constitute a hazard as defined in Chapter 30.08. (Ord. 3518 § 10 (part), 5/2007; Ord. 2741 § 8 (part), 5/2002)

PART C RESIDENTIAL NEIGHBORHOOD PRESERVATION OVERLAY DISTRICT

30.48.170 Purpose. The Residential Neighborhood Preservation Overlay District, hereafter referred to as RNP, is established to ensure that the character of rural and other residential development is preserved.

30.48.180 Establishment. RNP-I and RNP-III Overlay Districts, as defined in Chapter 30.08 may be established by the initiation and approval of a zone boundary amendment by the Board or property owner in accordance with the provisions of Table 30.16-3 (Zone Boundary Amendments). The overlay districts shall thereby be incorporated into the Official Zoning Map. (Ord. 3160 § 12 (part), 11/2004)

30.48.190 Standards.

- a. Property within an RNP shall be maintained as a low density residential development, not to exceed an overall density of 2 dwelling units per acre, except for the RNP-III, which shall not exceed a density of 4 dwelling units per acre and lots shall be a minimum of 7,000 square feet. Local supporting public facility uses shall have appropriate buffering and setbacks.
- b. Adequate buffer areas, screening, and an orderly and efficient transition of land uses, as determined by the Board, shall be provided between the RNP and a development with a higher density or intensity of use.
- c. The Board may, for good cause shown, allow a greater density or intensity of use when less than 330 feet from an RNP. (Ord. 4770 § 8 (part), 3/2020)

30.48.200 Designation. Property classified as RNP, shall be designated as (RNP-I, II, or III) on the Official Zoning Map.

30.48.210 Boundary Amendment. An application to amend the zoning from the above referenced zoning map designations RNP-I, II, or III shall also make the request to amend the RNP overlay district boundary.

DELETED - PART D PC OVERLAY

(Ord. 3975 § 18, 8/2011)

PART E Gaming Enterprise District

30.48.240 Purpose and Scope. The purpose of the special overlay district herein named the Gaming Enterprise District (GED) is to establish specific criteria for identifying areas suitable for the potential expansion of gaming activities and resort hotel uses as well as areas needing additional protection and buffering from the associated impacts of such activities and uses, including but not limited to residential, school and church (places of worship) uses and developments. (Ord. 3355 § 6 (part), 2/2006)

30.48.250 Designation as Gaming Enterprise District. Properties shall only be incorporated into the Gaming Enterprise District after a special use permit has been approved per Table 30.16-4 to establish a resort hotel (or rural resort hotel or neighborhood casino) and the use remains active per Section 30.16.210. In addition, any property which is located within the Las Vegas Boulevard Gaming Corridor and was zoned H-1 as of July 16, 1997 is within the gaming enterprise district. All properties designated Gaming Enterprise District (GED) are shown as the “Gaming Enterprise Districts” on the latest Gaming Enterprise District Map, to be updated every 4 months in accordance with NRS 463.309 (current edition available for review and/or purchase from the Department of Comprehensive Planning). It should be noted that, while the entire parcel may be depicted as Gaming Enterprise District on the map, only a portion of the parcel may actually be designated Gaming Enterprise District due to separation requirements listed below. A casino (live gaming) may only be established in conjunction with a resort hotel (or rural resort hotel or neighborhood casino). Per Table 30.44-1, resort hotels are only permitted in the H-1 zoning district and subject to the approval of a special use permit. In addition to the standards listed in Table 30.44-1, additional regulations for the establishment and enlargement of the GED are found in this Chapter. (Ord. 3397 § 7 (part), 6/2006; Ord. 3355 § 6 (part), 2/2006)

30.48.260 Conditions for Enlargement or Establishment. The gaming enterprise district may be enlarged or established in accordance with the following requirements:

- 1. Limitations on Enlargement or Establishment.** Applications to enlarge the GED by expanding an existing development or establishing a new development shall be accepted by the Zoning Administrator with evidence certified by a professional land surveyor licensed in the State of Nevada demonstrating conformity with the separation requirements listed below only under the following circumstances, which shall not be waived or varied:
 - A.** The property is within the Las Vegas Boulevard Gaming Corridor, as defined in NRS 463.3076; or
 - B.** The property is exempted by NRS 463 from the provisions of NRS 463.3086; or
 - C.** The property is within an area designated in the land use plan as Commercial Tourist (outside of the Las Vegas Boulevard Gaming Corridor). However, if the property is within the Las Vegas Valley Bureau of Land Management Disposal Boundary and is not exempted from the provisions of NRS 463, it shall also conform to the separations below: (Note: property within the Rural Clark County Gaming Zone per NRS 463 is not required to meet the separations.)
 - i.** Is 1,500 feet from the property upon which any structure, including structures within another political subdivision, used primarily for religious services, or public or private school is located; and
 - ii.** Is 500 feet from the property line of a developed residential district, including uses within another political subdivision. For the purpose of the Chapter a developed residential district means a parcel of land zoned primarily for residential use in which at least one completed residential unit has been constructed on the date of the application for enlargement or establishment. A parcel of land zoned U-V; or H-1 which is also designated as “Commercial

Tourist” in the land use guide, shall not be considered land zoned primarily for residential use regardless of any existing, proposed or approved use on that parcel of land; or

- D. If the property is located within a major project, the Board may determine at any time whether the establishment should be:
 - i. Exempted from the minimum acreage and/or separation distance requirements listed in subsection (E) below (must always meet minimum separations listed in subsection (C) above);
 - ii. Required to disclose to potential buyers of homes within a major project, the intent to have live gaming and to post signs on the property intended to be used for live gaming in the future; and/or
 - iii. Required to increase the separation distance requirements established in subsection 30.48.260(1)(C) up to those established in subsection 30.48.260(1)(E), from the gaming area to residential uses within the major project area, and/or from residential uses outside of the major project area; or
- E. Any other property shall:
 - i. Be a minimum of 5,000 feet from the property line of any residential, school, or church use;
 - ii. Not be within the Cooperative Management Agreement boundary (reference Interim Cooperative Management Agreement between the U.S. Department of the Interior, Bureau of Land Management and Clark County dated November 4, 1992);
 - iii. Contain a minimum of 50 acres;
 - iv. Have a minimum lot depth of 600 feet; and
 - v. Have immediate access to freeways/beltways and or future frontage roads via arterial streets or access roads within 1/4 mile of the freeway/beltway on-ramps/off-ramps. (The Board may consider other locations that deviate from this requirement where the location generally meets the intent of this section).
- F. Where property is zoned residential, but is undeveloped and designated for a non-residential use by a land use plan map, separations shall be considered based on the land use plan designation, and where the land use plan may designate a mixture of residential and non-residential uses, the separation requirements shall be considered based on the area as if it is a residential designation;
- G. The requirements of this subsection do not apply to: 1) any application for a gaming enterprise district filed prior to May 1, 2000; 2) any property that was designated by the Board of County Commissioners as a gaming enterprise district prior to May 1, 2000, or 3) any property for which nonrestricted gaming was planned as a part of a major project approved prior to May 1, 2000.

2. Applications.

- A. **Zoning Base District.** All applications to establish or enlarge a GED, as defined and permitted per subsection 1 (above), shall only be accepted for properties located within an existing or proposed H-1 (Limited Resort and Apartment) District.

- B. Special Use Permit.** All applications to establish or enlarge a GED shall include a special use permit application for a resort hotel and casino in conformance with the requirements established in Table 30.16-4.
 - C. Pre-submittal Conference.** Prior to acceptance of any application for a resort hotel, a pre-submittal conference with the developer (or an authorized representative) and County staff, including staff from other regulatory agencies or jurisdictions, shall be required to discuss proposed plans and review submittal requirements. One pre-submittal conference may be utilized for all related applications (see Chapter 30.16 for submittal requirement details).
3. Preliminary plans for the proposed development should satisfy the following expectations:
- A.** Demonstrate conformance to the development expectations, especially for *neighborhood casinos*.
 - B.** Provide for an orderly and creative arrangement of land, including pedestrian-oriented urban form.
 - C.** Provide for harmonious development compatible with surrounding development, pursuant to Section 30.04.020(11).
 - D.** Minimize impacts upon adjacent roadways, neighborhood traffic, *public facilities* and other infrastructure.
 - E.** Protect the general prosperity, health, safety and welfare of the community.
4. Documents required for the land use application pre-submittal conference shall include, but not be limited to, the following:
- A.** Site Plans (may be conceptual for pre-submittal only)
 - B.** Project Description
 - C.** Elevations
 - D.** Floor Plans
 - E.** RISE Reports
5. **Support Material.** The applicant shall also concurrently prepare and submit written documentation demonstrating that:
- A.** The roads, water, sanitation, utilities and related services to the location are adequate;
 - B.** The proposed establishment will not unduly impact public services, consumption of natural resources and the quality of life enjoyed by residents of the surrounding neighborhoods;
 - C.** The proposed establishment will enhance, expand and stabilize employment and the local economy;
 - D.** The proposed establishment will be located in an area planned or zoned for that purpose pursuant to NRS 278.010 to 278.630, inclusive;

- E. The proposed establishment will not be detrimental to the health, safety or general welfare of the community or be incompatible with the surrounding area;
 - F. All traffic impacts can be adequately mitigated.
6. **Public Hearing.** Upon receipt of the documentation required above, the Commission and Board shall hold a public hearing in accordance with the procedures established in Table 30.16-4. A 3/4 majority vote of the total membership of the Board (the entire elected or appointed membership of the Board, regardless of whether the entire membership is present at a meeting or not, but does not include members present at a meeting who abstain for ethical reasons) is required to approve an application for such a use;
7. **Decision.**
- A. The proposed use shall not adversely affect any residential development, or any structure used primarily for religious services, or public or private school within 2,500 feet of the property upon which the establishment is located;
 - B. Following the public hearing, the Board shall either grant or deny the petition. The Board may grant a petition only if it is determined that the proponents have brought forth adequate evidence to demonstrate that the petition meets the requirements of subsection (5) of this section.
8. **Successive Applications.** The Board shall not consider another petition for reclassification to the H-1 district or enlargement of the gaming enterprise district concerning the same location or any portion thereof for one year after the date of a final denial. (Ord 4903 § 7, 12/2021; Ord. 4770 § 8 (part), 3/2020; Ord. 4481 § 10 (part), 5/2017; Ord. 3859 § 8, 5/2010; Ord. 3549 § 8 (part), 9/2007; Ord. 3522 § 1, 6/2007; Ord. 3520 § 5, 6/2007; Ord. 3472 § 8 (part), 1/2007; Ord. 3397 § 7 (part), 6/2006; Ord. 3355 § 6 (part), 2/2006; Ord 3296 § 6 (part), 10/2005; Ord. 3106 § 7, 8/2004; (Ord. 2741 § 8 (part), 5/2002; Ord. 2537 § 10, 2001)

30.48.270 DELETED – Subdistricts (Ord. 3355 § 6 (part), 2/2006)

PART F Red Rock Design Overlay District

- 30.48.280 Purpose.** The Red Rock Design Overlay District is hereby established to impose additional design standards within and adjacent to the Red Rock Canyon National Conservation Area (RRCNCA) to minimize the visual impact of development within the area, to maintain the rural character and cultural heritage of the community, preserve wildlife habitat, and minimize the impacts of additional traffic. (Ord. 2914 § 3 (part), 7/2003)
- 30.48.290 Policy Framework and Relevant Plans.** The design components of this overlay district are consistent with the Northwest County Land Use and Development Guide, as adopted by the Board of County Commissioners on October 15, 1996, and as amended. (Ord. 3688 § 8 (part), 10/2008)
- 30.48.300 Red Rock Design Overlay District Map.** The Red Rock Design Overlay District, as adopted by the Board of County Commissioners, shall be incorporated into Title 30 and hereinafter referred to as the “Red Rock Design Overlay District Map” in Appendix G, Map 12. (Ord. 2914 § 3 (part), 7/2003)
- 30.48.310 Establishment of Overlay District.** This overlay district may be established and/or expanded by the initiation and adoption of an ordinance and map describing the boundaries therein. (Ord. 2914 § 3 (part), 7/2003)
- 30.48.312 Exception to the Red Rock Design Overlay District.** The Red Rock Design Overlay District (Overlay) shall not apply to Major Projects pursuant to Chapter 30.20 on properties outside of the boundaries of the Red Rock Canyon National Conservation Area within the following described Sections:
1. Township 21 South, Range 58 East, MDM: the East half of Sections 25 and 36.
 2. Township 21 South, Range 59 East, MDMs sections 29, 30, 31 and 32, the South half of Section 20 and the West half of 28 and 33.
 3. Township 22 South, Range 59 East, MDM Section 5 and the West half of Section 4. (Ord. 3858 § 1, 5/2010)
- 30.48.315 Density & Intensity Restrictions.** Unless proposed for public facilities, land use applications shall not be accepted for the following:
- a. Any request to increase the number of residential dwelling units allowed by the zoning regulations in existence on the effective date of this ordinance unless the increase can be accomplished by the trading of development credits (or similar mechanism) that would allow a greater number of residential dwelling units to be constructed in an area without increasing the overall density of residential dwelling units in that area.
 - b. Any request to establish a new nonresidential zoning district, except for public facilities.
 - c. Any request to expand the size of any nonresidential zoning district in existence on the effective date of this ordinance.
 - d. Exception: The density and intensity restrictions herein described shall not apply to properties that are privately owned as of March 21, 2016 located within the following described Sections within Township 22 South, Range 59 East: Sections 13, 14, 15, 16, 21, 22, 23, and 24. (Ord. 4377 § 1, 3/2016; Ord. 2914 § 3 (part), 7/2003)
- 30.48.320 Permitted Uses.** The uses listed under the column of the respective underlying zoning districts within Chapter 30.44 and Table 30.44-1 (see also Appendix F, for uses categorized by zoning district) shall establish the uses permitted within the overlay district, subject to the conditions listed and to all administrative and special use permits as shown in the Table. (Ord. 2914 § 3 (part), 7/2003)

30.48.330 Site Development Standards.

- a.** The provisions of this section shall serve as a supplement to the underlying zoning district regulations. Unless otherwise specified in Section 30.56.100 (Design Standards - Hillside & Foothills Development) and in this overlay district, the uses, minimum lot sizes, lot width, yard requirements, lot coverage, and other general development requirements shall be determined by the regulations applicable to the underlying zoning district.
- b.** In addition to the design standards listed in Section 30.56.100, the following standards shall also apply:

 - 1.** The contours of the Blue Diamond Hill form two distinct ridgelines as defined by Map 12 in Appendix G. One faces the Las Vegas Valley urban area, and the other faces Cottonwood Canyon and the Red Rock scenic loop and overlook. To preserve the view sheds from both sides of the hilltop, no development shall be permitted on the eastern side of the east ridge and the western side of the west ridge, nor within an area extending 600 feet down the interior side of each ridgeline. The maximum height of any structure should be lower than the elevation of the ridgelines, and structures along either ridgeline that are visible from the urban area or from Highway 159 are expressly prohibited. Unlighted and unobtrusive overlook facilities such as parking lots, picnic areas, and restrooms may be permitted if approved through a public hearing design review application process.
 - 2.** In areas where the land has not been significantly altered through mining and/or where the natural land forms have been preserved, grading shall be kept to a minimum; however, grading may be performed on site in order to provide flood control protections for the site, and such grading may include the construction of channels and/or berms as necessary to develop the site in conformance with Public Works flood control standards. In areas where the land has been altered through mining or other uses, a plan to re-grade the land to create a natural appearance without significant importation of fill materials shall be submitted for any proposed development request. To minimize visual impacts, a building site may be cut below, or filled above, the natural grade to conceal the development from a critical viewpoint, provided that Public Works flood control standards are met.
 - 3.** Drainage shall be designed to utilize natural channels unless such a design is impractical based on Public Works flood control standards as determined by the County.
 - 4.** Subdivision mapping shall respect the undisturbed landforms such as natural washes and hillsides, and all development shall be designed to follow the natural contours of the land. In areas that have been previously disturbed through grading and/or mining activities, subdivisions shall be designed to avoid the rectilinear designs typical of flat land development.
- c.** Additional residential or commercial ingress or egress from SR 159 is prohibited within the boundaries of the RRCNCA (which includes the entire area between the James Hardie plant and the detention basin on Charleston Boulevard and SR 159) unless required by the County for emergency access or unless the property is adjacent to SR 159 and provides the only means of legal access. New vehicular access within this area shall be limited to public areas such as trails and recreational facilities. Access from residential development should be controlled, and pedestrian, bicycle, and equestrian access to public lands shall be limited to developed trailheads and parking areas. In addition, no dead end streets or drives are permitted. Fencing suitable for the protection of wildlife (non-hazardous, "wildlife friendly"), as identified by existing Bureau of Land Management standards, shall be provided along all conservation area boundaries.

- d. The architectural design regulations established herein apply to all new development. They are intended to exemplify the most appropriate design responses for the area and are not meant to pose absolute design constraints. The architectural criteria listed below establish minimum design standards for buildings within the Red Rock Design Overlay District in order to minimize the impacts of development on adjacent existing communities and environmentally sensitive areas which include, but are not limited to, the town of Blue Diamond, the Calico Basin, and portions of the RRCNCA. As such, the architectural characters or styles permitted within this overlay district shall be consistent with commonly acceptable Southwest region architectural designs. The highest quality of architectural design and innovation is encouraged.
1. The architectural components of any development shall complement the texture and color palette found in the existing natural rock mosaic and shall consist of subtle, low reflectance, neutral hues and earth tones.
 2. The use of accent colors is a primary element of the various Southwest region architectural styles. The following accent colors, usually lighter in color and hue than the building's exterior walls, are acceptable: blues, greens, reds, and yellows.
 3. The use of fluorescent or neon colors shall be prohibited as accent colors.
 4. Exterior surfaces should harmonize with the natural environment and consist of building materials able to withstand the climatic extremes. The use of stucco is encouraged. Where exterior plaster or stucco is used, the use of a light or medium texture shall also be used.
 5. The use of rooflines that reflect the geometries of the nearby hillsides is encouraged.
 6. New buildings shall harmonize with existing buildings by incorporating design elements of the adjacent architecture, including the scale and massing of structure; roof and parapet forms; window fenestration patterns; finishes, materials, and colors; site amenities such as walls and landscaping; and traditional or prevailing setbacks and building orientation.
 7. The detailing of side and rear elevations shall be consistent with the front elevations.
 8. The use of franchise architecture shall not be permitted unless the color palette and texture is consistent with the traditional southwest style.
 9. The use of illuminated canopies shall not be permitted.
 10. Irrespective of the particular use, any development within the overlay district shall be limited to a height no greater than 35 feet. However, when adjacent to residential uses, Section 30.56.070, Table 30.40-4, and Figure 30.56-10 shall apply. This provision shall not be interpreted to prohibit the acceptance of special use permit applications to establish communication towers at heights greater than 35 feet as needed for reception or service in compliance with the Federal Telecommunications Act of 1996.
 11. If permitted within the historic Bonnie Springs Ranch area, commercial development may deviate from certain design standards to allow for Western architectural features, provided the development is consistent with the existing ranch development. Residential development, however, shall follow the guidelines listed in 30.48.330(d).
- e. The following residential site design standards are intended to minimize the impacts of residential development on adjacent existing communities and environmentally sensitive areas, including the

town of Blue Diamond, the Calico Basin, and the RRCNCA, and shall apply to all existing vacant lots of two or more acres in size and all new lots of any size.

1. To preserve the intrinsic characteristics of the natural setting, each lot shall contain a building envelope surrounded by a natural area.

A. The building envelope delineates the maximum area in which any proposed building or structure may be erected and includes fences or walls other than retaining walls, except as permitted by subsection (B)(i) below. The building envelope is predetermined for each lot as specified on the approved subdivision map filed with the County, shall be generally located in the center of the lot, and in no case shall be located closer than 25 feet from the property line or right-of-way.

B. The natural area is the land extending from the boundary of the building envelope to the property line. Because the purpose of the natural area is to buffer adjacent properties and enhance the rural and scenic aspects of the area, it shall remain in, or be restored to, a condition characteristic of the surrounding native geographical features.

i. Retaining walls constructed of man-made materials such as concrete, and solid perimeter walls, fences, and patios are prohibited within the natural area. Property line fences must conform to the following standards:

a. Chain link or coated chain link fence are prohibited; however, tubular metal fencing may be acceptable if augmented at 50 foot intervals by decorative pilasters that complement the site's architectural features.

b. Fencing materials may include traditional farm fencing (smooth twisted wire mounted on posts) or alternative fencing used for confining domestic animals, provided that all fencing is compatible with the rural character of the immediate area.

ii. Sidewalks and driveways may penetrate the natural area; however, driveway widths and surfaces should be minimized.

iii. No entrance feature shall exceed a maximum height of 48 inches, and entry arches or portals are prohibited.

iv. Only endemic species as follows:

Below 3,500 Feet – Creosote Bush, Desert Globemallow, Cottonwood, Gooding's Willow, Hopsage, Mormon Tea, Range Ratany, White Bursage, Big Galleta, Bush Muhly, Desert Marigold, Sand Dropseed.

3,500 to 6,000 Feet: Banana Yucca, Blackbrush, Buckwheat, Horsebrush, Joshua Tree, Desert Needle Grass, Galleta, Indian Ricegrass, Purple Three-Awn.

Both Elevation Ranges – Mojave Yucca, Desert Trumpet, Barrel Cactus, Cottontop, Blue Diamond Cholla, Old Man Cactus, Silver Cactus, Staghorn Cholla, Strawberry Hedgehog, Utah Agave (see Southern Nevada Regional Planning Coalition's Regional Plant List for specific plant information) shall be planted in the natural area, and a list of endemic species shall be filed as part of the mapping process (*Note: turf is not an endemic species within this overlay district*).

2. Because the Red Rock Design Overlay District contains a significant amount of hillside topography, development may be clustered at a specific location on the site to preserve open space and minimize infrastructure costs. Clustered development shall only be considered in conjunction with an approved major project (see Chapter 30.20) and may only be permitted within a specific development and then only if the overall density distribution results in a project site plan consistent with the goals and policies of the overlay district. Moreover, the maximum number of units allowed for a specific site shall be limited to that required by the underlying zoning classification.
3. Because the appearance of rooflines and materials will have a significant visual impact on the area, traditional southwest roofs, either flat or hipped, are preferred. Mansard, steeply pitched, or Dutch hipped roofs are not appropriate. Roofing materials shall be non-reflective and display soft earth tones. Roofs made of wood, barrel tile, or red tile (mission style) are not permitted.
4. Walls or fences, required or otherwise, must be designed to complement the architecture, must match the exterior materials of the principal structure on site, and shall be limited to a maximum height of 6 feet. Retaining walls within the building envelope must also complement the architecture and are limited to a maximum height of 4 feet. Chain link or coated chain link fence are prohibited; however, tubular metal fencing may be acceptable if augmented at 50 foot intervals by decorative pilasters that complement the architecture. Fencing materials within the Blue Diamond and Calico Basin areas (where a variety of fences already exist) may include traditional farm fencing (smooth twisted wire mounted on posts) or alternative fencing similar to that used for confining domestic animals, provided that all fencing is compatible with the rural character of the immediate area. (Ord. 4658 § 11 (part), 1/2019; Ord. 4481 § 10 (part), 5/2017; Ord. 3987 § 3 (part), 10/2011; Ord. 3209 § 7, 3/2005; Ord. 2914 § 3 (part), 7/2003)

30.48.340 Landscaping, Buffering, and Screening. The intent of this section is to require the integration of all landscape improvements with the overall project site requirements and with particular sensitivity to the natural topography and existing or indigenous vegetation. All plant materials shall be used to enhance the existing area, particularly as viewed from an adjacent right-of-way, and to mitigate developmental impacts on major washes, slopes, and any other sensitive environmental features. The introduction of non-native or competitive species that could threaten the native flora within this environmentally sensitive area is prohibited. The following standards shall be used:

1. Plant materials shall be selected to blend in form, texture, and scale with the design scheme proposed for the site.
2. Plant materials shall be used as accent elements at entry ways to provide a definite sense of arrival to the proposed development.
3. In order to design a landscape theme in character with the desert environment, xeriscape landscaping only shall be used for non-residential developments within the overlay district.
4. All non-residential off-street parking areas must be screened from all rights-of-way, including but not limited to State Highways 159 (Blue Diamond Road) and 160 (Pahrump Highway), by low walls and/or fences no greater than three (3) feet in height, or by continuous dense vegetation or by a combination wall/fence, vegetation, or berm.
5. All development must provide a homogenous landscape design of appropriate character using plants similar in form and scale to the existing vegetation in the area. Additionally, non-residential development must also provide accent plants at entryways, changes in direction, and intersections of roads; trees clustered at plaza areas or other public gathering places; and clear identification of public, semi-public, and private areas using harmonious design elements such as varying elevations, low walls, fences, landscaping, lighting, color, and changes in paving texture to create distinctions between different land use areas .
6. Each natural area, as defined in Section 30.48.330(e), shall only contain species indigenous to the native desert and/or mountain elevation and climate zone in which it exists except that development in the lower desert elevations may incorporate more water consumptive species if deemed appropriate to the area. Private areas within the building envelope may also contain naturalized species in addition to native species provided that the vegetation does not exceed 25 feet in height at maturity. Palm trees are prohibited. See also 30.48.330(e)(1)(B). (Ord. 2914 § 3 (part), 7/2003)

30.48.350 Signage and Community Features. This section is intended to provide for a cohesive and unified sign program for the overlay district. This provision does not apply to residential development. The following provisions shall apply:

1. All sign designs shall conform to established color guidelines of this section and complement the architecture of the site.
2. Signs shall be limited to monument, placard type, and building mounted (wall) signs.
3. All monument signs shall have a design that is consistent with the architecture of the building.

4. Off-premises (billboard) signs, temporary, free standing, revolving, blinking, and parapet signs shall be prohibited.
5. No exposed neon is permitted for signs or buildings.
6. All signs shall be integrated with and complement the site plan and architecture.
7. Building mounted signs shall be limited to a maximum 10% of the wall surface on which applied. One wall sign is permitted per building.
8. In order to provide an aesthetic visual coherence and enhance the pedestrian environment, the following shall apply:
 - A. Combine landscaping, street furniture, public information signs, utilities and street lighting to eliminate visual clutter and to free sidewalk areas of impediments.
 - B. Any form of public art, especially smaller scale exhibits that can be appreciated at close range by pedestrians, may be incorporated in the overall design of the site plan.
 - C. The composition of any art work shall be constructed of permanent type of materials in order to be durable against vandalism, theft, weather, and in order to require a low level of maintenance.
 - D. Any art work shall be related in terms of scale, material, form, and content to adjacent buildings and landscape so that it complements the site and surrounding environment.
 - E. Any artwork shall complement and conform to the architectural and color guidelines set forth in this section.
 - F. Any public art shall not be used as a sign directly related to the business or be used as advertisement.
 - G. Public art shall be located in roadway intersection areas outside of sight zones. (Ord. 4658 § 11 (part), 1/2019; Ord 4275 § 8 (part), 3/2015; Ord. 2914 § 3 (part), 7/2003)

30.48.360 Site Lighting. Development within the Red Rock Design Overlay District shall be limited to lighting that is functional, safe, aesthetically pleasing, and unobtrusive. The guidelines listed below establish clear, objective, and quantifiable standards for lighting that adequately serves a site while minimizing negative impacts on surrounding properties. Whenever a specific measurement is required under these provisions, it shall be incumbent upon the applicant to demonstrate, through a letter from a licensed engineer of the State of Nevada, that the standard has been met. The following standards shall be used:

1. Lighting standards and fixtures shall not cause abrupt visual transitions and shall gradually define land use transitions.
2. Accent lighting of plant materials, buildings, and signage, and lighting for walkways, driveways, and other security and safety related lighting shall be achieved with hidden light sources. These typically include: surface mounted fixtures; lamps recessed in building soffits, overhangs, and walls; lamps recessed in the ground; and lamps hidden by plant materials.
3. Accent lighting is permitted; however, surface lighting is limited to an average of 2 foot-candle measured 4 feet from the surface level of any point on the building surface being lighted.
4. Exterior fixtures (luminaries) mounted on buildings shall be no higher than the line of the first story eave, or 14 feet above finished grade, whichever is lower.

5. Floodlights, spotlights, or any other similar lighting shall not be used to illuminate buildings or other site features unless approved as an integral architectural element on the development plan.
6. On-site lighting may be used to accent architectural elements but not used to illuminate entire facades of buildings or signs.
7. Exterior lighting should be architecturally integrated with the building style, material, and colors.
8. Exterior fixtures shall be oriented to focus light inward from the edge of the property to minimize light spillage into neighboring residential areas.
9. Parking lot fixtures shall be cut-off fixtures, designed and positioned to cast adequate light for safety and security but adjusted to eliminate encroachment on neighboring properties.
10. Light sources shall be limited to a maximum off-site luminance not to exceed 0.5 foot-candles of illumination beyond the property containing the light source.
11. Luminaries must be completely shielded to prevent obtrusive light trespass on adjoining properties.
12. Average light levels shall be limited to 2 foot-candle with maximum levels limited to 16 foot-candle as measured from 4 feet above the surface level of any point on the site.
13. All outdoor light fixtures installed and maintained on commercial developments or under the provisions of a special development shall remain off during non-business hours except for accent lighting permitted under subsection (2) above.
14. Streetlights shall have a sharp cutoff angle (no cobra heads) and shall not exceed a maximum height of 35 feet. (Ord. 2914 § 3 (part), 7/2003)

30.48.370 Lighting Exemptions. The lighting provisions set forth in this section shall not apply to seasonal lighting that is part of customary holiday decorations or annual civic events, or municipal lighting installed for the benefit of public health, safety, and welfare. (Ord. 2914 § 3 (part), 7/2003)

30.48.380 Landscape, Lighting, and Signage Plans. Any proposed development requiring a site plan or subdivision plan shall include, as a part of the site plan and subdivision plan submission, a detailed landscape, lighting, and signage plan. These plans shall address and conform to all provisions set forth under this section. (Ord. 2914 § 3 (part), 7/2003)

30.48.390 Deviations or Waivers of Standards. The site development standards cannot be waived or varied except as permitted within this Part. (Ord. 2914 § 3 (part), 7/2003)

30.48.400 Non-conforming Lighting. Except for residential development and unless otherwise specified within this section, within 2 years of October 31, 2001, all outdoor lighting fixtures that do not conform to the requirements of this Overlay District must be replaced with conforming fixtures, or existing fixtures must be retrofitted to comply. Until that time, all existing outdoor lighting fixtures shall be considered legal nonconforming fixtures, provided that the existing fixtures may not be expanded or increased in a manner which would result in greater non-conformity. (Ord. 2914 § 3 (part), 7/2003; Ord. 2674 § 2, 2001)

PART G TRANSITION CORRIDOR OVERLAY

- 30.48.420 Purpose.** The Transition Corridor Overlay is intended to augment and/or complement the regulations and standards established for non-residential development through the application of special design standards required for specific area locations in transition from residential to non-residential uses. The regulations enumerated in this section are designed to preserve existing single family residential buildings for non-residential reuse where traffic patterns and the characteristics of existing structures no longer encourage a single-family environment. The regulations are also intended to allow for a smooth transition between viable residential districts and major streets while maintaining an aesthetic visual character reflecting the historic pattern of development within specific area locations. (Ord. 2832 § 5 (part), 12/2002)
- 30.48.430 Policy Framework and Relevant Plans.** The design standards and land use regulations established for the Transition Corridor Overlay shall be consistent with the Comprehensive Master Plan. (Ord. 4481 § 10 (part), 5/2017; Ord. 2832 § 5 (part), 12/2002)
- 30.48.440 Establishment, Expansion, or Amendment of the Transition Corridor Overlay.** The Transition Corridor Overlay may be established, expanded, or amended by the initiation of a text amendment and/or ordinance in accordance with the provisions of Table 30.16-2. A specific area location may thereby be amended, included in, or removed from, the Transition Corridor Overlay. (Ord. 2832 § 5 (part), 12/2002)
- 30.48.450 Permitted Uses.** Non-residential development within the Transition Corridor Overlay should be limited to only the CRT and C-P Districts unless an adopted land use plan permits a more intense district or unless a use may be obtained by special use permit and the proposed use will not generate more traffic than general office uses. The uses established for the underlying zoning districts (see Chapter 30.44 and Table 30.44-1) shall also establish the uses permitted with the Transition Corridor Overlay unless otherwise restricted elsewhere in this Section. (Ord. 2832 § 5 (part), 12/2002)
- 30.48.460 Site Development and Design Standards.** Development of vacant lots or redevelopment of existing sites and/or structures, including residential conversions or reconstructions of demolished dwellings, should closely resemble the scale and architectural character of neighboring residential development and promote uses and site conditions which are compatible with adjacent residential and non-residential uses (also see Table 30.56-2 for additional design standards).

For all properties within the Transition Corridor Overlay, the following standards shall apply:

1. Unless remodeling an existing two-story dwelling, non-residential development shall be limited to a maximum height of 21 feet, including architectural intrusions.
2. The existing height of all buildings shall be retained, with no future additions to the overall height except for architectural intrusions permitted up to 3 feet; however, such additions shall not result in an overall height that exceeds 21 feet.
3. The existing facade shall be retained or, if remodeled, conform to the general and/or predominant residential architecture of the surrounding area (including such elements as roofing materials, design and pitch, architectural design features, and color schemes).
4. When feasible, driveways shall be combined with adjacent lots through the recording of perpetual cross access, ingress/egress, and/or parking agreements.
5. Except for new construction, no increase in curb cuts shall be permitted on any arterial street, and curb return driveways are preferred.
6. When feasible, conversions shall be made on an assemblage of lots.

(Ord. 4200 § 5, 5/2014)

- 30.48.470 Russell Road Corridor – Eastern Avenue to Mountain Vista Street.** Due to the residential character of

the neighborhood, and in addition to the general regulations and standards listed elsewhere in this Title, special development standards are hereby established for non-residential development adjacent to or within 200 feet from back of curb on Russell Road, from Eastern Avenue to Mountain Vista Street as follows:

1. “Intense landscape buffer” per Figure 30.64-12 is required adjacent to residential uses.
2. For new construction only, parking shall be located at the sides or rear of buildings and shall be gated and secured after non-business hours.
3. For property 4 or more acres in size located on the corner of two arterial streets, the Board may consider with a public hearing a maximum 35 foot high building with a 3:1 height setback ratio from residential uses and a 1:3 height setback ratio from the street frontage. (Ord. 2832 § 5 (part), 12/2002)

30.48.480 Desert Inn Road Corridor – Buffalo Drive to Decatur Boulevard. Due to the residential character of the neighborhood, and in addition to the general regulations and standards listed elsewhere in this Title, special development standards are hereby established for non-residential development adjacent to or within 300 feet from back of curb on Desert Inn Road between Buffalo Drive and Decatur Boulevard.

Unless otherwise noted, the following standards shall not be waived or varied:

- A. To the extent that they are applicable, the following factors shall be satisfied before an application for a non-residential use is accepted:
 1. Sole legal front access to the property (both ingress and egress) must be from Desert Inn Road. Property whose primary or ancillary access is from a cul-de-sac off Desert Inn Road, or from a side street that intersects Desert Inn Road, or from a cul-de-sac off a side street that intersects Desert Inn Road, shall not be considered unless the side street in question is a section line street.
 2. The fronts of existing residential structures must face Desert Inn Road. Property within a walled community whose rear or side faces Desert Inn Road shall not be considered.
- B. If the factors in Subsections 1 and 2 above are met, the following standards shall be satisfied:
 1. Non-residential development shall be limited to the CRT. Uses that generate more traffic than general office uses shall not be permitted.
 2. When lots or parcels of land extend beyond the 300 foot overlay boundary, those portions beyond the boundary shall remain residential property and be developed as a residential use simultaneously with the non-residential use and in accordance with the surrounding residential zoning requirements.
 3. All new construction shall utilize tile or concrete roofs and stucco or masonry exteriors.

4. Landscaping, setbacks, and buffering shall consider and accommodate existing conditions, lot sizes, and dimensions.
5. Waivers to reduce the required setbacks for new construction and/or conversions to non-residential use that are contiguous to existing residential development are not permitted. Alternative building setbacks may only be considered for property that is not contiguous to existing residential development.
6. Landscape buffers shall be required when adjacent to residential development, shall be a minimum width of 10 feet on the property's side boundary and 20 feet on the property's rear boundary, and shall consist of mature trees planted a maximum 15 feet apart on center and standing a minimum 10 feet high after planting. Plant materials and placement shall maximize any space limitations when adjacent to residential development. When not contiguous to existing residential development, alternative landscape setbacks may be considered.
7. Unless otherwise approved, any wall between residential and non-residential property shall be decorative and maintain a minimum height of 6 feet on the non-residential property side.
8. When contiguous to existing residential development, new construction and/or residential development converting to non-residential use shall provide parking in the front and/or side yard at a minimum 10 foot setback from existing residential development. When not contiguous to existing residential development, alternative parking setbacks may be considered.
9. Parking per Code requirements must be provided on site.
10. All driveways and parking areas for residential development converting to non-residential use shall be consistent with existing surface materials or shall be concrete.
11. Parking areas adjacent to Desert Inn Road shall be screened by landscaping that utilizes 3 foot high berms and/or landscape hedges, and/or 3 foot high decorative walls unless existing walls screen the parking areas.
12. Only monument signs shall be permitted, shall be subject to a design review, have a horizontal presentation, be limited to a maximum height of 7 feet, and incorporate architectural elements that preserve the residential character of the neighborhood.
13. Neon lights, beacons, flashing lights, message boards, or animated signs of any kind shall not be permitted.
14. On-site light poles shall be limited to a maximum height of 10 feet and shall be decorative.
15. Any required traffic analysis must demonstrate that all queuing and staging are performed on site.
16. Non-residential driveway egress shall be limited to right turns only.
17. A public hearing design review shall be required for all changes, including signs. (Ord. 3518 § 10 (part), 5/2007; Ord. 2832 § 5 (part), 12/2002)

PART H ADULT USE OVERLAY

30.48.500 Purpose.

- a. The Adult Use Overlay is intended to augment and/or complement the regulations and standards established for adult uses in unincorporated Clark County. The regulations delineated in this Section are designed to establish safe and appropriate locations for adult uses, to minimize the possible adverse effects of adult uses on nearby public and private property, and to protect existing communities from incompatible uses.
- b. **Scope.** Adult uses shall be considered a principal use rather than an accessory use, shall be limited to the Adult Use Overlay District as described in Section 30.48.530 and as shown on Map #13 in Appendix G, and shall demonstrate minimal adverse impact on nearby private and public property.
- c. **Waivers and Variances.** The standards and requirements specified in Chapter 30.48 Part H shall not be waived or varied except as permitted within this Part.

30.48.510 Adult Use Overlay District Map. The Adult Use Overlay District, as adopted by the Board of County Commissioners, hereinafter referred to as the “Adult Use Overlay” in Appendix G, Map 13. (Ord 3586 § 6 (part), 2/2008)

30.48.520 Establishment, Expansion, or Amendment of the Adult Use Overlay. The Adult Use Overlay may be established, expanded, or amended by the initiation of a text amendment and/or ordinance in accordance with the provisions of Table 30.16-2. A specific area location may thereby be amended, included in, or removed from, the Adult Use Overlay.

30.48.530 Permitted Locations. Adult uses shall only be permitted on M-1 zoned property within the area specified as the Adult Use Overlay District whose boundaries are as follows:

South Boundary: a line 660 feet north of Sunset Road extending from I-15 to Arville Street

West Boundary: Arville Street from a line 660 feet north of Sunset Road to Tompkins Avenue; then east along Tompkins Avenue to Wynn Road; then north along Wynn Road to Harmon Avenue; then east along Harmon Avenue to Valley View Boulevard; then north along Valley View Boulevard to the Desert Inn Arterial; then east along the Desert Inn Arterial to I-15; then north along I-15 to the City of Las Vegas/Clark County boundary; then east and south along the City of Las Vegas/Clark County boundary to the Union Pacific Railroad tracks (UPRR); then north along the UPRR to Sahara Avenue

North Boundary: Sahara Avenue from the UPRR to Sammy Davis Jr. Drive

East Boundary: Sammy Davis Jr. Drive from Sahara Avenue to I-15; then south along I-15 to a line 660 feet north of Sunset Road (Ord. 4559 § 9 (part), 1/2018)

30.48.540 Permitted Uses. The uses listed under “Adult Use” in Chapter 30.08, along with the conditions stipulated for each use in Chapter 30.44, Table 30.44-1, shall establish the adult uses permitted within the Adult Use Overlay District. No adult use shall be conducted in any manner that permits the observation of any material depicting, describing, or relating to specified sexual activities or specified anatomical areas from any public way or from any property not registered as an adult use. This provision shall apply to any display, decoration, sign, show window, or other opening.

30.48.550 Separations. Except as otherwise provided, separations shall be measured radially in all directions from the adult use property line to the nearest property line of the uses described below. The applicant shall provide evidence, certified by a professional land surveyor licensed in the State of Nevada, that demonstrates conformity with the separation requirements listed below. Separation requirements shall be satisfied as of the date the application is filed.

- A. 1,500 foot minimum separation from any residential use, public library, public park, daycare facility for children, school, or place of worship. An exception is permitted only for daycare facilities established after an adult use was established and which serve the employees of the adult use.
- B. 1,000 foot minimum separation from another existing adult use except that the 1,000 foot separation shall be measured from the building or suite of each adult use when located on the same parcel.
- C. 660 foot minimum separation from any mixed use or mixed-use development. (Ord. 4839 § 10 (part), 1/2021; Ord 3805 § 5 (part), 9/2009; Ord. 3518 § 10 (part), 5/2007; Ord. 3055 § 5, 4/2004)

30.48.560 Site Development and Design Standards. Development of lots or the redevelopment of existing sites and/or structures should promote site conditions which are compatible with adjacent uses and structures. In addition to the site development standards required of the underlying zoning district per Chapters 30.40 and 30.56, the following development and/or design standards shall also be required for any adult use within the overlay:

- A. Adult uses shall only be approved within an existing or approved building upon which construction has commenced.
- B. Industrial buildings proposed for adult uses shall be constructed (or reconstructed if existing) in conformance with the aesthetic standards required for commercial buildings per Table 30.56-2.
- C. All required parking shall be located on the parcel approved for the adult use.

30.48.570 Signs. On-premises signs within the Adult Use Overlay must comply with the sign provisions of Chapter 30.72. Signs for adult uses shall not contain any emphasis, either by wording, picture or otherwise, on matter related to sexual activities and/or anatomical areas as defined in Chapter 30.08 (see also 30.48.540). (Ord 4275 § 8 (part), 3/2015; Ord. 2899 § 5 (part), 5/2003)

PART I COOPERATIVE MANAGEMENT AGREEMENT (CMA) AREA DESIGN OVERLAY DISTRICT - *SPRING VALLEY AND ENTERPRISE*

30.48.600 Purpose. The Cooperative Management Agreement (CMA) Design Overlay District for the Spring Valley and Enterprise planning areas is hereby established to impose, and thereby encourage and promote, a high level of quality developments that will produce a stable environment in harmony with existing and future development and protect the use and enjoyment of neighboring properties. Compliance with the standards and provisions of this Section is intended to ensure development that will:

- a. Assist in providing and fostering a positive physical image and identity for non-residential developments.
- b. Promote and ensure high quality non-residential developments.
- c. Ensure a cohesive and unified streetscape and thereby enhance the visual environment along rights-of-way of commercial and industrial development.
- d. Assist in further implementing the goals and policies recommended in the Enterprise and Spring Valley Land Use Plans (as amended) and the Clark County Comprehensive Master Plan.
- e. Stimulate investment and strengthen the economic vitality and stability of this area.
- f. Protect and enhance property.
- g. Maintain and enhance the quality of life for residents of this community and elsewhere that traverse this community every day. (Ord. 4559 § 9 (part), 1/2018; Ord. 4481 § 10 (part), 5/2017)

30.48.610 Policy Framework and Relevant Plans. The design components of the CMA Area Overlay District are consistent with the Enterprise and Spring Valley Land Use Plans, as amended, and the Clark County Comprehensive Master Plan. (Ord. 4481 § 10 (part), 5/2017)

30.48.620 Cooperative Management Agreement (CMA) Area Overlay District Map. The Cooperative Management Agreement Area Overlay District Map, as adopted by the Board of County Commissioners, shall be incorporated into Title 30 and hereinafter referred to as the “CMA Area Overlay District Map” in Appendix G, Map #14.

30.48.630 Establishment of Overlay District. This overlay district may be established and/or expanded by the initiation and adoption of an ordinance and map describing the boundaries herein.

30.48.640 Site and Design Development Standards. The provisions of this Section shall serve as a supplement to the underlying zoning district regulations. Unless otherwise specified in Section 30.56.100 (Design Standards – Hillside & Foothills Development) and in this overlay district, the uses, minimum lot sizes, lot width, setback requirements, lot coverage, and other general development requirements shall be determined by the regulations applicable to the underlying zoning district.

- a. **Scope.**
 - 1. The development standards and guidelines established apply to all new non-residential development. The provisions for buffering between incompatible uses shall apply to the project site (nonconforming development), whether residential or non-residential, and include residential developments developing in areas planned for non-residential land uses.

2. The standards exemplify the most appropriate design responses for non-residential developments and do not pose absolute design constraints or eliminate design freedom. Additionally, they are intended to promote innovative design, eliminate elements of poor design, and ultimately ensure high quality developments consistent with the overall purpose of the overlay district.
- b. Site Design and Orientation.** This Section relates to the arrangement and functional relationships of buildings, areas allocated to pedestrian and vehicular spaces, landscape, and other ancillary uses. The standards require clear orientation and access for pedestrian and vehicular traffic and promote enhanced streetscapes when visible from public streets and nearby properties.
1. Varying building and parking lot setbacks to enhance visual interest along the streetscape and allow for adequate visual buffering and screening are strongly encouraged.
 2. Office and retail commercial developments shall orient some buildings closer to perimeter streets or the street frontage (freestanding pad sites) in order to screen parking in the interior of the site, provide for strong pedestrian connections to the freestanding buildings, and provide for visual relief along the street. A minimum of ten percent of the total property frontage (primary street frontage only) shall be occupied by buildings and they shall be located at the building setback line or within 100 feet of the front property line.
 3. No outside storage, as defined in Section 30.08, shall be permitted within 660 feet of the right-of-way of the Las Vegas Beltway unless completely screened with a masonry wall and additional landscaping consistent with other provisions in this Section and Title 30.
 4. All outside storage areas, loading areas with roll-up, overhead doors, and areas intended for large semi-truck parking shall be located in the rear of the complex in a service yard unless adequate screening is provided consistent with this section, and no outside storage areas shall be located immediately adjacent to a residential use or public right-of-way.

(Ord. 4559 § 9 (part), 1/2018; Ord. 4481 § 10 (part), 5/2017; Ord 4275 § 8 (part), 3/2015; Ord 3805 § 5 (part), 9/2009)

30.48.650 Architectural Standards and Guidelines. The following design standards, guidelines, and enhancements are established to create a sense of architectural consistency throughout the overlay district, ensure high quality architectural design, and avoid large monolithic, box-like building shapes.

1. The colors of buildings and any corresponding façade surfaces shall consist of the predominantly subdued intensity of tones of the surrounding landscape. Additionally, color shades shall be used to unify and integrate the overall development project, including but not limited to features such as roll-up, overhead doors.
2. Any new proposed buildings shall serve as an orderly transition in scale to existing buildings on adjacent properties and in the immediate area. Building heights for non-residential developments, when adjacent to a residential use or along a street, shall have an appropriate transition or step-down of building scale to reduce and mitigate any potential adverse impacts. Therefore, Section 30.56.070, Tables 30.40-4, 30.40-5, and Figure 30.56-10 shall apply.
3. The façade design of buildings situated in a shopping or office center that are oriented towards the public street (freestanding pad sites) shall include pedestrian scale architectural elements or details at the first floor level that may include, but are not limited to, enhanced window fenestration, cornices, projections, colonnades, and recesses. Additionally, all elevations, either visible from the interior of the center, contiguous residential uses, and/or public rights-of-way shall have the same architectural detailing and enhancements as the principal elevation façade.

4. Freestanding buildings (pad sites) or any accessory structures (e.g., security kiosks, maintenance buildings, etc.) shall have architectural detailing and design elements consistent with the primary buildings of the development complex to provide a cohesive project site.
5. In multi-building complexes, a comprehensive architectural concept shall be implemented through the use of unifying site components, including but not limited to similar design, materials, and colors.
6. All non-residential buildings that are visible from any public right-of-way, especially buildings that are situated parallel to a right-of-way or contiguous to a residential use, shall minimize the visual impact of large, uninterrupted, austere facades with the use of architectural features such as, but not limited to, windows and variations in color, texture, and material. A building façade shall not be longer than 100 horizontal feet and/or two stories in height. Other innovative techniques or design solutions proposed by the applicant may be considered in determining compliance with this standard.
7. Roofline variations shall be incorporated to provide architectural character for all non-residential developments. Horizontal roof lines longer than 100 feet shall be broken up by providing articulations in the façade, changing the height of roof portions, or by adding elements such as, but not limited to, towers or domes.
8. Roof styles for multi-building complexes shall be compatible and consistent with roof designs for the entire complex.
9. Large manufacturing and industrial buildings shall have decorative roof elements (e.g., projecting cornices, etc.) to enhance roof edges. (Ord. 4839 § 10 (part), 1/2021)

30.48.660 Perimeter Buffering, Landscape, and Screening. This Section primarily addresses perimeter and street landscape areas and establishes standards to provide visual streetscape aesthetics, enhanced privacy, and noise reduction. Minimum buffer widths required herein may be reduced when unique site constraints necessitate such a reduction. However, any reduction shall be offset by wider buffer widths in non-constrained areas, and the average buffer width shall comply with the minimum width requirement. The following standards shall apply:

1. All new sound walls, masonry walls, or fences 50 feet in length or longer and 3 feet in height or taller, shall be decorative and designed to visually minimize the stark appearance of a monotonous block wall face by incorporating variations in surface planes (landscape pockets), height, material, or texture.
2. Drive-thru facilities and stacking lanes, when contiguous to any public right-of-way, residential use, or pedestrian gathering area shall be obscured from view by an intense landscape buffer consistent with Figure 30.64-12, however a wall is not required to be installed with the landscape buffer.

3. For large parking areas of 100 spaces or more, the parking areas shall be designed in a series of smaller, connected parking courts or lots that are dispersed throughout the site. Where this cannot be achieved, proper screening from any public right-of-way of the large expanses of unrelieved pavement or asphalt areas shall be accomplished with a combination of landscaping, berm, and/or decorative low profile masonry wall ranging in height up to 36 inches. Generally, any berm used alone or in combination with a low profile wall should not exceed 1 foot of rise for every 3 feet of linear distance and must be self stabilizing.
4. All outside storage areas, loading areas with roll-up, overhead doors, service areas, and areas intended for large semi-truck parking shall be completely screened from any public street and residential use as follows:
 - i. Landscaping and screening shall be installed prior to the development (any phase) of such areas to obscure their view from public streets or residential use.
 - ii. A minimum 6 foot high decorative masonry wall is required unless the area will be visible from an arterial or collector right-of-way, a residential use, or the Las Vegas Beltway, and then a 6 foot high masonry wall and landscape combination shall be required to soften the appearance.
 - iii. An exception to the 6 foot high masonry wall may be made for loading and service areas with roll-up, overhead doors; however, when visible from any public street or residential use, they must be completely and visually obscured from view.
5. The use of chain link fencing shall not be used along the Las Vegas Beltway, or along an arterial or collector street frontage, or where visible from a residential use.
6. Sites that are adjacent to the Las Vegas Beltway frontage roads shall provide a 15 foot minimum landscape area along the street frontage with medium trees (24 inch box) per 30.64.030(k) and shrubs to provide a 50% coverage of the landscape area.
7. When detached sidewalks are required per 30.64.030(1)(3), trees shown in Figure 30.64-17 shall be medium trees, 24 inch box in size.
8. Non-residential development that is adjacent to a residential use shall provide a minimum 10 foot wide intense landscape area consistent with Figure 30.64-12. (Ord. 4965 § 3, 7/2022; Ord. 4559 § 9 (part), 1/2018; Ord. 4481 § 10 (part), 5/2017; Ord. 4367 § 7 (part), 2/2016; Ord. 3924 § 7 (part), 1/2011; Ord. 3472 § 8 (part), 1/2007)

30.48.670 Site Lighting. This Section establishes standards for non-residential lighting within the overlay district.

- a. **Scope.** All lighting shall be designed to integrate the overall development character and shall:
 1. Be architecturally integrated with the character of on-site structures.
 2. Be unobtrusive to adjacent properties and public rights-of-way.
 3. Be energy efficient and shielded so that all glare is confined within the boundaries of the site.
 4. Be appropriate in height, intensity, and scale to the site it is serving.
- b. **Lighting Design.** The following standards shall apply:
 1. All lighting fixtures on a project site shall be from the same family of fixtures with respect to design, materials, finish, color, and color of light and shall complement the architectural theme and materials established by the primary buildings.

2. Any light source shall be shielded to direct light rays onto the subject parcel only and shall not be visible from adjacent properties or the public right-of-way.
 - i. Any exterior accent lighting of landscaping and buildings shall be achieved with hidden light sources which typically include, but are not limited to, surface mounted fixtures and lamps recessed in building soffits, overhangs, walls, or the ground.
 - ii. Only “full-cutoff” fixtures (light lens not visible) may be used adjacent to a residential use to avoid glare and up-light.
3. Exterior fixtures (luminaries) mounted on buildings shall be no higher than the line of the first story eave, or 14 feet above finished grade, whichever is lower.
4. Freestanding light poles shall be no higher than 14 feet above the finished grade if located within 50 feet of a residential use.
5. Floodlights, spotlights, or any other similar lighting shall not be permitted to illuminate buildings visible from a public right-of-way or residential use.
6. Building illumination and architectural lighting should be indirect in character and should respect and reinforce the architectural treatment of the building. Exposed neon may be permitted as accent lighting, provided the maximum amount used does not exceed 1.5 times the linear distance of the building.
7. Lighting in large surface areas (parking lots) should use a larger number of lower, pole mounted fixtures rather than fewer, taller fixtures.
8. Service area lighting should be contained within the service yard boundaries and enclosure walls. No light spillover should occur outside the service area.
9. Off-site luminance shall not exceed 0.5 foot-candles of illumination beyond the property containing the light source if contiguous to a residential use.
10. Off-site luminance shall not exceed 1.0 foot-candles of illumination beyond the property containing the light source if contiguous to a non-residential use.

30.48.680 Signage. This Section establishes minimum standards to promote and ensure a cohesive and unified on-premises identification program within the overlay district. Unless otherwise specified in this Section, all signage within the overlay district shall comply with the definitions and regulations for signs in Chapters 30.08, 30.72, and 30.76.

- a. **Scope.** These sign standards are established to:

1. Encourage creative and well designed signage that contributes to a positive visual environment and helps in developing a distinctive image for the CMA area within the unincorporated towns of Spring Valley and Enterprise;
 2. Enhance overall property values, community character, and the visual environment within the Town's of Spring Valley and Enterprise by discouraging signs which contribute to the visual clutter of the streetscape;
 3. Encourage signage that is responsive to the aesthetics and character of their particular geographic location, adjacent buildings and uses, and surrounding neighborhood. Signs should be compatible and consistent with the building's architectural design and with other signage on-site;
 4. Integrate the design of individual signs for a development project with the design of the structures, into a unified architectural program;
 5. Ensure that signage enhances the overall development, be in harmony with, and relate visually to other signs in the immediate area, structures or developments they identify, and to surrounding developments;
 6. Ensure that lighting of signage is considered as an integral element in a projects overall design;
 7. Provide for fair and uniform application of sign regulations to all sign users; and
 8. Implement and promote the goals and policies of the Enterprise and Spring Valley Land Use Plans.
- b. Permitted and Prohibited Signs.** All on-premises sign types permitted by Chapter 30.72 shall be permitted within the overlay district except for the following, which shall be prohibited: banner signs, pennant signs, and revolving signs. The following additional requirements shall apply to on-premises signs permitted within the overlay district:
1. Service station "pricing signs" shall clearly be secondary in terms of placement and size to the primary sign display.
 2. Monopole signs must provide a pole cover at a minimum width of 20% of the sign width.
- c. Sign Standards.**
1. **Maximum Height.**
 - A. Las Vegas Beltway (I-215) oriented – 28 feet, provided the property has at least one property line adjacent to the Beltway or Beltway Frontage Road right-of-way.
 - B. All others – 20 feet (consistent with a one story building height).

2. **Maximum Number of Signs and Sign Area.** Unless otherwise specified in this Section, the maximum square footage per sign area and maximum number of signs permitted shall comply with the requirements established in Chapter 30.72, except for the following:
 - A. 1 freestanding sign per 300 linear feet of street frontage; and
 - B. 1 monument sign per pad site, whether or not the pad site is along a street frontage.
3. **Animated Sign Requirements.**
 - A. Animated signs are limited to non-video electronic message units only and may only be built in conjunction with freestanding signs located on collector or arterial streets or Las Vegas Beltway frontage.
 - B. A maximum 50 square feet of animation is allowed for signs less than 28' in height. A maximum 70 square feet of animation is allowed for signs at least 28' in height.
 - C. Maximum of 1 animated sign per freestanding sign.
4. **Sign Compatibility with Buildings and Adjacent Uses.**
 - A. All freestanding signage shall be constructed of materials and design that are architecturally related, compatible with, and complementary to the principal buildings (at least one of the predominant visual elements).
 - i. External bracing treatment per 30.72.040(1) shall apply.
 - ii. Sign colors shall complement the colors used on buildings and structures within the entire development.
 - B. The scale of signs should be appropriate for the building on-site. The size and shape of a sign should be proportionate with the scale of the structure.
 - C. Signs shall be designed and located so that they have little or no impact on adjacent uses.
 - D. Wall signs that are oriented towards a major street or the Las Vegas Beltway should be placed to complement building scale and proportion and enhance the architectural flow of established facade features.
 - E. Where there is more than 1 sign on a site, all signs shall be complementary to each other in the following manner:
 - i. Shape of total sign and related components; and
 - ii. Type of construction materials.
- d. **Sign Lighting.**
 1. Any exterior light source shall be completely shielded and directed solely on the sign (direct light source) and not upon any other object or adjacent properties.
 2. Any primary source of light for a sign, whether internal or external, shall not be visible from adjacent parcels or rights-of-way.

3. Signage shall not have blinking, flashing, or fluttering lights, or other illuminating device that has a changing light intensity, brightness, or color.
 4. No lamps or reflective type bulbs shall be used on the exterior surface of a sign so that the face of the bulb or lamp is visible from a right-of-way or adjacent parcel.
 5. Neon is permitted only as accent lighting and shall not exceed a total linear amount of 25% of a sign's area, excluding letters.
- e. **Alternative Sign Standards.** It is recognized that individual sites may present unique characteristics, including site shape and location, and the design of existing and proposed structures could be best developed through the application of alternative sign standards which depart from the requirements of this Section. In certain circumstances, such alternative standards may be considered beneficial by the Board as a tool to achieve the land development policies of the County. In such cases, the Board may consider alternative sign standards for this Section through a waiver of development standards per Table 30.16-7, subject to finding that the alternative standards will:
1. Result in a development character which is as or more compatible with adjacent development than anticipated by the requirements of this Section; and
 2. Comply with the intent of Section 30.48.680(a); and
 3. Encourage a development trend or visual character similar to that anticipated by the requirements of this Section.
 4. Not exceed the standards for signs established in Chapter 30.72.

(Ord. 4623 § 5 (part), 9/2018; Ord. 4481 § 10 (part), 5/2017; Ord. 4367 § 7 (part), 2/2016; Ord 4275 § 8 (part), 3/2015; Ord. 4077 § 10, 2/2013; Ord. 3808 § 1, 9/2009; Ord. 3518 § 10 (part), 5/2007; Ord. 3397 § 8, 6/2006; Ord. 3043 § 2, 3/2004)

PART J MIXED USE OVERLAY DISTRICT

30.48.700 Purpose. The purpose of the Mixed Use Overlay District (Overlay) is to encourage a diversity of compatible land uses, including a mixture of residential with at least one or more of the following: commercial, office, educational, institutional, and other appropriate urban uses. While the commercial component is required to exceed the limits of “Accessory Commercial Use”, it may be determined that additional commercial area may be required in order for the project to meet the intent of the Mixed Use Overlay. The Overlay provides a mechanism to encourage new housing and innovative urban design that is less dependent on automobile transit and can be used to revitalize older commercial corridors and increase opportunities for infill housing. Mixed use projects are intended to create and sustain pedestrian oriented neighborhoods where local residents have convenient access to jobs, schools, shops, public facilities, transit, and various services. A photo gallery of visual illustrations depicting the application of various mixed use development criteria is included in Section 30.48.780. The regulations in this Part (J) apply to mixed use development in the U-V zoning district within the Overlay. Mixed use developments are also permitted in the C-1, C-2, and H-1 zoning districts and are governed by Chapters 30.40 and 30.44, which refer to standards within this Part (J). (Ord. 3397 § 9 (part), 6/2006; Ord. 3174 § 6 (part), 1/2005)

30.48.710 Establishment of the Mixed Use Overlay District. The Mixed Use Overlay District described in this Part (J) is hereby established as shown on the Mixed Use Overlay District Map, which may be amended from time to time in conformance with Section 30.48.720, and incorporated by reference (see Appendix G, Map 15a). (Ord. 3174 § 6 (part), 1/2005)

30.48.720 Expansion or Amendment of the Mixed Use Overlay District.

- a. The Mixed Use Overlay District may be expanded or amended by the approval of a text amendment application in accordance with the provisions of Table 30.16-2. Text amendment requests to expand or amend the Overlay require Board member concurrence prior to initiating the application process (including pre-submittal conference), and all such proposals shall be considered at a public hearing before the Commission whose recommendation shall be forwarded to the Board for final action no sooner than the second zoning agenda following Commission action. Approval by the Board shall cause a subsequent ordinance amending the Mixed Use Overlay District Map to be introduced and considered. A specific area location or Overlay subdistrict may thereby be amended, included in, or removed from the Mixed Use Overlay District.
- b. Text amendment applications to expand or amend the Mixed Use Overlay District (Overlay) shall be evaluated in terms of the proposal’s ability to satisfy the overall purpose of the Overlay and specific subdistrict expectations, including evaluative criteria, and shall therefore include the following submittal requirements:
 1. Vicinity Map (2,500 foot radius) indicating proximity to existing Overlay boundaries, major streets, highways, railway lines and transit options, proposed and adjacent uses, zoning districts, land use plan categories, range of existing and proposed densities and structural heights, and consistency with Overlay subdistrict requirements.
 2. Project Description (see 30.16.240(a)(20))
 3. Reports (see 30.16.240(a)(17))
 4. Compelling Justification that the proposed expansion or amendment satisfies the following criteria:

- i. A change in law, policies, trends, or facts that have substantially changed the character or condition of the area, or the circumstances surrounding the subject property, which makes the proposed expansion or amendment appropriate; and
 - ii. The density or intensity of the uses allowed by the requested mixed use overlay subdistrict is compatible with the existing and planned land uses in the surrounding area per Section 30.48.770(A); and
 - iii. There will not be a substantial adverse effect on *public facilities* and services, such as roads, access, schools, parks, fire and police facilities, and stormwater and drainage facilities, as a result of the uses allowed by the proposed expansion or amendment; and
 - iv. The proposed expansion or amendment conforms to other applicable adopted plans, goals, and policies; and
5. Written consent from *Board* member(s) or *Board* approval per Table 30.16-2(b). (Ord 4152 § 7 (part), 12/2013; Ord 3296 § 6 (part), 10/2005; Ord. 3219 § 6 (part), 5/2005; Ord. 3174 § 6 (part), 1/2005)

30.48.730 Applications.

1. *Mixed use developments* shall be permitted in the U-V district within the Mixed Use Overlay District boundaries, subject to design review approval (*public hearing*) by the *Board* when conforming to the standards, requirements and procedures established in this Part (J). The U-V district shall only be permitted within the Mixed Use Overlay District pursuant to Section 30.40.310, and nonconforming zone boundary amendment applications to establish C-1, C-2, or H-1 zoning for a *mixed use development* within the Overlay shall not be accepted.
2. *Mixed use development* shall also be permitted in the C-1, C-2 and H-1 districts, whether inside or outside of the Mixed Use Overlay District, subject to compliance with Section 30.48.750 and 30.48.770(A), (B) and (C)(3 – 9) and special use permit and design review approval (*public hearing*) before the *Board*, in addition to any other required application.
 - a. *Mixed use development* in the C-2 district shall only be permitted in compliance with all MUD-4 subdistrict requirements.
 - b. *Mixed use development* in the C-1 district shall only be permitted for minimum 10 acre sites located within 330 feet of the intersection of 2 arterial streets, or the intersection of 1 arterial and 1 collector street, and compliance with all MUD-4 subdistrict requirements. (See also 30.44-1 for additional requirements.)
 - c. A pre-submittal conference per Section 30.48.750 shall be required for all *mixed use development*, regardless of location (inside or outside of the Mixed Use Overlay District).
3. Conducting a neighborhood meeting with area residents to discuss the mixed use proposal prior to scheduled *Town Board*, *Planning Commission*, and *County Commission* meetings is strongly encouraged (but not required). If conducted, the neighborhood meeting should be generally consistent with the procedure described in Table 30.16-3 (f)(2)(D), and the information presented should include the Vicinity Map and the Project Description.

Exceptions.

1. Proposed mixed use developments in the C-1, C-2, U-V, and H-1 districts that do not conform to the minimum height, setback, and landscaping requirements of Section 30.48.770 shall also require special use permit approval with an additional hearing before the Commission pursuant to Table 30.16-4, even if submitted in conjunction with an application that would otherwise only be scheduled for a hearing before the Board.
2. Regardless of zoning district, any special use permit required by Section 30.48.770 shall require public hearings before the Commission and the Board. (Ord. 3472 § 8 (part), 1/2007; Ord. 3432 § 7 (part), 10/2006; Ord. 3397 § 9 (part), 6/2006; Ord. 3354 § 7 (part), 2/2006; Ord. 3219 § 6 (part), 5/2005; Ord. 3174 § 6 (part), 1/2005)

30.48.740 Permitted Uses. The specific uses listed for the U-V zoning district within Table 30.44-1 shall establish the uses permitted within the Mixed Use Overlay District, subject to the conditions listed and including any additional application requirements indicated therein (also see Appendix F for the U-V district). Where less restrictive alternative standards are established by this Part (J), the less restrictive standards shall apply. (Ord. 3174 § 6 (part), 1/2005)

30.48.750 Pre-Submittal Conference. Prior to acceptance of any application for a mixed use development (whether inside or outside of the Overlay) or a text amendment application to amend the Overlay boundaries, a pre-submittal conference with the developer (or an authorized representative) and County staff, including staff from other regulatory agencies or jurisdictions, shall be required to discuss proposed plans and review submittal requirements. One pre-submittal conference may be utilized for all related applications (see Chapter 30.16 for submittal requirement details).

- A.** Preliminary plans for the proposed development should satisfy the following expectations:
1. Demonstrate conformance to the development expectations and evaluative criteria for the mixed use overlay subdistrict in which the project proposes to locate.
 2. Provide for an orderly and creative arrangement of land uses that includes a mixture of residential, commercial, employment, recreational, and open space opportunities designed to achieve a pedestrian oriented urban form.
 3. Avoid premature or inappropriate development that could result in incompatible uses, establish undesirable precedents, or create traffic and public service demands exceeding the capacity of existing or planned facilities.
 4. Demonstrate compatibility and harmony with adjacent and surrounding development.
 5. Minimize impacts upon adjacent roadways, neighborhood traffic, public facilities and other infrastructure.
 6. Protect the general prosperity, health, safety and welfare of the community.
- B.** Documents required for the land use application pre-submittal conference shall include, but not be limited to, the following:
1. Site Plans (may be conceptual for pre-submittal only)
 2. Project Description
 3. Elevations
 4. Floor Plans
 5. Proof of traffic impact analysis submittal (required for mixed use high impact projects only)
 6. 4 initial RISE reports (required for mixed use high impact projects only)
 7. Pedestrian Circulation Plan (see 30.16.240(a)(22))
- C.** Documents required for a text amendment pre-submittal conference shall include, but not be limited to, the following:
1. Compelling Justification
 2. Vicinity Maps

3. Project Descriptions

4. Reports

5. Written consent from *Board* member(s) or *Board* approval per Table 30.16-2(b).

(Ord. 4481 § 10 (part), 5/2017Ord. 3520 § 5 (part), 6/2007; Ord. 3397 § 9 (part), 6/2006; Ord 3296 § 6 (part), 10/2005; Ord. 3229 § 9 (part), 6/2005; Ord. 3219 § 5 (part), 5/2005; Ord. 3174 § 6 (part), 1/2005)

30.48.760 Mixed Use Overlay Subdistricts.

- a. The Mixed Use Overlay District consists of four distinct subdistricts, MUD-1, MUD-2, MUD-3, and MUD-4, which are identified on the Overlay map (Appendix G, Map 15a) and summarized below. Each subdistrict has specific development standards and design criteria intended to promote community goals and objectives, including intensity and density considerations for the appropriate urban form; however, all *mixed use developments* are expected to provide compatible height features, use transitioning, landscaping, and setbacks whenever adjacent to established single-family detached residential use.
- b. All proposed *mixed use developments* will be evaluated in terms of subdistrict criteria described in this subsection. (Note: amending a subdistrict location or boundary is the same as amending the Overlay and requires a text amendment application pursuant to Section 30.48.720.)
1. **MUD-1 – Most intense urban form.** The MUD-1 subdistrict is intended to permit a highly concentrated and intense development of mixed residential, commercial, employment, and recreational uses typical of high intensity central business districts where existing high-rise, mid-rise, and high density uses already exist. The MUD-1 is characterized by a highly developed pedestrian network and access to a combination of transportation modes, such as high frequency bus service, light rail, monorail, freeway, or other rapid transit modes of transportation.
 2. **MUD-2 – Most intense suburban form.** The MUD-2 subdistrict is designed to be nodal, permits a highly concentrated mixture of low-rise to high-rise (up to 100 feet)* residential, commercial, employment and recreational uses typical of high density suburban areas, and may be used to transition between MUD-1 and less intense land uses. The MUD-2 is also characterized by a highly developed pedestrian network and access to a combination of transportation options, such as freeway interchanges, arterial streets, and high frequency transit consisting of fixed guideways and enhanced bus service. *Additional height may be requested per Table 30.48-J1.
 3. **MUD-3 – Moderately intense suburban form.** The MUD-3 subdistrict is intended to permit a moderately concentrated mixture of low-rise to mid-rise (up to 55 feet)* residential, commercial, employment, and recreational uses within suburban areas and is designed for areas transitioning from higher intensity to lower intensity mixed uses. MUD-3 may also be established at freeway interchanges, the intersection of arterial streets, and along high frequency transit corridors where a higher intensity mixed use may not be appropriate due to adjoining planned land uses. *Additional height may be requested per Table 30.48-J1.
 4. **MUD-4 – Least intense suburban form.** The MUD-4 subdistrict is intended to permit a less concentrated mixture of low-rise (up to 35 feet)* residential, commercial, employment, and recreational uses typical of medium to low density areas and is designed for areas transitioning from higher intensity mixed uses to suburban and single-family development. MUD-4 may also be established at the intersection of arterial streets and along transit corridors where a higher intensity mixed use may not be appropriate due to adjoining planned land uses. *Additional height may be requested per Table 30.48-J1. (Ord. 3432 § 7 (part), 10/2006; Ord. 3174 § 6 (part), 1/2005)

30.48.770 Evaluative Criteria. In addition to satisfying the MUD subdistrict expectations, all *proposed mixed use developments* shall be further evaluated in terms of the criteria established in this subsection.

A. Transitioning Considerations. All *mixed use developments* shall incorporate appropriate bulk and use transitioning measures along the development's perimeter to achieve compatibility with existing development on adjacent properties. Consideration will be given to the following to determine if appropriate transitioning measures are included in the plans.

1. Compatibility refers to the characteristics of different land uses that allow them to be harmoniously located near or adjacent to each other with minimal impacts. Compatibility considerations may include a range of activities and design features related to existing and proposed development, such as but not limited to height, mass, density, architecture, landscaping, signage, hours of operation, and environmental impacts (see Chapter 30.68 for Site Environmental Standards).
2. Incompatibility refers to the transfer of negative impacts over property lines from one land use to an adjacent land use. Incompatibility considerations may include but are not limited to a range of incompatible activities and design features related to existing and proposed development, such as but not limited to height, mass, density, architecture, landscaping, signage, loss of privacy, unsightly views, traffic and parking concerns, hours of operation and environmental impacts (see Chapter 30.68 for Site Environmental Standards).

B. Pedestrian Orientation. *Mixed use developments* shall emphasize and incorporate pedestrian orientation in the project's overall design. Proposed projects are expected to provide site design and building scale features with a primary emphasis on streetscape functionality and pedestrian access to a site (rather than vehicular access and parking concerns which are limited). Pedestrian oriented buildings are typically constructed close to the street with windows and display features facing the street and main entrances designed to accommodate access from the street sidewalk. (Also see subsection (C)(6), "pedestrian realm".)

C. Design and Development Standards. Applications for a mixed use project shall demonstrate compliance with the standards established in this subsection, in addition to the standards generally required by this Title and including the residential proximity standards defined in Section 30.08.030. Standards shall only be modified with the approval of a special use permit per Table 30.16-4, as permitted in the subsections below and provided the applicant demonstrates the proposed modification is necessitated by an increased provision of amenities as described in this subsection (C). Where less restrictive alternative standards are established by this Part (J), the less restrictive standards shall apply, except signage in the *CMA Area Design Overlay District* shall comply with all applicable restrictions established in Section 30.48.680 (also see Table 30.56-2 and 30.56-2A for additional design standards). Where this subsection (C) does not address requests to modify standards, such modifications shall not be permitted. In no case shall the residential proximity standards be waived or varied; however the 3:1 height setback ratio may be reduced if the single-family residential use is located in an area master planned for a non-single family residential use, subject to special use permit approval with *public hearings* before the *Commission* and the *Board*.

1. Density.

- a. Densities permitted within each Mixed Use Overlay subdistrict are established in Table 30.48-J1 and do not include mixed use development incentives allowed per subsection (b) below. Density bonuses in accordance with subsection (b) below shall require special use permit approval with *public hearings* before the *Commission* and the *Board*.

Table 30.48-J1 Development Standards for Mixed Use Development with U-V Zoning				
Subdistrict¹	MUD-1	MUD-2	MUD-3	MUD-4
Density (du/ac)²	as approved	up to 50	up to 32	up to 18
Height³				
Maximum	up to 100'	up to 100'	up to 55'	up to 35'
With Special Use Permit	as approved	up to 200'	up to 100'	up to 55'
Additional Requirements:				
1. Regardless of MUD subdistrict, facades and garages that face existing single-family shall be designed to be compatible with the height and setbacks of the existing development. 2. Density bonuses per subsection 30.48.770(C)(1)(b) require special use permit approval and hearings before the Commission and the Board. 3. Architectural height intrusions up to 10% are permitted without an Administrative Minor Deviation. (Ord 4152 § 7 (part), 12/2013)				

- b. Mixed Use Development Incentives.** This subsection provides a list of incentives and corresponding density bonuses to encourage certain urban uses capable of producing a sustainable community and addressing community housing needs. Percentage increases for each incentive used will be calculated on the base density requirement for the subdistrict in which the proposed mixed use project is located. For the purpose of implementing the following incentives, “walking distance” shall generally be interpreted to mean 1/4 mile (plus or minus 10% of 1,320 linear feet), and the distance shall be measured from the exterior wall of the nearest mixed use building to the property line of the other specified use.
- i.** Developments located within walking distance along the nearest pedestrian access to a developed or planned transit stop (Regional Transportation Commission) may be eligible for a density bonus up to 20%
 - ii.** Providing a minimum 100 space Park and Ride facility and program within walking distance along the nearest pedestrian access to a developed or planned transit stop (Regional Transportation Commission) may be eligible for a density bonus up to 10%. The development may be eligible for an additional 1% bonus for every additional 10 Park and Ride spaces over the first 100 spaces up to a maximum of 20% bonus (200 Park and Ride spaces).
 - iii.** A grocery store (or other similar retail use with 6,000 square feet or more of grocery sales area) within the project, or within walking distance along the nearest pedestrian access to an existing grocery store, may be eligible for a density bonus up to 20%.
 - iv.** A continuous street frontage from one intersecting street to another (minimum 600 linear feet) may be eligible for a density bonus up to 20%.
 - v.** In addition to the required open space, providing a publicly accessible plaza area of 1.5 acres or more may be eligible for a density bonus up to 100 units for the first acre of project, and up to 50 units for each additional acre up to 250 units.
 - vi.** Providing a 15 foot wide or larger supplemental pedestrian area (beyond what is required per Table 30.48-J2) may be eligible for a density bonus up to 20%.

- vii. Developments located within 1,320 feet of the University of Nevada Las Vegas campus may be eligible for a density bonus up to 30%.
 - c. **Limitations.** In no case shall the maximum density within MUD-4 exceed 32 dwelling units per acre.
- 2. **Height.** Additional height permitted by Table 30.48-J1 may be established with the approval of a special use permit pursuant to Table 30.16-4.
 - a. Building heights and scale adjacent to developments with differing building heights and scale shall provide appropriate transitioning features, including but not limited to varying heights, placement of lower buildings adjacent to streets and surrounding residential uses, incremental (stepped) building heights, architectural relief of building mass, and building placement shifts.
 - b. Maximum heights permitted within each Mixed Use Overlay subdistrict are established in Table 30.48-J1. (Also see height restrictions in 30.56.040 and 30.56.070.)
- 3. **Setbacks.** The pedestrian realm requirements established in 30.48.770(C)(6) shall also establish the perimeter setbacks required for a mixed use development, which shall not be waived or varied. Additional setback requirements are established in subsections (a) and (b) below. All other setbacks, including setbacks for detached single family residential development, shall be established by the approved site development plans.
 - a. A 3 foot setback for each 1 foot of height shall be required from any single family residential use located anywhere within the entire distance radius established by the 3:1 setback, or 60 feet, whichever is greater, and regardless of any other intervening uses (See Section 30.08.030, “Residential Proximity Standards”, however the options to the 3:1 setback shown in Figure 30.56-10 shall not apply to this standard). In no case shall the residential proximity standards be waived or varied; however the 3:1 height setback ratio may be reduced if the single-family residential use is located in an area master planned for non-single family residential use, subject to special use permit approval with public hearings before the Commission and the Board.
 - b. All buildings and structures exceeding 35 feet in height adjacent to arterial streets shall comply with Section 30.56.040(d)(4) and Figure 30.56-4 (1:3 height setback requirement), which shall not be waived or varied; however, this setback requirement may be reduced for development within the SOSA Design Overlay District, provided the development conforms to the related height/setback guidelines and standards within the SOSA Design Overlay District as regulated within Section 30.48 Part M. In addition, for development located within the MUD-1 and MUD-2 only, this setback may also be reduced subject to special use permit approval with public hearings before the Commission and the Board.
- 4. **Open Space Requirements.** Because functional open space depends upon a variety of factors such as product type, location and development theme, the type of open space required is not prescribed. People-oriented spaces may be open or enclosed, large or small, landscaped or hardscaped, and shall be designed to create a strong image and sense of place for the development. Open space for mixed use may include the pedestrian realm, sidewalks, trails, parks, gardens, plazas, town greens, promenades, courtyards, atriums, gallerias, pools, tennis courts, ball fields, clubhouses, lounges, or libraries for residents of the development. The required amount of open space for mixed use development shall be based on the following formula:

$$(.0165) \times (\text{dwelling units per acre}) \times (\text{total acreage}) \times (35\%) \\ = \text{required open space (in acres)}$$

(For conversion to square footage, multiply the open space acreage by 43,560)

5. **Parking and Traffic Circulation.**

- a. Unless otherwise required by this Part (J), parking shall comply with the requirements established in Chapter 30.60. Parking reductions may be requested with a special use permit if the project is within 1/4 mile (approximately 1,320 feet) of a planned transit stop (Regional Transportation Commission).
- b. Primary consideration shall be given to the functional integration of shared vehicular, parking, transit, and pedestrian areas.
- c. Mixed use projects shall be designed to minimize motor vehicle circulation through local single-family neighborhood streets.
- d. In order to create a streetscape inviting to pedestrian activity, parking should be located to the rear of the principal buildings, screened from the right-of-way and adjacent residential uses.
- e. Guest parking areas shall be designed to accommodate anticipated use and be conveniently distributed throughout the mixed use development.
- f. The Board may consider traffic conditions in the area, queuing, access points, proximity to intersections, and any other matter the Board deems relevant.

6. **Pedestrian Realm.** Pedestrian connections shall be provided throughout the development, and a pedestrian realm shall be provided along all streets (also see 30.08.030, "pedestrian connection"). Because outside dining and outside display are encouraged to promote a lively streetscape, parking (except bicycles), drive aisles parallel to the pedestrian realm, loading zones, and asphalt or gravel pavement shall not be permitted in this area. The additional supplement area for buildings over 50' shall not be required for development within the SOSA Design Overlay District, as it is regulated within Section 30.48 Part M. Requests to modify the pedestrian realm requirement may only be considered with a special use permit when the applicant demonstrates there is a substantial grade differential, which was not artificially created as a part of the proposed development. In addition, the applicant must provide an alternative to the pedestrian realm, such as landscaping within the same area, and must demonstrate connectivity is still provided within the interior and exterior of the project. The special use permit shall require public hearings before the Commission and the Board.

- a. **Minimum Requirements.** The pedestrian realm shall include an enhanced sidewalk area consisting of a detached sidewalk and amenity zone with trees which shall be provided adjacent to all public streets. A supplemental pedestrian area is additionally required for the MUD-1 and MUD-2 subdistricts and for building heights over 35 feet in the MUD-3 and MUD-4 subdistricts.
- b. **Enhanced Sidewalk Area.** In all MUD subdistricts, the enhanced sidewalk area shall consist of a minimum 5 foot wide detached sidewalk (maintained as an unobstructed clear zone up to minimum 8 foot height) and 5 foot wide amenity zone (area between the back of the curb and edge of the detached sidewalk where street trees, public signs, power poles, street lighting and other traffic control devices will be placed).

Table 30.48-J2 Pedestrian Realm Requirements				
Subdistrict	MUD-1¹	MUD-2¹	MUD-3	MUD-4
Minimum Width	15'	15'	10'	10'
Adjacent to Building Heights \geq 35'^{2,3}	15'	15'	15'	15'
Adjacent to Building Heights \geq 50'^{2,3}	20'	20'	20'	20'
Additional Requirements:				
<ol style="list-style-type: none"> 1. Minimum widths include required (minimum) supplemental pedestrian area. 2. Buildings and structures exceeding 35 feet in height adjacent to arterial streets shall comply with Section 30.56.040(d)(4) and Figure 30.56-4. This requirement cannot be waived or varied; however, it may be reduced for development within MUD-1 and MUD-2 only, or for property located within the SOSA Design Overlay District, pursuant to subsection 30.48.770(C)(3). 3. Buildings and structures shall comply with Section 30.56.070(b) and Figure 30.56-10; however, in no case shall buildings and structures exceeding 35 feet in height be permitted within a minimum 60 foot setback from adjacent single-family residential use. In no case shall the residential proximity standards be waived or varied; however the 3:1 height setback ratio may be reduced if the single-family residential use is located in an area master planned for a non-single family residential use, subject to special use permit approval with public hearings before the Commission and the Board. (Ord. 4481 § 10 (part), 5/2017; Ord. 4367 § 7 (part), 2/2016) 				

- i. **Amenity Zone Requirements.** One small to medium tree per Section 30.64.030(k) for every 20 linear feet of street frontage and decorative waste receptacles shall be provided within the amenity zone. Large trees or trees with invasive root systems are prohibited (see Southern Nevada Regional Planning Coalition’s Regional Plant List).
 - ii. **Amenity Zone Features.** The following features are encouraged in the amenity zone: bus shelters, shade structures other than bus shelters, bicycle racks, directional and public information kiosks, benches, pedestrian scale lighting, drinking water fountains, enhanced paving materials (colored, textured or patterned, but no stamped concrete), public art, or other amenity enhancements consistent with the intended purpose of an amenity zone. All mixed use projects, regardless of location, shall provide a minimum of 4 such features within the required amenity zone.
- c. **Supplemental Pedestrian Area.** The supplemental pedestrian area is a minimum 5 foot wide area located between the back of sidewalk and the building façade. The supplemental pedestrian area is required for developments within the MUD-1 and MUD-2 subdistricts. If not required for additional height per Table 30.48-J2, supplemental pedestrian area requirements in the MUD-3 and MUD-4 subdistricts may replace open space requirements on a 1:1 ratio for square footage. The supplemental pedestrian area shall include the following attributes:
- i. Visual and pedestrian access from the sidewalk into the site in the form of features such as plazas and pedestrian arcades, atriums, patios, and walkways with enhanced paving. (also see 30.08.030, “pedestrian arcade”)
 - ii. Pedestrian scale design elements such as lighting (including 12 foot maximum height for street lights), site furniture, public art, drinking fountains, benches, pergolas, kiosks, shade structures, bicycle racks, or areas for outside dining and vendors. (also see 30.08.030, “pedestrian scale”)
 - iii. Landscaping that enhances the space and architecture and/or screens undesirable elements.
- d. **Maintenance.** Pedestrian realm elements provided by the property owner shall be maintained by the property owner and/or lessee.

Figure 30.48-J1 Pedestrian Realm with Supplemental Pedestrian Area

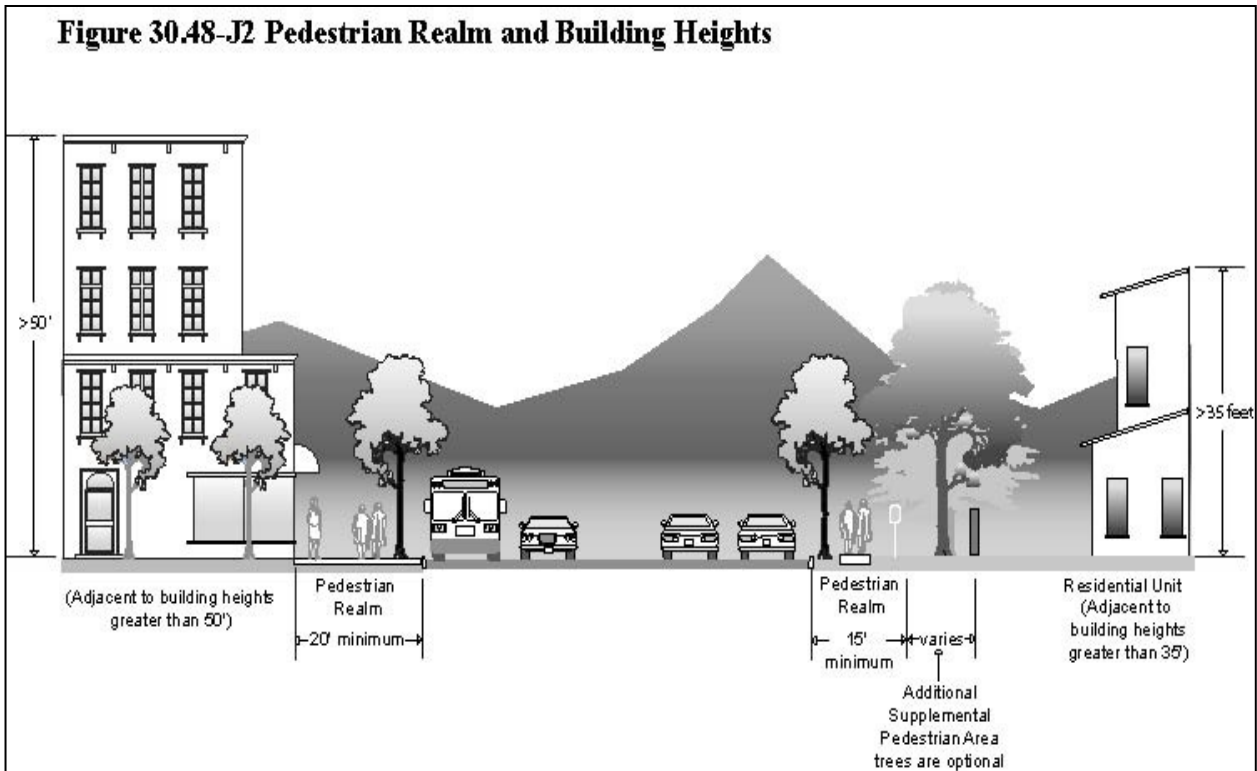

Figure 30.48-J2 Pedestrian Realm and Building Heights

7. **Landscaping.** See Pedestrian Realm requirements and Figures 30.48-J1 and 30.48-J2
 - a. All mixed use development within the Overlay shall provide landscaping along perimeter streets per Section 30.48.770(C)(6). This requirement may be waived or varied in the MUD-3 and MUD-4 subdistricts with approval of a special use permit only if an attached sidewalk was constructed by a Special Improvement District (SID), provided that the general intent of the pedestrian realm is otherwise satisfied.
 - b. Landscaping per Figure 30.64-11 (one large tree per 20 feet) shall be required when the perimeter of the mixed use development is adjacent to a less intense use. In this instance only, modified landscaping requirements may be established with special use permit approval pursuant to Table 30.16-4.
8. **Trash Receptacles and Enclosures.** In addition to compliance with the requirements established in Section 30.56.120, all trash receptacles and enclosures shall be designed to provide adequate noise mitigation which shall include plastic lids and rubber sleeves (mufflers) on all receptacles.
9. **Signage.** All sign structures for mixed use development shall be integrated with and complement the proposed site plan and architecture, provide aesthetic visual coherence, and enhance the pedestrian environment.
 - a. **Permitted and Prohibited Signs.** The on-premises and temporary signs permitted by Chapter 30.72 shall be permitted within the Overlay, except the following shall be prohibited: animated, banner, beacons, blinking, exposed neon lettering, flashing lights, message boards, pennant, parapet, and revolving signs.
 - b. **Sign Standards.** All proposed sign structures shall be responsive to the aesthetics and character of the particular geographic location, adjacent buildings and uses, and surrounding neighborhood. Additionally, all signs shall be coordinated with the location of street furniture, public information signs, utilities, and street lighting to eliminate visual clutter and to free sidewalk areas of impediments. The following standards are applicable to all signage proposed for mixed use development:
 - i. **Maximum Sign Heights.**
 - A. The maximum height of freestanding signs may be permitted in accordance with Table 30.72-1 unless located in the MUD-3 and MUD-4 subdistricts.
 - B. In the MUD-3 and MUD-4 subdistricts, the maximum height of any freestanding sign shall not exceed 20 feet (consistent with a one story building height), except that freestanding signs located along or adjacent to CC-215, I-95, and I-15 may be permitted up to a maximum height of 28 feet.
 - C. Regardless of location, all freestanding signs for mixed use development shall be subject to providing pole covers at a minimum 20% width of the sign.
 - ii. **Maximum Number of Signs and Sign Area.** The maximum square footage per sign area and maximum number of signs in any MUD subdistrict may be permitted in accordance with Tables 30.72-1 and 30.72-3; however, in the MUD-3 and MUD-4 subdistricts, 1 freestanding sign per 300 linear feet of street frontage shall be permitted in addition to one monument sign per pad site, whether or not the pad site is along a street frontage.

c. Sign Lighting.

- i.** Any exterior light source shall be completely shielded and directed solely on the sign (direct light source) and not upon any other object or adjacent properties.
- ii.** Any primary source of light for a sign, whether internal or external, shall not be visible from adjacent parcels or rights-of-way.
- iii.** Reflective lamps or bulbs that are visible from any right-of-way or adjacent parcel shall be prohibited on the exterior surface of any sign.
- iv.** Neon shall only be permitted as accent lighting limited to no more than 25% of a sign's area.

d. Alternative Sign Standards. Because individual sites may present unique characteristics, including site shape, location, and the design of existing and proposed structures, the application of alternative sign standards which depart from the requirements of this subsection may be considered beneficial by the Board as a tool to achieve desirable land development policies. The Board may consider alternative sign standards for mixed use with a waiver of development standards application. In all MUD subdistricts, the Board shall ensure that any alternative sign standards will:

- i.** Result in a development character comparable to or more compatible with adjacent development than anticipated by the requirements of this subsection;
- ii.** Encourage a development trend or visual character similar to that anticipated by the requirements of this subsection;
- iii.** Comply with the overall intent of this subsection; and
- iv.** Not exceed the standards for signs established in Chapter 30.72.

PART K ASIAN DESIGN OVERLAY DISTRICT

30.48.800 Purpose. The purpose of the Asian Design Overlay District is to protect and maintain the Asian character and cultural heritage of existing and proposed developments within the designated overlay area by implementing additional design standards that unify appropriate physical and architectural elements. The Asian Design Overlay District is intended to ensure architectural unity through a comprehensive design review process for the following criteria:

1. Creation of aesthetic and functional continuity through physical integration of eclectic architectural components;
2. Creation of an appealing pedestrian-oriented environment and implementation of the Cultural Heritage Program.

30.48.805 Policy Framework and Relevant Plans. The design components of the Asian Design Overlay District are consistent with the Winchester/Paradise Land Use Plan and the Clark County Comprehensive Master Plan. (Ord. 4481 § 10 (part), 5/2017)

30.48.810 Establishment of the Asian Design Overlay District and Map. The boundaries of the Asian Design Overlay District described in this Part K are hereby established as shown on the Asian Design Overlay District Map, as adopted by the Board of County Commissioners and amended from time to time, which shall be incorporated by reference into Title 30 (see Appendix G, Map # 16).

30.48.815 Expansion or Amendment of the Asian Design Overlay District. The Asian Design Overlay District (Overlay) may be expanded or amended by the initiation and adoption of an ordinance as directed by the Board.

30.48.820 Permitted Uses. The specific uses allowed per zoning district in Table 30.44-1 shall establish the uses permitted within the Asian Design Overlay District, subject to the conditions listed and including any additional application requirements indicated therein.

30.48.825 Applications. All development within the Asian Design Overlay District boundaries shall be subject to design review approval (public hearing) by the Board and must be in conformance with the standards, requirements and procedures established in this Part (K).

1. Where more restrictive alternative standards are established elsewhere in this Title, the more restrictive standards shall apply. Mixed use projects located within both the Mixed Use Overlay District and the Asian Overlay District shall meet the requirements of Chapter 30.48 Part J and Part K.
2. Any modification to an approved or existing development within the Asian Overlay District which increases the building area by more than 100 sq. ft. or 10%, whichever is greater, increases the building height by more than 4 feet or 10%, whichever is greater, or significantly changes the location of previously approved uses or principal structures, shall result in the entire development complying with Part K. (Ord. 4322 § 2, 9/2015)

30.48.830 Pre-Submittal Conference. Deleted (Ord. 3688 § 8 (part), 10/2008)

30.48.840 Design Element. The special standards established in this section are intended to coordinate the overall site design with the architecture of the development, in order to provide a cohesive development which preserves typical Asian character. While maintaining the Asian architectural framework is critical to the development, these standards are not intended to mandate a specific architectural style. The development shall embrace eclectic forms by providing architectural elements from the past and present including but not limited to Chinese gate, Japanese pagoda, and the use of geometric design with an emphasis on primary colors.

30.48.850 Architectural Development Standards. The architectural design requirements established herein are intended to exemplify the most appropriate design response for the Asian Design Overlay District, promote and maintain the Asian character of the area through continuity in design, and minimize the impacts of proposed development on adjacent, existing neighborhoods and developments. The architectural framework and design criteria listed below are not meant to impose absolute design constraints, but rather to establish minimum design standards for all proposed development within the Asian Design Overlay District.

- 1. Roof Lines and Parapet Treatments.** Roof lines shall be designed to establish a visually interesting roof horizon that will carry Asian design character and parapet treatments shall be used as an integrating architectural element through out the development. Both treatments shall be used to reduce apparent scale and mass of building walls.
 - A.** Roof design shall provide a variety of roof and plane lines, especially where building heights exceed 50 feet.
 - B.** Cornice treatments, parapet wall details, and overhanging eaves which enhance the Asian architectural character of the roof shall be incorporated into the design.
 - C.** The design of building rooftops shall include parapets to conceal rooftop equipment, chimneys, cooling towers, and solar panels.

2. **Building Design.** Building design shall incorporate the architectural styles above (traditional, contemporary, fusion), as well as provide architectural components which complement the Asian form, texture and color palette.
 - A. Building facades shall include articulated openings and window treatments with geometric patterns including but not limited to, columns, entry ways, and arches.
 - B. Architectural accessories, such as engraving and calligraphy, as well as varying finished materials shall be incorporated into the design.
 - C. Side and rear building facades shall be designed with specific attention to architectural character and level of detail complementary to the front facade.
 - D. The overall design of all proposed buildings shall enhance the streetscape by creating functional and visually appealing public spaces for pedestrian activities.

3. **Lighting.** On-site lighting shall be designed to prevent over-illumination and glare and avoid insufficient or uneven illumination, especially in areas where pedestrian and vehicle coincide.
 - A. Where proposed developments are adjacent to residential uses, the use of down-shielded low intensity lighting, such as low pressure sodium lighting, shall be required.
 - B. In pedestrian areas and parking areas the use of high light intensity such as metal halide source lighting shall be required to provide visual comfort for pedestrians.
 - C. Building illumination and architectural lighting shall be compatible with the architectural treatment of the building.
 - D. Service area lighting shall be shielded and directed to illuminate the service yard boundaries only.
 - E. Exterior accent lighting for landscaping and buildings shall be accomplished with low intensity light sources which typically include surface mounted fixtures, lamps recessed in building overhangs, walls, architectural, and landscape architectural accents.

30.48.860 Site Development Standards. The standards below are intended to serve as supplemental requirements to the underlying zoning district regulations and various site development standards established in Title 30, Chapters 30.40, 30.44, 30.48, and 30.56. The uses, minimum lot sizes, lot width, yard requirements, lot coverage, and other development requirements shall be determined by the regulations applicable to the underlying zoning district

1. **Cultural Heritage Program.** All development within the Asian Design Overlay shall provide a cultural heritage program, which is an essential and unique element of this Overlay. The program shall provide an opportunity for exploration and interpretation of the multicultural heritage between the Asian Cultures throughout the proposed development and the pedestrian realm. The program shall meet the following regulations:
 - A. A pedestrian realm shall be constructed in per 30.48.770 (C) (6) (Pedestrian Realm) and Table 30.48-J2 for MUD-2.

- B. An interpretive sign program must be incorporated into the pedestrian realm and throughout the development which illustrates and explains the cultural heritage and the architectural significance of the development through text and graphics.
 - C. The height and area of the signs shall follow the regulations for “Entry/Exit” signs found in Table 30.72-1 (On-premises Signs).
 - D. Signs shall be located at significant points of entry to the development and should be integrated with landscape and pedestrian realm.
 - E. Signs shall be constructed of durable materials to serve the artistic and functional purpose of interpretive, historical, or commemorative signs located outdoors.
2. **Pedestrian and Vehicular Circulation.** Pedestrian activity should be a focal point of development within the Asian Overlay District. Development shall be designed to promote safe and inviting pedestrian activity and circulation while maintaining safe and efficient on-site vehicular circulation.
- A. Developments shall provide unobstructed pedestrian circulation within activity centers and pedestrian realm, allowing direct pedestrian movement from parking to the sidewalks and safe movement along walkways and sidewalks.
 - B. Pedestrian connections shall be provided between existing and proposed developments.
 - C. Sidewalks shall be provided between rows of parking to provide a clear separation between parking and pedestrian areas.
 - D. A comprehensive circulation plan shall be submitted with all land use applications demonstrating allowance for parking, loading, and maneuvering, with attention to functional and aesthetic concerns such as trash removal and emergency access.
 - E. Shared loading areas, dumpster, and drive thru shall be properly screened with landscaping.
 - F. Alternative paving material shall be used through out the development to reduce heat build-up and indicate the separation of pedestrian activities from vehicular traffic.
 - G. Pedestrian access shall be provided along the development’s perimeter, at a minimum of every 75 feet per Tables 30.64-1 and 2, or the Board may allow a breach in the required wall adjacent to a less intensive use at the time of the public hearing. Points of access shall be designed to be inviting and provide a sense of arrival with gateway design, landscape treatment and security lighting.
 - H. On-site circulation design shall incorporate traffic calming measures as well as accommodate alternative transportation modes such as car pools, bicycle and public transportation.
3. **Landscape Design.** Landscaping and gardens shall be used to enhance the overall experience of the Asian District, as well as integrate the cultural heritage trail and the pedestrian activities.
- A. Asian garden design shall be eclectic and integrated in all development to create a diverse garden palette that will convey regional landscape and cultural identity. Gardens from different regions and nationalities shall include but not be limited to: China, Japan, Korea, Laos, Vietnam, etc.

- i. Gardens shall consist of a diversified plant selection, landscape accessories of cultural significance such as statuaries and Asian landscape architectural details such as lighting features, benches, kiosks, court yards, park pavilions, and signs.
 - ii. Gardens shall be used for passive recreation such as observation, pedestrian contemplation, cultural interpretation and may include interpretive signs.
 - iii. While the garden area is not prescribed, the area should be comparable to the size of the development as required by the design review approval.
 - B. The landscape shall integrate the desert environment by specifying the desert plant material (see Southern Nevada Regional Planning Coalition's Regional Plant List), and designing dry rock streams and using decorative rock ground cover.
 - C. Decorative rock shall not be used as the only ground cover. A combination of artificial grass, vegetative ground cover and decorative rock shall be used.
 - D. The use of water-conserving plants (see Southern Nevada Regional Planning Coalition's Regional Plant List) and hydro-zones methodology shall be required for all development. Water conserving desert plants with minimal irrigation needs shall be used for parking and low pedestrian activity areas, and plants with greater irrigation needs (Asian garden design) shall be used for high pedestrian activity areas.
4. **Perimeter Walls.** In addition to the landscaping element, walls may be provided if designed to minimize visual dominance and complement overall design of the development.
- A. Free standing and perimeter walls over 75 feet long and 3 feet high shall vary wall alignments with jog, curves, setbacks, etc.
 - B. In addition to the landscaping adjacent to a less intensive use per Table 30.64-2 (Non-Single Family Residential Screening and Landscape Buffer Requirements) and Figure 30.64-11 (Buffer Adjacent to a Less Intensive Use), accessories and statuary shall be placed in voids created by wall variation with appropriate accent lighting.
 - C. Walls shall be constructed to avoid a single mass concrete wall, by providing 2 or more finished materials resulting in various colors and an articulated facade.
5. **Signs.** Signs shall be designed to maintain architectural continuity and consistency in the design and location, while providing an information system that will improve the overall visual appeal and promote ease of use within the Asian District.
- A. Signs shall be placed in positions and locations that will not obscure the views of oncoming traffic and pedestrian users entering and exiting a destination site, while at the same time, enhance the overall circulation pattern.
 - B. The sign structure shall be designed to complement the surroundings rather than being a dominant feature on the site, by implementing appropriate scale, height and color schemes with the development.
 - C. A continuous and uniform sign program shall be maintained throughout the development.

PART L MOAPA VALLEY OVERLAY DISTRICT

30.48.900 Purpose. The Moapa Valley Overlay is established to impose additional design standards within the Moapa Valley Town boundary to promote development that will maintain and enhance the environment and rural character of the Logandale and Overton areas.

30.48.905 Policy Framework and Relevant Plans. The design components of this overlay are consistent with policies of the Northeast Land Use Plan and the Moapa Valley Community Profile and Vision Plan.

30.48.910 Establishment of the Moapa Valley Overlay District and Map. The boundaries of the Moapa Valley Overlay District described in this Part L are hereby established as shown on the Moapa Valley Overlay District Map, as adopted by the Board of County Commissioners and amended from time to time, which shall be incorporated by reference into Title 30 (see Appendix G, Map # 17).

30.48.915 Expansion or Amendment of the Moapa Valley Overlay District. The Moapa Valley Overlay District (Overlay) may be expanded or amended by ordinance.

30.48.920 Permitted Uses. The specific uses allowed per zoning district in Table 30.44-1 shall establish the uses permitted within the Moapa Valley Overlay District, subject to the conditions listed and including any additional application requirements indicated therein.

30.48.925 Applications. All new development within the Moapa Valley Overlay District boundaries shall be subject to the applicable land use application approval and must be in conformance with the standards, requirements and procedures established in this Part (L).

1. Any modification to an approved or existing development within the Moapa Valley Overlay District which increases the building area by more than 100 square feet or 10%, whichever is greater, increases the building height by more than 4 feet or 10%, whichever is greater, or significantly changes the location of previously approved uses or principal structures, shall result in the entire development complying with this Part.
2. In addition to all requirements listed in Chapter 30.16, land use applications for projects within the Moapa Valley Overlay District shall include applicable detailed landscape, lighting, and signage plans, as well as colored elevations of the development. These plans shall address and conform to all provisions set forth under this section.

30.48.930 Architectural Development Standards. This section establishes architectural standards which enhance the rural character within the Moapa Valley.

1. Non- residential buildings along Moapa Valley Boulevard within the Overton Town Center area (as shown on the land use plan) shall have an entrance facing the Moapa Valley Boulevard right-of-way.
2. Building height shall not exceed 35 feet.
3. Exterior colors shall consist of subdued earth tones. Bright colors shall not be permitted.
4. Buildings within a shopping center shall have compatible architecture and design elements. (Ord 3805 § 5 (part), 9/2009)

30.48.935 Site Development Standards. The standards below are intended to serve as supplemental requirements to the underlying zoning district regulations and various site development standards established in Title 30, Chapters 30.40, 30.44, 30.48, and 30.56. The uses, minimum lot sizes, lot width, yard requirements, lot coverage, and other development requirements shall be determined by the regulations applicable to the underlying zoning district. The standards within this section are intended to provide visually appealing

streetscapes and enhance the rural lifestyle by preserving and restoring the scenic qualities of the native landscape.

1. Perimeter Buffering, Landscape, and Screening:

- A. Detached sidewalks per Figure 30.64-17 are required along all arterial and collector streets for all developments. For residential development a 6 foot decorative wall is required behind landscaping and the detached sidewalk. If agricultural development is adjacent to the detached sidewalk and landscaping, traditional farm/agricultural fencing may be provided.
 - B. Along collector and arterial streets, a minimum 10 foot segment of decorative fence is required for every 40 feet of wall.
 - C. When adjacent to local streets, major subdivisions should be designed with lots fronting the local streets. Along the perimeter of a subdivision, where lots rear or side the local street, solid walls are not permitted. An open fence (a minimum of 50% of the vertical surface area of the fence to remain open and transparent) and a 6 foot landscape strip per Figure 30.64-10 (fence need not be decorative, but shall be constructed of materials listed in subsection (D) below) shall be provided.
 - D. Any required fence and wall shall be constructed of wrought iron, wrought iron and decorative CMU (concrete masonry unit) combination, open rail fencing, pre-cast decorative concrete, vinyl, stone, weather-treated wood and textured or stucco surfaced CMU that is architecturally compatible with adjacent buildings. Non-textured or unfinished CMU and corrugated metal are not a permitted material for walls or fences.
 - E. Fences and walls shall be designed to be architecturally compatible to the principal buildings in terms of materials, colors, and design.
 - F. Walls and fences shall be designed to increase shadow patterns, provide interesting visual effects and reduce apparent mass.
 - G. Fences/walls constructed along Moapa Valley Boulevard should preserve view sheds and promote visual interest and safety.
 - H. Maximum fence/wall height per Chapter 30.64.
 - I. Residential gated developments are not permitted.
 - J. Plant materials shall be selected to blend in scale with the design scheme of the proposed site.
 - K. Plant materials shall be used as distinctive elements to identify major entry ways.
- 2. Parking.** Within Overton Town Center area (as shown on land use plan) parking is not permitted between rights-of-way and buildings unless approved through a Waiver of Development Standards or Variance application.
- 3. Signage.**
- A. All signs must be consistent with the architecture of the building or development in which they are located.
 - B. Freestanding signs shall not exceed a maximum height of 20 feet.

- C. The area of wall signs shall be limited to a maximum of 10% of the surface of the wall on which it is located.
- D. Monument signs may not be internally illuminated.
- E. Signs shall not contain exposed neon.
- F. Animated signs, multivision signs, and revolving signs are not permitted.
- G. All other sign development standards per 30.72.

4. Business Directional Signage.

A. Directional Signs. Directional signs shall adhere to the following conditions to which no waivers or variances are allowed:

1. Each business use may advertise on one sign only, however, location provisions below may preclude such sign.
2. A maximum of one sign may be located within each quadrant of the intersection of a major collector or arterial street with Moapa Valley Boulevard. Sign shall not exceed 70 square feet in area and 10 feet in height.
3. Signs permitted only along Moapa Valley Boulevard (Highway 169) within commercial zoning districts.
4. The one sign allowed shall be located within the intersectional quadrant (as described above) nearest to the business, set back the required distance for the district. Signs shall not be placed within publicly held right-of-way. Directional signs situated on private property shall not interfere with signage within the right-of-way or with any vehicular or pedestrian traffic on public or private property.
5. Signs shall only be lit within one hour of opening the business to one hour of closing.

B. Affidavit. Prior to sign permit submittal, the applicant must provide an affidavit stating that all of the above conditions have been met.

5. Lighting: Site lighting shall be designed to be functional, safe, unobtrusive, and complement the rural lifestyle.

A. Lighting Design Standards.

1. All lighting shall be designed to integrate the overall theme of the development and shall be architecturally compatible with the character of on-site structures.
2. Lighting shall be unobtrusive to adjacent properties and public rights-of-way.
 - a. Lighting standards and fixtures shall not cause abrupt visual transitions and shall gradually define land use transitions.
 - b. Exterior accent lighting for landscaping and buildings shall be accomplished with low intensity light sources which typically include surface mounted fixtures, lamps recessed in building overhangs, walls, architectural, and landscape architectural accents.
 - c. Exterior fixtures (luminaries) mounted on buildings shall be no higher than the line of

the first story eave, or 14 feet above finished grade, whichever is lower.

- d. Floodlights, spotlights, or any other similar lighting shall not be used to illuminate buildings or other site features unless approved as an integral architectural or landscape element of the development (land use application) plan.
- e. Parking lot fixtures shall be cut-off fixtures, designed and positioned to cast adequate light for safety and security but adjusted to eliminate encroachment on neighboring properties.
- f. All site lighting shall be appropriate in height, intensity, and scale to the site it is serving and shall not exceed a maximum height of 35 feet.

B. Lighting Exemptions. The lighting provisions set forth in this section shall not apply to seasonal lighting that is part of customary holiday decorations or annual civic events, or public lighting installed for the benefit of public health, safety, and welfare.

C. Non-conforming Lighting. All existing outdoor lighting fixtures shall be considered legal nonconforming fixtures. Existing fixtures may not be expanded or increased in a manner which would result in greater non-conformity. (Ord 3805 § 5 (part), 9/2009; Ord. 3687 § 1, 10/2008; Ord. 3549 § 8 (part), 9/2007; Ord. 3521 § 3, 6/2007)

PART M SOUTH OF SAHARA AVENUE (SOSA) DESIGN OVERLAY DISTRICT

30.48.950 Purpose. The South of Sahara Avenue Design Overlay District is created to implement design standards (as illustrated in the “SOSA Design Standards and Guidelines”) for future development and redevelopment of properties within the SOSA Design Overlay District. (Ord 3955 § 7 (part), 6/2011)

30.48.955 Establishment of the SOSA Design Overlay District and Map. The SOSA Design Overlay District is an approximate 120-acre area located within the Mixed Use Overlay District and bounded by Joe W. Brown Drive, Sahara Avenue, Maryland Parkway, and Karen Avenue. The boundaries of the SOSA Design Overlay District described herein are established as shown on the SOSA Design Overlay District Map, adopted by the Board of County Commissioners, and incorporated into Title 30 by this reference (see Appendix G, Map #19). (Ord 3955 § 7 (part), 6/2011)

30.48.960 Modification of the SOSA Design Overlay District. This overlay district may be amended by the initiation and adoption of an ordinance and map describing the boundaries therein. (Ord 3955 § 7 (part), 6/2011)

30.48.965 Application. All new development within the SOSA Design Overlay District boundaries shall be subject to the applicable land use application approval and must be in conformance with the standards, requirements and procedures established in this Part M. Any modification to an approved or existing development within the SOSA Design Overlay District resulting in a change to a minimum of 30% of the existing structures or previously approved area, or any other significant changes to the previously approved uses or structures, as determined by the Zoning Administrator, shall conform to the requirements and procedures established in Part M. (Ord 3955 § 7 (part), 6/2011)

30.48.970 Procedure. Applicants are required to meet with staff prior to the submittal of any zone boundary amendment, special use permit, waiver of development standards, variance, or design review application. Such land use applications for property within the SOSA Design Overlay District shall be approved by the Board. (Ord 3955 § 7 (part), 6/2011)

30.48.975 Design and Development Standards. Design and development standards for development within the SOSA Design Overlay District are required within this Part M. Additional guidelines are contained within the “SOSA Design Standards and Guidelines,” which, while not mandatory, should be incorporated into the project’s design to the greatest extent possible.

1. Street and Circulation Design

- A. Blocks.** Blocks with a perimeter greater than 1,980 feet (measured along the pedestrian realm; see page 17 of the “SOSA Design Standards and Guidelines”) shall only be permitted when an internal pedestrian walkway, passageway, or street is provided through the middle of the block, which shall not be gated and shall remain open to public access.
- B. Shared Driveways.** Shared driveways are required in the rear of developments to provide access to parking and service areas.
 - i.** Service and loading areas, utility boxes, mechanical equipment and trash enclosure areas shall be screened with landscaping or decorative walls.
 - ii.** Driveway illumination shall be with light fixtures on the building or light poles adjacent to driveway; however, no light fixtures shall project over the driveway.
- C. Streets.** All streets shall be designed and constructed per the “SOSA Design Standards and Guidelines”. Gated streets are not permitted within the SOSA Design Overlay.
- D. Pedestrian Crossings.** All internal street intersections within SOSA require crosswalks, as well as at mid-block locations if the distance between street intersections exceeds 400 feet. Crosswalks shall be a minimum of 8’ wide and constructed of decorative concrete pavement to clearly mark the pedestrian zone.
- E. Pedestrian Realm.** The requirements within this Part E cannot be waived or varied.
 - i.** A pedestrian realm shall be created on each side of all streets within SOSA. This standard does not apply to the south side of Karen Avenue, the north side of Sahara Avenue, the west side of Joe W. Brown Drive, and the east side of Maryland Parkway (the sides of these streets are not located within SOSA).
 - a.** Pedestrian realm width shall be 15’ wide. The pedestrian realm for Sahara Avenue shall be constructed in accordance with street section figures shown on pages 40 and 42 of the “SOSA Design Standards and Guidelines.”
 - b.** All other development standards shall be in conformance with Section 30.48.770(C)(6).
 - ii.** Street furniture, public art, planters, and other items may be allowed in the supplemental pedestrian area (see Section 30.48.770(C)(6)). Items within the supplemental pedestrian area shall not block pedestrian access (sidewalk), building entrance or path leading to a building entrance.
 - iii.** Outdoor dining may be allowed in the supplemental zone. If a barrier is provided it may be constructed as a sectional freestanding metal fence, freestanding posts connected by a rope or chain with a minimum diameter of one inch, or a group of planted pots or planter boxes that surround the dining area. The dining area barrier should be 36 to 42 inches tall. Chain link fences, fences with fabric inserts, and wood fences are prohibited.

2. Architectural Development Standards.

A. Setbacks. Buildings shall be located at the back of the pedestrian realm. Stoops and stairs may project into the pedestrian realm. Residential buildings shall be set back 5' from all other property lines. Commercial buildings shall be set back 5' from the rear property line, unless the building type occupies the entire block, then no setback is required. Awnings/shade structures may project up to 5' from facades, however, it shall not encroach into pedestrian access.

B. Mass and Height.

- i.** The first five floors of a building shall be considered the building base, which shall have a maximum height of 55'.
- ii.** All floors above the fifth floor shall be considered the building tower. If the building includes a tower, the tower shall be stepped back 10' from the roof edge of the building base.

C. Facades

- i.** The primary entrance to any principal building shall be located on a facade that faces a street or public space.
- ii.** The ground level floor of a residential building shall be a minimum 3' above the finished grade of the site.
- iii.** Windows on a facade fronting a street or public space shall occupy at least 20% of the total area of the facade. Windows shall be provided on all floors of the building.
- iv.** External stairways going to upper floors (does not include stoops providing access to the ground floor units) are prohibited along facades that face a street or public space.
- v.** The floor to ceiling height of the ground floor shall be at least 16'.
- vi.** 70% of the ground floor facade of a commercial building (as measured by multiplying the floor's ceiling height by the width of the ground floor facade) shall contain transparent glass.
- vii.** Facades facing a street or public space shall be articulated to minimize the visual impact of large, uninterrupted, austere facades. See pages 64 and 79 of the "SOSA Design Standards and Guidelines" for appropriate methods of articulation.
- viii.** Building facades adjacent to alleys/shared driveways shall have a decorative finish similar to the front facade, and shall include windows or secondary entrances.

D. Parking Structure Facades.

- i.** Views into the podium parking level shall be screened with decorative metal, dense landscaping or by limiting the size of openings.
- ii.** Parking structure facades shall be designed to be compatible with other building facades on the property, and contain patterns, materials, details, and colors that are similar to adjacent facades. Ramps shall be enclosed or screened from the right of way.

E. Roofs.

- i. Residential buildings may have flat roofs when the roof includes a decorative parapet.
- ii. Variations in all rooflines shall be incorporated to provide architectural character and variety. Horizontal roof lines longer than one hundred feet shall provide articulations in the facade, changing the height of roof portions, or by adding elements such as, but not limited to, towers or domes.

3. Site Development Standards.

A. Parking.

- i. Adequate parking should be provided to accommodate the use. The minimum standards of Chapter 30.60 shall not apply to projects within the SOSA Design Overlay, however; when providing less than the number of spaces required per Chapter 30.60, the applicant shall present justification as to why the minimum standards are not necessary.
- ii. Parking areas are prohibited between streets and front building facades.
- iii. All development shall provide a parking and service zone. This zone includes the area of the lot that is more than 20' from the back of the pedestrian realm and 5' from side and rear property lines. Surface parking, parking structures, trash enclosures, and service areas shall be located in this zone.
- iv. Access to parking shall be provided from the rear alleys/shared driveways if available. If the property is not located adjacent to an alley, then a maximum of two driveways from the street are allowed.

B. Landscaping. Paved pedestrian access/pathway, which may include steps and stoops, shall provide access between sidewalks and building entrances.

C. Walls/Fences/Screening. Walls and fences should be limited to necessary screening only.

- i. Fence and wall design shall be compatible with the architecture of the main building(s) on the site and shall be constructed with compatible exterior finishes and color materials.
- ii. Walls and fences should be constructed of stone, brick, concrete, stucco, and decorative metal.
- iii. Wood and chain link fences are prohibited. Barbed wired, concertina wire, and glass shards are prohibited on fences and walls.
- iv. All walls shall be designed to minimize visual monotony by articulating the design of the wall surface. Appropriate methods of articulation include:
 - a. Providing regularly spaced columns or posts.
 - b. Designing the wall with a defined base and cap.
 - c. Utilizing more than one type of material or color.
 - d. Altering or changing the height of the wall.

D. Trash Disposal Areas.

- i. Trash enclosures shall be located within parking garages or to the rear of buildings away from pedestrian realms.
 - ii. Trash enclosures shall be architecturally compatible with the other buildings on the site and their design should consist of similar forms, materials and colors.
 - iii. Trash enclosures shall have a trellis or roof.
- E. Mechanical Equipment.** The following items shall be screened from public views; utility meters, power transformers and sectors, irrigation and pool pumps, satellite dishes greater than 18” in diameter, antennas, and all mechanical equipment (including but not limited to heating/cooling, rooftop equipment).
- 4. Additional Design and Development Standards.** Additional standards for streetscape, including street furniture and landscape materials, as well as way-finding signs, on-premises signs, common outdoor spaces and site lighting are recommended. Specific requirements may be included as a condition of approval of the land use approval for individual projects, including timing for placement of such improvements. See the “SOSA Design Standards and Guidelines” for design guidelines.
- 5. Utility Substations: Standards and Guidelines**
- A.** The screening walls and building shall comply with the applicable facade standards and guidelines for Residential Flats, as shown within pages 60 through 69 of the “SOSA Design Standards and Guidelines”. The facades shall be compatible with the desired form and character of the neighborhood. Facades shall not be designed like conventional utility building screening walls.
 - B.** All undeveloped areas of the property that are visible from the public street shall be landscaped in compliance with standards and guidelines in Section 9.0 (Landscaping and Screening) of “SOSA Design Standards and Guidelines”.
 - C.** All substation utility lines shall be placed underground.
 - D.** Utility companies shall improve the streets that are adjacent to the substation property in compliance with the street standards and guidelines in Section 5.0 (Streets) of the “SOSA Design Standards and Guidelines”. (Ord 4275 § 8 (part), 3/2015; Ord 3955 § 7 (part), 6/2011; Ord. 3720 § 5, 12/2008)

PART N SPRING MOUNTAIN OVERLAY DISTRICT (Ord. 4016 § 2 (part), 4/2012)

30.48.990 Purpose. The Spring Mountain Overlay District is hereby established to minimize the impact of development within the area, to maintain the rural character and cultural heritage of the community, preserve wildlife habitat, and minimize the impacts of additional traffic.

30.48.1000 Spring Mountain District Map. The Spring Mountain Overlay, as adopted by the Board of County Commissioners, shall be incorporated into Title 30 and hereinafter referred to as the “Spring Mountain Overlay Map” in Appendix G, Map 20. The Spring Mountain Overlay includes both Part I, which is within the Spring Mountain National Recreation Area as described in subsection (1) of section 7 of chapter 198, Statutes of Nevada 2009, as amended by Chapter 104, Statutes of Nevada 2011 and Part II which are parcels excluded from the Spring Mountain National Recreation Area as described in subsection (2) of section 1 of chapter 104, Statutes of Nevada 2011.

30.48.1010 Establishment of Overlay District. This overlay district may be amended by the initiation and adoption of an ordinance and map describing the boundaries therein.

30.48.1015 Density & Intensity Restrictions.

1. **Part I.** Unless proposed for public facilities, applications pertaining to land within Part I shall not be accepted to:
 - A. Increase the number of residential dwelling units allowed by the zoning regulations in existence on July 1, 2009.
 - B. Establish a new nonresidential zoning district.
 - C. Expand the size of any nonresidential zoning district in existence on July 1, 2009.
2. **Part II.** The land within Part II shall only be used for facilities and operations related to outdoor recreational activities. Land use applications shall not be accepted to allow the following:
 - A. Resort hotel, hotel, motel, boardinghouse or lodging house.
 - B. Gasoline station.
 - C. Grocery store, convenience store, or any other store principally used for consumable products or food for human consumption.
 - D. Restaurant franchise or chain (does not include the operation of a snack bar).
 - E. Any residential development of more than 1 home per 2 acres. (Ord. 4016 § 2 (part), 4/2012)

30.48.1020 Permitted Uses. The uses listed under the column of the respective underlying zoning districts within Chapter 30.44 and Table 30.44-1 (see also Appendix F, for uses categorized by zoning district) shall establish the uses permitted within the overlay district, subject to the conditions listed and to all administrative and special use permits as shown in the Table. (Ord. 3804 § 6, 9/2009)

PART O HISTORIC NEIGHBORHOOD OVERLAY DISTRICT AND HISTORIC DESIGNATION

30.48.1025 HISTORIC NEIGHBORHOOD OVERLAY (Ord. 4240 § 2 (part), 11/2014)

30.48.1030 Purpose. The Historic Neighborhood Overlay District, hereafter referred to as HN, is hereby established to preserve the distinctive historic, economic, cultural, paleontological, or archeological character of a residential neighborhood, helping to enhance the intellectual and social experiences within Clark County. Historic Neighborhood has the meaning as described in NRS 278.0153. (Ord. 3992 § 3 (part), 11/2011)

30.48.1040 Initiation, Establishment, or Amendment of an HN Overlay District.

1. If a neighborhood is located within an eligible area described in Section 30.48.1050, the establishment or amendment of an HN Overlay District may be initiated by residential property owners or an Executive Board member of a neighborhood association with the submittal of a zone boundary amendment in accordance with the provisions of Table 30.16-3 (Zone Boundary Amendment).
2. An overlay shall be established by the Board's approval of a zone boundary amendment, and thereby shall be incorporated into the Official Zoning Map. (Ord. 4982 § 5 (part), 9/2022; Ord. 4240 § 2 (part), 11/2014; Ord. 3992 § 3 (part), 11/2011)

30.48.1050 Criteria for Establishment. In order for an area to be eligible to submit an HN application, the proposed HN area must contain a minimum of 10 residential dwelling units, where at least two-thirds of the units are a minimum of 40 years of age.

The neighborhood should be bounded by historic boundaries such as roadways or channels, by recorded subdivision boundaries, or by boundaries which coincide with logical physical or man-made features. Non-contributing properties or vacant parcels shall only be included to the extent necessary to establish appropriate, logical boundaries to form a cohesive neighborhood. (Ord. 3992 § 3 (part), 11/2011)

30.48.1060 Document Submittal Requirements. The following documentation shall be included in the zone boundary amendment request to establish a HN in addition to the standard documents required for a zone boundary amendment:

1. Verification the neighborhood meets the criteria listed in Section 30.48.1050.
2. A minimum of 51% of the lots within the proposed HN shall be represented by a signature on a petition agreeing to the application. For lots with more than one owner, only one owner is required to sign the petition.
3. Justification of the neighborhood significance as described in Sections 30.48.1030 and 30.48.1050.
4. Vicinity map identifying the boundary of the proposed HN.
5. Elevations, in color, identifying design/character of the HN.
6. Photographs of the HN.
7. List of assessor's parcel numbers for all parcels affected by the proposed HN. (Ord. 4982 § 5 (part), 9/2022; Ord. 4240 § 2 (part), 11/2014; Ord. 3992 § 3 (part), 11/2011)

30.48.1070 Approval of HN.

1. The uses listed under the column of the respective underlying zoning districts within Chapter 30.44 and Table 30.44-1 (see also Appendix F, for uses categorized by zoning district) shall establish the uses permitted within the overlay district, subject to the conditions listed and to all administrative and special use permits as shown in the Table.
2. Upon designation of a HN, project identification signs may be provided to distinguish the neighborhood. Signs exceeding the requirements of Table 30.72-1 may be considered with a design review application (public hearing).
3. The neighborhood within a HN may register with the County to receive notice of proposed land use applications pursuant to Section 30.16.230(b)(5)(F); however, a HN need not be within a recorded subdivision. (Ord. 3992 § 3 (part), 11/2011)

30.48.1080 Process for Review of New Construction or Alteration. Within an approved HN, a design review application (public hearing) is required prior to the construction of new buildings, additions of more than 10% of the area of an existing building, submittal of subdivision maps, or any significant alteration to any exterior structure that is visible from a street, subject to the following:

1. The applicant shall conduct a neighborhood meeting prior to the design review hearing.
 - A. The meeting shall be held in the evening hours and located within or in close proximity to the HN Overlay District.

- B. The applicant shall send a notice of the neighborhood meeting to all the property owners within the HN, at least 10 days prior to the meeting. Documentation of the notification shall be submitted to the Zoning Administrator.
 - C. After the meeting the applicant shall submit a status report to the Zoning Administrator indicating the status of neighborhood concerns.
2. All property owners within the HN shall receive notice of the design review hearing, including those owners beyond the normal notification requirements for a design review of this Title.
(Ord. 3992 § 3 (part), 11/2011)

30.48.1090 HISTORIC DESIGNATION (Ord. 4240 § 2 (part), 11/2014)

30.48.1100 Purpose. The purpose of this Section is to promote the preservation of significant properties and archeological sites which represent important aspects of the County’s heritage, to enhance the character of the community by taking such properties and sites into account during development and to encourage public appreciation of such properties. (Ord. 4240 § 2 (part), 11/2014)

30.48.1200 Criteria for Designation. A building, structure or site may receive a Historic Designation if the building, structure or site demonstrates exceptional historical significance by meeting the criteria described in subsection (1) or (2) below:

- 1. The building, structure or site conforms to the requirements for listing on the State or National Register of Historic Places; or
- 2.
 - a. The building, structure, site or a significant portion of the building, structure or site is at least 40 years old; and
 - b. It is reflective of the County’s cultural, social, political or economic past such as association with a person or event significant in local, state, or national history, or it represents an established and familiar visual feature of an area of the County because of its location or physical appearance.
Ord. (4240 § 2 (part), 11/2014)

30.48.1300 Procedure. A special use permit must be requested to receive a Historic Designation. The Town Advisory Board or Citizen’s Advisory Council for the area where the site is located shall forward a recommendation to the Board for its consideration as to merits of the application. (Ord. 4240 § 2 (part), 11/2014)

30.48.1400 Document Submittal Requirements. In addition to the standard submittal requirements, the following documentation shall also be included in the special use permit request for a building, structure or site to receive a Historic Designation:

- 1. Additional information included in the justification letter which describes the manner in which the building, structure or site is eligible and appropriate for designation.
- 2. Photographs of the site.
- 3. Information about the architect, designer, planner or developer of the site.
- 4. Date and method of construction.
- 5. Description of distinctive characteristics such as historic materials, architectural or landscape elements and architectural style of buildings or structures on site.
- 6. Ownership and address history.

7. Plans for potential accessory uses on site. (Ord. 4240 § 2 (part), 11/2014)

30.48.1500 Establishment of a Historic Designation. If the Board determines a building, structure or site meets the criteria set forth in Section 30.48.1200 above, the Board may approve the special use permit, and the site shall receive a Historic Designation. Nameplates with a maximum of 3 square feet are permitted to identify Historic buildings, structures and sites, and one project identification sign is permitted per Historic Designation (in addition to any permitted nameplates or project identification signs). (Ord. 4240 § 2 (part), 11/2014)

30.48.1600 Permitted Uses. Existing uses are not limited by the Historic Designation. The specific uses allowed per zoning district in Table 30.44-1 shall establish the uses permitted for the building, structure or site with a Historic Designation, subject to the conditions listed and including any additional application requirements indicated therein. However, accessory uses including but not limited to tours, museum, events/banquets, and related retail sales are permitted in conjunction with the building, structure or site with a Historic Designation, provided such uses are specifically listed and approved by the Board through a special use permit for a Historic Designation. The applicant shall demonstrate the use satisfies the criteria for a special use permit per Table 30.16-4 (i) and minimizes impacts such as noise and traffic to neighbors which may include hours of operation, parking, shuttle bus routes, and buffering. (Ord. 4240 § 2 (part), 11/2014)

30.48.1700 New Construction, Alteration and Demolition. Unless the Zoning Administrator determines the proposal is minor in nature and impact, a design review must be approved by the Board prior to all new construction or alteration to the exterior building, structure or site with a Historic Designation. If a historic sign is proposed to be removed, the applicant is encouraged to locate an alternative site for placement or storage. (Ord. 4240 § 2 (part), 11/2014)

PART P MIDTOWN MARYLAND PARKWAY DISTRICT

30.48.1800 Purpose. The Midtown Maryland Parkway District (District) is created to implement and encourage design standards and incentives for transit-oriented, walkable, and sustainable development and revitalization of properties within the District generally located along Maryland Parkway between Sahara Avenue and Russell Road. (Ord. 4625 § 3 (part), 10/2018)

30.48.1810 Policy Framework and Relevant Plans. The components of the Midtown Maryland Parkway District are consistent with the Clark County Comprehensive Master Plan and the Regional Transportation Commission of Southern Nevada Southern Nevada Strong Regional Plan. (Ord. 4625 § 3 (part), 10/2018)

30.48.1820 Establishment of the Midtown Maryland Parkway District and Map. The boundaries of the Midtown Maryland Parkway District are shown on the Midtown Maryland Parkway District Map, as adopted by the Board of County Commissioners and amended from time to time, incorporated herein by this reference into Title 30 (See Appendix G, Map 23). (Ord. 4625 § 3 (part), 10/2018)

30.48.1830 Modification of the Midtown Maryland Parkway District. The boundaries of the District may be amended by the initiation and adoption of an ordinance and map describing the amended boundaries therein. The text of the District may be amended by the initiation and adoption of an ordinance. (Ord. 4625 § 3 (part), 10/2018)

30.48.1840 Applicability.

- a. The provisions of this Section shall serve as a supplement to the underlying zoning district regulations. Unless otherwise specified in this District, all development requirements shall be determined by the regulations applicable to the underlying zoning district.
- b. Projects located both within the Mixed Use Overlay District (Chapter 30.48 Part J) or the South of Sahara Avenue (SOSA) Design Overlay District (Chapter 30.48 Part M) and the Midtown Maryland

Parkway District shall meet the mandatory design and development standards of Chapter 30.48 Part P and the applicable requirements in Part J and Part M. Where the districts impose conflicting requirements, the most restrictive of the requirements shall apply.

- c. All new development and any modification to an approved or existing development within the Midtown Maryland Parkway District that increases the building area by more than 100 square feet or 10%, whichever is greater, increases the building height by more than 4 feet or 10%, whichever is greater, or significantly changes the location of previously approved uses or principal structures, shall require the subject development to comply with Part P. (Ord. 4625 § 3 (part), 10/2018)

30.48.1850 Applications.

- a. All development within the Midtown Maryland Parkway District boundaries shall be subject to the applicable land use application approval process and must be in conformance with the mandatory design and development standards in Section 30.48.1870. After the mandatory design and development standards are met, a development shall comply with either:
 - 1. “Opt-in” standards to receive development incentives established in this Part P; or
 - 2. “Base” zoning district development standards (no incentives).
- b. In addition to the requirements listed in Chapter 30.16, land use applications for projects within the Midtown Maryland Parkway District shall include the following document submittal requirements:
 - 1. Pedestrian circulation plan (See Section 30.16.240(a)(22)); and
 - 2. Art plan, which includes a recommendation letter from the Clark County Parks and Recreation, Cultural Division (See Section 30.48.1870(5)). (Ord. 4625 § 3 (part), 10/2018)

30.48.1860 Permitted Uses. The uses listed under the column of the respective zoning districts within Chapter 30.44, Table 30.44-1 shall establish the uses permitted within the District, subject to the requirements of Table 30.44-1. (Ord. 4625 § 3 (part), 10/2018)

30.48.1870 Mandatory Design and Development Standards. All development, except for single family residential development, shall comply with the mandatory design and development standards, which supplement the zoning district regulations. The mandatory design and development standards may only be modified with the approval of a Special Use Permit with a public hearing before the Board.

1. Pedestrian Realm.

- A. A 20 foot wide pedestrian realm shall be created along all arterial and collector streets within the Midtown Maryland Parkway District (See Figure 30.48-P1). The pedestrian realm shall be in conformance with Section 30.48.770(C)(6) and shall consist of an amenity zone, clear zone (sidewalk), and supplemental pedestrian area.
- B. Street furniture, public art, planters, and other items may be allowed in the supplemental pedestrian area (See Section 30.48.770(C)(6)(c)). Items within the supplemental pedestrian area shall not interfere with the clear zone (sidewalk) or block the building entrance or path leading to a building entrance.

- C. Outdoor Dining, Drinking, and Cooking may be allowed in the supplemental pedestrian area. If a barrier is provided, it shall be constructed as a sectional freestanding metal fence, freestanding posts connected by a rope or chain with a minimum diameter of one inch, or a group of planted pots or planter boxes that surround the dining area. The dining area barrier should be 36 to 42 inches tall.

Figure 30.48-P1 (Ord. 4625 § 3 (part), 10/2018)

2. **Open Space.** All non-residential development shall provide open space as follows:
 - A. Open space areas shall be a minimum of 500 square feet with a minimum linear dimension of 20 feet. For developments of one gross acre or larger, minimum open space of at least 5% of the developed area shall be required.
 - B. A minimum of 50% of all open space areas shall be shaded or covered.
 - C. A minimum of one side of the open space shall front a street or pedestrian way (See Figure 30.48-P2).
3. **Landscaping.** Palm trees are prohibited to be used as required trees.
4. **Walls/Fences/Screening.**
 - A. Walls and fences greater than 42 inches are prohibited adjacent to the pedestrian realm.

B. Fence and wall design shall be decorative and compatible with the architecture of the building(s) on the site and shall be constructed with compatible exterior finishes and color materials.

C. Wood and chain link fences are prohibited.

5. Public Art. At least 1 public art installation is required. An art plan, which shall include an image of the proposed art, dimensions, location on the site, construction materials, and artist name shall be submitted to the Clark County Parks and Recreation, Cultural Division, who will review the artwork for consistency with the Maryland Parkway Public Art Strategic Design Plan. The Clark County Parks and Recreation, Cultural Division will provide a written recommendation letter to the applicant. The applicant shall submit the recommendation letter along with the art plan to Current Planning with the land use application. (Ord. 4625 § 3 (part), 10/2018)

30.48.1880 Opt-In Design and Development Standards. In exchange for meeting the following specified standards, which supplement the zoning district regulations, the project may receive development incentives. All opt-in design and development standards must be met to receive the incentives; therefore, no waivers are permitted to this Section.

1. Architectural Development Standards.

A. Setbacks.

i. Front.

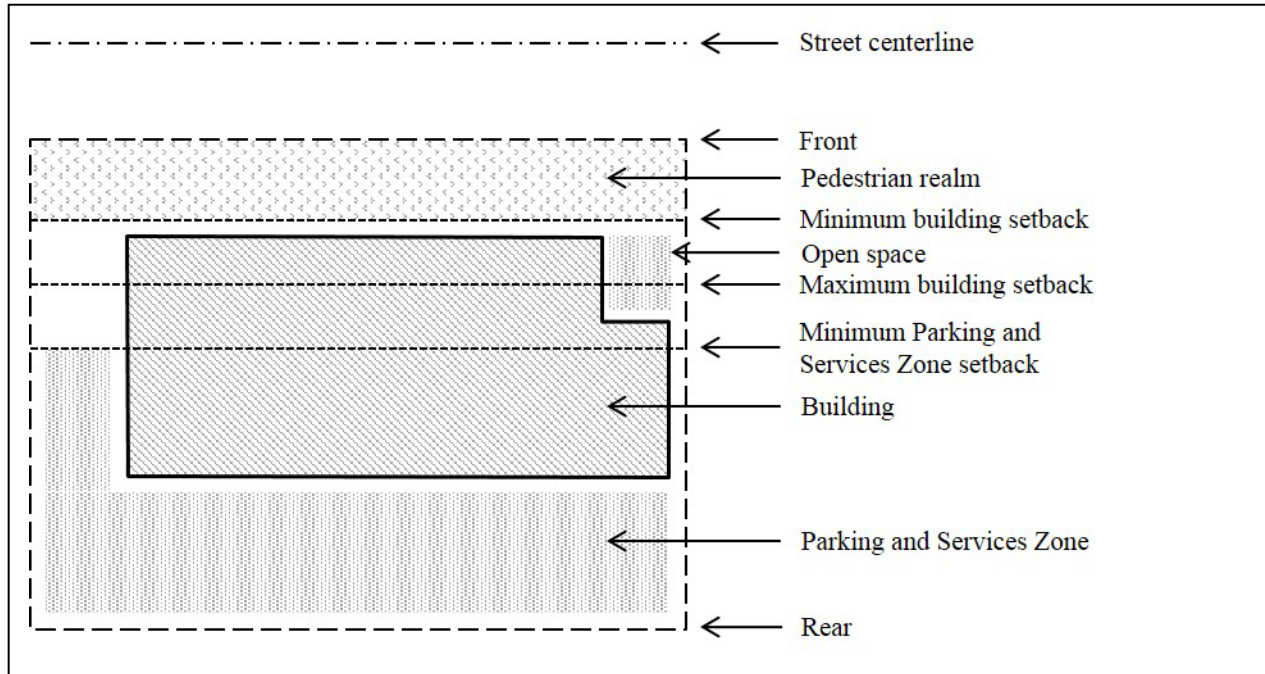

a. The minimum front setback shall be adjacent to the pedestrian realm.

b. The maximum front setback shall be 10 feet from the pedestrian realm.

c. The area between the building and the pedestrian realm shall provide an enhanced supplemental pedestrian area that will accommodate such uses as Outside Dining, Drinking, and Cooking; enhanced landscaping; and public art (see Figure 30.48-P2). The maximum building setback applies to all building construction, including additions, with the exceptions of public plazas, outdoor seating areas, and other pedestrian spaces.

ii. Interior Side. The interior side setback is only required when adjacent to a single family residential use, otherwise no setback is required.

Figure 30.48-P2 (Ord. 4625 § 3 (part), 10/2018)

B. Building Facades.

- i. The primary entrance to any building shall be located on a facade that faces an arterial or collector street if the property is adjacent to an arterial or collector street. If the property is not adjacent to an arterial or collector street, the primary entrance to any building shall be located on a facade that faces a right-of-way or public space. The entry may be recessed up to 10 feet from the front facade.
- ii. Stairs, patios, balconies, and awnings/shade structures may project up to 5 feet from facades; however, they shall not encroach into the clear zone (sidewalk).
- iii. The ground level floor of any residential unit adjacent to the pedestrian realm shall be a minimum 3 feet above the finished grade of the pedestrian realm.
- iv. Windows on a facade fronting a right-of-way or public space shall occupy at least 20% of the total area of the facade. Windows shall be provided on all floors of the building.
- v. 70% of the ground floor of street-facing facades of a commercial building, as measured by multiplying the ground floor's ceiling height by the width of the ground floor facade, shall contain transparent glass.
- vi. 35% of the ground floor of non-street-facing facades of a commercial building, as measured by multiplying the ground floor's ceiling height by the width of the ground floor facade, shall contain transparent glass.
- vii. Building facades facing a street or public space shall not exceed 20 linear feet without features such as bay windows, recessed entryways, and other architectural features.

- viii. All building facades shall be articulated, exhibit design continuity, and have a decorative finish similar to the front facade.
- ix. Building facades adjacent to shared driveways shall include windows or secondary entrances.

C. Parking Structure Facades.

- i. Commercial space shall be provided on the ground floor of any parking structure when adjacent to a street.
- ii. The ground floor of all parking structures shall have a floor to ceiling height sufficient to allow for the conversion to commercial uses.
- iii. Parking structure facades shall be designed to be compatible with other building facades on the site, and contain similar patterns, materials, details, and colors. Ramps shall be enclosed or screened from the right-of-way.

- D. Roofs.** Horizontal rooflines greater than 100 feet shall include variations to provide architectural character and variety.

2. Site Development Standards.

A. Parking.

- i. Parking areas and drive aisles are prohibited between streets and front building facades.
- ii. If parking is provided on-site, parking shall be located in a parking and service zone, as described in the SOSA Design Overlay District (See Section 30.48.975(3)(A)(iii)). Surface parking, parking structures, and service areas shall only be located in this zone (See Figure 30.48-P2). If parking is provided off-site, see Section 30.60.020(k).
- iii. Vehicular access to parking shall be provided from rear alleys or side roadways, if available.
- iv. Drive-thru lanes shall not be constructed between collector or arterial rights-of-way and the buildings.
- v. No increase in the number of existing curb cuts shall be permitted on any arterial or collector street. Where feasible, curb cuts shall be reduced.

B. Pedestrian Access.

- i. Paved pedestrian access or pathways, which may include stairs, shall be provided between sidewalks and building entrances.
- ii. A pedestrian access or pathway (at least 10 feet wide) is required that connects from the pedestrian realm through the site. The pedestrian access or pathway shall not be gated and shall remain open to public access.

C. Trash Enclosures.

- i. Trash enclosures shall be located in the parking and service zone (See Section 30.48.1880(2)(A)(ii) and Figure 30.48-P2).

- ii. Trash enclosures shall be architecturally compatible with the other buildings on the site, consisting of similar forms, materials, and colors.
- iii. Trash enclosures shall have a trellis or roof that complies with the standards of the local trash service provider.
- iv. The gates of the trash enclosure shall be secured with a lock purchased from the local trash service provider. The customer shall unlock the enclosure on pick-up days prior to trash and recycling pickup.

D. Signage.

- i. One wayfinding sign consistent with Figure 30.48-P3 shall be installed on the approach side of each street intersection with Maryland Parkway (See Section 30.52.025 for Sight Zones). The sign shall be located in the amenity zone of the pedestrian realm and set back 5 linear feet from the end of the curb radius. The sign content is as follows:
 - a. “Midtown Gateway” between Russell Road and Tropicana Avenue.
 - b. “Midtown UNLV” between Tropicana Avenue and Flamingo Road.
 - c. “Midtown Boulevard” between Flamingo Road and Desert Inn Road.
 - d. “Midtown Medical” between Desert Inn Road and Sahara Avenue.

Figure 30.48-P3 (Ord. 4658 § 11 (part), 1/2019; Ord. 4625 § 3 (part), 10/2018)

- 12' tall, 4" diameter metal post with round cap
- 40" x 30" metal district sign with white "Architectura" font. The background color of the metal district sign and the metal post and round cap shall correspond to the colors designated for each 1/4 mile section of the corridor within the Maryland Parkway Public Art Strategic Design Plan.
- 8" x 48" metal colored signs with 6" "Arial" font. Civic destinations would have a dark purple background color, outdoor public spaces would have a dark green background color, major shopping destinations would have a red background color, and public parking would have a blue background color.

3. **Incentives.** A development must meet all of the mandatory and all opt-in design and development standards to qualify for the following incentives:
- A. **Administrative Design Review.** An Administrative Design Review application may be utilized in lieu of a Design Review application.
 - B. **Parking Requirements.** Adequate parking should be provided to accommodate the use. The minimum standards of Chapter 30.60 shall not apply to projects that opt-in to the Midtown Maryland Parkway District Development Standards; however, when providing less than the number of spaces required per Chapter 30.60, the applicant shall present justification as to why the minimum standards are not necessary and the reduced amount of parking is appropriate.
 - C. **Screening and Landscape Buffer.** Screening and landscape buffers adjacent to a Less Intense Use are only required when adjacent to a single family residential use, otherwise screening and landscape buffers are not required.
 - D. **Use Separations.** Separations from multiple-family residential uses located within the Midtown Maryland Parkway District are eliminated for the following uses: Alcohol, On-Premises Consumption; Club; Outside Dining, Drinking, and Cooking; Seasonal Sales; and Temporary Outdoor Commercial Event. The separations from single-family residential development still apply.
 - E. **Density.** This subsection provides a list of incentives and corresponding density bonuses for multiple family housing to encourage certain urban uses capable of addressing community housing needs. Percentage increases for each incentive used are cumulative and will be calculated on the base density requirement.
 - i. Developments located within walking distance (1/4 mile, plus or minus 10% of 1,320 linear feet) along the nearest pedestrian access to a developed or planned transit stop (Regional Transportation Commission) are eligible for a density bonus up to 5%.
 - ii. Developments with a Grocery Store (or other similar retail use with 6,000 square feet or more of grocery sales area) within the project, or within walking distance along the nearest pedestrian access to an existing Grocery Store, are eligible for a density bonus up to 5%.
 - iii. Developments providing a 15 foot wide or larger supplemental pedestrian area (beyond what is required) are eligible for a density bonus up to 5%.
 - iv. Developments located within walking distance of the University of Nevada, Las Vegas campus are eligible for a density bonus up to 10%. (Ord. 4658 § 11 (part), 1/2019; Ord. 4625 § 3 (part), 10/2018)

30.48.1890 Future Mandatory Requirements. Except for single family residential development, the opt-in standards will become mandatory for all development within the Midtown Maryland Parkway District on January 1, 2023. (Ord. 4625 § 3 (part), 10/2018)

30.52 Off-Site Development Requirements

- 30.52.010 Purpose.** This Chapter sets forth requirements for the dedication of rights-of-way, provision of utilities, street improvement requirements, and drainage improvements within public rights-of-way or private streets whenever land is subdivided or developed within the various districts. These requirements are intended to ensure that off-site improvements meet proper standards, do not unnecessarily obstruct streets and other rights-of-way, and promote the general prosperity, health, safety, convenience and welfare of the public.
- 30.52.020 Applicability.** The developer is responsible for complying with the requirements of this Chapter, making the necessary arrangements for the design plans, and installing all improvements. Prior to occupancy or final inspection, the property owner shall install, erect, and construct the improvements required by this Chapter and/or as a condition of approval of the development following the issuance of permits as required by Chapter 30.32. (Ord. 3356 § 3 (part), 2/2006)
- 30.52.025 Sight Zones.** Sight zones as shown in the Uniform Standard Drawings for Public Works' Construction, Off-site Improvements, Clark County Area, Nevada and appendices, the current editions or as amended, shall be established and maintained at all intersections of public streets, private streets, alleys and driveways.
1. No structure, vegetation, or object of any kind is permitted over 24 inches in height, measured from the top of the adjacent curb. If no curb exists, the height is measured from the future top of curb height. The graphical depiction of a sight zone must contain adequate dimensions so that it can be established on the ground from the parcel's property line(s) and shown on site plans. No variance or waiver to this requirement is allowed.
 2. **Corner Lots.** The required standards are shown in Uniform Standard Drawings for Public Works' Construction, Off-site Improvements, Clark County Area, Nevada.
 - a. An exception to corner lot sight zones shall be made for any single family residential lot that is proposed to be developed with a single family residence if the lot has been legally established prior to December 5, 1996, where the standard shown in Appendix B6 may be used at the owner's discretion.
 - b. Alternative corner lot sight zones may only be considered with an Administrative Minor Deviation per Table 30.16-8 if there are constraints caused by existing lawfully permitted and inspected improvements.
 - c. No other variances or waivers to these requirements are permitted.
 3. **Driveways.** The required standards are shown in Uniform Standard Drawings for Public Works' Construction, Off-site Improvements, Clark County Area, Nevada.
 - a. Sight zones shall be maintained for all driveways, except single family residential uses, by applying the Commercial Driveway standard and the appropriate intersecting street width.
 - b. Where there is one-way traffic on the intersecting street, or where a physical barrier only allows one turn onto the intersecting street, an obstruction may be permitted in the sight zone on the side to which the turn can be made, subject to approval of an Administrative Minor Deviation per Table 30.16-8.
 - c. No other variances or waivers to these requirements are permitted.
 4. **Exceptions.** Traffic control devices, their related appurtenances, and street lights on public streets may be placed within the sight zones. (Ord. 4839 § 11 (part), 1/2021; Ord. 4770 § 9 (part), 3/2020; Ord. 4658 § 12 (part), 1/2019)

30.52.030 Street Requirements.

a. Dedication of Right-of-Way.

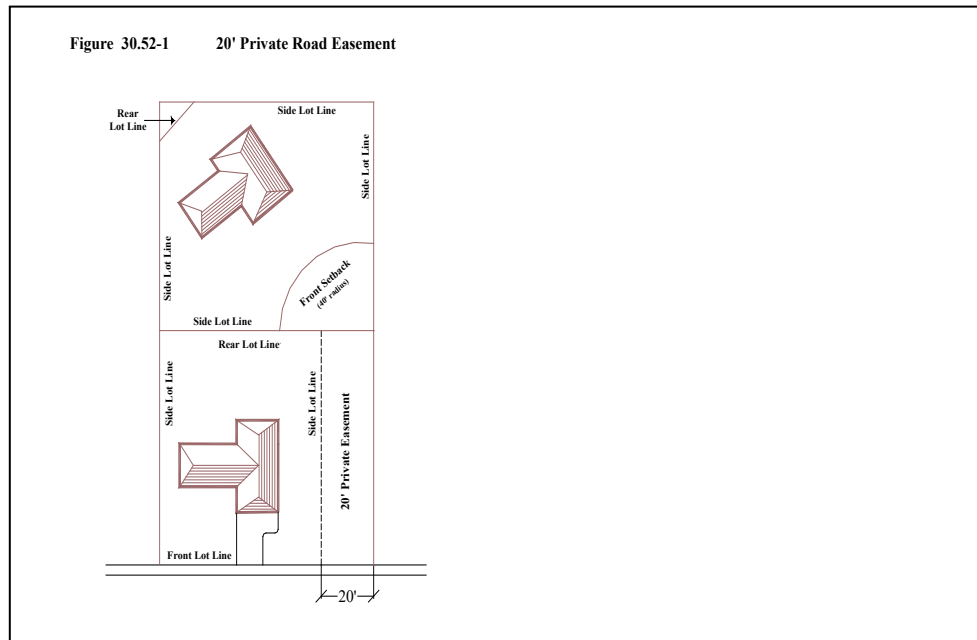

1. Prior to the issuance of building permits, concurrent with the recording of a subdivision map, or within 30 calendar days from a request for dedication by the County for dedication required by the approval of a land use application or subdivision map, right-of-way dedication is required with respect to a broad class of property owners pursuant to NRS 278.02317 for all development which abuts or contains a street for which insufficient dedication has been secured when located within the property lines of the development. Right-of-way dedication requirements are listed below:
 - A. Arterials or Limited Access Arterials, Township and Range Lines: 120 or more feet in width.
 - B. Arterials, Section Lines: 100 or more feet in width.
 - C. Collectors and Quarter Section Lines: 80 or more feet in width.
 - D. Local streets (public), including 16 and 64 section lines: minimum 60 feet in width.
 - E. Local residential streets (public) within a single family residential subdivision: minimum 47 feet in width. This minimum width of 37 feet back of curb to back of curb shall not be waived or varied.
 - F. Non-through streets at lengths greater than 150 feet shall be required to dedicate a turnaround area in accordance with the improvement standards of this Chapter.
 - G. Additional right-of-way for right turn lanes and second left turn lanes at section line and quarter section line intersections in accordance with the improvement standards of this Chapter.
 - H. In accordance with the conditions of an approved technical study.
 - I. All property owners along a street alignment must dedicate their portion (approximate 1/2) of required right-of-way. Off-set street alignment dedication must be approved.

- J. The County may require additional dedication of right-of-way for public purposes. Right-of-way dedication along Las Vegas Boulevard South may be required up to the width designated per the approved Transportation Element of the Comprehensive Master Plan (200 foot width from Sahara Avenue to St. Rose Parkway and 300 foot width from St. Rose Parkway to the California border).
- K. For the purpose of the following provisions and pursuant to NRS 278.0175, a public access easement or right-of-way easement shall be considered a public right-of-way. For detached sidewalks (offset from curb), right-of-way dedication options in addition to dedication to the back of curb shall be as follows:
 - i. For straight sidewalks, dedication from back of curb to back of sidewalk as a right-of-way easement for roadway and utility purposes, including but not limited to the right to construct, reconstruct, repair, operate and maintain sidewalks, streetlights, utilities, traffic control devices, and appurtenances thereto upon, over, under and through that dedicated property, with reservation of rights to property owners, homeowners association, or landscape maintenance association for all other rights and uses in that dedicated property, provided such rights and uses in no way interfere, impede, invade and/or conflict with the easement granted (see Figure 30.64-17); or
 - ii. Dedication of the sidewalk (fee simple or easement) with right-of-way easements as needed between back of curb and front of sidewalk to access, install, repair and maintain the sidewalk and public utility (including traffic) facilities (see Figure 30.64-17).
 - iii. Meandering sidewalks are a non-standard improvement which the County will not maintain. If provided at the request of the property owner, dedication from back of curb to back of sidewalk as right-of-way easement for roadway and utility purposes, including but not limited to the right to construct, reconstruct, repair, operate and maintain sidewalks, streetlights, utilities, traffic control devices, and appurtenances thereto upon, over, under and through that dedicated property, with reservation of rights to property owners, homeowners association, or landscape maintenance association for all other rights and uses in that dedicated property, provided such rights and uses in no way interfere, impede, invade and/or conflict with the easement granted. For the purpose of implementing this requirement, dedication to back of sidewalk shall be based upon that point where the back of sidewalk meanders closest to but not less than 3 feet from the required setback (see Figure 30.64-18).
 - iv. A condition to vacate and abandon any right-of-way on County-owned property shall be deemed satisfied if the area in question is required to be designated as right-of-way.
- 2. In no case shall above-ground utility vaults or other appurtenances that would obstruct the intended public use of a detached sidewalk be allowed within any easement granted for such purpose, or within any common lot designated for such purpose, and no easement rights in conflict with this provision shall be granted to a utility company or any other party.
- 3. Such dedication shall make provision for the continuation of collector and arterial streets and shall conform with the Clark County Comprehensive Master Plan, Transportation Element, current version or as amended from time to time, and the current Regional Transportation Plan as adopted by the Regional Transportation Commission.
- 4. Dedication for any alignment which the Director of Public Works determines is unsuitable for the establishment of a right-of-way because of extreme topographic conditions, established street patterns, or other similar condition, may be waived as specified in Section 30.52.120.

5. In the State of Nevada Hydrographic Area 212, commonly known as the Las Vegas Valley PM₁₀ non-attainment area of Clark County, if the off-site improvements have not been completed and the proposed development is not required by any other section of the Clark County Code to provide the off-site improvements at the time of development of the property, the property owner shall: 1) sign a restrictive covenant for the improvements and dedicate to the County fee title to the right-of-way; or 2) sign a restrictive covenant for the improvements and grant the County a right-of-way easement for public access, drainage and utilities. The property owner shall retain the underlying property ownership and shall be responsible for dust control and compliance with Clark County Air Quality Regulations until the right-of-way is improved according to Clark County standards. After the right-of-way is improved and accepted for maintenance, the County, upon the property owner's granting a fee ownership to the County, shall assume maintenance responsibility for the right-of-way; or 3) if required as a condition of approval on a land use application or subdivision map, pay to the Clark County Capital Improvement Fund the cost, as determined by Public Works, of constructing the full off-site improvements that otherwise would have been required at the time of the development.
 6. Alleys are not permitted unless required as a condition of vacating an existing alley.
 7. Except for temporary signs per 30.72.040, structures located, or proposed to be located, within any future right-of-way are prohibited.
- b. Private Streets and Access Easements.** Minimum widths required by the Fire Department may not be waived.
1. All private street and access easements greater than 150 feet in length that serve more than 1 dwelling unit shall have a minimum width of 37 feet with a minimum 36 foot wide drivable surface per Clark County Improvement Standards. All private streets and access easements greater than 150 feet in length shall terminate in a county-approved turnaround.
 2. All private street and access easements less than 150 feet in length (including the length of the turnaround) that serve more than 1 dwelling unit up to a maximum of 6 dwelling units shall have a minimum width of 25 feet with a minimum 24 foot wide drivable surface. These minimum width requirements shall not be waived or varied.
 3. A private access easement serving only 1 dwelling unit with no frontage on public or private streets shall have a minimum width of 20 feet and need not terminate in a county-approved turnaround. (See Figure 30.52-1)
 4. Private streets may be established without being included within private residential lots within subdivisions if: 1) a homeowners association assumes responsibility for the maintenance of the private street lots and 2) lots are proportionately assessed for the private street lot.

- c. **Legal Access.** Each lot shall have a minimum street frontage of 20 feet or be accessed by a minimum 20 foot wide access easement or driveway. Minimum widths required by the Fire Department may not be waived. (Ord. 4839 § 11 (part), 1/2021; Ord. 4481 § 11 (part), 5/2017; Ord. 4445 § 3 (part), 11/2016; Ord. 3859 § 9 (part), 6/2010; Ord. 3499 § 3, 3/2007; Ord. 3397 § 10 (part), 6/2006; Ord. 3356 § 3 (part), 2/2006; Ord. 3354 § 8, 2/2006; Ord. 3229 § 10 (part), 6/2005; Ord. 3093 § 1, 7/2004; Ord. 2961 § 8 (part), 10/2003; Ord. 2769 § 88, 89, and 90, 7/2002; Ord. 2741 § 9 (part), 5/2002; Ord. 2537(part) § 11, 2001)

30.52.035 Trail Requirements. Trail dedication per adopted trail plans may be required in conjunction with any land use application or subdivision map. Any modification to trail width requirements will only be granted if an alternative design or site is acceptable and approved by the Department of Comprehensive Planning. (Ord. 4839 § 11 (part), 1/2021; Ord. 3924 § 8 (part), 1/2011; Ord 3859 § 9 (part), 6/2010; Ord. 3524 § 3, 7/2007)

30.52.040 Improvement Requirements. The developer shall agree, through the posting of surety bonds in accordance with Section 30.32.150, to provide all improvements required by this Section prior to recording the final subdivision map or the issuance of a building or grading permit. Required improvements shall include, but not be limited to, the following:

1. Grading, curbs, gutters, berms, and paving of streets, highways, and other rights-of-way within, bordering, or necessary to provide access to and serve the development.
2. Grading and subsurface drainage structures necessary for the proper use and drainage of the street and lot, such as culverts, bridges, and storm drains, taking into consideration the drainage patterns on adjacent property.
3. Street name signs and traffic control devices.
4. Sidewalks on all streets as required. Along Las Vegas Boulevard South, the back of sidewalk should not be located greater than 25 feet from back of curb. See Figures 30.64-17 and 18.
5. Fire hydrants, in proper location and in sufficient numbers, to provide adequate fire protection as required.
6. **Public Sanitary Sewer.**
 - A. Every lot shall be supplied with adequate sanitary sewerage facilities, including sewer mains and house laterals, connected to systems with adequate capacity to serve the proposed development in conformance with the standards and specifications adopted by the Clark County Water Reclamation District, unless an individual sewage disposal system is approved in accordance with Section 30.52.110 below.
 - B. The developer shall provide evidence that the sanitary sewer service provider has agreed to serve the development, has adequate treatment capacity, and has approved the proposed design for any necessary facilities.
 - C. When sanitary sewer service is to be provided by a private system, the developer must provide evidence that the proposed system has been approved in accordance with the laws of the State of Nevada and/or Clark County.
7. **Water Service.**
 - A. Every lot shall be supplied with water adequate for domestic use, and fire protection if required, connected to systems with adequate supply and capacity to serve the proposed development in conformance with the standards and specifications adopted by the municipal water purveyor, unless a private well is approved in accordance with Section 30.52.100 (b) below.
 - B. The developer shall provide evidence that the water service provider has agreed to serve the development, provide adequate supply for domestic use, and fire protection if required, and approved the proposed design for any necessary facilities.
 - C. In cases where there is an existing well serving existing development on the lot, only the new lots being created need be connected to the public water system, provided that the lot remaining on the well meets the Health District requirements for lot size (also see 30.52.100(a)).

- D. When water service is to be provided by a private system, the developer must provide evidence that the proposed system has been approved in accordance with the laws of the State of Nevada and/or Clark County.
- 8. Street Lighting and Electric Service.** The electrical distribution systems shall meet the requirements of Clark County and shall be sufficient to serve the proposed development with street lights and power to every lot.
- A. The developer shall furnish statements from the electric utility company stating that the company will furnish electric power to any lot within the development, upon the demand of any lot purchaser, at no cost to the purchaser, to bring the service to the lot.
 - B. Street lighting materials, candlepower, illumination and installation shall conform to recommended practice for street and highway lighting, as established by the Illuminating Engineers Society.
 - C. All electrical improvements shall be constructed or installed, in accordance to the requirements herein, and meet all applicable requirements of the National Electrical Code, American Standards Association, American Society for Testing Materials, Federal Specifications, National Electric Light Association, National Electric Safety Code, Underwriters Laboratories, Inc, Insulated Power Cable Engineers Association, Illuminating Engineers Society, and Code of Standard Specifications for Public Improvements (Clark County Electrical Ordinance).
- 9.** Provision for service connections from utility lines and sanitary sewers shall be made which will eliminate the necessity of disturbing the street pavement, gutters, culverts, curbs and sidewalks when service connections are made.
- 10.** Prior to improvements being made, plan approvals, the posting of surety bonds, and the issuance of permits in accordance with Chapter 30.32 must be complete. Inspections must be approved prior to acceptance of the improvements.
(Ord. 4658 § 12 (part), 1/2019; Ord. 4481 § 11 (part), 5/2017; Ord. 3229 § 10 (part), 6/2005; Ord. 3106 § 8 (part), 8/200; Ord. 2741 § 9 (part), 5/2002)

30.52.050 Improvement Standards.

- a. **Street Improvements.** Street improvements shall be constructed in accordance with the “Uniform Standard Drawings for Public Works Construction Off-Site Improvements, Clark County Area, Nevada” and “Uniform Standard Specifications for Public Works Construction Off-Site Improvements, Clark County Area, Nevada” and appendices, the current editions or as amended from time to time, and on file for public review at the County Clerk’s Office, and at the Regional Transportation Commission of Southern Nevada office, as modified by the Subsections below, policies of the Director of Public Works, the “Clark County Supplement to Uniform Standard Drawings and Specifications” and “Minimum Road Design Standards for Non-Urban Roadways” and appendices, the current editions or as amended from time to time, and on file for public review at the County Clerk’s Office and at the office of the Director of Public Works.

1. Modifications to Uniform Standard Drawing 212.

- A. Streets that exceed the maximum length shown in Uniform Standard Drawing 212 are permitted if approved by Fire Prevention.

2. Modifications to Uniform Standard Drawing 222.

- A. Driveways that are on residential streets that are less than 50 feet, measured from back of curb to back of curb, may be located adjacent to the curb return of an intersecting street that is less than 50 feet, measured from back of curb to back of curb.
- B. More than 1 driveway is permitted for a single family residential property provided that the additional driveway is on a street that is 50 feet or less, measured from back of curb to back of curb, or on a non-urban street, and the driveway complies with all other requirements in Uniform Standard Drawing 222.

3. Modifications to Uniform Standard Drawing 222.1.

- A. Dimensions for driveways for public facilities and commercial, industrial, and multi-family developments shall be measured as follows:
 - i. Width shall be measured from the lip of the gutter to the lip of the gutter.
 - ii. Driveways on arterial or collector streets where full turn movements are permitted shall be a minimum of 36 feet in width measured from the lip of gutter to the lip of gutter.
 - iii. Throat depth shall be measured from the point of tangency/point of curvature on the on-site portion of the driveway to the first point of conflict.
- B. Commercial curb return driveways per Uniform Standard Drawing 225 are required unless otherwise approved by the Department of Public Works.

4. Modifications to Uniform Standard Drawing 225.

- A. Uniform Standard Drawing 225 only applies to public facilities and commercial, industrial, and multi-family developments.
- b. **Drainage Regulations, Criteria, and Design Manual.** Drainage review, analysis, design and plan preparation, which will result in construction or site preparation for drainage, flood control, roadways and related public and private drainage improvements associated with developments, shall be in conformance with Uniform Regulations for the Control of Drainage and Hydrologic Criteria and Drainage Design Manual (including regulations for finished floor elevations), the current edition, or as amended from time to time, and on file at the County Clerk's Office and the Clark County Regional Flood Control District, together with prefaces, tables of contents and appendices, including any standard drawings therein contained, as modified below. All drainage review, including channel improvements, shall consider impacts to downstream properties, water velocities and erosion control. In order to provide for a more natural appearance, drainage ways are encouraged to be lined with natural materials, such as grass (other alternatives are included in the Hydrologic Criteria and Drainage Design Manual), when geotechnical conditions are favorable. Because of varying circumstances, each project shall be reviewed by the Board on a case by case basis to determine an appropriate design for the improvement.

1. Uniform Regulations for the Control of Drainage Amended/Section 32 Amended.

- A. **Definitions Added.** In addition to the definitions given in Section 32 of the Uniform Regulations for the Control of Drainage, the following terms shall have the additional following meanings for this subsection (b):

- i. "Local Administrator" means the Director of Public Works and designee, or an individual appointed by the Board of County Commissioners or designated by the County Manager to perform the function defined in the Uniform Regulations for the Control of Drainage.
- ii. "Designated Official" means the Director of Public Works and designee, or an individual appointed by the Board of County Commissioners or designated by the County Manager to perform the function defined in the Uniform Regulations for the Control of Drainage.
- iii. "Grading Permit" means that permit required by Sections 33, 34 and 35 of the "Uniform Regulations for the Control of Drainage," (URCD) and includes all building or grading permits required for grading by the Building Code and other standards as adopted by Clark County in Titles 22 and 30 of the County Code. If there is a conflict as to which permit or permit process applies to a specific case, the procedures which are most stringent apply.

2. Uniform Regulations for the Control of Drainage Amended/Section 35 Amended.

- A. **Section 35.080 Amended.** Section 35.080 of the "Uniform Regulations for the Control of Drainage," is amended to read:

35.080 Warning and Disclaimer of Liability. Neither the issuance of a permit under the provisions of this Chapter, nor the compliance with the provisions hereof or with any conditions imposed by the Designated Official, shall relieve any person from any responsibility for damage to persons or property otherwise imposed by law, nor impose any liability upon the District and Entity for damage to persons or property.

The Local Administrator, Designated Official, and their designees, charged with the enforcement of this Chapter, acting in good faith and without malice for the Entity or District in the discharge of his duties, shall not thereby render himself liable personally, and he is hereby relieved from all personal liability for any damage that may accrue to persons or property as a result of any act required or by reason of any act or omission in the discharge of his duties.

- B. **Section 35.090 Amended.** Section 35.090 of the "Uniform Regulations for the Control of Drainage" is amended to read:

35.090 Hazardous Conditions. The permittee and project engineer shall report to the Designated Official when any existing or proposed excavation, slope, or fill has become a hazard to life and limb, or endangers property, or adversely affects the safety, use or stability of a public way, or drainage channel. The Designated Official shall then notify the owner of the property upon which the excavation or fill is located or other person or agent in control of said property, in writing to repair or eliminate such hazard within the period of time specified in the notice.

- C. **Section 35.100 Amended.** Section 35.100 of the "Uniform Regulations for the Control of Drainage" is amended to read:

35.100 Notice of Noncompliance. Whenever any construction or work is being done contrary to the provisions of this Chapter, or not in accordance with the plans and specifications submitted and approved as the basis for the issuance of the permit, or if a hazard to life and limb exists, or if public or private property is or may be endangered, the Designated Official, or designee, shall upon notice thereof issue a written notice to the permittee or his/her agent or other responsive employee requiring cessation of work upon that portion of the site where noncompliance, hazard or other violation has occurred or exists.

The notice shall state the nature of the said condition and shall contain sufficient information to apprise the permittee of the nature and extent of the correction required. No work shall be performed on said portion of the site unless or until the noticed condition is rectified and approved upon inspection of the Designated Official or unless, as a condition of continuing the work, special precautions agreeable to the Designated Official are performed by the permittee. Failure of the permittee to take such precautions or rectify such condition, hazard, nonperformance, noncompliance or violation shall be grounds for revocation of the permit.

3. If a drainage study is required by this Title, or was required by the Commission or Board as a condition of any subdivision or land use application, two copies of the drainage impact analysis, including all necessary data as required in this Title shall be submitted to the Director of Public Works with fees as required in Table 30.80-5. (Ord. 2842 § 1 (part) 1/2003)
4. Urban runoff including runoff generated by stormwater within urban areas is governed by the State of Nevada National Pollutant Discharge Elimination Systems Permit Program and Title 24, Chapter 24.40. Among other things, the program and Title 24, Chapter 24.40 require industrial facilities and construction sites to implement stormwater pollution prevention plans and best management practices to reduce or eliminate non-stormwater discharges into the storm sewer system. (Ord. 4839 § 11 (part), 1/2021; Ord. 4770 § 9 (part), 3/2020; Ord. 4559 § 10, 1/2018; Ord. 4077 § 11 (part), 2/2013; Ord. 4036 § 12, 7/2012; Ord 4008 § 30, 3/2012; Ord 3859 § 9 (part), 6/2010; Ord. 3085 § 52, 6/2004; Ord. 3055 § 6, 4/2004; Ord. 2842 § 1 (part) 1/2003; Ord. 2769 § 91 & 92, 7/2002)

30.52.052 Street Configuration for Single Family Residential Subdivisions.

a. Intersections.

1. Unless exempt per Subsection 2 below, street intersections shall be off-set a minimum of one hundred twenty-five (125) feet (measured from right-of-way line to right-of-way line), unless the streets are less than 50 feet, back of curb to back of curb.
2. Private streets in conjunction with a minor subdivision map need not meet the standard in Subsection 1 above. (Ord. 4770 § 9 (part), 3/2020; Ord 4152 § 8 (part), 12/2013; Ord. 3397 § 10 (part), 6/2006)

Deleted – Figure 30.52-2 Street Length (Ord. 4770 § 9 (part), 3/2020; Ord. 3397 § 10 (part), 6/2006)

30.52.055 Traffic Impact Analysis Requirements.

- a.** A traffic impact analysis shall be required when:
 - 1.** The development is anticipated to generate a minimum of 50 total trips in a peak hour as defined by the most recent version of the Institute of Transportation Engineers Reference Book, Trip Generation, and its most recent updates or by a trip generation study acceptable to the county; or
 - 2.** A traffic impact analysis is required by the Commission or Board as a condition of any tentative map, final map or land use application approved pursuant to the requirements of this Title 30.
- b. Exception.** If a traffic impact analysis is required by subsection (a) and the development is anticipated to generate between 50 and 300 total trips in a peak hour, the developer shall provide necessary traffic mitigation improvements as determined by the Director of Public Works and paying a traffic mitigation fee in accordance with Table 30.80-5 in lieu of submitting a traffic impact analysis, unless the Director of Public Works requires a traffic impact analysis. These funds shall be set aside in a special account for purposes of constructing traffic mitigation related to developments.
- c. Submittal Requirements.** In order to request a review of a traffic impact analysis, the following shall be submitted to the Director of Public Works:
 - 1.** A minimum of 2 copies of a traffic impact analysis including all necessary data as required in Chapters 30.32 and 30.52 of this Title. Additional copies may be requested by the Director of Public Works if a review by other jurisdictions is required.
 - 2.** Filing fees as required by Table 30.80-5. (Ord 3859 § 9 (part), 6/2010; Ord. 3688 § 9 (part), 10/2008; Ord. 3518 § 11 (part), 5/2007; Ord. 3229 § 10 (part), 6/2005; Ord. 2769 § 93 & 94, 7/2002; Ord. 2510 § 11 (part), 2000)

30.52.060 Utility Improvement Requirements.

- a.** The purpose of this section is to decrease the obstructions of streets and other rights-of-way; standardize, regulate and control the location, size, type, maintenance and quantity of cuts, breaks, alterations and installations of any improvements in the county rights-of-way; promote the health, safety, convenience and general welfare of the public; and improve the aesthetic appearance of the community or area, by requiring that new utility lines including, but not limiting to, electrical and communication distribution lines and appurtenances thereto, be located underground except as hereinafter provided.
- b.** New utility lines or the modification of existing lines including, but not limited to, electric, water, sewer, gas, petrochemical, and communication transmission and distribution lines and related equipment, shall be located underground except as provided below.
 - 1. Exceptions to Underground Requirements.** The following are not required to be installed underground:
 - A.** County equipment installed under the supervision, and to the satisfaction, of the Director of Public Works including, but not limited to, traffic control devices and streetlight systems.
 - B.** New electrical or communications poles proposed to be installed to replace existing overhead poles located along the same existing utility line where no increase in the number of poles is being requested or utility lines being dropped from an existing pole, except as permitted in Table 30.44-1.

- C. New high voltage transmission lines of 34,500 volts or more (≥ 34.5 kv) which may be carried on overhead poles, upon approval of a special use permit identifying the route, pole locations and system design.
- D. Radio antenna and associated equipment, and supporting structures used for furnishing communications services.
- E. Service switch boxes and exposed conduit at buildings and gas and electric meters. The transformers shall be pad-mounted at the back of the sidewalk.
- F. Fire hydrants, valves, vaults, meters, reservoirs and substations for public or private facilities.
- G. Utility lines and related equipment serving, and located within, subdivisions recorded prior to 1968, unless the adopted land use plan or guide specifies that utilities for the area should be underground.
- H. Temporary power poles needed for construction, for approved temporary projects, or for temporary government facilities.
- I. Attachments to existing utility poles shall be allowed until utility poles are removed, retired or as underground location becomes mandatory. Underground relocation shall be at the owner's expense. (Ord. 4019 § 1, 5/2012)

2. Location of Utility Poles. When permitted, the forward edge of a utility pole may be located:

- A. 58.5 feet from the centerline of the existing or proposed street right-of-way along a township or range line, plus any additional setbacks at intersections, as required under this Chapter and Chapter 30.56.
- B. 48.5 feet from the centerline of the existing or proposed street right-of-way along a section line, plus any additional setbacks at intersections, as required under this Chapter and Chapter 30.56.
- C. 38.5 feet from the centerline of the existing or proposed street right-of-way along a quarter section line, plus any additional setbacks at intersections, as required under this Chapter and Chapter 30.56.
- D. 18 inches from the edge of any other rights-of-way, or future rights-of-way, lines.
- E. In no case shall a utility pole or above ground related equipment be located such that the resulting existing, or proposed, sidewalk is less than 36 inches wide adjacent to the pole, or as required by the Americans with Disabilities Act, whichever is greater. (Ord. 3296 § 7, 10/2005)

30.52.070 Responsibilities of Developers/Property Owners for the Provision of Utilities.

- a. It shall be the responsibility of the property owner to provide uniform and continuous utility easements as may be required for commercial and residential subdivisions.
- b. When subdividing property, the developer shall provide a statement on the tentative subdivision map, indicating the terminal points of the water and sewer distribution systems proposed to be used. After approval of the tentative map, the developer will provide the utility companies with an approved copy of the tentative map.

- c. An overall underground distribution system plan shall be submitted for approval, with the final improvement plans to show the proposed installation. The plan shall show the location of all underground services with locations to be marked at the sidewalk, or the curb, and the meters to be located so that there is access from the street side of the building. The underground services shall be shown to be covered with a safety guard.

30.52.080 Improvement Requirements for a Minor Subdivision.

- a. For maps that require less than full off-site improvements at the time of subdividing, the Director of Public Works shall require an off-site improvement agreement with a restrictive covenant running with the land to be signed by the owner of the property being subdivided. The covenant shall require the construction of full off-site improvements in the future when requested by the Director of Public Works. This requirement may be satisfied by participation in a special improvement district that causes the installation of the required improvements.
- b. If the smallest resulting parcel is 5 gross acres or greater, the off-site improvements required by this Title shall temporarily be deferred until future development, subject to the owner signing an off-site improvement agreement with a restrictive covenant running with the land.
- c. If the smallest resulting parcel is less than 5 acres, prior to acceptance and approval of the parcel map, the Director of Public Works shall require the minimum improvements as listed in subsection (d) through (f). When improvements are required, the improvement plans shall be submitted, approved, and inspected, and surety bonds posted in accordance with Chapter 30.32. For the purpose of this Section, full off-site improvements shall consist of:
 1. For public streets, fire hydrants, sidewalk, curb and gutter, paving of half-streets, street lights, street name signs, traffic signs, pavement markings and other applicable traffic control devices.
 2. For private streets, paving, street name signs, traffic control devices, curbs and gutters.
 3. In areas where building lots are 20,000 square feet or larger, the Director of Public Works may waive the requirements for sidewalks and street lights. Fire hydrants may only be waived by the Clark County Fire Department.
- d. Full off-site improvements shall be required when parcel map is located:
 1. Across the street from, or immediately adjacent to, existing full off-site improvements. In this case, the developer shall provide matching off-site improvements.
 2. Within 660 feet of existing full off-site improvements, in any direction from the parcel map, provided the parcel map has a street frontage of a nominal 300 feet, which shall include frontage on private streets.
 3. For a second or subsequent minor subdivision, with respect to (a) a single parcel; or (b) a contiguous tract of land under the same ownership, or ownership by a partnership or corporation of which an individual is a principal or officer, or ownership by persons of first degree of consanguinity, any reasonable improvement may be required, but not more than would be required for a major subdivision.
- e. Paving shall be required when any parcel is within a nominal 660 feet (based on 1/64 of a section) of a paved road, or a road for which paving is committed, as described in this Section, or when the parcel is within the PM-10 Non-Attainment Area, as shown on the adopted map, regardless of the distance from a paved road, or a road for which paving is committed. The road providing the access to the parcel, as well as dedicated and private streets within, and adjoining the parcel, shall be paved.
- f. Gravel shall be required when the parcel is more than 660 feet from a paved road, or a road for which paving is committed, as described in this Section, when the parcel is outside the PM-10 Non-Attainment Area. The road providing the access to the parcel, as well as dedicated and private streets

within or adjoining the parcel, shall, as a minimum, be graveled. If the smallest resulting parcel is 2 acres or greater, only the dedicated road, or roads, providing the access to the parcels must be graveled. All graveled rights-of-way accepted for dedication will not be accepted for maintenance and repair. The owner(s) of record, their heirs, assigns or successors of the divided parcel remain liable and are required to maintain such roads until maintenance is accepted by the County.

- g. Within the PM-10 Non-Attainment Area, minimum paving requirements shall comply with Clark County Air Quality Regulations, Sections 91 and 93, and shall not be waived. (Ord 3859 § 9 (part), 6/2010; Ord. 2769 § 95, 7/2002; Ord. 2741 § 9 (part), 5/2002; Ord 2573 § 11 (part), 2001)

30.52.090 Completion of Public Improvements. Within a period of 2 years of approval of the final map, all public improvements required by these regulations, and other applicable laws and regulations, shall be completely installed and constructed within the area covered by such map. The Director of Public Works may administratively approve extensions of time not to exceed 2 year increments if there are no resulting impacts to programmed, publicly funded projects, or that the extension would not result in a hazardous traffic situation or have a substantial impact on traffic flow, or if the bond is sufficient as provided in this section and 30.32.150, as determined by the Director of Public Works. If the extension of time is denied, the manner of appeal is the filing a Waiver of Development Standards per Table 30.16-7, which must be approved by the Board. The applicable bonds, or cash guarantees, shall be recalculated and renewed to cover the extension of time. If the work is not completed within the approved time frame, the developer and the off-site improvement agreement shall be deemed in default and the County may seek recourse under the bond posted under Section 30.32.150. (Ord. 4077 § 11 (part), 2/2013; Ord. 3924 § 8 (part), 1/2011; Ord. 3859 § 9 (part), 6/2010; Ord. 3518 § 11 (part), 5/2007; Ord. 3432 § 8 (part), 10/2006; Ord. 2961 § 8 (part), 10/2003; Ord. 2769 § 96, 7/2002)

30.52.100 Provisions for Water.

- a. **Public Water Service.** Except as permitted by Section 30.52.040(7)(C), when any portion of a development is within 1,250 feet of a public waterline with adequate capacity and pressure to serve the development, water service shall be provided by a public system.
- b. **Individual Wells.** Where development is located in excess of 1,250 feet of a public waterline, or if a waterline within 1,250 feet does not have adequate capacity and pressure to serve the development, individual wells may be used to provide the required water if the developer can provide evidence of the following approvals. Where individual wells are approved as the adequate water supply, the developer shall denote such intention upon the final plat and every sales contract for each lot purchaser.
 - 1. **Las Vegas Valley Artesian Basin.** In the Las Vegas Valley Artesian Basin, as designated and described by the Office of the State Engineer of the State of Nevada (see Appendix G), further subdivision will only be allowed if all the lots within the subdivision are 5 acres or more in size, or if non-revocable water rights are obtained and relinquished back to the public waters in an amount sufficient to support the number of lots being created in a manner approved by the State Engineer for the drilling of individual domestic wells or a water right permit sufficient to support the number of lots being created in a manner approved by the State Engineer. An exception is made within the area shaded on the map titled “Las Vegas Valley Oversizing Areas Map and Projected Urban Water Service Boundary”, dated July 29, 1999, adopted herewith, and on file in the Office of the County Clerk (see Appendix G). Lots within this area which rely on wells, surface or groundwater as the adequate source of water may be created if all of the following conditions are met:
 - A. The lot must be created by a parcel map and constitute less than 5 acres, but consist of at least 40,000 square feet or more.

- B. For purposes of ground water supply, the subdivision must be connected to the water facilities of the municipal water purveyor when within 1,250 feet from a waterline with adequate capacity and pressure to serve the subdivision at the time the map is recorded, and must not be in an area restricted by the State Engineer for any other reasons.
 - C. The property owners must sign an agreement which will be recorded and run with the land, binding them and their successors and assigns, stating that they will:
 - i. Connect to the municipal water purveyor's water system in the future when waterlines are located adjacent to their property (as outlined in the agreement), or at the time of development of the property, whichever occurs last, and pay all fees and charges required at that time for such connection.
 - ii. Pay all costs associated with the construction of future adjacent waterlines installed for the extension of water service to the property, or participate in any future special improvement districts providing water service to the property.
 - iii. Plug and abandon, in accordance with specifications acceptable to the State Engineer, any existing well on the property when water district facilities are available.
2. **Indian Springs, Ivanpah Valley North, Ivanpah Valley South, and Sandy Valley Groundwater Basins.** In Indian Springs, Ivanpah Valley North, Ivanpah Valley South, and Sandy Valley Groundwater Basins, as designated and described by the Office of the State Engineer of the State of Nevada (see Appendix G), further subdivision will only be allowed if all the lots within the subdivision are 5 acres or more in size, or if water rights are obtained and relinquished back to the public waters in an amount sufficient to support the number of lots being created in a manner approved by the State Engineer for the drilling of individual domestic wells or a water right permit sufficient to support the number of lots being created in a manner approved by the State Engineer. Lots within this area which rely on wells, surface or groundwater as the adequate source of water may be created if all of the following conditions are met:
- A. For purposes of ground water supply, the subdivision must be connected to the water facilities of the municipal water purveyor when within 1,250 feet from a waterline with adequate capacity and pressure to serve the subdivision at the time the map is recorded, and must not be in an area restricted by the State Engineer for any other reasons.
 - B. The property owners must sign an agreement which will be recorded and run with the land, binding them and their successors and assigns, stating that they will:
 - i. Connect to the municipal water purveyor's water system in the future when waterlines are located adjacent to their property (as outlined in the agreement), or at the time of development of the property, whichever occurs last, and pay all fees and charges required at that time for such connection.
 - ii. Pay all costs associated with the construction of future adjacent waterlines installed for the extension of water service to the property, or participate in any future special improvement districts providing water service to the property.
 - iii. Plug and abandon, in accordance with specifications acceptable to the State Engineer, any existing well on the property when water district facilities are available.
3. **All Other Parts of Clark County.** The developer shall obtain the approval of the State Engineer of the State Division of Water Sources of the Department of Conservation and Natural Resources for the creation of new lots which would rely on the use of wells, surface or groundwater resources.

4. Accessory Apartment, Guest House, Temporary Living Quarters. A permit from the State Engineer for non-revocable water rights in an amount sufficient to offset the development of an accessory apartment, guest house, or temporary living quarters shall be required prior to issuance of a building permit for such use on property serviced by a well.

c. Sanitary Seals. If a well is used for potable water purposes and is proposed for development within 1,000 feet of an existing underground fuel tank, the well must be developed with a 100 foot sanitary seal. (Ord 4903 § 8, 12/2021; Ord. 4770 § 9 (part), 3/2020; Ord. 3757 § 6, 4/2009; Ord. 3688 § 9 (part), 10/2008; Ord. 3238 § 6 (part), 7/2005; Ord. 3106 § 8 (part), 8/2004; Ord. 2741 § 9 (part), 5/2002; Ord. 2683 § 4, 11/2001)

30.52.110 Provisions for Sanitary Sewerage Facilities.

a. Public Sewerage System. When the use of an individual sewage disposal system is prohibited by Section 278.460 of the Nevada Administrative Code, due to the proximity of a public sewer line, sewerage collection and/or treatment shall be provided by a public system.

b. Individual Sewage Disposal Systems. Where the subdivision is located outside the mandatory connection distance, individual sewage disposal systems may be used to provide the required sanitary sewerage facilities, if the developer can obtain the approval of the Southern Nevada Health District. Where individual sewage disposal systems are approved as the adequate sanitary sewerage facilities, the owner shall denote such intention upon the final plat and every sales contract for each lot purchaser.

c. Accessory Apartment, Guest House, Temporary Living Quarters. Prior to the issuance of any building permit for an accessory apartment, guest house, or temporary living quarters, the developer must demonstrate adequate sanitary sewerage facilities.

d. Package Wastewater Treatment Plants. Where a sewage disposal system is more than 5,000 gallons per day and outside the Clark County Water Reclamation District Service Boundary, a package wastewater treatment plant is acceptable provided that it has been planned and identified in the Clark County 208 Water Quality Management Plan and approved by the General Manager of the Clark County Water Reclamation District, the County Manager, and the Zoning Administrator in accordance with Title 30 and Title 24, Chapter 24.28. (Ord 4008 § 31, 3/2012; Ord. 3472 § 9 (part), 1/2007; Ord. 3238 § 6 (part), 7/2005; Ord. 3085 § 53, 6/2004)

30.52.120 Waivers.

a. Provisions for public water and sanitary sewer services. Provisions for public water and sanitary sewerage services can be administratively waived, subject to all of the following.

1. The lot can only be a part of a minor subdivision and cannot be developed in the immediate future. A notarized statement declaring that the parcel is not being created for the purpose of development, and the owner has no intention of developing the lot at this time, shall be submitted with the minor subdivision application.

2. The future development of a lot created under this Section will be subject to the availability of water and/or sanitary sewer service, and the rules and regulations governing water and sanitary sewer connections at the time of building permits or subsequent re-subdivision. A notation will be included on the map indicating that provisions for water supply or sanitary sewerage service have not been made for a certain lot, or lots, and there is no guarantee that adequate water supply or sanitary sewerage service will be available to serve the lots.

3. The resulting lot is within the required connection distance of existing water and/or sewer lines specified.

4. The resulting lot is not in an area where further subdivision is prohibited due to inadequate public water supply, or inadequate public sanitary sewerage line or treatment capacity.
 5. The resulting lot is at least 2 gross acres in size.
 6. Simultaneous with the recording of the map, subsequent purchasers of the property shall be informed that:
 - A. The specified lot, or lots, were created without provisions for water supply or sanitary sewer service.
 - B. Water and/or sanitary sewer service may not be available in the future, which may severely restrict the use of the lot.
 7. Notwithstanding the improvement requirements of this Section, any lot created between July 1, 1973 and July 20, 1993, which was not created by minor subdivision, may submit and record a minor subdivision without being required to improve in order to legalize the lot, providing the lot conforms to all the requirements of this Title and further providing that the lot complies with the Southern Nevada Health District's requirements for individual wells and/or individual sewage disposal systems.
- b. Director of Public Works.** When an alternative design is shown to be equally serviceable in a particular instance and if the general prosperity, health, safety and welfare of the public are not adversely affected, the Director may approve an administrative minor deviation (in accordance with Table 30.16-8) for:
1. Utility Pole location which shall not be permanent and may be withdrawn by the Director of Public Works upon 30 days notice. Any change in location of any utility poles, or any guy wires, shall be made by the person or firm having ownership or control of the same, at no cost to the County.
 2. Time restrictions, as set forth in Section 30.32.100 (Time Restrictions on Work in Streets) of this Title.
 3. Design standards and specifications as provided for in the *Clark County Supplement to Uniform Standard Drawings*, per Section 30.52.050(b) of this Title or the *Hydrologic Criteria and Drainage Design Manual* (including finished floor elevations outside the One-hundred Year Flood Plain).
 4. Right-of-way width requirements in order to accommodate special conditions such as discontinuity with existing streets or topographic conditions.
 5. Time restrictions, as set forth in 30.52.090.
 - A. The extension(s) of time shall not exceed 2 years total.
 - B. The amount of the bond or cash deposit required must be recalculated if more than 1 year has elapsed since the bond has been posted.
 6. For any issue of subdivision layout, location or design, an administrative minor deviation may be approved, provided that an alternative design is shown to be equally serviceable in a particular

instance. In no case shall a subdivision design exception be granted under this Subsection which will allow residential lots to front upon a collector or arterial street, allow backing of vehicles onto a street, or allow a double frontage lot access to an arterial street.

- c. **Waiver of Development Standards.** Waivers to the standards listed in this Chapter may be permitted in accordance with the following:

1. **Waiver of Development Standards Application.** All standards listed in this Chapter may be waived in accordance with the procedure stipulated in Table 30.16-7, unless otherwise specified it cannot be waived. Applications for waiver of development standards shall be presented to the Commission and need not be a public hearing, except for waivers to minimum street widths for all private streets and access easements greater than 150 feet in length that serve more than 1 dwelling unit per Section 30.52.030(b)(1) and any requirement for paving (including full width paving and minimum paved legal access) within the right-of-way, except when the existing paving has been accepted and maintained by Clark County. The Board shall consider waivers for paving in the right-of-way at a public hearing and waivers for minimum street widths for all private streets and access easements per 30.52.030(b)(1) which need not be a public hearing. When such a waiver accompanies an application to be presented to the Commission, it shall be forwarded to the Board after Commission action. Compliance with all standards of the Clark County Air Quality Regulations is required. For any proposed development within the area shown within the PM-10 Non-Attainment Area, as shown on the map adopted by the Board on June 4, 1997, and as amended, hereby incorporated by reference, the Zoning Administrator shall not accept an application to waive any paving less than a required thirty-two foot wide road unless:

- i. The proposed lots are being created by minor subdivision for the purpose of sale only and not for immediate development, and providing the smallest lot in the subdivision is not less than 2 1/2 acres in size.
- ii. The waiver of the paved access road is temporary pending the completion of a special improvement district, subject to the Director of Public Works certifying that the improvement project will be completed within 2 years and providing the applicant signs all documents pertaining to the Special Improvement District.
- iii. The paving of the access road will result in the complete replacement of the improvement within 2 years due to future improvements to be installed by any public utility or government entity.
- iv. The proposed lots are to legalize parcels created between July 1, 1973 and July 20, 1993, which were not created by minor subdivision.

2. If the approval of any land use application by the Board stipulates that any required provision of this Chapter is waived, no further waiver of standards application is required, including conditions of approval for any other land use application which has been appealed to the Board.

- d. **Dedication.** Dedication for any alignment which the Director of Public Works determines is unsuitable for the establishment of a right-of-way because of extreme topographic conditions, established street patterns, areas suitable for historic or scenic purposes, or other similar condition, may be waived through the approval of a land use application, subdivision map, or an administrative minor deviation. If the alignment is shown on the Transportation Element, then an amendment must be processed prior to or concurrent with the appropriate land use application or subdivision map. (See Table 30.16-11(b)).

30.56 Site Development Standards

30.56.010 Purpose. This Chapter establishes requirements regarding lot development standards, including subdivision design, the location of yards, and setbacks related to certain roads which modify, or further restrict, the district regulations of this Title. Design standards are also included and summarized in Table 30.56-2 and 30.56-2A. Except as provided by the standards of a particular zoning or overlay district (see chapters 30.40 and 30.48), each lot shall meet the following applicable design standards. (Ord. 4109 § 5 (part), 7/2013; Ord. 3209 § 8 (part), 3/2005; Ord. 3055 § 7 (part), 4/2004)

30.56.020 Permitted Administrative Minor Deviations from the Standards of this Chapter. Except for driveway length in Section 30.56.040(b)(2), lot area in Section 30.56.030 and required 10 foot setback from any street in Section 30.56.040(d), the measurable requirements of this Chapter may be administratively reduced by not more than 10% in accordance with Table 30.16-8, and the requirements of the Building Code are met. (Ord 4275 § 9 (part), 3/2015; Ord. 4077 § 12 (part), 2/2013; Ord. 3518 § 12 (part), 5/2007; Ord. 3432 § 9 (part), 10/2006; Ord. 3397 § 11 (part), 6/2006; Ord. 3229 § 11 (part), 6/2005; Ord. 3055 § 7 (part), 4/2004; Ord. 2573 § 12 (part), 2001)

PART A: LOT AREA, YARDS, AND SETBACKS

30.56.030 Lot Area.

- a. Lot area shall not be reduced below the minimum required by this Title, unless reduced in accordance with Section 30.56.020 (Administrative Minor Deviations), providing that the overall gross density of the development is not increased more than what is permitted within the district. Administrative minor deviations shall not be permitted for property located within the RNP I or II Overlay District, or property designated RNP in the adopted land use plan.
- b. Lots being served by both public utilities for water and sewer systems shall be permitted to subdivide to the minimum lot area required in Tables 30.40-1,-2 and -3. For a lot without public water and/or sewer, the minimum lot area shall not be less than the minimum required by the Southern Nevada Health District for individual systems of water service and/or sewage disposal. (Ord 4275 § 9 (part), 3/2015; Ord. 3518 § 12 (part), 5/2007)

30.56.040 Yards, Setbacks, and Driveways.

- a. **Yards.** The areas located between buildings and property lines in the front, side, and rear areas of lots are considered yards (See Figures 30.56-5 and 30.56-6).
- b. **Setbacks.** Required setbacks shall extend the entire width or depth of the lot, or future lot line after required street dedication, and shall be open from the ground to the sky except for roadway improvements, utility equipment, accessory structures (such as mailboxes, light poles, or pedestrian overpass bridges) and landscaping required by any government entity or as needed by any public utility, and permitted architectural intrusions and enclosures. Parking may be located within required setbacks. These regulations are applicable for front, side, and rear setbacks of lots and establish the maximum buildable area of the lot. Except for the R-U, R-A, and R-E districts, setbacks are measured from the future right-of-way line, the edge of any private street, the back of sidewalk for attached sidewalks, or the property line, whichever is closest, to the nearest finished exterior surface of the applicable building or structure perpendicular for the depth of the required setback.

Exceptions:

- i. Setbacks for single family residential development in the R-U, R-A, and R-E rural residential districts are measured exclusively from the property line or future right-of-way.

- ii. Setbacks adjacent to detached sidewalks within required landscape areas shall be measured from a line 5 feet behind back of curb to the buildable area (see dedication requirements established in 30.52.030 and landscape Figures 30.64-17 and 30364-18).
 - 1. **Front Setback.** The minimum front setback, required per Chapter 30.40, is measured as shown in Figures 30.56-1 and 30.56-2 unless detached sidewalks are constructed (see Exceptions above, Section 30.52.030(a)(1)(K), and Figures 30.64-17 and 30.64-18). Additional setbacks are also required per 30.56.040(d) and 30.56.070(b) for buildings over specified heights (see Figure 30.56-4 and 30.56-10).
 - 2. **Single Family Driveways and Garages.** The minimum driveway length for single family development within all residential districts for the principal garage shall be 20 feet except that all cul-de-sac lots shall have a minimum driveway length of 18 feet. Single family cluster development in the RUD and R-3 districts shall have a driveway length of either 10 feet or a minimum of 20 feet. Waivers to modify the driveway requirements herein established for principal garages facing the front shall not be permitted. (See Figure 30.56-3)
 - 3. **Multifamily Garages.** Garage openings onto a drive aisle shall be set back a minimum of 8 feet.
 - 4. **Collector Street Access.** Where an existing residential lot fronts, faces, or accesses a collector or arterial, access to the street shall include a circular driveway design or on-site turnarounds to preclude the backing of vehicles onto the streets.
 - 5. **Side Setback.** The minimum side street setback, per Chapter 30.40, is measured as shown in Figures 30.56-1 and 30.56-2 unless detached sidewalks are constructed (see Exceptions above, Section 30.52.030(a)(1)(K), and Figures 30.64-17 and 30.64-18). Additional setbacks are also required per 30.56.040(d) and 30.56.070(b) for buildings over specified heights (see Figures 30.56-1, 30.56-2, 30.56-4 and 30.56-10).
 - 6. **Rear Setback.** The minimum rear setback, per Chapter 30.40, is measured as shown in Figures 30.56-1 and 30.56-2 unless detached sidewalks are constructed (see Exceptions above, Section 30.52.030(a)(1)(K), and Figures 30.64-17 and 30.64-18). The additional setback required per 30.56.070(b) for building height shall apply only to portions of the building over 14 feet in height (see Figure 30.56-10). In the case of an irregular, triangular or gore-shaped lot, a line 10 feet in length, within the lot, parallel to and at the maximum distance from the front lot line shall establish rear property line (see Figures 30.56-1, 30.56-2, 30.56-5 and 30.56-6).
- c. **Residential Buildings Along Railroad Line, Freeways or Drainage Channels.** A residential building shall not be erected within 50 feet of the right-of-way of any railroad line, non-depressed freeway or drainage channel. The setback may be reduced to that which is required in the zoning district only when:
- 1. Adjacent to railroads and freeways, a landscape buffer as shown in Figure 30.64-4, with a noise attenuated wall is constructed, or a 25 decibel noise level reduction is incorporated in the construction of the dwelling.
 - 2. Adjacent to a drainage channel, the channel is improved and/or a protective wall is constructed per the requirements of the Department of Public Works.

- d. Additional Setbacks From Streets and Rights-of-Way.** A 10 foot setback shall be maintained between a street or future right-of-way line and a structure, as established by Section 30.52.030, except for the following:
1. Architectural intrusions and enclosures: maximum 3 foot intrusion is allowed.
 2. Roadway improvements or equipment permitted by 30.56.040(f).
 3. Fences and walls permitted by Chapter 30.64. See Table 30.64-2 for requirements.
 4. Buildings which exceed 35 feet in height adjacent to arterial streets shall be set back an additional 1 foot of horizontal distance per 3 feet of vertical height per Figure 30.56-4, but they may not encroach into the Airport Airspace Overlay District Boundary. This standard does not apply for development within the SOSA Design Overlay District provided the development conforms to the related height/setback guidelines and standards within Section 30.48 Part M.
 5. Monument signs (see Table 30.72-1 for setback).
- e. Permitted Intrusions into Setbacks.** The following may project into setbacks:
1. **Architectural Intrusions.** Architectural features may project not more than 3 feet into any setback or space required between buildings on the same building site but not closer than 5 feet to any property line, unless in compliance with building code, but in no case shall it be closer than 3 feet. No additional architectural intrusions are permitted where the setback is measured to the leading edge of the structure.
 2. **Architectural Enclosures.** Architectural enclosures, may project not more than 3 feet into any setback or separation between buildings on the same building site and not closer than 5 feet to any property line, unless in compliance with building code, but in no case shall it be closer than 3 feet. The combined maximum width of such an enclosure on the ground level shall be 12 feet on any wall, measured in the general direction of the wall of which it is a part. No additional architectural enclosures are permitted where the setback is measured to the leading edge of the structure.
- f. Accessory Structures, Roadway Improvements and Utility Equipment in Required Setbacks.** Fences, walls, mailboxes, light poles, required roadway improvements and utility equipment, power poles, and related structures may be permitted in any required setback provided that:
1. The diameter of the light pole does not exceed 1 foot. The length, width or diameter of the base of the light pole may be a maximum of 2 feet provided the base is not more than 4 feet high.
 2. The utility equipment is for a utility regulated by the Public Utilities Commission.
 3. The roadway improvements including, but not limited to, street lights, street furniture, traffic control signs and devices, and pedestrian overpasses are required by Clark County and provided in accordance with County standards.
 4. Street lights may exceed the maximum height permitted in a particular district provided they are required by, or in conformance with, Clark County standards.

5. Street lights for private streets may exceed the maximum height permitted in a particular district provided they do not exceed the maximum height per Clark County standards for street lights. In Community District 5, street lights on private property which are not required improvements may be permitted with an Administrative Minor Deviation per Table 30.16-8.

g. **Setback Requirements for Consolidated Lots.** Except for residential development, when a building spans the common property line separating 2 contiguous lots, the lots shall constitute a single building site and the yard requirements shall not apply to the common property line. See Building Code for additional setbacks. (Ord. 4839 § 12 (part), 1/2021; Ord. 4658 § 13 (part), 1/2019; Ord. 4481 § 12 (part), 5/2017; Ord. 4275 § 9 (part), 3/2015; Ord. 4200 § 6, 5/2014; Ord. 4077 § 12 (part), 2/2013; Ord. 3955 § 8, 6/2011; Ord. 3805 § 6 (part), 9/2009; Ord. 3720 § 6, 12/2008; Ord. 3635 § 8, 6/2008; Ord. 3586 § 7 (part), 2/2008; Ord. 3549 § 9 (part), 9/2007; Ord. 3518 § 12 (part), 5/2007; Ord. 3397 § 11 (part), 6/2006; Ord. 3373 § 3, 3/2006; Ord. 3356 § 4, 2/2006; Ord. 3354 § 9 (part), 2/2006; Ord. 3238 § 7 (part), 7/2005; Ord. 3113 § 7, 8/2004; Ord. 3106 § 9, 8/2004; Ord. 3055 § 7 (part), 4/2004; Ord. 2907 § 7 (part), 7/2003; Ord. 2857 § 12 (part), 2/2003; Ord. 2769 § 100, 7/2002; Ord. 2741 § 10 (part), 5/2002; Ord. 2573 § 12 (part), 2001; Ord. 2510 § 12 (part), 2000)

30.56.045 Height Intrusions.

A. The overall height may extend beyond the ceiling height by not more than 10% of the maximum building height (as permitted in Chapter 30.40) with a minor deviation except as permitted in Table 30.48-J1.

B. Flag poles may exceed the height of the district within commercial, industrial, and special developments if not higher than 100 feet. Flag poles higher than 100 feet shall only be approved with a special use permit. See Chapter 30.72 for temporary sign restriction on flags.

C. An antenna for only signal reception may be attached to an existing building provided that the height does not exceed 8 feet for a building up to 35 feet in height or 12 feet for a building over 35 feet in height. (Ord. 4077 § 12 (part), 2/2013; Ord. 3586 § 7 (part), 2/2008; Ord. 3549 § 9 (part), 9/2007)

30.56.050 Sight Zones. (Moved to Section 30.52.025)

(Ord. 4658 § 13 (part), 1/2019; Ord. 3924 § 9 (part), 1/2011; Ord. 3805 § 6 (part), 9/2009; Ord. 3586 § 7 (part), 2/2008; Ord. 3518 § 12 (part), 5/2007; Ord. 3432 § 9 (part), 10/2006; Ord. 3020 § 2, 2/2004; Ord. 2769 § 101, 7/2002; Ord. 2573 § 12 (part), 2001)

30.56.060 Special Setbacks.

- a. Along Las Vegas Boulevard South.** Due to the unique character and economic importance of the Las Vegas Strip, special setbacks shall apply along Las Vegas Boulevard South from the centerline of Sahara Avenue to the west section line of section 31, township 23 south, range 61 east, MDB&M, structures shall be set back a minimum of 25 feet from the back of curb or 10 feet back of property line, whichever is greater. See Section 30.52.040 regarding utility structure setbacks and sidewalk location.
- b. Within Mt. Charleston, Lee Canyon, and Kyle Canyon.** Due to the unique geographic character and historical development patterns within the Mt. Charleston, Lee Canyon, and Kyle Canyon areas, setbacks for buildings and structures on nonconforming lots of record or within nonconforming subdivisions within the R-U zoning district may be established in conformance with R-1 development standards except for the following special setbacks: 15 foot front setback, 5 foot side setback, 15 foot side street corner setback, and 10 foot rear setback; however, a minimum 20 foot driveway or 20 foot setback from a street for garages shall always be maintained. The uses permitted within (or on) these nonconforming subdivisions or lots shall be those uses established in Table 30.44-1 for the R-U district. (See Tables 30.40-1, 30.40-2, and 30.56-2 for applicable design and development standards) (Ord. 4481 § 12 (part), 5/2017; Ord. 3209 § 8 (part), 3/2005; Ord. 3160 § 13 (part), 11/2004)

30.56.070 Height.

- a.** Height shall be measured from the finished grade to the highest point of the structure.
- b.** Except for single family detached residences, normal accessory structures, flagpoles, signs, and ornamental architectural features, all portions of structures over 1 story or 14 feet shall be set back from any adjacent single family residential use a distance of 300% of the height of the building or structure, except as provided in Figure 30.56-10 below.
- c.** No building or structure shall be permitted if the Federal Aviation Administration (FAA) determines that the building or structure constitutes a hazard or obstruction to the operation of aircraft, unless the hazard can be mitigated per the FAA. This requirement cannot be waived or varied.
 - 1.** If required by Chapter 30.48 Part B, the applicant shall submit FAA Form 7460-1, Notification of Proposed Construction to the FAA, prior to submitting any application required for the approval of any structure that intrudes into the Airport Airspace Overlay District.
 - 2.** For any proposed structure that intrudes into the Airport Airspace Overlay District per Chapter 30.48 Part B and is not excepted, the applicant shall submit evidence that the FAA has determined whether the structure constitutes a hazard to air navigation 2 weeks prior to final action on any related land use application.
 - 3.** If the FAA determines that mitigation for a proposed structure intruding into the Airport Airspace Overlay District would impact airport operations, the proposed height intrusion shall not be approved. (Also see 30.16-210(12)(d).) (Ord. 3518 § 12 (part), 5/2007; Ord. 3219 § 7 (part), 5/2005; Ord. 3174 § 7, 1/2005; Ord. 2778 § 4, 7/2002)

PART B SUBDIVISION DESIGN

30.56.080 Lot Configuration.

- a.** All divisions of land shall result in the creation of lots which conform to lot requirements contained in this Title and are capable of being developed or built upon unless they are required for private streets, public or private utilities, for the provision of required landscaping, or other common area lots. Provisions must be made, by a recorded document, for the permanent maintenance of such street, utility and/or landscape lots. No remnants of land shall be left in the subdivision.
- b.** The side lines of lots shall be approximately at right angles to the street upon which the lot faces, or approximately radial if the street is curved.
- c.** All lots, parks or public ground created shall have legal access in the form of easements, conditions, reciprocal ingress/egress or other similar agreements, to streets meeting the adopted street standards of Clark County for right-of-way widths and paving widths. Rights-of-way shall be improved in accordance with the standards for street improvements in accordance with Chapter 30.52 and as set forth in the adopted Uniform Standard Drawings for Public Works' Construction, Off-site Improvements, Clark County Area, Nevada and appendices, the current editions or as amended.
- d.** Double frontage lots shall be avoided wherever possible, except in hillside development where they are encouraged to reduce the amount of site grading (see Chapter 30.56 Part C - Design Standards - Hillside Development).
- e.** Single family residential access to any arterial street is prohibited unless the arterial street is the only means of access to a residential lot created prior to the adoption of this Title. Through lots from a local or collector street are strongly discouraged.
- f.** Single family residential lots shall face into a subdivision or front a local street and shall not face, front, or have direct access without an intervening street or access easement to a collector or arterial street. A single family residential lot on a cul-de-sac street shall face into the cul-de-sac unless located on the intersecting corner of the cul-de-sac and a local street, in which case the lot may face or front the intersecting local street (See Figure 30.56-6).

Exception: Lots created prior to the adoption of this Title whose sole access is from a collector or arterial street shall be exempt from this requirement; however, if such a lot has not been developed and is later subdivided, the resulting lots shall be designed to have access from a private drive or local street.

- g.** Subdivisions should be planned to provide 2 rows of lots, except where lots are planned to back upon a collector or arterial street, drainage channel, shopping center, etc. This shall not prevent the inclusion within any subdivision plan of streets of greater width or irregular outline. Such streets should be indented by cul-de-sacs, looped access roads, etc., to provide access to the central areas of the block.
- h.** Residential subdivisions shall be designed with lots fronting or facing local streets exterior to the subdivision to the greatest extent possible. The number of lots which rear or side onto local streets exterior to the subdivision should be minimized, and the number of lots which side onto collector or arterial streets should also be minimized.

- i. Corner lots shall have additional width wherever possible.
- j. Residential lots cannot be divided by a city boundary, and should not be divided by a street (effectively creating 2 remainder lots). A map shall not subdivide 1 lot over another which results in a remainder lot. In this case, all of the affected properties shall be mapped. In no case shall a lot be divided by a street or right-of-way greater than 100 feet in width.
- k. Lot area may be affected by Southern Nevada Health District regarding septic sewer service and well separations, regardless of the permitted lot size.
- l. Driveways and drive aisles constructed across common property lines shall establish easements or agreements for common ingress/egress with the adjacent property.
- m. The intersection of a local street with a collector and arterial street should occur approximately 660 feet apart, except near intersections of arterial and collector streets, where the length should be no more than 1,000 feet.
- n. The street pattern should be related to adjoining areas and the entire neighborhood, or district, should conform to the natural contour of the land as much as possible, and incorporate slight amounts of curvature within level, or nearly level, areas. Curved streets are encouraged. (See Figure 30.56-14)
- o. Radius cul-de-sacs per Uniform Standard Drawing Number 212 are the County's preferred turnarounds within residential subdivisions. Approval of a Design Review application per Table 30.16-9 is required for residential subdivisions utilizing a hammerhead design as depicted in Uniform Standard Drawing Number 212.1.S1. Factors that will be considered in determining whether a hammerhead design is appropriate include without limitation: 1) the number and layout of on-site parking spaces, 2) driveway length, 3) the number of hammerheads, 4) size of lots, and 5) shape and other constraints of the property.

(Ord. 4770 § 10 (part), 3/2020; Ord. 4658 § 13 (part), 1/2019; Ord 4529 § 3 (part), 10/2017; Ord 4508 § 3 (part), 8/2017; Ord 4152 § 9 (part), 12/2013; Ord 3805 § 6 (part), 9/2009; Ord. 3549 § 9 (part), 9/2007; Ord. 3472 § 10 (part), 1/2007; Ord. 3397 § 11 (part), 6/2006; Ord. 3354 § 9 (part), 2/2006; Ord. 2573 § 12 (part), 2001)

30.56.085 Energy Efficient Lot Configuration and Building Orientation. Energy efficient site layout is encouraged through the development of building sites which reflect the principles illustrated in Figures 30.56-12 and 30.56-13.

PART C HILLSIDE DEVELOPMENT

30.56.100 Design Standards - Hillside Development.

- a. Purpose.** Clark County is comprised of many mountain ranges. Areas designated national conservation and wilderness areas, properties intended to be held by the Bureau of Land Management long term, and other ranges within the County which may be affected by development, should be afforded special treatment to transition from an urban environment and development style to these natural areas. These restrictions provide for the reasonable, safe and aesthetic use of the steep and inconsistent topography of natural hillsides. For these purposes, hillside is defined as any slope in excess of 12%, the contiguous extent of which exceeds 2.5 acres, as depicted on the Slope Map described in Appendix G. These standards are established to:
1. Ensure stable slopes;
 2. Reduce water runoff and control erosion by maintaining the natural features of the land to reduce erosion and minimize storm-water runoff;
 3. Minimize grading and site disturbance to maximize compatibility with the natural terrain;
 4. Preserve sensitive environments on the hillside;
 5. Minimize the need for public services where the ability to provide services is limited by the terrain;
 6. Encourage the conservation of these areas as visual resources, parks, open space, conservation areas, and other related land uses; and
 7. Establish a transition zone between hillside development and more intensive development.
- b. Applicability.** If any portion of a project is located within the 2.5 acre extent and will result in development on a hillside, the entire project shall be considered to be hillside development and shall comply with the regulations below.
- c. Development Standards.** Except for single family dwellings on lots created prior to July 1, 2000, all hillside development shall comply with the development standards listed below, and the development standards contained within this Title. However, alternatives to the development standards contained within Chapters 30.40 and 30.52 (unless the standard cannot be waived per said Chapters) may be established with the approval of a design review, in lieu of a waiver of development standards.
1. The maximum recommended density on hillsides is 2 units per acre. The recommended total number of units for the hillside development should be based on the total gross acres of land with slopes 12% or less and greater than 12%, multiplying each gross acre total by the density permitted within the zoning district for slopes 12% or less and by 2 for slopes greater than 12%, and then combining the resulting yields.
 2. Non-residential development as a principal use, other than public facilities, is strongly discouraged.
 3. Large lot development on hillsides is encouraged.
 4. Site disturbance shall be minimized in accordance with Table 30.56-1.

Table 30.56-1 MAXIMUM SITE DISTURBANCE ¹ , NATURAL AREA		
Slope (%)	Maximum Site Disturbance (Approximate % net development)	Natural Area (Approximate % net development undisturbed)
12.01 ≤ 25	50	50
25+	35	65
1. Maximum site disturbance applies only to areas with slopes greater than 12%.		

- d. Grading.** In addition to all other restrictions related to grading, hillside development shall also meet the following criteria. Compliance with these requirements shall be inspected and certified by a third party.
1. All portions of the site or lot to be left ungraded are to remain undisturbed areas and are not to be used for stockpiling of materials or excess fill.
 2. Designated natural areas shall be temporarily fenced or a barrier placed where they abut construction areas in order to prevent encroachment into the natural areas.
 3. The height of hillside cuts shall be limited as shown in subsection 30.64.020(1)(f) and Figure 30.64-1. The cut shall be backfilled, compacted, and then re-vegetated (or varnished) prior to final inspection in accordance with the following:
 - A. Seeds for trees, desert shrubs, and grasses shall be planted with a density adequate to control erosion.
 - B. A temporary watering system shall be used until the re-vegetated materials are established.
 - C. The disturbed area shall be restored as close to its natural condition as possible by using eonite, permeon, or a similar approved process (chemicals used to restore natural color to the landscape).
 4. Excess soils shall be removed from the site to an appropriate off-site disposal or storage area.
 5. All site re-vegetation/varnish shall be completed within 90 days of completion of work or prior to issuance of certificate of occupancy, whichever occurs first.
 6. Double fronted lots may be appropriate and are encouraged to reduce the amount of site grading.
- e. Slope Stabilization.** With the exception of retaining walls, all slopes steeper than 33%, or as required by a geotechnical report, shall be stabilized with properly engineered stone riprapping or sculptured rock or other similar material as follows:
1. Stone riprapping shall be machine or hand-placed on the slope.
 2. The stabilizing material used shall blend with the natural appearance of the site or lot and its surrounding terrain.
 3. Unless otherwise approved by the Commission or Board, vegetation retention and re-vegetation shall be used in conjunction with riprapping.

f. Natural Areas.

1. Site disturbance other than hiking trails shall not be permitted within a natural area.
2. Any designated natural area shall be delineated on any subdivision map.
3. Natural areas should be immediately adjacent, or contiguous, to other land also designated as a natural area.
4. Natural areas may be designated as a deed-restricted portion of a privately owned lot, or as a separate parcel. If so designated, such parcel may be under the ownership of a property owners' association or deeded to any organization which accepts responsibility for the perpetual preservation and maintenance of the natural area, subject to approval and acceptance by the Zoning Administrator. To protect the natural areas of the separate parcel, covenants which run with the land shall be recorded in favor of Clark County and of all owners with record interest in the natural area.

g. Building. In addition to the design standards for single-family dwellings included in Table 30.56-2A, dwellings within hillside development shall conform to the following.

1. All exterior walls and roofs of structures, except solar generating equipment, shall be colored to blend with the desert environment.
2. Reflective building materials (i.e. mirror finished glass and mirror finished doors, metal roof unless treated to eliminate glare and other polished materials that would increase the sun's reflective glare) shall not be permitted.
3. Limited slab on grade with staggered floor elevations shall be utilized on hillsides to avoid massive building forms, excessive cuts and fill, and surfaces which contrast with the surrounding terrain.
4. All external mechanical equipment shall be screened. Additionally, required vents shall be architecturally compatible with the structure.
5. Architecture should have predominant horizontal features. Vertical features should be minimized and generally used to accentuate entryways, garages, main doors, or similar features.
6. Where private property abuts publicly held lands not intended for future development, increased rear yards, open fences (no solid wall), and minimal use of accessory structures is strongly encouraged.
7. The maximum height of all structures should be significantly lower than the elevation of a ridge line where there could be a negative visual impact. Such impacts will be analyzed as part of the design review application.

h. Review Process. A design review as a public hearing per Table 30.16-9 shall be required to review all hillside development. In order to address the sensitive nature of hillside development, a grading plan shall be submitted with the design review application, which shall be prior to or concurrent with any land use approvals (including maps) or permits. A preliminary grading plan may be accepted, clearly identifying the topography of the land and how it relates to the development; however, the final grading plan will be required to be reviewed as a subsequent design review as a public hearing. PART D: DESIGN STANDARDS

30.56.110 Design Standards. Table 30.56-2 outlines the design standards for permanent multi-family and nonresidential development. The specific design standards which apply are indicated in the matrices with an “X”. Table 30.56-2A outlines the design standards for permanent single family residential development. “Yes” indicates the corresponding standard is required; “No” indicates it is not.

- a. Design Standards Applicable to Mixed-Use Development.** Permitted mixed-use development in special districts shall comply with the applicable standards for both the residential and non-residential components, respectively, unless otherwise required by Chapters 30.40 and 30.48 Part J.
- b. Standards Not Applicable to P-F District.** The standards outlined in Table 30.56-2 shall not apply to development in the P-F Public Facilities district, but shall instead be in accordance with the conditions imposed under the special use permit or design review as approved by the Commission or Board.
- c. Architectural Compatibility Standards Not Applicable to Freestanding Drive Thru Only Structures.** The architectural compatibility standards outlined in Table 30.56-2 shall not apply to freestanding drive-thru only structures but shall instead be in accordance with the conditions imposed under the administrative design review as approved.

(Ord. 4623 § 6 (part), 9/2018; Ord. 4109 § 5 (part), 7/2013; Ord. 4010 § 5 (part), 4/2012; Ord. 3472 § 10 (part), 1/2007; Ord. 3381 § 4, 5/2006; Ord. 3229 § 11 (part), 6/2005; Ord. 3209 § 8 (part), 3/2005; Ord. 3055 § 7 (part), 4/2004; Ord. 2573 § 12 (part) 2001)

Table 30.56-2 DESIGN STANDARDS Multiple Family Residential and Nonresidential Development		
Design Standards	Multiple Family Residential Development	Nonresidential Development
Access. Ingress and egress from properties providing the sole or primary means of access shall also include a minimum vehicular clearance of 14 feet. Developments shall not access local streets, or arterial or collector streets if the block includes land master planned for single family residential uses, unless the street is the sole means of access.	X	X
Additions. Except for single family residential development, additions to existing buildings or structures (conforming or nonconforming to the standards in Table 30.56-2) that are greater than or equal to 10% may be permitted subject to design review or administrative design review approval per Tables 30.16-9 and 30.16-10.	X	X
Architectural Features. All elevations shall include architectural enhancement through variation in detailing (e.g. shutters, stone accents, variable rooflines, dormer elements, articulations, projections or the use of varied building materials).	X	
Cross Access. To promote public safety, efficient on site circulation, and shared parking, curb cuts shall be minimized and cross access shall be provided through the recording of perpetual cross access, ingress/egress easements or agreements with adjacent lots. This applies to non-residential land uses that are similar or complementary with consistent levels of intensity and similar parking. Non-residential subdivisions shall provide cross access and shared parking through the recording of perpetual cross access, ingress/egress and shared parking easements or agreements.		X
Dimensions. Dwellings shall have a minimum width and depth of 20 feet	X	
Drive-Thru Service. Where drive-thru windows are adjacent to residential development, the talk boxes shall be set back behind the building or face to minimize noise, away from adjacent homes. The drive aisle length from the window, or talk box if provided, shall be long enough to accommodate on-site stacking of vehicles, which may require a queuing analysis prior to permit approval. Access controls shall separate drive-thru from drive aisles (Also see table 30.16-10 for administrative design review requirements).		X
Exterior Materials. Exterior siding must consist, or give the appearance, of the following building materials and decorative style: <ol style="list-style-type: none"> 1. Stucco, masonry, wood. Commercial and industrial development may have a finished concrete appearance. 2. Decorative Metal only. <ol style="list-style-type: none"> a. Non-decorative Metal only allowed within the rural area. 3. Non-reflective glass is permitted as a principal building material within commercial, industrial, mixed use, and special development, except in the CRT district. 4. The appearance of all building faces and roof coverings of non-residential development shall be similar to the front facade of the building when adjacent to residential development. 5. All buildings within a shopping center should have sufficient compatible architecture or architectural elements to give the appearance of being an integral part of the center. 6. Awnings, accessory structures and architectural intrusions may include fabric material(s) as permitted by Building and Fire Codes. 	X	X If architectural materials are not considered compatible, then an alternative design must be approved through a public hearing

Masking. Foundation or anchoring system shall be architecturally masked with same exterior siding as on building, or with masonry building material with a decorative finish. Masking shall be extended to within 6 inches of grade.	X	X
Mechanical Equipment. Except for Electric Generation, Distributed, all mechanical equipment shall be screened. Screening shall be the height of the units to be screened, where visible from eye level within 500 feet of the building and consist of architectural features integrated into the design of the building and constructed of similar or compatible materials as the building. Landscaping may also be used.	X	X
Orientation. 1. Corner lots shall have addresses assigned to the identifiable front of the building for rapid identification by emergency services. 2. Garages should be designed to minimize visual dominance by varying the orientation, design, and/or setback. 3. Buildings and structures shall be designed around courtyards and open spaces, and shall be offset to provide adequate privacy for balconies, patios, and windows. 4. Entrances shall be designed in close proximity to parking areas.	1 through 3	1 and 4 only
Pedestrian Realm 1. Pedestrian Realm. Pedestrian connections shall be provided throughout the development, and a pedestrian realm shall be provided along all streets (also see 30.08.030, "pedestrian connection"). Because outside dining and outside display are encouraged to promote a lively streetscape, parking (except bicycles), drive aisles parallel to the pedestrian realm, loading zones, and asphalt or gravel pavement shall not be permitted in this area. A. Enhanced Sidewalk Area. In all MUD subdistricts, the enhanced sidewalk area shall consist of a minimum 5 foot wide detached sidewalk (maintained as an unobstructed clear zone up to a minimum 8 foot height) and 5 foot wide amenity zone (area between the back of the curb and edge of the detached sidewalk where street trees, public signs, power poles, street lighting and other traffic control devices will be placed). B. The pedestrian realm shall include an enhanced sidewalk area consisting of a detached sidewalk and amenity zone with trees which shall be provided adjacent to all public streets. A supplemental pedestrian area is additionally required for the MUD-1 and MUD-2 subdistricts and for building heights over 35 feet in the MUD-3 and MUD-4 subdistricts. C. Maintenance. Pedestrian realm elements provided by the property owner shall be maintained by the property owner and/or lessee.	NOTE: Pedestrian realm may be required to facilitate connectivity for any development even if not within a MUD subdistrict. Also see Table 30.48 J-2	NOTE: Pedestrian realm may be required to facilitate connectivity for any development even if not within a MUD subdistrict. Also see Table 30.48 J-2
Security and Defensible Space. Design concepts for additional safety and security are encouraged. Play areas and swimming pools in multiple family developments shall be enclosed by buildings, walls, or fences at least 5 feet in height.	X	X

Figure 30.56-4 Setbacks From Streets - Buildings Over 35 Feet

HEIGHT SETBACK FOR ARTERIAL STREETS ONLY
 At 10' back of curb: 35' height maximum, AND
 50% of building width may be up to 50' (if allowed by district)
 Then apply 1:3 Ratio (1' setback for each 3' height increase)
 Buildings should be designed to step back incrementally.

To Calculate: $(\text{building height minus } 35') \times 1/3 = A$
 Where: A = Additional setback
 B = 10
 C = Total setback (A plus B)
 All numbers shall be rounded to nearest whole foot

Example: 71' building height minus 35' = 36'
 $36' \times 1/3 = 12'$ (A)
 $12' (A) + 10' (B) = 22'$
 Total setback = 22' (C)

Setback Requirements:

1. 3:1 Setback Ratio: (building height X 3) - (wall height X 3) = setback
OR (building height - wall height) X 3 = setback
Example: With 6' wall, a 15' building height has 27' setback, and a 36' building height has 90' setback
2. 2:1 Setback Option requires Intense Buffer per Figure 30.64-12: (building height X 2) - (wall height X 2) = setback
OR (building height - wall height) X 2 = setback
Example: With 6' wall, a 36' building height has 60' setback

Note: In no case shall the setback requirement be smaller than the zoning district minimum unless approved with waiver of development standards

3. For building height of 35' or less, the setback may be reduced to zoning district minimum with an Intense Buffer per Figure 30.64-12
4. The Commission or Board may approve a different buffer for reduced setback with a waiver of development standards

30.56.120 Trash Enclosures.

- a.** All development, except for single-family residential development, shall provide interior or exterior enclosures for all refuse containers, recycling containers, compactors, and refuse collection areas per the standard of the local trash service provider unless this provider certifies that refuse is not generated at the site. The Commission or Board may waive any of the following requirements, or may approve an alternative design which will adequately screen and buffer the collection and/or compaction of refuse with the approval of any land use application.
- b.** Exterior trash enclosures shall conform to the following:

 - 1.** Unless trash containers are otherwise screened by buildings, or other existing walls, trash enclosure walls shall be minimum 6 feet high, constructed of masonry, or concrete block, and shall have screened gates. The height may be reduced with the approval of an administrative minor deviation as listed in Table 30.16-8 to a minimum height that will completely screen the trash receptacles.
 - 2.** The floor of the trash enclosure shall be concrete and extend 5 feet beyond the opening.
 - 3.** The enclosure shall be set back at least 50 feet from any residential development on a separate parcel. This requirement may be waived with the approval of an administrative minor deviation as listed in Table 30.16-8, including letters of consent from the trash service provider are obtained.
 - 4.** A trash enclosure shall be located within 200 feet of each multi-family residential building within a development.

 - a.** Recycling containers must be provided within at least one of the trash enclosures. This provision shall not be waived or varied.
 - 5.** Trash enclosure shall not be located within any building setbacks and doors shall not open into the right-of-way.
 - 6.** Trash enclosures may be covered. If covered, trash enclosure must provide ventilation and meet all required setbacks. PART F LIGHTING STANDARDS

30.56.135 Outdoor Lighting Standards for Commercial, Industrial and Special Development.

- a. All lighting shall comply with the following unless otherwise allowed in this Title:
 - 1. All lighting shall be hooded and shall project downward.
 - 2. Warm lighting is required. White and blue-white, such as fluorescent and mercury vapor, lighting is prohibited.
 - 3. Freestanding luminaries shall not exceed 25 feet in height. Sport field lighting is excluded from height provisions.
 - 4. Large recreation fields or areas need only be partially shielded. (i.e. football, soccer, baseball)
 - 5. Recreational field lighting, outdoor sports or performance facilities shall be fully shielded (i.e. tennis, racquetball, volleyball, handball, swimming pools, including arenas) and self-operating timers installed.
 - 6. All canopy lighting shall be recessed.
 - 7. Landscape lighting shall only be provided as an accent feature integrated into the site design.
 - 8. For all lighting, photocells with timers are encouraged.
 - 9. The following uses are exempt from lighting standards:
 - a. Security lights of any wattage controlled by a motion-sensor switch and which do not remain on longer than 10 to 12 minutes after activation.
 - b. Special situations approved such as licensed temporary or periodic events (i.e. rodeos, fairs, fiestas, carnivals).
 - c. Seasonal decorations with individual lights in place no longer than 60 days.
 - d. Any development within the Las Vegas Boulevard Gaming Corridor, as defined in NRS 463.3076.
See Section 30.68.030 Lighting.

(Ord. 4481 § 12 (part), 5/2017; Ord. 3757 § 7 (part), 4/2009; Ord. 3688 § 10 (part), 10/2008)

PART G ALTERNATIVE STANDARDS

30.56.140 Alternative Site Development Standards.

- a.** It is recognized that individual sites may present unique characteristics, including the shape and location of the site, the design of existing and proposed structures, the operation and location of site uses that could be best developed through the application of alternative site development standards which depart from the requirements of this Chapter. In certain circumstances such alternative standards may be considered beneficial by the Commission or Board as a tool to achieve the land development policies of the County. In such cases, the Board or Commission may approve alternative site development standards through the granting of a waiver of standards, according to the procedures outlined in Table 30-16-7 of this Title subject to finding that the alternative standards will:
- 1.** Result in a development which is as or more compatible with adjacent development than anticipated by the requirements of this Chapter.
 - 2.** Recognize and encourage a development trend similar or superior to that anticipated by the requirements of this Chapter.
 - 3.** The alternative standards will result in a development which meets or exceeds all other requirements of this Title.
 - 4.** Where appropriate, apply energy efficient design guidelines as specified in Section 30.56.085.

30.60 Parking and Loading Regulations

30.60.010 Purpose. The purpose of this Chapter is to establish regulations for the provision of safe and efficient parking and loading facilities in amounts sufficient to meet existing and/or proposed land uses in unincorporated Clark County. (Ord 4508 § 4 (part), 8/2017; Ord. 2907 § 10 (part), 7/2003)

30.60.020 General Parking Regulations.

- a. These standards shall apply when a use is established, an existing building is altered or enlarged, a use is intensified by a change of occupancy, or by the addition of floor area or seating capacity, and will apply for as long as the use remains.
- b. The regulations in this Chapter establish minimum parking requirements. The property owner shall be responsible for ensuring that adequate parking is provided for resident, guest, customer, employee, delivery vehicle parking, and/or company vehicle parking if additional spaces are necessary in excess of the minimum requirements.
- c. Unless otherwise specified, any area subject to vehicular traffic shall be paved.
- d. Unless otherwise specified, all parking areas must be paved and striped (vehicle display areas need only be paved).
- e. Parking within unimproved or landscaped areas is prohibited.
- f. Driveway and parking areas for a 1 lot single family development must also be paved with either concrete, asphalt, rubberized asphalt or asphaltic concrete, except where non-urban street standards apply, or for agricultural uses. Where non-urban standards apply, alternative dust controlled materials shall comply with Clark County Air Quality Regulations. Driveways must be distinct from landscaping and yard.
- g. For residential boarding facilities, and commercial horse boarding facilities, paving of outside areas used for parking, maneuvering, or storing motor vehicles, equipment, or materials is not required, however, compliance with all required dust control measures must be maintained (Also see 30.44, "Boarding Stable, Commercial").
- h. For temporary outdoor activities and seasonal sales, parking may be temporarily reduced. Paving is not required for certain seasonal sales if in compliance with Clark County Air Quality Regulation Section 92; however dust mitigation is required per Clark County Air Quality Regulations (Also see Table 30.44-1).
- i. Clear visibility for all interior drive aisles should be maintained to avoid pedestrian/vehicular conflicts. Speed bumps and humps are discouraged; however, the parking design should be configured to reduce speed.
- j. Parking lots shall be designed to ensure safety and deter potential crime. All lighting shall be shielded from adjacent properties per Chapter 30.68.
- k. All required parking shall be on-site; within a Commercial Complex; or off-site when a clear and safe Pedestrian Connection links the use to the parking area. The off-site parking area shall be within 150 feet of the property line of the development (also see 30.08.030, "Pedestrian Connection"). A design review is required for the off-site parking area. (See also 30.60.040, *Alternative Parking Standards and see Table 30.56-2, Cross Access*)

- l. Except for single and two-family residences, on-street parking on private streets may be counted toward required parking for the development. Where parking spaces are available on a local public street (where allowed) adjacent to the use, 50% of the on-street parking spaces along the street frontage may be counted toward the parking requirement for the development.
- m. Except for emergency repairs only, no motor vehicle repair work shall be permitted in required parking areas. (Ord. 4770 § 11, 3/2020; Ord 4508 § 4 (part), 8/2017; Ord 4152 § 10, 12/2013; Ord. 4052 § 3 (part), 9/2012; Ord. 3993 § 4, 12/2011; Ord. 3688 § 11 (part), 10/2008; Ord. 3549 § 10, 9/2007; Ord. 3518 § 13 (part), 5/2007; Ord. 3354 § 10 (part), 2/2006; Ord. 3209 § 9, 3/2005; Ord. 2907 § 10 (part), 7/2003)

30.60.025 DELETED

(Ord. 4052 § 3 (part), 9/2012; Ord 4008 § 32, 3/2012; Ord. 3688 § 11 (part), 10/2008; Ord. 3085 § 55, 6/2004; Ord. 2907 § 10 (part), 7/2003)

30.60.030 Parking Requirements.

- a. Vehicular parking shall be provided in accordance with Table 30.60-1, *Schedule of Parking Requirements*, unless a program, incentive, or alternative is provided per Section 30.60.040, or the project is located within the SOSA Design Overlay (See Chapter 30.48 Part M) or the Midtown Maryland Parkway District (See Chapter 30.48 Part P).
- b. The Zoning Administrator shall determine the number of spaces required for analogous uses based on the parking required for similar uses. Except for shopping centers or when using the Shared Parking Schedule in Section 30.60.035, the required number of on-site parking spaces shall be the sum of the requirements of the individual uses.
- c. When measurements of the number of required spaces result in a fraction, the space requirements shall be rounded upward to the next whole space. When multiple uses are present, the fractional parking requirement for each use shall be added together prior to rounding.
- d. For the purpose of computing parking requirements based on the number of employees, calculations shall be based on the largest number of persons working on any single shift.
- e. The storage of unlicensed, unregistered, or inoperable vehicles is prohibited within required parking spaces and public rights-of-way, or within private streets or easements, and outside storage of such vehicles shall only be in conjunction with a licensed business for such a use or for automobile repair or storage.
- f. Garages and covered parking areas that are used to satisfy on-site parking requirements shall not be converted to living space. When existing driveways used to satisfy parking requirements are converted to living space, the required parking shall be provided elsewhere on site. (See Chapter 30.56 for garage and covered parking standards.)
- g. Cart storage areas shall not be counted toward required parking spaces for shopping centers.
- h. Visitor parking shall be readily available, generally dispersed throughout the site and shall not be enclosed. Visitor parking may be accommodated off-site, or when functionally feasible, on-street or within a driveway. When residential development is established in conjunction with non-residential development, visitor parking is not required with the recording of a perpetual cross access, ingress/egress, and shared parking easement or agreement (See Table 30.56-2, Cross Access).
- i. Up to 0.5% of the required vehicular spaces may be motorcycle spaces.
- j. Required bicycle parking spaces for specified land uses are listed in Table 30.60-2. Design criteria for bicycle parking are described in Section 30.60.050 (d). (Ord. 4625 § 4, 10/2018; Ord 4508 § 4 (part), 8/2017; Ord. 4410 § 2 (part), 8/2016)

Table 30.60-1 Schedule of Parking Requirements	
USES	Parking spaces required per dwelling unit (unit), square footage (sq. ft.) of gross floor area, or as otherwise listed (“:” indicates “per”)
RESIDENTIAL USES *	
Single and Two-Family Residences	2 : Unit. Both spaces shall be on-site. Waivers or variances are not permitted.
Visitor Parking	1 : 5 Units. If required resident parking spaces are enclosed, an additional 1 space is required per every 5 enclosed spaces. A design review may be approved to modify the number of additional spaces.
Multi-Family Dwellings (for <i>time-share</i> apartments, see Hotels, Motels, Hotel Condominiums, Resort Hotels, or Resort Condominiums as applicable):	
Single room occupancy unit or one bedroom unit	1.25 : Unit
Two bedroom units	1.75 : Unit
Units with more than two bedrooms	2 : Unit
Visitor Parking	1 : 5 Units If required resident parking spaces are enclosed, an additional 1 space is required per every 5 enclosed spaces. A design review may be approved to modify the number of additional spaces.
Senior Housing	1 : Unit
Supportive Housing	1 : Unit, with 40% being mobility impaired accessible
Manufactured Home Parks:	
Dwellings	2 : Unit
Visitor Parking	1 : 5 Units
Recreational Vehicle or Boat Storage	1 : 6 Units
Recreational Vehicle Parks	1 : 5 spaces
Assisted or Independent Living Facility	1 : 3 beds + 1 : employee
Bed and Breakfast	1 : guest room + 2
Dormitory, Boarding House	0.5 : room or 120 sq. ft. of floor area, whichever is greater
Manager's Residence	1 : unit
* Parking requirements for single-family and two-family residential PUDs are established in Chapter 30.24.	
INSTITUTIONAL USES	
Congregate Care Facility	1: 6 beds + 1 : employee
Hospitals	1.5 : bed
Medical/Dental Offices and Clinics	4 : 1,000
Place of Worship (such as church, mosque, temple, synagogue, etc.)	10 : 1,000 sq. ft., except for living quarters, 0.5 : bedroom; however, facilities for the use of a cloistered religious community (monastery, etc.) need only provide required bedroom parking.

USES	Parking spaces required per dwelling unit (unit), square footage (sq. ft.) of gross floor area, or as otherwise listed (“:” indicates “per”)
COMMERCIAL/RETAIL SERVICE USES	
Adult Bookstores and Sex Novelty Shops	3 : 1,000 sq. ft.
Adult Entertainment Cabarets, Adult Theaters	10 : 1,000 sq. ft. but not less than 15
Commercial Vehicle, Recreational Vehicle, Trailer, Watercraft, Off-Highway Vehicle Repair	1 : 1,000 sq. ft.
Funeral Home, Mortuary	10 : 1,000 sq. ft.
Furniture, Appliance, and Carpet/Flooring Stores	2 : 1,000 sq. ft. up to 15,000 sq. ft., and then 1.25 : 1,000 sq. ft.
Grocery Stores, Convenience Markets	4 : 1,000 sq. ft.
Hookah Lounge	4 : 1,000 sq. ft. Plus 4 : 1,000 sq. ft. for Outside Drinking, Dining and Cooking
Hotels, Motels, Hotel Condominiums, Resort Condominiums (including Office, Lobby, and Time-Share, but not including Resort Hotels), Lodging-Long/Short Term	1 : guestroom/unit up to 500 + 1 : 2 guestrooms/units over 500 up to 1,000 + 1 : 4 guestrooms/units over 1,000 + 10 : 1,000 sq. ft. for restaurants on the same premises
Office and Financial Services	4 : 1,000 sq. ft.
Plant Nurseries, Building Materials, Equipment Rental or Sales Yards, and similar uses	2 : 1,000 sq. ft., + 1 : 2,500 sq. ft. of outdoor display
Resort Hotels, includes Time-Share and all accessory uses, including Convention Facilities (except for Amusement Parks and Stadiums or Arenas)	(Requirement includes areas accessing rooms) 0.7 : guestroom up to 500 + 0.7 : 2 guestrooms over 500 up to 1,000 + 0.7 : 4 guestrooms over 1,000 + 4.2 : 1,000 sq. ft. all areas accessible to the public except convention facilities 0.7 : 1,000 sq. ft. for convention facilities and areas not accessible to the public
Restaurants, Bar/Lounge/Tavern: not in a shopping center	10 : 1,000 sq. ft. Plus 4 : 1,000 sq. ft. for Outside Drinking, Dining and Cooking
Retail Uses, Personal Services, Banquet Facilities, Auctions, Showrooms in conjunction with Retail Uses, Appliance Repair Shops, and Amusement Arcades, and Cannabis Establishments: Dispensaries and Cannabis Retail Stores	4 : 1,000 sq. ft.
Shopping Centers, all uses within a Shopping Center	5 : 1,000 sq. ft. for 25,000 to 50,000 sq. ft. of GFA 4 : 1,000 sq. ft. for over 50,000 sq. ft. of GFA
Vehicle Maintenance/ Gasoline Stations	3 : service bay + 4 : 1,000 sq. ft. accessory retail sales
Vehicle Repair	5.5 : 1,000 sq. ft, but not less than 5
Vehicle Sales/ Auctions	2 : 1,000 sq. ft. + 1 : 20 vehicle display spaces provided
Vehicle Wash, Automated (as a principal use) Self-Serve or Accessory, not applicable except stacking for accessory	2, plus 1 : employee. See Table 30.56-2 “Drive-Thru Service” for adequate stacking spaces

TABLE 30.60-1 Schedule of Parking Requirements	
USES	Parking spaces required per dwelling unit (unit), square footage (sq. ft.) of gross floor area, or as otherwise listed (“:” indicates “per”)
EDUCATIONAL USES	
Childcare or Daycare	1 : 400 sq. ft. of classroom and office area
<i>Schools:</i>	
Elementary and Middle Schools	1 : classroom, + 4 : 1,000 sq. ft. of office
High Schools	7 : classroom, + 4 : 1,000 sq. ft. of office Or 1: 90 sq. ft. of gymnasium/auditorium, whichever is greater
Colleges/Universities	1 space : 2 employees + 1 space : 3 students, based on projected maximum enrollment Or 1: 90 sq. ft. of gymnasium/auditorium, whichever is greater
Other	2: 1,000 sq. ft. classroom area + 4 : 1,000 sq. ft. of office
Major/Minor and Instruction Training Facility	2: 1,000 sq. ft. classroom area + 4 : 1,000 sq. ft. of office
CULTURAL/ENTERTAINMENT USES	
Amusement Parks	1 : 600 sq. ft. of all acreage within the perimeter wall, or 3 : hole for miniature golf
Billiard Halls, Dance Halls, and Skating Rinks	10 : 1,000 sq. ft.
Bowling Alleys	4.5 : lane
Club/Lodge	10 : 1,000 sq. ft.
Convention Facilities (not in conjunction with a Resort Hotel)	2 : 1,000 sq. ft.
Golf Course	2.5 : 1,000 sq. ft. in main building+ 1 : 2 tees in driving range+ 4 : green in playing area
Health or Fitness Studio	5 : 1,000 sq. ft.
Library and Museums	3.3 : 1,000 sq. ft.
Recreation Uses not separately listed	4 : 1,000 sq. ft.
Shooting Range	1 : bay + 4 : 1,000 sq. ft. excluding bays and range
Stables, Horseback Riding and Boarding Facilities (including Residential Boarding)	1 : 3 boarding stalls or corrals
Stadiums and Arenas	1 : 4 seats, or 8' of bench length
Tennis Clubs as a Principal Use	3 : court in addition to other uses
Theaters	1 : 4 seats
TECHNICAL USES	
Distribution Centers	1 : 1,000 sq. ft. for up to 125,000 sq. ft. 1 : 2,000 sq. ft. if over 125,000 sq. ft. (including incidental uses such as office uses)
Manufacturing, Industrial, Warehousing, Processing, Wholesale including Showrooms in conjunction with these uses. See also “Distribution Center”	1.5 : 1,000 sq. ft. (including incidental uses such as office uses)
Cannabis Establishments: Distributor, Independent Testing Laboratory, Cultivation and Production Facilities	1 : employee of the shift with the greatest number of employees
Outside Storage, Vehicle Dismantling, Salvage Yards	1 : 7,000 sq. ft. up to 42,000 sq. ft., + 1 : every 42,000 sq. ft. additional but no less than 3 spaces, in addition to spaces required for offices
Warehouses, Mini	5 spaces in the vicinity of the leasing office and 27 foot minimum drive aisles adjacent to all storage unit doors

Chapter 30.60: Parking and Loading Regulations

30.60-5

March 3, 2021

Table 30.60-2 Required Bicycle Parking Spaces

Land Use	Bicycle Spaces
Multi-Family Dwellings	1 per 40 dwelling units
Office, Retail and Service Uses, Shopping Center	1 per 20,000 sq. ft.
Colleges/Universities	1 per 10,000 sq. ft.
Place of Worship	1 per 3,000 sq. ft.
Health or Fitness Studio, Recreational Uses	1 per 2,000 sq. ft.
Library and Museums	1 per 8,000 sq. ft.
Industrial (except for uses with fewer than 10 employees such as warehouses and data centers)	4 spaces
<p>Notes:</p> <ul style="list-style-type: none"> • Bicycle spaces can be either short-term or long-term bicycle spaces. • For all of the above uses, minimum number of short-term bicycle spaces is 4 (i.e., 2 bicycle racks) or 2 long-term bicycle spaces. • Sites with property lines within a half-mile on each side of the right-of-way of Las Vegas Boulevard South between Sahara Avenue and Russell Road are exempt. • Developments in Community District 5 and Resort Hotels are exempt. <p>(Ord 4508 § 4 (part), 8/2017)</p>	

30.60.035 Shared Parking Schedule. Developments, including mixed use developments, which allow parking spaces to be shared by various land uses that operate at different times from one another throughout the day, are permitted per Table 30.60-3. A minimum of 2 uses is required to apply the calculations established in Table 30.60-3, and the recording of a perpetual cross access, ingress/egress, and shared parking easement or agreement is required (See Table 30.56-2, *Cross Access*). (Ord 4508 § 4 (part), 8/2017; Ord. 3354 § 10 (part), 2/2006; Ord. 3219 § 8, 5/2005; Ord. 3174 § 8, 1/2005; Ord. 2907 § 10 (part), 7/2003; Ord. 2510 § 13 (part), 2000)

<p>How to use the Parking Schedule: Calculate the number of spaces required for each use if it were freestanding per Table 30.60-1. Applying the applicable general land use category to each proposed use, use the percentages to calculate the number of spaces required for each time period, (6 time periods per use). Add the number of spaces required for all applicable land uses to obtain a total parking requirement for each time period. Select the time period with the highest total parking requirement and use that total as your shared parking requirement. (Ord 4508 § 4 (part), 8/2017; Ord. 2510 § 13 (part), 2000)</p>						

30.60.040 Alternative Standards to Reduce Parking Requirements. The following alternative standards are provided as opportunities for reduced parking to support the goals and policies of the Clark County Comprehensive Master Plan.

1. An alternative quantity of required parking can be considered with a waiver of development standards application per Table 30.16-7. An analysis shall be submitted with the application which documents how any reductions were calculated and what assumptions such calculations were based upon and substantiates that the proposed use will require fewer spaces than required by Table 30.60-1. Factors which may justify the approval of such a waiver are:
 - A. The adoption of Transportation Demand Management (TDM) or mobility management techniques such as (but not limited to) ridesharing programs (car pools, van pools, shuttle services), employer transit subsidies, compressed work hours, alternative work schedules, telework, guaranteed ride home, and High Occupancy Vehicle (HOV) parking preferences.
 - B. Appropriate site planning techniques to reduce environmental problems and to facilitate the County's compliance with the Federal Clean Air Act Amendments of 1990 such as, but not limited to, pedestrian connections and reduced impervious surfaces.
 - C. Available off-site parking, except for the off-site parking provision in 30.60.020 (k) which is determined to be available for the proposed use and may be accomplished by an off-site parking agreement.
 - D. Evidence within a parking study that demonstrates, based on data and studies performed by organizations such as the Institute of Traffic Engineers, Urban Land Institute, and American Planning Association and/or on the study of other similar uses within the community or within like communities, that the number of required spaces is not applicable to a particular situation.
2. An alternative quantity of required parking can be considered for an automated (robotic) parking garage system for all commercial, mixed use, and high-rise residential development. Factors to be considered for the approval of a design review or administrative design review application include, but are not limited to, the following:
 - A. Evidence that demonstrates fewer spaces than required by Table 30.60-1 are adequate for the automated parking facility than a typical parking facility.
 - B. Where applicable, the automatic (robotic) garage system will provide convenient access to available (or proposed) pedestrian connections.
 - C. Access provisions and safety procedures for mobility impaired parking requirements are clearly designated.
 - D. All building facades of an automated (robotic) parking garage system shall be architecturally compatible and designed to blend with surrounding development.

(Ord 4508 § 4 (part), 8/2017; Ord. 3970 § 6, 8/2011; Ord. 3757 § 8, 4/2009; Ord. 3635 § 9 (part), 6/2008; Ord. 3354 § 10 (part), 2/2006; Ord. 2741 § 11 (part), 5/2002)

30.60.050 Design and Layout of Parking.

a. Parking Space Dimension Minimums.

- 1. Vehicular.** Parking spaces shall meet the following minimums, exclusive of drives, streets, alleys or aisles, giving ingress and egress:
 - A.** Automobile, other than accessible spaces, 9 feet wide by 18 feet long, except as noted in Figure 30.64-14.
 - B.** Recreational vehicle spaces, 10 feet wide by 22 feet long.
 - C.** Commercial vehicle spaces, 10 feet wide by 25 feet long, with a minimum 14 feet of vertical clearance.
 - D.** Motorcycle spaces, 4 feet wide by 8 feet long.
 - E.** Overhangs of up to 2 feet into landscaped areas, medians, or over private walkways/sidewalks may be counted as part of the required stall length. Overhangs over private walkways/sidewalks are allowed provided the actual resulting width of the walking area is a minimum of 5 feet. A wheel stop at least 4 inches high and 6 inches wide shall be installed at least 2 feet from the walkway/sidewalk to prevent any overhang over walkways/sidewalks that will result in a walking area that is less than 5 feet wide.
 - F.** For parking spaces, within the front or rear 1/3 of the space a 1 foot by 1 foot side intrusion for columns or similar structures is permitted. Only 1 foot of overall space reduction is permitted.
 - G.** Recycling enclosures may occupy a required parking space in multi-family and commercial developments when in close proximity to existing trash enclosures.

b. Vehicular Parking Layout. Minimum layout dimensions are established in Table 30.60-4 and Figure 30.60-1 which shall apply to all required on-site parking areas.

c. Design and Improvement Standards.

- 1.** If provided, spaces designated for carpools, vanpools, and other high occupancy vehicles shall be located with priority over all other vehicular parking except for mobility impaired accessible parking.
- 2.** Unless otherwise specified, all parking, drive aisle, and other areas subject to vehicular access or used for the parking, maneuvering, or storing of motor vehicles, equipment, or materials shall be paved in accordance with plans approved to ensure proper drainage.
- 3.** Except for single-family dwellings exiting onto local or private streets, the parking space or lot shall be designed so that exiting vehicles will not be required to back out across any sidewalk and onto a street.
- 4.** All on-site parking facilities shall have access to a street through a system of drive aisles and/or easements.
- 5.** Required on-site parking shall not be located within a dedicated state right-of-way unless approved by the Nevada Department of Transportation.

6. No parking space shall be located so as to require the moving of any vehicle on the premises in order to enter or leave any other space, except in conjunction with single-family residences, and valet parking in conjunction with commercial uses, which can be approved if the development provides 150 or more parking spaces, no more than 30% of the total number of required spaces are designed as tandem spaces (end to end parking), and a valet parking attendant is on duty during business hours.
7. Except in single family residential development, whenever practical, parking in a drive aisle connecting the public right-of-way with a parking area or garage shall not be permitted on, or adjacent to, the drive aisle.
8. Walls, fences or landscaping provided shall be adequately protected from damage by vehicles using the parking lot and shall be kept in good repair at all times.
9. Surface parking lots are to be landscaped to interrupt the pavement expanse, increase permeability to mitigate stormwater runoff, reduce the heat island effect, improve visual appearance, improve pedestrian and vehicular circulation, and provide shade. Landscaping shall be provided in accordance with Chapter 30.64, Figure 30.64.14.
10. Dead end parking areas exceeding 20 spaces (10 per side of a drive aisle) shall provide a standard size parking space, striped and assigned “No Parking”, for a turnaround or equivalent design.
11. Whenever practical, a customer and/or employee entrance shall be provided for all building face(s) adjacent to a particular parking area.

12. Pedestrian walkways.

- A. All developments, except for residential and distribution centers, shall provide a network of walkways with a minimum width of 5 feet throughout the parking lot. Location of walkways will depend on the context of the site, but at a minimum, walkways shall provide pedestrian connections for the following areas and purposes:
 - i. Between adjacent bus stop(s) and principal building(s) entrances.
 - ii. Between adjacent public sidewalks/trails and principal building(s) entrances.
 - iii. Between buildings on the site, including pad site buildings.
 - iv. Internal walkways within the parking lot to allow users safe access to the buildings from their cars. 1 walkway for approximately every 4 double-loaded driving aisles shall be provided for this purpose. The walkways that connect the sidewalks/bus stops and the buildings and those between buildings across vehicular use areas can be counted for this purpose so long as there is an average of 1 walkway for every 4 double loaded aisles throughout the lot.
- B. Landscaping along the walkways is desirable, provided the actual width of the walking area is a minimum of 5 feet.
- C. Walkways shall be separated from vehicular traffic and maneuvering areas, and shall be constructed in a manner that they cannot be used as a holding area for shopping carts or outdoor retail displays.
- D. Walkways and crosswalks shall be clearly distinguishable from vehicular traffic areas through the use of changing paving material, patterns, texture, or paving color, or be raised in elevation; have adequate lighting for security and safety; and not include barriers that limit pedestrian access between the subject property and adjacent properties.

13. Large parking lots with 500 or more parking spaces shall be divided into well landscaped, smaller sub-area parking lots that contain 250 or fewer parking spaces. Buildings, pedestrian walkways, private drives, or landscape areas with a minimum width of 15 feet shall be used to delineate the sub-area parking lots.
14. Parking aisle length shall not exceed 400 feet without a break for circulation.
15. A minimum 5 foot wide sidewalk or a minimum 7 foot wide buffer consisting of a minimum 5-foot wide sidewalk with the remaining width landscaped shall be used to separate buildings from pavement for parking aisles or spaces, except for the side and rear of industrial buildings when not visible from the right-of-way.
16. Providing preferential parking spaces with charging facility for electric vehicles is encouraged.
17. Parking lots shall be designed to reduce water pollution through stormwater management measures including, but not limited to porous paving, filter strips, bio-retention areas, open sections, and depressed medians. Any such measure shall not conflict with the Low Impact Development (LID) Best Management Practices (BMPs) in Clark County Regional Flood District's Hydrologic Criteria and Drainage Design Manual. (Ord 4508 § 4 (part), 8/2017; Ord. 3688 § 11 (part), 10/2008; Ord 3586 § 8 (part), 2/2008; Ord. 3432 § 10 (part), 10/2006; Ord. 3085 § 56, 6/2004; Ord. 2907 § 10 (part), 7/2003)

1. Overhangs of up to 2 feet into landscaped areas, medians, or over private walkways/sidewalks (if the resulting width of the walking area is a minimum of 5 feet) may be counted as part of the required stall length. See 30.60.050 (a) (1) (E).

d. Bicycle Parking Design.

1. Short-term bicycle parking spaces may be indoors or outdoors. Outside racks shall be visible, well lit, distributed throughout the site, and placed within 100 feet of the primary entrances to the buildings they are intended to serve.
2. Bicycle racks shall be provided for each short-term parking space and shall be designed to accommodate both chain and U-shaped locking devices supporting the bicycle frame at 2 points. Racks may be ground-mounted or wall-mounted, and shall be securely affixed or bolted to the ground or wall. Racks shall enable the frame and one or both wheels to be secured. A post and loop, inverted U (staple), or A-rack (staple) shown in Figure 30.60-2 are the recommended example designs, but other alternatives may be considered if they can meet the characteristics listed in this section.
3. Bicycle parking spaces shall have adequate spacing to allow for accessibility without having to move another bicycle. Allow a minimum of 3 feet between bicycle racks when mounted in a row. If multiple rows of bicycle racks are installed, allow for a minimum aisle width of 7 feet measured tip to tip of bike racks across the space between the rows of bike racks. See Figure 30.60-3.
4. Racks shall be installed a minimum of 2 feet from any wall or other obstruction, except for wall mounted racks. Use of racks shall not obstruct or intrude into any pedestrian walkways, building entries/exits, drive aisles, or parking spaces.
5. On-site signage shall be provided to direct users to long-term bicycle spaces. A “Bicycle Parking” sign shall also be displayed on or adjacent to any indoor room or area designated for bicycle parking.
6. Long-term bicycle spaces shall be located in a limited-access enclosure protecting bicycles from heat, precipitation, and theft, such as enclosed indoor bicycle rooms, bicycle sheds, bicycle lockers, and weather-protected bicycle parking spaces that are monitored by an attendant or security system. See Figure 30.60-4.
7. Bicycle parking facilities shall be separated from vehicular parking areas to protect parked bicycles and vehicles from damage. The separation may be accomplished through grade separation, distance, or physical barriers, such as curbs, wheel stops, poles, or other similar features. (Ord 4508 § 4 (part), 8/2017)

30.60.060 Mobility Impaired Accessible Spaces.

- a. Required Spaces.** In order to provide accessibility to facilities for people with mobility impairments, accessible parking shall be provided as shown in Table 30.60-5 except for residential buildings with fewer than 3 dwelling units and for the following uses which shall provide the specified percentage of accessible spaces of the total parking spaces provided:
 1. Medical care occupancies specializing in the treatment of persons with mobility impairments: 20%.
 2. Occupancies providing outpatient medical care facilities: 10%.
 3. Apartment buildings containing accessible or adaptable dwelling units: 2%. Where parking is provided within or beneath a building, accessible spaces shall also be provided within or beneath the building.
- b. Accessible Space and Access Design.**
 1. Accessible parking spaces shall be located on the shortest possible accessible route from adjacent parking to an accessible building entrance. In facilities with multiple accessible building entrances with adjacent parking, accessible spaces shall be generally dispersed and located near the accessible entrances. An exception is provided for van accessible spaces, which may be located on the same level of a multi-level parking structure. The minimum width of said accessible route shall be no less than 3 feet.
 2. Accessible exterior routes shall be provided from public transportation stops, accessible parking, accessible passenger loading zones, and public sidewalks to the accessible building entrance they serve.
 3. When more than 1 building or facility is located on a site, at least 1 accessible route shall connect accessible elements, facilities, and buildings that are on the same site. The accessible route between accessible parking and accessible building entrances shall be the most practical direct route.
 4. Accessible spaces, van accessible spaces, access aisles, access routes, and passenger loading zones shall be paved, and designed and marked in accordance with the most current adopted American National Standard published by the Council of American Building Officials. Figure 30.60-5 illustrates some of those requirements.
- c. Interpretation.** The Building Official shall interpret and enforce this Section (30.60.060) of the Unified Development Code, Title 30. In the event of a conflict with Title 22 of the Clark County Code, Title 22 shall govern.
- d. Waivers.** No waivers or variances to this Section are permitted. (Ord 4508 § 4 (part), 8/2017)

30.60.070. On-Site Loading Requirements.

- a. Spaces Required.** Identified uses involving the receipt or distribution by vehicle of material or merchandise shall provide adequate space for standing, loading and unloading in order to avoid undue interference with public use of streets in accordance with Table 30.60-6.
- b. Design and Improvement Standards.**

 - 1.** The minimum size of a loading space shall be at least 10 feet in width, 25 feet in length, with a 14 foot vertical clearance.
 - 2.** Loading spaces shall be designed with appropriate means of vehicular access to a street in a manner which does not require backing from or to the public right of way, will not interfere with on-site traffic movement and which will not restrict the access of surrounding uses. At a minimum, the following areas for access and maneuvering shall be provided:

 - A.** Access Aisles. A width of at least 18 feet shall be provided for one way aisles and 24 feet for 2 way aisles.
 - B.** The loading berth shall be located adjacent, or as close as possible, to the main structure.
 - C.** Adjacent to residential uses, loading areas shall be designed in accordance with Figure 30.60-6. Loading docks shall be set back, screened and buffered to minimize noise and disruption to adjacent residential uses. Screening shall be of sufficient height and length to completely screen the vehicles, consisting of wing walls, depressed loading docks, increased landscaping, setback, walls, similar structures, or any combination.
 - 3.** Loading areas with roll-up, overhead doors, and areas intended for large semi-truck parking shall be located in the rear of the complex in a service yard unless adequate screening is provided to obscure their view from public streets. Customer parking shall not be located in the vicinity of these areas, and pedestrian walkways shall not cross or traverse these areas.

30.60.080 Alternative Loading Standards. An alternative layout and number of required loading facilities can only be considered with a Waiver of Development Standards application per Table 30.16-7. A site traffic operations study shall be submitted with the application which documents the basis of any suggested reduction in the number of loading facilities, and demonstrates how the alternative layout will meet the site access and site buffering requirements of this Chapter. Factors which may justify the approval of such a waiver are:

1. The ability of the proposed design to adequately buffer adjacent development and street views of the loading area.
2. The ability of the proposed design to accommodate anticipated loading requirements of the use.
3. Evidence which demonstrates that the number and layout of the loading area as required by this chapter is not applicable to this particular situation based upon the study of similar uses within the community or like communities to be reviewed by the Zoning Administrator.
4. Evidence of the unique characteristics of an individual site, including those created by the shape and location of property, design of existing or proposed structures, the operation of the uses proposed for the site or its ownership which require the application of alternative standards. (Ord 4508 § 4 (part), 8/2017; Ord. 3635 § 9 (part), 6/2008; Ord. 2545 § 3, 2000)

30.60.090 Motor Vehicle Access. Service stations, roadside stand, public parking lots, drive-in establishments and all other businesses requiring motor vehicle access shall meet the following access control requirements:

1. In all cases where there is an existing curb, gutter or sidewalk on the street, landscaping or a safety island shall be provided along the entire frontage of the property.
2. Where there is not an existing curb and gutter or sidewalk, the above mentioned safety island and curb shall be provided, or alternatively, a curb, fence or pipe rail, not exceeding 2 feet or less than 8 inches in height shall be constructed along the entire length of the property line adjacent to the development, except in front of permitted roadways.
3. Any alternative standard to the above access control requirements may be permitted provided the standard is approved by Nevada Department of Transportation or the *Director of Public Works*. (Ord 4508 § 4 (part), 8/2017; Ord. 2537 §13, (part) 2001)

30.64 Site Landscape and Screening Standards

30.64.010 Purpose. The purpose of requiring landscaping and screening is to:

1. Improve the quality of air and discourage plant material that is high in pollen production.
2. Promote the visual image desired by the community through the use of low water, climate adaptable plant materials.
3. Increase the compatibility and minimize potentially negative impacts of differing adjacent uses by providing alternative buffering standards which will act as a visual barrier. The buffering standards will also provide justification and mitigation for waivers to the design standards required elsewhere within this Title.
4. Reduce dust, noise, glare and heat; assist in wind control; and minimize water runoff onto streets.
5. Conserve natural resources, including water, in conformance with the Water Conservation Plan developed by the Southern Nevada Water Authority. (Ord. 3826 § 7 (part), 11/30/09; Ord. 3356 § 5 (part), 2/2006; Ord. 2934 § 6, 8/2003; Ord. 2741 § 12 (part), 5/2002)

30.64.020 Fences and Walls. Perimeter fences and walls are permitted and/or required in accordance with the provisions of this section. An additional one foot of decorative embellishment is permitted on each wall.

1. **When Permitted.** Unless otherwise specified in Tables 30.64-1 and 30.64-2, fences and walls not required (but permitted) shall comply with this subsection (1). However, when constructed in conjunction with a retaining wall, the specified maximum wall height may be increased to include the height of the retaining wall up to a maximum of 12 feet, subject to compliance with 30.64.050(a)(4), unless otherwise specified in the Chapter. Security fences are permitted in conjunction with Temporary Government Facilities in any zoning district, subject to the requirements for security fences in 30.08.030 and Table 30.64-2.
 - A. **Single Family Residential Development and Multi-family Buildings not within a dwelling group.** Fences and walls may be up to 6 feet in height except if within 15 feet of the front property line or private street/easement (see Table 30.64-1 for front yard restrictions). Fences or walls which meet the setbacks for accessory buildings shall conform to accessory building height restrictions.
 - B. **Multiple Family Dwelling Group Development.** Fences and walls shall be a maximum of 6 feet high, shall be decorative if in the urban area, and shall be set back for landscaping along streets as required in Table 30.64-2 below.
 - C. **Commercial and Special Development.** Fences and walls over 3 feet in height are not permitted within the required zoning district setbacks along a street unless required to buffer adjacent uses as approved by the Commission or Board. Any fence or wall within the required zoning district setbacks which is along a street shall be decorative. Congregate care, independent and assisted living, school, and recreational facilities may have fences and walls within street setbacks subject to approval by the Commission or Board. Fences or walls within side and rear setbacks not adjacent to a street or on the property line shall not exceed 6 feet in height.
 - D. **Industrial Development.** Fences and walls, including security fences and walls, are permitted at a 10 foot maximum height around the perimeter of the development within the required setback when fence or wall is set back for required landscaping along streets. The maximum height may be increased up to 13 feet to accommodate additional height needed for retaining walls. See Table 30.64-2 for requirements for fences and walls along a street.

- E. **Vacant Property.** Temporary fences may be constructed on vacant property, subject to the height restrictions above, in order to provide security, control access and dust, and to prevent the dumping of refuse. When located along Las Vegas Boulevard, the fence shall be a painted wood fence at least 6 feet in height up to a maximum of 10 feet. Walls within subdivided lots may be constructed per the requirements for walls within the district. Any improvements must be maintained.
- F. **Hillside Walls.** Walls within hillside developments shall comply with the following.
 - i. Walls shall conform to the topography of the site.
 - ii. To the greatest extent practical, walls shall incorporate the use of graduating steps.
 - iii. Walls shall either incorporate the use of native materials or be earth tone colors to match the native soils and rocks.
 - iv. The use of decorative fences is encouraged around side and rear yards.
 - v. Decorative fences only shall be allowed around natural areas.
 - vi. The maximum cumulative height of a series of retaining walls is 36 feet where for each 9 feet of vertical height, a 6 foot horizontal offset shall be provided, and where anything over 9 feet must be a decorative fence. (See Figure 30.64-1)
- 2. **Required.** Fences and walls are only required when shown in Tables 30.64-1 and 30.64-2. A painted wood fence, a minimum of 6 feet up to a maximum of 10 feet high shall be constructed along the property line of Las Vegas Boulevard when construction of the principal use on site has been suspended for more than 180 days.
- 3. **Redundant Walls.** This section establishes the general policy of not requiring redundant walls in close proximity to each other that could cause unsafe or unhealthful conditions, such as gaps which collect trash and/or trap animals and/or people. A redundant wall is not required when the adjacent property owner agrees that the existing wall will serve as an adequate buffer, even if the existing wall is less than 6 feet in height, subject to a notarized letter of consent. Otherwise, a 6 foot high redundant wall shall be constructed as a buffer when required. The separation between the walls shall be 4 inches or less or at least 30 inches wide. The gap at the end of any redundant walls shall be secured with a see thru, locked gate which allows for access, visibility, and maintenance. The area between the walls shall be kept free of debris and weeds.
- 4. **Measurement of Fence or Wall Height.** The actual height of fences or walls must meet the minimum height requirement but may exceed the minimum height by up to 1 foot.
 - A. Where the finished grade line of a lot is above or below the finished grade line of an abutting lot or street, the finished grade shall be the point on the high side, except within the front yard of single-family residences, which shall be measured from the top of curb.
 - B. An additional 1 foot for lighting and/or decorative features is allowed on top of columns.
- 5. **Gated Communities.** Developments with interior private streets or drives may restrict access to the development subject to the following:
 - A. Access gates shall be decorative and set back a minimum of 50 feet from the lip of gutter of the street intersecting the street or drive for stacking of vehicles.

- B. Egress gates shall be set back a minimum of 20 feet from the lip of gutter of the street intersecting the street or drive.
 - C. Guard enclosures and/or related equipment shall be set back a minimum of 20 feet from the right-of-way line of the street intersecting the private street or drive, but need not conform to any other setback, and may be located within the private street.
 - D. Access codes to the gates shall be provided to the Metropolitan Police Department and the Clark County Fire Department.
 - E. Access gates are permitted up to 8 feet in height. Only the immediate portion or portions of a wall on the adjacent lot adjoining the gates are permitted up to 8 feet in height. The remaining perimeter walls, if permitted, are allowed at district height.
6. **Access Gates - Single Family Residence or Special Uses not open to the public.** A single Family residence may restrict access to the development subject to the following: Access gates shall be set back a minimum of 18 feet from property line along collector or arterial streets.
7. **Access Gates – Commercial, Industrial Development or Special Uses open to the public.** Commercial or industrial developments or special uses open to the public may restrict access to the property subject to the following: Access gates shall be set back from the property line a minimum of 50 feet or access gates shall be set back 18 feet only if the gates remain open during business hours. When a private street accesses the development, and gates will not remain open during business hours, the gate shall be set back a minimum of 50 feet from the property line or lip of the gutter, whichever is greater. The Director of Public Works may waive this requirement with the approval of an administrative minor deviation. (Ord. 4839 § 14 (part), 1/2021; Ord. 4770 § 12 (part), 3/2020; Ord 4152 § 11 (part), 12/2013; Ord. 4097 § 2, 4/2013; Ord 3859 § 11, 6/2010; Ord 3805 § 8 (part), 9/2009; Ord. 3757 § 9 (part), 4/2009; Ord 3586 § 9 (part), 2/2008; Ord. 3549 § 11 (part), 9/2007; Ord. 3518 § 14 (part), 5/2007; Ord. 3472 § 12 (part), 1/2007; Ord. 3354 § 11 (part), 2/2006; Ord. 3229 § 12 (part), 6/2005; Ord. 3209 § 10 (part), 5/2005; Ord. 2934 § 7, 8/2003; Ord. 2741 § 12 (part), 5/2002; Ord. 2573 § 14, (part) 2001; Ord. 2510 § 14 (part), 2000; Ord. 2481 § 3 (part), 2000)

30.64.030 Landscaping.

- a. Landscaping Required.** Except for mines, gravel pits, temporary uses, agricultural cultivation, public facilities without buildings, and the rear yards of single family dwellings, any disturbed area of a developed property not occupied by permitted outside activity areas, storage areas, structures, parking, driveways, drive aisles, bus turnouts, and sidewalks shall be landscaped and maintained in a clean condition. Disturbed areas designated for future development need not have live landscaping. (For the purposes of this Section and related landscaping requirements, rear yard is defined as any yard area behind established screen walls or fencing located in side or rear yards.) Any required landscaping may be within a trail dedication; however it cannot obstruct the intended use of the trail.
- b. Landscape Design Objectives.**
 1. Landscape plans shall incorporate water conserving design which includes appropriate soil, soil amendments to absorb and retain water and encourage the formation of deep root systems, mulch, drainage, and microclimates, and includes groupings of plants with similar water requirements on an irrigation line.
 - A.** Grading and hydrology should whenever possible be designed to maximize the use of storm water for on-site irrigation.
 - B.** Landscape plans shall address all applicable sight visibility concerns, including the location of traffic control signs and devices, sight visibility zones, and adequate spatial considerations for the (future) size and spread of plant materials at maturity in conformance with 30.16.240(a)(5). (Also see 30.64.030(k))
 2. The selection and orientation of plant material on the south and west sides of buildings is preferred to promote energy conservation and solar gains.
- c. Landscaping.**
 1. All required landscaping shall consist of live plants, except as provided in subsection (a) above. For property at elevations of 4,000 or more feet above sea level, natural and endemic landscaping should be preserved and incorporated into the landscape area.
 2. Any tree within 5 feet of a required perimeter wall, sidewalk, or street, or public utility easement adjacent to a street shall be planted with a root shield designed to redirect root growth and shall incorporate a deep root irrigation system per 30.64.030(l)(3)(B). The number, size and spacing of trees may be modified by utility company.
 3. The front and side yards of single family residential development shall not contain more than 60% hardscape.
 4. Efforts to keep and maintain existing drought-tolerant trees, especially if mature, are highly encouraged.
- d. Maintenance of Landscaping and Sidewalks.**
 1. Fences, walls and landscaped areas (including plant materials, irrigation system, and hardscape features) shall be maintained.
 - A.** Landscaping or structures of any kind shall not obstruct vehicular or pedestrian travel along the sidewalk or street.
 - B.** No landscaping materials shall obstruct, block, or in any way impede the view of any traffic signal, sign, directional device, or sight visibility zone.

- C. Trees may overhang a sidewalk and street, provided the overhang is a minimum height of 10 feet above any sidewalk or 16 feet and 4 inches above any street, and the overhanging foliage does not impose a danger to the public.
 - D. When detached sidewalks are installed, the property owner(s), homeowners association, or landscape maintenance association shall maintain all landscaping in conformance with the requirements of this Chapter and shall be responsible for trimming, modifying, or removing any plant materials within required landscape areas that cause or constitute an imminent safety hazard to the traveling public, including but not limited to obstructing the visibility of traffic control signs and devices, obstructing sight visibility zones, or not providing adequate clearance for pedestrians and vehicles. Noncompliance with the maintenance requirements herein established shall cause the County to provide notice to the property owner(s), homeowners association, or landscape maintenance association of the County's intent to perform the required maintenance and collect payment accordingly for the work performed.
2. Landscaped areas shall not be used for parking of vehicles, display of merchandise or other uses detrimental to the landscaping.
 3. Any required plant material that does not survive, or sustains severe damage, shall be replaced within 90 days.
 4. Landscaping required outside decorative fences and walls shall be maintained by the property owner(s), homeowners association, or landscape maintenance association, whichever is applicable. When landscape maintenance is the responsibility of individual property owners, a disclosure of the property owner's responsibility shall be recorded against the property. Whenever a landscaping area is an easement or is located within a common lot, the easement or common lot shall be shown on any major or minor subdivision map. All areas specifically intended for landscaping purposes shall be shown on required improvement plans.
 - A. Damage to landscaping (including plant materials, irrigation system, and hardscape features) within the required easement as a result of the work performed by, or on behalf of, any public utility shall be repaired or replaced by the public utility.
 - B. Damage to landscaping (plant materials) that occurs as a result of a property owner's, homeowners association's, or maintenance association's lack of general maintenance, as required in Section 30.64.030(d)(5), or as a result of the actions of a property owner, homeowners association, or maintenance association creating a condition that caused such damage to occur, shall be repaired or replaced by the applicable property owner, homeowners association, or maintenance association, whichever caused the damage.
 - C. Removal or relocation of any private property owners' landscaping in County rights-of-way or easements to accommodate a public improvement, including roadways and pavements, sidewalks, curbs and gutters, landscaping, street lights, foundations, poles and traffic signal conduits, water mains, sanitary and storm sewers, tunnels, subways, people movers, viaducts, bridges, underpasses, and overpasses, or other public facilities across, along, over or under any street or streets, or other such improvements which are to be used by the general public, shall be the responsibility and at the expense of the property owner. The County (or other entity governed ex officio by the Clark County Board of Commissioners, i.e., Las Vegas Valley Water District, Kyle Canyon Water District, Big Bend Water District or Clark County Water Reclamation District, singly the "County Entity") shall issue to a property owner 30 days written notice of a need to remove or relocate any of the property owner's landscaping that may be in conflict with installation, maintenance, or use of the public improvement. The property owner shall, within 30 days after receiving such written notice from the County Entity, remove or relocate its said landscaping. If the property owner fails to remove or relocate its landscaping as

required by this section within the required time period, the County Entity may remove or relocate said landscaping and charge the cost of removal or relocation to the property owner. The County will not be held liable for any losses or damages due to removal or relocation of such landscaping.

5. General maintenance of all sidewalks, whether constructed within a public right-of-way or a public access easement, shall be performed by the property owner, homeowners association, or landscape maintenance association, and shall include keeping the sidewalks clean and free of weeds, debris, ice, and snow, and preventing landscaping or structures of any kind from obstructing the sidewalk.
 - A. Long-term maintenance of all sidewalks except meandering sidewalks, including repair and replacement when required, shall be the responsibility of Clark County, pursuant to NRS 41.1315, unless the sidewalk is damaged as a result of negligence on the part of, or actions taken by, the property owner, homeowners association, or landscape maintenance association.
 - B. Clark County shall not be held liable for damage or injury that occurs as a result of a property owner's, homeowners association's, or maintenance association's lack of general maintenance, as required in subsection A above, or if the actions of a property owner, homeowners association, or maintenance association created a hazardous condition that caused or otherwise resulted in damage or injury.
- e. **Plant Materials.** Except for single family residential development, all required plants shall consist of materials selected from the plant list in the Southern Nevada Water Authority Regional Plant List, except that all cactus, and annual and perennial flowers, are permitted. Any plant listed on the Nevada State Department of Agriculture's noxious weed list as shown in NAC Section 555.010 is expressly prohibited.
- f. **Irrigation.** A water conserving irrigation system is required for all landscaping. Drip or similar systems with no over spray shall be used when irrigating non-turf vegetation. Irrigation systems shall be maintained in good operating condition. The use of irrigation systems which utilize reclaimed wastewater is preferred, and required for golf courses as soon as a source of reclaimed wastewater is available. Restrictions for over spray shall not apply when water used will be provided by one or more of the following methods:
 1. Water is provided for the applicant's own wells or appurtenant or transferred water right which can be legally used to irrigate the property on which a golf course is developed;
 2. Water is provided by the water purveyor; however, the applicant must contribute to an exterior water efficiency retrofit program approved by the water purveyor to offset the impacts on water resources and system delivery capacity in an amount equivalent to 2 times the amount of water used to irrigate turf.
 3. Groundwater provided from the shallow aquifer. Applicant may develop and provide the groundwater at his/her sole cost, or may compensate the appropriate water district to develop ground water pursuant to an agreement with the district. The agreement must have been executed by both parties at the time of the application.
- g. **Swales.** Within landscape areas greater than 4 feet wide, a 2 foot wide minimum swale shall be provided adjacent to attached sidewalks unless a perimeter fence or wall is constructed within 2 feet of the sidewalk, or unless the landscape strip is designed with a berm to screen parking and provide enhanced landscaping. When detached sidewalks are constructed in landscape areas greater than 10 feet wide, a swale shall be provided on each side of the sidewalk unless bermed. The required swales shall be designed to prevent irrigation water from flowing onto the street or sidewalk. (See Figure 30.64-3)

- h. Storm Water Detention/Retention Basins.** When provided, private on-site detention/retention basins which are not paved or riprapped shall be landscaped if in non-single family residential development to enhance the natural configuration of the basin. Grading, hydrology and landscape plans should be integrated to make maximum use of site storm water runoff for supplemental on-site irrigation purposes.
- i. Ground Cover.** Any portion of a landscape area not planted shall be covered with decorative rock, bark, mulch or other material suitable for reducing dust and evaporation, and improving the aesthetic appearance of the area. Non-porous materials should not be placed under the mulch where plants exist.
- j. Turf.** These restrictions cannot be waived or varied.

 - 1. Turf shall only be allowed in conjunction with cemeteries, parks, and schools.

 - A. The maximum slope of a turf area shall be less than 25%;
 - B. Turf areas shall not be located within 10 feet of a street, curb, paved surface other than a single-family residential driveway, or sidewalk if adjacent to a paved surface;
 - C. No area of turf shall have a width or depth less than 30 feet in any dimension.
 - D. Turf area must be no less than 1,500 contiguous square feet.
 - E. Turf species may include varieties of Bermuda Grass, Fescue, Zoysia, Rye, St. Augustine, or Bentgrass or as otherwise recommended by the SNWA.
- k. Required Trees.** Trees shall be planted as required in Tables 30.64-1 and 30.64-2, and as shown in Figures 30.64-2 through 30.64-14, 30.64-17, and 30.64-18, if large 15 gallon trees are being planted. Trees located beneath or adjacent to overhead power lines are not required if the power company certifies that the landscape requirement poses a hazard. Trees are not required when their location conflicts with septic system separation requirements. Unless otherwise specified by the Commission or Board, trees and alternative distances can be provided as follows:

 - 1. One large tree (at maturity will be 40 feet or higher and have a minimum 20 foot spread) is required for each 30 linear feet of street frontage.
 - 2. One medium tree (at maturity will have a minimum 20 foot spread) is required for each 20 linear feet of street frontage.
 - 3. One small tree (at maturity will have a less than a 20 foot spread) is required for each 10 linear feet of street frontage.
 - 4. These distances may be increased by 10 feet if 24 inch box trees are planted instead of 15 gallon trees.
 - 5. A variety of species and appropriate clustering of plants to provide a homogeneous buffering effect are encouraged within the landscape area.

1. Landscape Strip and Sidewalks.

1. Sidewalks, drive aisles, signs, and driveways providing access from the street to and within the development are permitted within a landscape area or strip.
2. **Attached Sidewalks.** If constructed sidewalks are attached (not offset from curb), the required landscape area shall begin at the property line (back of sidewalk) and shall not include any part of the right-of-way.
3. **Detached Sidewalks.** Straight, detached sidewalks shall be provided on streets listed in Section 30.52.030(a)(1)(A-D), unless there is an existing attached sidewalk that will not be rebuilt. Detached sidewalks are not required on frontage roads.

A. When not required, detached sidewalks and landscaping may be provided at the option of the property owner, homeowners association, or landscape maintenance association. Whether required or not, all detached sidewalks shall conform to Figures 30.64-17 or 30.64-18 and are additionally subject to the following:

- i. The tree spacing may be increased by 10 feet.
- ii. All areas between the sidewalk the curb shall be landscaped except for incidental paving for bus stops or paving designed to protect underground public utilities, returns to intersections, and amenity zones pursuant to the Mixed Use Overlay District standards established in Section 30.48.770(C)(6-7). See Table 30.56-2 for pedestrian realm requirements for non mixed use projects.
- iii. A landscape area as required shall be provided within the distance between the curb and the front setback, shall abut both sides of the sidewalk, and shall contain the quantity of plant materials required per Figures 30.64-17 or 30.64-18, or as otherwise required by this Title, except only shrubs, groundcover, and small to medium trees with non-invasive root systems shall be permitted between the curb and the sidewalk. Tree rows on both sides of a detached sidewalk shall offset each other to provide balanced spacing, and all trees shall be approximately centered within the landscape strip on each side of the sidewalk. (See Figures 30.64-17, 30.64-18 and Southern Nevada Regional Planning Coalition’s Regional Plant List)

B. All trees planted in landscape areas adjacent to detached sidewalks or within 5 feet of any pavement or wall (building or perimeter) shall be required to install, operate, and maintain a deep root irrigation system in conformance with Figure 30.64-3 and the standards listed below (also see “Deep Root Irrigation” in 30.08.030):

- i. For small and medium trees, a minimum of 1 irrigation pipe (2” – 4” by 36” – 48”) made of PVC or suitable material, shall be inserted vertically into the ground at the trunk’s base to encourage downward growth of a deep root system and capture, drain, and redirect excess surface water into the deeper tree root area. For large trees, a minimum of 2 (2” – 4” by 36” – 48”) pipes shall be required.
- ii. Each irrigation pipe shall be loosely filled with gravel or rock and may be perforated along the lower half to facilitate the absorption of water into the lower soil profile and below the tree’s root ball. Irrigation lines, emitters, and/or bubblers may be placed within each deep root irrigation pipe.
- iii. All required deep root irrigation pipes shall be installed in conjunction with required swales and designed to allow sufficient amounts of irrigation water to reach a depth of 3 to 4 feet.

4. **Attached Sidewalks in lieu of Detached Sidewalks.** When attached sidewalks are allowed to remain per Section 30.64.030(1)(3), 15 feet of landscaping is required behind the sidewalk.

5. When dedication for bus turnouts is required, the landscape strip is not required adjacent to the bus turnouts.

m. **Certificate of Compliance.** A Certificate of Compliance stating that required landscape materials have been installed per this Title and any imposed conditions of approval on a land use application shall be signed by the property owner, contractor, or Landscape Architect and submitted to the Zoning Administrator prior to final Certificate of Occupancy.

Figure 30.64-2 Root Shield (Root Barrier)

(A) Root Shields measuring 3' by 3' shall be installed parallel to any improvement. Each root shield shall be placed centered on each side of the tree trunk (X).

- (A) **Root Shield** - Detached sidewalk root shield shall be installed in a compacted trench a minimum 3' deep. The top of the root shield shall be set 2" below the top of the back of sidewalk and flush with edge of sidewalk. Root shields for attached sidewalks shall be set 2" below top of curb and flush with edge of curb.
- (B) **Detached Sidewalk** - Unless otherwise required by this Title, detached sidewalks shall have a minimum width of 5' and conform to *ADA Accessibility Guidelines*; attached sidewalks shall have the minimum width required per the *Uniform Standard Drawings, Clark County Area*.
- (C) **Vertical Clearance** - Minimum 16' 4" vertical clearance between street and trees, and minimum 10' vertical clearance between sidewalk and street trees.
- (D) **Sidewalks** - All sidewalks shall be constructed in conformance with the *Uniform Standard Drawings, Clark County Area*.
- (E) **Deep Root Irrigation** - For small and medium trees, 1 deep root irrigation pipe, minimum 2" - 4" by 36" - 48", shall be vertically inserted at the trunk's base. Large trees, 2 deep root irrigation pipes, minimum 2" - 4" by 36" - 48", shall be required. See 30.64.030(1)(3)(B), for additional system components and requirements.

Figure 30.64-3 Swale Designs

- (A) Where plant materials are required on both sides of the detached sidewalk, swales shall be constructed on both sides of the sidewalk (unless bermed).
- (B) Root shield material shall be installed in a compacted trench to a minimum depth of 3' and extend laterally a minimum of 3' on each side of the tree, with top of root shield set 2" below top of back of sidewalk and flush with edge of sidewalk. See Figure 30.64-2 for additional details.
- (C) For small and medium trees, 1 deep root irrigation pipe (minimum 2" - 4" by 36" - 48") shall be vertically inserted at the trunk's base; for large trees, 2 deep root irrigation pipes (minimum 2" - 4" by 36" - 48") shall be required. See 30.64.030(1)(3)(B), for additional deep root irrigation system components and requirements.
- (D) Unless otherwise required by this Title, detached sidewalks shall have a minimum width of 5' and conform to *ADA Accessibility Guidelines*; attached sidewalks shall have the minimum width required per *Clark County Public Works Uniform Standard Drawings*.
- (E) Minimum landscape area width may vary if detached sidewalk meanders. See Figure 30.64-18.

Additional Requirements:			
<ol style="list-style-type: none"> These requirements are minimum standards. More intensive landscaping shown in other figures is also permitted. If full off-site improvements are deferred, the required landscaping and irrigation system need not be provided until the off-site improvements are installed, unless non-urban street standards apply. The requirement does not apply to lots which are 40,000 square feet or larger; however, if provided, must follow regulations within table. Deleted The Zoning Administrator may allow breaches in the wall for pedestrian access and trails by an administrative minor deviation. Specified maximum wall heights may be increased to include the height of a retaining wall in accordance with Section 30.64.050(a)(4). Detached sidewalks (offset from curb) may be constructed per Figures 30.64-17 and 30.64-18 instead of attached sidewalks as depicted in Figures 30.64-5 through 30.64-10 and 30.64-13, provided all other landscaping, dedication, and maintenance requirements are satisfied. Fencing materials in the rural residential districts may include traditional farm fencing (smooth twisted wire mounted on posts) or alternative fencing used for confining domestic animals, provided that all fencing is compatible with the rural character of the immediate area.

Table 30.64-2 Non-Single Family Residential Screening and Landscape Buffer Requirements^{1,7}

Additional Requirements:

1. Exceptions to required landscaping are as follows:
 - A. If the property is outside of the service area of the nearest water purveyor, live landscaping need not be planted until water service is extended to the site, providing an irrigation system is installed for the future planting and rockscaping is provided in the interim, except that development within the rural area need not provide the future irrigation system.
 - B. If full off-site improvements are deferred, the required landscaping and irrigation system need not be provided until the off-site improvements are installed.
2. Deleted.
3. The Zoning Administrator may allow breaches in the wall for pedestrian access and trails by an administrative minor deviation.
4. Including uses such as, but not limited to, schools, places of worship, libraries, museums, cemeteries, day care, child care, congregate care, assisted/independent living facilities, or hospitals.
5. Specified maximum wall heights may be increased to include the height of a retaining wall in accordance with Section 30.64.050(a)(4).
6. Security fences/walls are permitted in conjunction with Temporary Government Facilities in any zoning district, subject to the requirements for security walls in this Table and 30.08.030.
7. Detached sidewalks (offset from curb) may be constructed per Figures 30.64-17 and 30.64-18 instead of attached sidewalks as depicted in Figures 30.64-5 through 30.64-10 and 30.64-13, provided all other landscaping, dedication, and maintenance requirements are satisfied.
8. A painted wood fence shall be built along Las Vegas Boulevard when construction of principal use has been suspended. See Section 30.64.020 (2).
9. See Subsection 30.64.050 (c) to establish alternative standards for parking lot landscaping.

Number of trees required: per 30.64.030(k)

Landscape strip must be 3' minimum/6' average/6' minimum adjacent to trees

Fence can be increased to 8' if average landscaping is increased to 10'

Shrubs shall be located to cover more than fifty (50) percent of the landscaped area when mature, and may be grouped if distributed along entire strip.

Rural areas: Fence need not be decorative

(Ord. 3296 § 9 (part), 10/2005)

Figure 30.64-11 Buffer Adjacent to a Less Intensive Use

Where adjacent property is developed, trees shall be 24" box large evergreen trees to quickly mature and cover the distance between trees.

Quantity of trees per Tables 30.64-1 and 2

Rural area: Wall need not be decorative

Figure 30.64-12 Intense Buffer

Trees shall be 24" box large evergreen trees designed to expand and screen the distance between trees and planted in off-set rows.

Where intense landscape buffering is required along a street, the landscaping shall be installed on the street side of the wall.

When adjacent to street, shrubs shall be located to cover more than fifty (50) percent of the landscaped area and may be grouped if distributed along entire strip.

5.5 foot minimum square pocket planting or 10' landscape strip.

Wall height may be increased in accordance with 30.64.050(a)(4)

Rural area: Wall need not be decorative.

(Ord. 4839 § 14 (part), 1/2021; Ord. 3209 § 11 (part), 3/2005)

Number of trees required: per 30.64.030k

Landscape strip must be 3' minimum/6' average landscape strip, 6' minimum adjacent to trees

Shrubs shall be designed to cover more than fifty (50) percent of the landscaped area, and may be grouped if distributed along entire strip.

For Commercial and Special Development, fences and walls are not permitted within a required building setback, except when required by the Commission, or Board or to screen outside uses (See Table 30.64-2).

(Ord. 3549 § 11 (part), 9/2007; Ord. 2934 § 12 (part), 8/2003; Ord. 2778 § 3, 7/2002; Ord. 2764 § 5, 6/2002)

Figure 30.64-14 Parking Lot Landscaping
(Not required within parking garages)

Note: A combination of Option 1 and Option 2 can be used.

- A. Option 1 and Option 2 are available for parking lot landscape design. Either option or a combination is allowed.
- B. Landscape island fingers shall be provided at the end of each parking row (terminal islands).
- C. Landscape island fingers shall also be provided between parking spaces within the rows to break up longer rows. They shall be installed to provide a maximum of 6 spaces in a row when there is no planting strip (Option 1) and a maximum of 12 spaces in a row when there is a planting strip (Option 2).
- D. Landscape island fingers shall have a minimum width of 6 feet as measured from inside of curb, and a minimum length equal to the length of the adjacent parking spaces.
- E. Planting strips shall have a minimum width of 8 feet as measured from inside of curb. When a walkway (minimum 5 feet wide per 30.60.050) is provided along a planting strip, the minimum width of the planting strip can be reduced to 6 feet as measured from inside of curb.
- F. Where feasible, trees in planting strips shall be installed in-line with the parking lane stripes to prevent damage by car bumpers.
- G. Trees shall be installed using the following ratio: 1 large canopy tree for every 6 parking spaces or 1 medium canopy tree for every 4 parking spaces.
- H. When parking is adjacent to perimeter landscaping, perimeter landscape trees can be counted toward the tree ratio requirements.
- I. Landscaped islands shall contain a variety of planting materials such as shade trees, plants with seasonal interest, low shrubs, and climate-tolerant groundcover: They shall include a minimum of 4 5-gallon shrubs for every required tree. Species selection shall be per the Southern Nevada Regional Planning Coalition's Regional Plants List.
- J. Palm trees are not allowed in the interior of the parking lots (including along the perimeter as a shade tree when parking is adjacent to the perimeter), as they provide minimal shade.
- K. Landscape islands and planting strips shall include a 2-inch minimum layer of ground cover or rock mulch.
- L. Preservation of existing mature trees is encouraged. When redeveloping a site, the tree ratio can be reduced to 1 large canopy tree per 8 parking spaces if existing large trees are maintained.
- M. A Design Review is required to review alternative parking lot landscaping design per Table 30.16-9(b)(1)(J). If diamond-shaped landscape planters are used, the minimum dimensions shall be 7 feet by 7 feet as measured from inside of curb, and adjacent parking spaces shall be 10 feet wide by 19 feet long minimum.
- N. Existing parking lots or those approved prior to March 2000 can be retrofitted with a 10% parking reduction allowed.

Figure 30.64-17 Detached Sidewalk Requirements (straight sidewalk)

- A. Dedication from back of curb to back of sidewalk as right-of-way easement for roadway and utility purposes, per 30.52.030(k); or
- B. Dedication of the sidewalk (fee simple or easement) with right-of-way easements as needed between back of curb and front of sidewalk to access, install, repair and maintain the sidewalk and public utility (including traffic) facilities.
- C. Return to curb at property lines to meet existing attached sidewalk, if applicable.
- D. Straight sidewalk shall be offset a minimum 5 feet from back of curb. Along Las Vegas Boulevard South, the back of sidewalk shall not be located greater than 25 feet from back of curb.
- E. Turf is not permitted; only shrubs, groundcover, and trees with non-invasive root systems with root shields installed per Figure 30.64-2, are permitted. All trees planted in landscape areas adjacent to detached sidewalks or within 5 feet of any pavement or wall (building or perimeter) shall install, operate, and maintain a deep root irrigation system in conformance with 30.64-030(I)(4)(B) and Figure 30.64-3.
- F. Two rows of trees planted generally 20 feet apart shall be required (one row on each side of sidewalk planted generally 40 feet apart). Tree rows on both sides of a detached sidewalk shall offset each other to provide balanced spacing intervals, and all trees shall be approximately centered within the landscape strip on each side of the sidewalk. If tree placement interferes with the Sight Visibility Zone, any impacted trees located closest to the street may be relocated to the other row, spaced generally 20 feet apart. EXCEPTION: Where existing underground utilities are installed between back of curb and front of sidewalk, street trees shall not be required.
- G. Shrubs and groundcover shall be planted to cover more than 50% of the landscaped area and may be grouped if distributed along the entire strip.
- H. Swales are required per Figure 30.64-3.
- I. 10 foot lateral separation is required between streetlight and any tree.

- A.** Dedication from back of curb to back of sidewalk not more than 3 feet from required setback (includes the sidewalk and maximum meander width) as right-of-way easement for roadway and utility purposes, per 30.52.030(k).
- B.** Dedication to back of sidewalk shall be based upon that point where the back of sidewalk meanders closest to the required setback.
- C.** Return to curb at property lines to meet existing attached sidewalk, if applicable.
- D.** Sidewalk shall not meander closer than 3 feet from back of curb or required setback. Along Las Vegas Boulevard South, the back of sidewalk shall not be located greater than 25 feet from back of curb.
- E.** Turf is not permitted; only shrubs, groundcover, and trees with non-invasive root systems with root shields installed per Figure 30.64-2, are permitted. All trees planted in landscape areas adjacent to detached sidewalks or within 5 feet of any pavement or wall (building or perimeter) shall install, operate, and maintain a deep root irrigation system in conformance with 30.64-030(l)(4)(B) and Figure 30.64-3.
- F.** Two rows of trees planted generally 20 feet apart shall be required (one row on each side of sidewalk planted generally 40 feet apart). Tree rows on both sides of a detached sidewalk shall offset each other to provide balanced spacing intervals, and all trees shall be approximately centered within the landscape strip on each side of the sidewalk. If tree placement interferes with the Sight Visibility Zone, any impacted trees located closest to the street may be relocated to the other row, spaced generally 20 feet apart.
- G.** Shrubs and groundcover shall be planted to cover more than 50% of the landscaped area and may be grouped if distributed along the entire strip.
- H.** Swales are required per Figure 30.64-3.
- I.** 10 foot lateral separation is required between streetlight and any tree.

30.64.050 Alternative Standards.

- a. Fences and Walls.** Except for fences and walls within the front yards of single family residences, fences, walls and hedges over 6 feet in height are permitted within required setbacks as follows:
1. The Commission or Board determines that a fence or wall over 6 feet is required to mitigate the effect of a use on an adjacent use with the approval of a related land use application.
 2. The Zoning Administrator determines that additional height, up to 8 feet in overall height, is appropriate for fences and walls within accessory structure setbacks in the side or rear yard with an administrative minor deviation application. The additional height (8 feet maximum) may also be granted in the front yard only to within 15 feet of the front property line.
 3. The Zoning Administrator determines that additional height, up to the height permitted for accessory structures, is appropriate for an open decorative or chain link fence and/or lighting enclosing a game area, with an administrative minor deviation application.
 4. Retaining walls above the allowed 3 foot maximum standard are permitted subject to the following:
 - A. Height may be increased to a maximum of 12 feet, 6 foot wall plus 6 foot retaining wall, subject to the landscape provisions specified and compliance with subsection (D) below.
 - i. Subdivision walls (perimeter or interior) along any local or private street shall provide a minimum 6 foot landscape strip (see Figure 30.64-8).
 - ii. Interior subdivision walls with initial development (no additional landscaping required).
 - iii. Perimeter subdivision walls within the rural residential districts along any collector or arterial street shall provide a minimum 10 feet of landscaping.
 - iv. Walls adjacent to developed properties when the finished grade of the developing property is lower or higher than the finished grade of the developed property shall only be permitted with approval of an Administrative Minor Deviation application. Additional landscaping shall not be required.
 - B. **Commercial Development Retaining Walls.** Retaining walls for commercial development shall not exceed 3 feet in height above the finished grade of the street (or sidewalk, if constructed) within required street setbacks (see 30.64.020(1)(C)). (Also see Table 30.64-2 for outside storage.)
 - C. **Fencing Above Retaining Walls.** A 90% open decorative fence up to a maximum height of 6 feet may be placed above any retaining wall.
 - D. Retaining walls shall not exceed 2 feet within any sight visibility zone.

5. The Director of Public Works and/or the Director of Building determine that a wall is required to protect property or public safety. The height and design of such a wall, including those within flood control facilities, shall be as required by the Director.

b. Adjustments to Site Landscape and Screening Standards. Proposals to utilize standards different from those provided elsewhere in this chapter may be considered in light of the unique characteristics of an individual site, including those created by the shape and location of property, design of existing or proposed structures, and the operation of the uses proposed for the site. Adjustments to site landscape standards include those related to screening and buffering, placement and amount of site landscape materials, parking lot landscaping, amount of turf, and the location of fences and walls. The determination of the acceptability of such adjustments shall be based upon consideration of the following:

1. The provision of landscape proposals to reduce environmental problems and to further the County's compliance with the Federal Clean Air Act Amendments of 1990 such as, but not limited to, increased use of allowable landscape species which increase the absorption of carbon dioxide and production of oxygen, and produce low amounts of pollen.
2. The ability of the proposed standards to result in the same or improved screening and buffering function as results from the standards of Table 30.64-1
3. The ability of the proposed standards to provide the same or enhanced visual character to the site as would result from the application of the landscape requirements for which alternative standards are being offered.
4. The ability of the proposed standards to maintain water demand equal to or less than that anticipated to be required by the installation and maintenance of the landscape plan and materials for which the alternative standards are being offered.
5. The ability of the proposed standards to result in site landscaping that maintains or increases the site development compatibility with that of adjacent sites in the manner anticipated through the application of the landscape requirements for which alternative standards are offered.

c. The Commission or Board may approve modified standards, including reduced or additional landscaping or fence height, as a condition imposed in conjunction with the approval of a land use application or by a waiver of standards application per Table 30.16-7, which, in their estimation, will better accomplish the purposes of this Chapter. In addition, the specialized requirements within Table 30.44-1 shall supersede the requirements of this Chapter.

(Ord. 4839 § 14 (part), 1/2021; Ord. 4770 § 12 (part), 3/2020; Ord. 4288 § 6 (part), 5/2015; Ord 4275 § 11 (part), 3/2015; Ord. 4077 § 14 (part), 2/2013; Ord. 4036 § 13, 7/2012; Ord. 3757 § 9 (part), 4/2009; Ord 3586 § 9 (part), 2/2008; Ord. 3549 § 11 (part), 9/2007; Ord. 3472 § 12 (part), 1/2007; Ord. 3354 § 11 (part), 2/2006; Ord. 3229 § 12 (part), 6/2005; Ord. 3209 § 10 (part), 3/2005; Ord. 2934 § 9, 8/2003; Ord. 2769 § 105, 7/2002; Ord. 2573 § 14 (part), 2001)

30.64.060 Non-Essential Water Uses. Variances or waivers within this Section shall not be permitted.

1. The following uses are exempt from restrictions:

- A. A body of water which stores water for the use in flood control, in meeting peak water demands or for purposes relating to the treatment of sewage by a political subdivision of this State.
- B. A body of water which stores water for use by the Las Vegas Valley Water District or by a water district created pursuant to NRS Chapter 318.
- C. A body of water which stores and distributes water or reclaimed wastewater for use by an irrigation district created pursuant to NRS Chapter 539.

- D. A body of water which stores water used in a mining reclamation project.
2. **Swimming Pools.** Swimming pools are considered to be accessory uses in all districts when not a principal use of the property. All pools (above ground and below grade) shall comply with the following.
- A. Pool water line must be a minimum 5 feet away from the front yard and shall not cross a property line.
 - B. All pools must be enclosed by a minimum 5 foot high fence or wall (which may be a building wall) with self-closing and self-latching gates or doors, the latching device being located on the inside and not less than 4 feet above the ground designed to prevent access to the pool without going through the gate. If visible from the street then the pool must be surrounded by a decorative wall.
 - C. As a further precaution, it is suggested all doors and windows shall be self-closing and self-latching, and a non-climbable 5 foot fence be constructed to separate the pool/spa from the residence (see Figure 30.64-16).
 - D. Waterfalls or other decorative features associated with a pool may encroach into a yard setback, must conform to maximum wall height, and may not cross a property line.
 - E. The water surface area of outdoor swimming pools shall not exceed the following:
 - i. Non-single family residential development, including community pools and recreational facilities, shall be limited to 4% for the first 10 acres or less and 0.4% for the additional total development area that exceeds 10 acres.
 - ii. For a resort hotel, an additional 5 square feet will be allowed for each guest room.
 - iii. Single-family residential development shall be limited to an area of 600 square feet.
3. **Manmade Lakes.** Manmade lakes are prohibited, except for the following.
- A. A body of water constituting a wetlands project or located in a recreational facility which is owned or operated by a political subdivision of this State and that utilizes nonpotable water.
 - B. A body of water which is located in a recreational facility that is open to the public and owned or operated by the United States of America or the State of Nevada.
 - C. Bodies of water on a cemetery which are used for the purpose of storing irrigation water for the same and which have a combined aggregate surface area less than 5.5% of the total cemetery area, respectively.
4. **Ornamental Water Features.**
- A. The following ornamental water features are permitted:
 - i. A water feature of not more than 25 square feet surface area when in conjunction with a single-family residence.
 - ii. Those in conjunction with a resort hotel must enter into an abatement agreement with the purveyor, if required.

iii. The following shall not be considered Ornamental Water Features:

Those that are necessary and/or functional components serving other allowable uses, including, but not limited to:

a. An interpretive feature of an educational exhibit.

b. Those within a climate-controlled structure.

B. Water features will not be required to be drained. A recirculating water pool to maintain pumps, pond liners, and ancillary equipment, but only between the hours of 1:00 a.m. and 4:00 a.m. or whenever freezing conditions require preservation, may be maintained.

5. Recreational Water Park. The water surface area of recreational water park for a single development shall be pursuant to water purveyor regulations.

30.66 Landscape Maintenance Districts

30.66.010 Definitions. Defined terms set forth in Chapter 30.66 shall have the meanings provided as follows:

Acceptance Date	The date upon which the County accepts access to real property upon which the improvements are located as provided in Section 30.66.210(b) of this Chapter.
Assessment	The monetary amount levied against each assessment unit as an assessment against a lot or parcel of real property within a residential subdivision for any given assessment period.
Assessment Amount	The monthly amount established by the County as the unit amount necessary to pay the proportionate share of the cost to maintain the improvements located in the maintenance district in accordance with Section 30.66.205 hereof to include, without limitation, the County's administrative costs; the actual cost for contracted services performed; and the associated labor, equipment, insurance, utility, and material costs.
Assessment Period	Each successive period of time running from and including July 1 to and including June 30 of the following year in accordance with the provisions of Section 30.66.205.
Assessment Unit	Each legal lot or parcel of real property comprising and being included within the boundaries of the maintenance district and upon which a single family dwelling unit may be constructed, whether such building unit has been constructed or not.
Improvements	For the purpose of this Chapter the term improvements shall mean landscaping, public lighting, and security walls located along the perimeter of a residential subdivision, which are constructed by the applicant pursuant to the applicant's approved improvement plans.
Improvements Plan	The plan approved by the County that details the installation of improvements proposed to be maintained within the maintenance district.
Landscaping	Ground cover, trees, shrubs, and other ornamentation, whether natural or artificial and including irrigation systems, electrical system, conduits, separate metering equipment, and drainage, acceptable to the County, that do not exceed the water usage or energy conservation principles of xeriscape located along the perimeter boundary of a residential subdivision.
Maintenance	To care for and provide upkeep of improvements including normal repair and replacement of materials and items to sustain an improvement standard or acceptable level of quality.
Maintenance District	The maintenance assessment district created, formed, and established pursuant to this Chapter to provide maintenance of improvements located along the perimeter of a residential subdivision.

**Maintenance District
Property**

The sum of all legal parcels of real property containing improvements requested by the applicant to be included and maintained within the maintenance district. The maintenance district property shall be shown as common area on the final map for a residential subdivision. The ownership of the maintenance district property will be ownership in common shared by the applicant and all future owners of property within the residential subdivision.

Maintenance Standards

Those maintenance standards adopted by the County for the improvements maintained pursuant to this Chapter.

Public Benefit

The public benefit of the County maintaining perimeter landscaping, public lighting, and security walls located along the perimeter of a residential subdivision is the assurance to the immediate neighborhood that the improvements will receive the proper care in the future if a maintenance association is not established when the land is divided.

Public Lighting

Improvements used in lighting the landscaping and/or the surface of a security wall which are located on the perimeter of a residential subdivision.

Security Walls

The perimeter wall of a residential subdivision located immediately abutting the maintenance district, but not including gates. The maintenance of a security wall shall be limited only to the maintenance of the surface treatment on the maintenance district side of the wall and does not include the repair of any structural damages to the wall. (Ord. 2656 § 1, 2001)

30.66.020 Authority. The provisions of this article are enacted pursuant to NRS 278.4787 governing the development of maintenance districts for landscaping, public lighting, and security walls. (Ord. 2656 § 1, 2001)

30.66.030 Applicability. Pursuant to NRS 278.4787, an applicant, who is creating a residential subdivision with perimeter improvements only, may petition the County to create a maintenance district within areas of the County that are residentially zoned. (Ord. 2656 § 1, 2001)

30.66.100 Procedures for Applying to Create a Maintenance District. An application to create a maintenance district will be considered by the County for new residential subdivisions, for perimeter improvements only, when a property owner or owners who propose to divide land for transfer or development into four or more lots submit a petition pursuant to this ordinance, 120 days before the approval of the final map, requesting the creation of a maintenance district. The applicant shall submit the following:

- a. A petition setting forth legal descriptions of all tracts of real property that would be subject to the maintenance assessment;
- b. A landscape, public lighting, and security wall plan with details and construction information acceptable to the County;
- c. An executed agreement signed by all of the owners of the subject property agreeing to the terms provided for in Section 30.66.240; and

- d. An instrument granting the County, its officers, agents, employees, and contractors the right to enter and access the maintenance district property to the extent necessary to inspect the improvements which are proposed to be maintained within the maintenance district. (Ord. 2656 § 1, 2001)

30.66.105 County's Determination to Form a Maintenance District. The application for a maintenance district must be considered 90 days before the approval of the final map, unless waived by the Board of County Commissioners. The maintenance assessments shall not, however, be effective until the County accepts the constructed improvements for maintenance. The Board of County Commissioners shall determine the desirability of assuming the maintenance of the proposed improvements.

- a. In determining if it is desirable to assume maintenance of the improvements, the following factors may be considered:
 - 1. Whether the maintenance of the improvements on the subject property alone, or cumulatively with other maintenance districts in unincorporated Clark County, would create an unreasonable administrative or financial burden upon the County;
 - 2. Whether the location of the proposed maintenance district would interfere with the County's ability to efficiently and effectively maintain improvements on the subject property;
 - 3. Whether the improvement plan submitted by the applicant is consistent with the requirements of the Clark County code, County policies, and the County's master plan, including the applicable land use guide approved by the County;
 - 4. Whether the proposed improvements are compatible with the character of the area of the County in which the improvements will be located;
 - 5. Whether the landscape improvements are constructed to the standards of and are acceptable to the County, and all improvements are constructed to applicable codes and standards; and
 - 6. Any other factor deemed by the Board of County Commissioners as relevant to the application before it.
- b. If the County makes a determination that it is desirable to assume the maintenance of the improvements, the County will form a maintenance district by ordinance. For each maintenance district that is approved, the County will determine:
 - 1. Whether all or a portion of the tracts and/or parcels of real property will be included within the maintenance district in accordance with the applicant's petition;
 - 2. The basis of the assessment amount for each tract and/or parcel of real property on a periodic basis;
 - 3. The time of payment of the assessment;
 - 4. The type of the improvements to be maintained in the maintenance district, and the level of standards to which the improvement maintenance will be considered acceptable;

5. The amount by which the public will benefit from the maintenance of the improvements by the County, in lieu of private maintenance, and the amount the County will contribute in direct relation to that benefit. The County hereby determines that there will be a minimal or no public benefit resulting from the County providing maintenance in lieu of private persons or entities. Absent satisfactory proof otherwise, the cost of providing the maintenance shall be paid solely by the affected owners of the residential units within the maintenance district;
6. The portion of the assessment to be paid to the County for expenses associated with the costs of the maintenance district; and
7. Any other relevant matters. (Ord. 2656 § 1, 2001)

30.66.200 Conditions of Approval.

- a. As a condition of approval the applicant shall be required to:
 1. Submit an agreement acceptable to the County granting the County, its officers, agents, employees, and contractors an exclusive right to enter and access the maintenance district property to the extent necessary to maintain the improvements in the maintenance district property;
 2. Submit a written agreement acceptable to the County providing a warranty for all live plants and irrigation equipment for a period of 12 months, or less if agreed to by the County, and indemnifying the County for damage or loss resulting from the applicant's or applicant's agent's improper installation or defective design of the improvements. The warranty and indemnification agreement may be included as part of the agreement described in (a)(1) in Section 30.66.200;
 3. Provide an assessment deposit that will cover the first six months of assessments and start up costs for the maintenance district; and
 4. Notify all prospective home buyers in writing, upon entering the contract to purchase the property, of the maintenance district and the amount of the assessments. This notification shall be signed by the home buyer.
- b. The Board of County Commissioners may impose other conditions deemed necessary and appropriate at the time of the public hearing creating the maintenance district. (Ord. 2656 § 1, 2001)

30.66.202 Application Expiration.

- a. An application approved by the Board of County Commissioners shall expire in one year from the date of approval, unless all conditions of approval are met and construction of improvements are commenced within that time period.
- b. The Board of County Commissioners shall have the discretion to establish alternative time limits than those established by this Section. (Ord. 2656 § 1, 2001)

30.66.205 Assessments.

- a. The assessment amount for each assessment unit, including billing cycle, shall be determined for each assessment period; subject however, to an annual adjustment. The maintenance district may be considered for creation annually and the assessment amount shall be adjusted accordingly based upon the bids received and the actual contracts approved by the County. Additionally, if costs and expenses are increased within the maintenance district by ten percent (10%) or more, the assessment amount shall be increased accordingly during the remainder of the assessment period.

- b. Assessment amounts shall be payable according to the payment schedule adopted with the establishment of the maintenance district. The County shall mail to the property owner of the assessment unit a bill for the assessment amount to the same address for the property owner of such assessment unit as billings for real property taxes are sent by the Clark County Assessor's Office.
- c. Assessment amounts for any partial assessment period shall be prorated based on a 365-day-year.
- d. The County shall assess a 10% penalty for each assessment not paid within 60 days from the due date. Interest shall accrue on delinquent payments at the legal rate with unpaid principal, penalties, and accrued interest compounded semi-annually. (Ord. 2656 § 1, 2001)

30.66.210 Improvement Installation.

- a. The improvements shall be installed by the applicant in accordance with the County approved improvement plan supplied by the applicant and the County's adopted standards in a good, workmanlike, and lien free manner prior to the creation of a maintenance district. Once the improvements are installed, the applicant shall notify the County, so that the County may inspect the improvements for compliance with the approved landscape plan and other legal requirements.
- b. The County shall accept a right-of-entry for access purposes at such time as the maintenance district is created pursuant to Section 30.66.105.
- c. The County shall undertake or cause to be undertaken the maintenance of the improvements consistent with the levels and standards approved by the County upon the County's creation of the maintenance district and acceptance of the public access rights. The maintenance of the improvements will be provided by a contract approved and administered by the County, or its agent, under the provisions of NRS Chapters 271, 332 and 338 where applicable. (Ord. 2656 § 1, 2001)

30.66.220 County Lien Rights. Once levied, the assessment amount shall constitute a lien upon and against each respective assessment unit. Each such lien shall be executed by the property owner and shall have the same priority as a lien for real property taxes with respect to each assessment unit. (Ord. 2656 § 1, 2001)

30.66.230 Expansion of Maintenance District. Upon the filing of a petition, by the acceptance of the petition by the County, and by compliance with all provisions of this Chapter 30.66, the maintenance district may be expanded to include future phases of a residential subdivision provided that the same conditions as required for the creation of the original maintenance district are satisfactorily fulfilled. (Ord. 2656 § 1, 2001)

30.66.235 Recorded Notice. Concurrently with the recording of the final residential subdivision map, or prior to the creation of a maintenance district as provided for in NRS 278.4787, for property located within the maintenance district, there shall be recorded against the properties located within the maintenance district a notice of the inclusion of said property in the maintenance district, with a true and accurate copy of the ordinance creating the maintenance district together with a copy of this Chapter 30.66 of the County Code attached thereto. Such notice shall be in such form and content so as to encumber the property located within the maintenance district and run with the title thereto. The costs of recording the notice must be paid by the petitioner. (Ord. 2656 § 1, 2001)

30.66.240 Review of Continuation of Maintenance District. Upon notice to the owners of property located within the maintenance district, the County or at least fifty percent (50%) of the property owners of the maintenance district may request a public hearing to review and determine whether it is desirable to continue the maintenance district in accordance with Chapter 30.66. If the County determines it is not desirable to continue the maintenance district, such maintenance district may be dissolved. In such event, the owners, or portion thereof as necessary, within the maintenance district shall within six (6) months form a maintenance association to assume the responsibility for maintenance of the improvements. The maintenance district shall continue to be in force until the private maintenance association is created. (Ord. 2656 § 1, 2001)

30.66.245 Dissolution of a Maintenance District. A maintenance district for improvements may be dissolved by the County if one of the following conditions exist:

- a. The County determines that it is no longer desirable for the County to maintain the improvements within the maintenance district or the improvements are no longer necessary; or
- b. If a majority of the property owners of assessment units request that the County dissolve the maintenance district, and an association for a common-interest community has been formed to maintain landscaping, public lighting, and security walls in lieu of a maintenance district under NRS 278.4787. (Ord. 2656 § 1, 2001)

30.66.250 Maintenance District Coordination Team and Creation of a Revolving Fund.

- a. There is created a maintenance district coordination team which shall establish policies and procedures for implementing, operating, and fulfilling the County's obligations for any maintenance districts created pursuant to this Chapter of the County Code. The coordination team shall be composed of one representative each from Clark County Parks and Recreation, Clark County Public Works, and Clark County Comprehensive Planning.
- b. There is hereby created a maintenance district special revenue fund that will account for funds paid for the operating costs of all maintenance districts, and into which shall be deposited the funds collected from each maintenance district created by the County. The special revenue fund shall be established with the creation of the first maintenance district, and the County shall initially fund from the General Fund six (6) months of estimated operating costs of the maintenance districts which are proposed to be implemented during that first fiscal year. The special revenue fund will reimburse the general fund at a later date. The County may, as necessary supplement this fund from the general fund to cover costs, and the special revenue fund will reimburse the general fund at a later date. (Ord. 2656 § 1, 2001)

30.68 Site Environmental Standards

30.68.010 Purpose. The purpose of this Chapter is to protect adjacent uses and the community against objectionable noise, light, smoke, particulate matter, odors, and hazardous materials generated on property by uses conducted on the property.

30.68.020 Noise.

- a.** Excessive noise shall be muffled to mitigate objectionable intermittence, beat frequency, shrillness or volume.
- b.** The maximum permissible sound pressure level of any continuous, regular, or frequency source of sound produced by any activity shall be established by time period and type of zoning district per Table 30.68-1.
- c.** Public address systems of any kind shall only be permitted subject to special use permit approval unless in conjunction with live entertainment or a temporary outdoor commercial event which is otherwise approved.
- d.** Sound levels shall be measured with a sound level meter and associated octave band filter, manufactured according to standards prescribed by the American National Standards Institute, ANSI S1.2-1962 "American Standard Meter for the Physical Measurement of Sound" and the revisions thereof, including ANSI S1.1-1976, ANSI S1.6-1984, ANSI S1.4-1983- Type 1 Precision, ANSI S1.11-1986 and ANSI S1.13 Field Method. Measurements shall be made using the flat network of the sound level meter.
- e.** Impulsive type noises shall be subject to the standards described in Table 30.68-2, provided they are capable of being accurately measured with the equipment described above.
- f.** For the purpose of this Chapter, noises capable of being measured shall be those which cause rapid fluctuations of the sound level meter needle with a variation of no more than plus or minus 2 decibels. Noises incapable of being measured, such as irregular and intermittent sound emissions, shall be controlled so as not to become a nuisance to adjacent uses.
- g.** Sound pressure levels shall be measured at all property lines at a height of at least 4 feet above the ground surface.
 - 1.** Where the emitting and receiving premises are in different zoning districts, the limits governing the more restrictive district shall apply to any regulated noise entering that district.
 - 2.** The levels specified may be exceeded by 10 decibels for a single period not to exceed 15 minutes in any one day.
- h.** Requirements of this Section do not apply to:
 - 1.** Construction and/or demolition activities when conducted during daytime hours.
 - 2.** Sound generating equipment or apparatus used for public safety or to warn the public of an emergency.
 - 3.** Noise from use-related loading/unloading operations that affect residential areas when conducted during daytime hours.
 - 4.** Lawn maintenance and home repair only if conducted during daytime hours as a normal function

of any authorized use, and the equipment is maintained in proper working condition.

5. Aircraft Noise.
6. Properties located within the Gaming Enterprise District located between Sahara Avenue and St. Rose Parkway and Koval Lane or its alignment and Cameron Street or its alignment. (Ord. 4089 § 1 (part), 3/2013; Ord. 2907 § 11 (part), 7/2003)

- 30.68.030 Lighting.** All on-site lighting shall be designed to prevent light from shining directly onto abutting residential uses. See Chapter 30.48 and Section 30.56.135 for additional “Lighting Standards”. (Ord. 4481 § 14, 5/2017; Ord. 3757 § 10, 4/2009; Ord. 3688 § 13, 10/2008; Ord. 2907 § 11 (part), 7/2003)
- 30.68.040 Vibration.** Vibration shall not be discernable to the human senses at any property line at any time. This requirement shall not apply to properties located within the Gaming Enterprise District located between Sahara Avenue and St. Rose Parkway and Koval Lane or its alignment and Cameron Street or its alignment. (Ord. 4089 § 1 (part), 3/2013; Ord. 2907 § 11 (part), 7/2003)
- 30.68.050 Odors.** Odor is regulated by Clark County Air Quality Regulation Section 43 in accordance with Title 9, Chapter 9.08. (Ord. 4008 § 33, 3/2012; Ord. 3085 § 57, 6/2004; Ord. 2907 § 11 (part), 7/2003)

30.68.060 Smoke and Particulate Matter. Smoke and particulate matter are regulated by the Clark County Air Quality Regulations in accordance with Title 9, Chapter 9.08. (Ord 4008 § 34, 3/2012; Ord. 3085 § 58, 6/2004; Ord. 2907 § 11 (part), 7/2003)

30.68.070 Hazardous Material. Hazardous materials, including chemicals and explosives, shall be regulated by the Clark County Fire Code, adopted Building Codes, and by the Nevada Revised Statutes and/or the Nevada Administrative Code. A special use permit is required for hazardous materials storage (See 30.08 and Tables 30.16-4 & 30.44-1). (Ord. 3085 § 59, 6/2004; Ord. 2907 § 11 (part), 7/2003)

30.68.080 Adjustments to Site Environmental Standards. Proposals to utilize standards different from those provided elsewhere in this chapter may be considered in light of the unique characteristics of an individual site, including those created by the shape and location of property, design of existing or proposed structures, and the operation of proposed uses at the site. Adjustments to site environmental standards include those related to noise and lighting. The determination of the acceptability of such adjustments shall be based upon consideration of the following:

1. The ability of the proposed adjustments to result in the same or improved site environmental functions required by the standards of this Chapter.
2. The ability of the proposed adjustments to provide the same or enhanced visual character to the site that would result from the application of the required site environmental standards for which alternatives are being offered.
3. The ability of the proposed adjustments to result in site environmental standards that maintain or increase compatibility with adjacent sites as anticipated through the application of the required site environmental standards for which alternatives are being offered. (Ord. 2907 § 11 (part), 7/2003)

30.72 Signs

30.72.010 Purpose. The purpose of the sign regulations contained in this chapter is as follows:

- A.** To preserve the non-commercial character of residential neighborhoods; to provide reasonable yet appropriate conditions for identifying businesses and services rendered in non-residential districts by controlling the size, type and design of signs in relationship to the type and size of the establishment; and to maintain and enhance the aesthetic environment.
- B.** To reduce traffic hazards by restricting signs and lights which exceed the viewer's capacity to receive information or which increase the probability of impeded traffic or accidents created by distracted attention or obstructed vision. (Ord. 2851 § 3, 3/2003)

30.72.020 DELETED – Signs Prohibited. (Ord. 3019 § 4, 2/2004)

30.72.030 DELETED – Exempt Signs. (Ord. 3019 § 5, 2/2004; Ord. 2959 § 2, 10/2003; Ord. 2852 § 1, 2/2003; Ord. 2787 § 2, 9/2002; Ord. 2573 § 15 (part), 2001; Ord. 2521 § 2, 2000)

30.72.040 Requirements of General Applicability. All signs, advertising displays, and structures regulated by this Chapter, shall adhere to the following provisions.

- 1. External Bracing.** Except for poles supporting freestanding signs, but including single support freestanding signs (pole signs), all bracing and support structures for signs visible from a street or residential development shall be decorative or covered. Single support freestanding signs (pole signs) shall use decorative pole covers that integrate the colors, materials, architectural features, or other appropriate design components of the principal buildings within the same site development to prevent visibility of any structural element.
- 2. Abandoned Displays.** Abandoned displays or those advertising activities of a defunct or inoperative nature must be moved within 90 days of notification to property owner, owner of the business advertised, or owner of the sign.
- 3. Maintenance.** All signs, advertising displays, and structures as regulated by this Chapter shall be maintained by the owner of the sign or property in a safe and readable manner, and shall be kept free and clear of all obnoxious substances, materials, rubbish or weeds.
- 4. FAA Limitations.** Unless permitted pursuant to Table 30.16-6 or 30.16-7, no signs, advertising displays, or structures shall exceed those design standards specified in Chapter 30.56, nor any recommendation of the Director of Aviation in regard to obstructions of visibility by height, area or lighting thereof.
- 5. Location Provisions.** No sign shall be placed in any of the following locations:
 - A.** Within the right-of-way of any highway, road or other public easement, or within a future right-of-way, except for permanent lettering attached to a motor vehicle in compliance with Chapter 14.10 of the Clark County Code, wall signs on building for monorail stations or touchdown structures per NRS 484B.313, or signs allowed per NRS 405.110; however, temporary signs may be permitted within future rights-of-way.
 - B.** Within a drainage channel.
 - C.** Within a sight zone as established in Chapter 30.52.
 - D.** So as to interfere with, mislead, obstruct the view of, or be confused with any directional, warning, danger, signal or informational sign or structure, either required by law or established by local authority
 - E.** So as to prevent free ingress and egress from any door, window or fire escape, or attached to any standpipe or fire escape.

6. **Sign Area and Sign Faces.** “Sign Area” means the entire area within a continuous perimeter enclosing the extreme limits of sign display within 4 right angles, except for wall or awning sign area calculations based on letter height/building width per Table 30.72-1. The square footage of signs shall be measured on only 1 side of a 2 sided sign (if the interior angle exceeds 45 degrees, the area of both sign faces shall be measured), and on 2 sides of a 3 sided or 4 sided sign, or on 1 face of a multi-vision sign.
7. **Awnings.** Signs are permitted on architectural building features such as awnings, with all regulations applying to text and logos only.
8. **Orientation.** Freestanding, monument, trespassing, directional, temporary off-premises for sale, construction, and temporary on-premises signs shall be considered to face the street to which they are most nearly perpendicular.
9. **Alternative Signs and Sign Standards.** It is recognized that individual sites may present unique characteristics, including site shape and location, and the design of existing and proposed structures (e.g. Roof Signs) could be best developed through the application of alternative signs or standards which depart from the requirements of this Chapter. In certain circumstances, such alternative signs or standards may be considered beneficial by the Commission or Board as a tool to achieve the land development policies of the County. In such cases, the Board or Commission may approve alternative signs or standards for on-premises and temporary signs through the waiver of development standards or, for resort hotels, the design review application process, according to the procedures outlined in Tables 30-16-7 and 30.16-9 of this Title respectively, subject to finding that the alternative signs or standards will:
 - A. Result in development having a visual character which is as or more compatible with adjacent development than anticipated by the requirements of this Chapter;
 - B. Encourage a development trend or a visual character similar to that anticipated by the requirements of this Chapter; or
 - C. Result in a development which meets or exceeds all other requirements of this Title.
10. **Non-Commercial Messages.** Anywhere a display, structure, or sign is permitted by Title 30, a non-commercial message may be placed on such display, structure, or sign. The approval authority shall not consider the content of speech or the viewpoint of the speaker when deciding to approve or deny an application for a sign (also see the definitions for signs established in 30.08.030).
11. **Flags.** Up to 3 non-commercial flags are permitted on any improved lot or parcel of land, provided no flag overhangs a property line or public right-of-way when fully extended, and further, that any pole or structure is set back a minimum of 10 feet from any property line or public right-of-way line and does not exceed the maximum height for principal structures within the zoning district (except as permitted in 30.56.045). Flags with a commercial message shall satisfy the requirements for off-premises, on-premises, or temporary signs, whichever is applicable.
12. **Hazardous, Misleading, and Immoral Messages.** Signs shall not do any of the following:
 - A. Imitate or simulate any traffic control device or structure, or directional sign, in size, shape, color, or other appearance.
 - B. Emit any sound as a part of the advertising message.
 - C. Provide misleading, erroneous or false information or advertising about the uses permitted on the property.

- D. Contain messages or pictures of specified anatomical areas or sexually specified activities as described in subsections 8 and 9 of the definition of adult use in Section 30.08.030.
- 13. Luminance.** All signs shall comply with the following, except those signs located within the Las Vegas Boulevard Gaming Corridor, as defined in NRS 463.3076:
- A. Signs shall not increase lighting levels by more than 0.3 foot candles over ambient levels as measured using a foot candle meter at the following pre-set distances:

i. For Sign Areas up to 11’x22’	150’
ii. 10’6”x36’ Bulletin	200’
iii. 14’x48’ Bulletin	250’
iv. 20’x60’ Bulletin	350’
 - B. Signs shall not interfere with any traffic control devices.
 - C. Ambient light monitors are required that enable sign brightness to adjust to outside conditions.
 - D. Sign display must immobilize in the event of a screen malfunction.
- 14. Pennant Signs.** Streamers, pennants or strings of pennants, no more than 24 inches in total height, are permitted surrounding an approved outdoor retail display. The minimum height shall not be less than 14 feet above the ground where located in an area subject to vehicular traffic, nor less than 8 feet above the ground in any other location.
- 15. Prohibited Structures.** The following types of sign structures are prohibited:
- A. Portable or mobile signs unless permitted as a temporary, special attraction/promotional sign.
 - B. Signs placed on parked vehicles, trailers or parked commercial vehicles, whose apparent purpose is to advertise a product or to direct people to a business or activity located on the same or any other property.

30.72.050 On-Premises Signs. The regulations listed in Table 30.72-1 below apply to on-premises signs and include additional Residential Protection Standards established for on-premises freestanding signs. All the property within a commercial complex, including shopping centers and business parks, which contains more than 1 user and shares common parking or vehicular access shall also be considered on the same property (See Figure 30.72-1). Property located within the Transition Corridor, Red Rock Design Overlay, CMA Area Design Overlay, Asian Design Overlay, and the Moapa Valley Overlay Districts, as well as a building, structure or site with a Historic Designation are subject to additional requirements and restrictions per Chapter 30.48 (see respective PARTS). In addition, for development within the SOSA Design Overlay District, see Chapter 30.48 PART M for further sign guidelines.

30.72.055 Comprehensive Sign Plan. Requests to modify the regulations for signs within the C-P zoning district per Table 30.72-1 shall be reviewed through a comprehensive sign plan application.

- a. **Review.** The comprehensive sign plan shall be reviewed through a design review application, shall be heard as a public hearing and approved by the Board. All applications shall be evaluated based on impacts to surrounding residential uses, the distance from the buildings to the street, the proximity of the signs to building entrances and tenant spaces, the use of adequate address display, and the scale, proportion and design of the signs as an integral part of the architecture of the building(s).
- b. **Plans.** Detailed plans shall be submitted addressing the following:
 1. Sign dimensions, including a maximum sign area for all signs.
 2. Color scheme.
 3. Lighting.
 4. Location of each sign on the building and on the ground.
 5. Construction materials.
- c. **Sign Standards.** Signs shall conform to the following, which cannot be waived or varied:
 1. Wall signs shall be constructed only of pan channel letters (no cabinet or can signs).
 2. Letters for wall signs shall only be illuminated internally (front or backlit lighting). There shall be no exposed lighting or lighting source.

3. Monument and project identification signs may be illuminated provided signs are directly lit (up-lit or down-lit only).
 4. No animation or electronic message units or display are permitted.
 5. The color and design of signs shall complement the architecture of all buildings within the complex. The same color scheme shall be used for all signs throughout the site.
 6. A common lettering style shall be used for all signs throughout the site.
- d. **Approval.** Approval of the comprehensive sign plan by the Board shall establish the sign design and criteria for the site. The wall sign area approved for each tenant space shall not be transferred to another tenant space within the same complex. No waivers or variances are permitted to the standards approved within the sign plan; any request for a modification shall require submittal of a new comprehensive sign plan application. 30.72.070 Temporary Signs. Temporary signs may be permitted in any zoning district subject to the provisions provided herein and compliance with Section 30.72.040. Any sign not specifically defined as a temporary sign shall satisfy the requirements for on-premises signs, established in Section 30.72.050 and Table 30.72-1. Permitted temporary signs and their regulations are listed in Table 30.72-3.

1. **Sign Permits.** Sign permits shall be required for all temporary for sale or lease signs, except for non-commercial signs, temporary signs, whose total area is 16 sq. ft. or less, and temporary construction signs painted onto temporary construction fences. An application for a sign permit for the construction, placement or installation of a new sign or modification of an existing sign shall be filed with the Building Official on forms so provided. The permit application shall, at a minimum, be accompanied by the following material:
 - A. Three copies of the most recent Assessor's parcel map for the parcel, 3 copies of detailed drawings to show the dimensions, design, advertising copy, structure and location of each particular sign.
 - B. Evidence of the property owner's approval of the sign installation, such as a lease or other signed agreement, is required for off-premises for sale signs, except weekend directional signs (3 copies).

- C. One application and permit may include multiple signs, provided they are permitted on the same lot or parcel of land, except for weekend directional signs, which need not be on the same lot or parcel.
 - D. Changing the copy on a sign shall not require the approval of a new permit if the sign still advertises the original subdivision, as shown on the approved tentative map.
2. **Sign Permit Fee.** An application for a sign permit shall be accompanied by a fee made payable to the County, as required by Chapter 30.80.
3. **Requirements Waived.**
- A. Temporary signs do not require installation of paved parking, landscaping, wall-enclosed trash areas or off-site improvements.
 - B. Temporary construction signs that are painted onto temporary construction fences allowed by the Building Official are exempt from the size, setback, and right-of-way restrictions otherwise required per Table 30.72-3 and may be located wherever the temporary construction fence is allowed.
4. **Violations.** Whenever a temporary sign is found to be in violation of the provisions of this Title, the Clark County Code or of any other ordinance or law, the County shall order that such sign be brought in compliance with the provisions of the this Title, the Clark County Code or of any other ordinance or law. The order may require the alteration, repair, reconstruction, demolition, relocation or removal as may be appropriate. Any work required to be done shall, unless a different time is specified, be completed within 10 days of the date of such order.
5. **Removal of Temporary Signs.** In addition to the criminal penalties, Clark County is authorized to remove temporary signs or other advertising displays in the following manner.
- A. Any temporary sign or advertising display unlawfully located in the public right-of-way, or on private or public property without the owner's consent, or which causes the threat of immediate peril or menace to the public may be removed without notice. Within 10 working days, notice shall be sent by United States Mail to the property owner and the beneficial user of the sign, if such user can reasonably be identified, informing them of the action taken and that the sign may be reclaimed upon payment of the prescribed fee and within the time set forth under Subsection (7A) of this Section.
 - B. Any temporary sign or other advertising display placed on the property with the owner's consent, but not in conformance with the provisions of this Chapter, may also be removed by Clark County, or its agents, provided that the owner of the property and the beneficial user of the sign, if such user can reasonably be identified, have been either served personally or by first-class United States Mail with the written notice 15 days in advance of the pending removal action.
 - i. Such notice shall be valid for a period of 1 year from the date of the notice. If a sign advertising the same product is placed on the same or any other property within 1 year of the date of the notice, it is subject to immediate removal by virtue of the prior notice.
 - ii. The written notice must advise the property owner or beneficial user that they may request a hearing pursuant to Subsection (6) of this Section and if the written request for a hearing is received by Clark County within 10 days from the date of the written notice, the County's action toward removal of the sign shall be stayed until a hearing is held and a decision made pursuant to Subsection (6) of this Section.

- C. If a hearing on the impounding of the sign is not timely requested, or if the sign is not returned at the owner's request in accordance with the provisions of this Chapter, Clark County may sell or otherwise dispose of the sign and deposit the proceeds, if any, from any such sale or other disposition in the County Treasury.

6. Hearings on Violation and Impoundment.

- A. Any owner or beneficial user who has received a notice that a temporary sign is in violation of this Section may within the time set forth in Subsection (6B) of this Section request a hearing before the Hearing Officer.
- B. Any owner or beneficial user maintaining a temporary sign which has been impounded pursuant to Subsection (5)(A) or (B) of this Section may at any time within 30 days of the impoundment request a hearing before the Hearing Officer.
- C. All requests for hearing shall specify the name and address where the person requesting the hearing may be contacted and shall state in specific detail the reasons for the hearing request.
- D. A timely request for a hearing made prior to impounding the sign shall not be impounded until 5 working days after the decision is rendered.
- E. A hearing shall be held, unless continued by agreement, within 10 working days of the request for a hearing. At the hearing, any person may present evidence or argument as to whether the sign was in violation of this Chapter or whether the sign should be returned without payment of an impound fee.
- F. A written decision shall be rendered within 5 judicial days after the close of the hearing. The Hearing Officer may give oral notice of the decision at the close of the hearing and must also send notice of the decision by first-class mail.
- G. The decision of the Hearing Officer shall be considered final and the County may take any action permitted by that decision concerning removal of the temporary sign or other advertising 5 days after written decision is mailed.

7. Return or Destruction of Impounded Temporary Signs.

- A. The owner or beneficial user, after providing sufficient proof of ownership of a temporary sign may, at any time up to and including 30 days after the impounding, or if a hearing pursuant to this Chapter is held concerning the sign, may, at any time up to and including within 10 days after the decision at such hearing becomes final, obtain a return of the sign upon paying an impound fee of \$100 for a sign other than a weekend directional sign, or \$10 for a weekend directional sign, plus the reasonable additional special itemized costs, if any, of impounding the sign in excess of the required impound fee. In the event sufficient proof of ownership is not provided, the sign(s) will not be returned nor impound fees accepted and the sign(s) will be disposed.
- B. The Hearing Officer, after a hearing in accordance with this Chapter, and a determination that the impound was improper, may order the sign returned without payment of any impound fee, or if an impound fee has been paid, may order the return of any such impound fee. (Ord 4275 § 12 (part), 3/2015; Ord. 3970 § 7 (part), 8/2011; Ord. 3924 § 12 (part), 1/2011; Ord. 3635 § 11 (part), 6/2008; Ord. 3549 § 12, 9/2007; Ord 3209 § 12 (part), 3/2005; Ord 3160 § 15 (part), 11/2004; Ord 3019 § 10 (part), 2/2004; Ord. 2505 § 3, 2000)

30.76 Nonconformities

30.76.010 Purpose. This Chapter regulates the continued existence of lots, structures, and uses of land that came into existence legally but do not comply with one or more requirements of this Title. It is the intent of this Chapter to permit these nonconformities to continue until they are removed, but not to encourage their survival. It is further the intent of this Chapter that nonconformities shall not be enlarged, expanded or extended, nor be used as grounds for adding other structures or uses prohibited in the same district.

30.76.020 General Standards of Applicability. This Chapter applies to nonconformities created by the initial adoption of, or amendments to, this Title. It also applies to nonconformities under previously applicable ordinances, even if the type or extent of the nonconformity is different.

1. The burden of establishing that any nonconformity is a legal nonconformity shall, in all cases, be solely upon the property owner.
2. Illegal uses existing at the time the ordinances codified in this Title were adopted shall remain illegal and not be validated by their adoption.
3. To avoid undue hardship, nothing in this Chapter shall be deemed to require a change in the plans, construction or designated use of any existing building for which a building permit for construction has been issued, providing the permit has not expired prior to the effective date of the ordinance which made the use or structure nonconforming.
4. Incidental repairs and normal maintenance shall be permitted on any nonconforming structure containing a nonconforming use.
5. If the condition of a property constitutes a nuisance, as determined by the Board in accordance with the procedure established in Chapter 11.06 Abatement of Public Nuisances, the Board shall have the authority to require an improvement to the property sufficient to mitigate the nuisance.
6. Any nonconforming structure, or portion of a structure containing a nonconforming use, which is declared by any duly authorized official to be unsafe or unlawful by reason of physical conditions shall be repaired regardless of the nonconforming status.
7. Whenever a permitted use replaces a nonconforming use, the nonconforming use may not be resumed thereafter.
8. The adoption of an ordinance which revises restrictions so that an existing nonconforming use or structure is in compliance with this Title shall have the effect of making the use or structure conforming.

30.76.030 Nonconforming Lots of Record.

- a. In any district in which single-family dwellings are permitted, a single-family dwelling and customary accessory buildings may be erected on a lot of record at the effective date of the ordinance codified in this Title, even if it does not conform with lot requirements, if construction otherwise conforms to the setbacks required for the district in which the lot is located.
- b. An existing lot from which right-of-way dedication is required which causes a lot to be substandard, or less conforming in the case of an existing nonconforming lot, shall be considered to be a nonconforming lot.
- c. Nonconforming lots shall be considered to be any substandard lot created prior to May 5, 1970 if any property adjacent to it with continuous frontage has not been under the same ownership since May 5, 1970 or any substandard lot which was subject to a contract of sale in full force and effect prior to June 20, 1962.
- d. With respect to the creation of lots without a subdivision, lots created without a subdivision map prior to July 1, 1973, or created by a court order, shall be considered to be legally created. A contract for the sale of land after June 20, 1962, or a legal description listed on a single recorded deed recorded prior to July 1, 1973 with the legal description of adjacent parcels also listed, does not constitute the division of land. (Ord. 2573 § 16, 2001)

30.76.040 Nonconforming Structures. Any structure legally established which, because of revised regulations on area, lot coverage, height, yards, its location on the lot, or other requirements concerning the structure, becomes nonconforming as a result of the passage of an ordinance codified in this Title, may be maintained so long as it remains otherwise lawful, subject to the following provisions.

1. Structures within a floodplain for which the finished floor of the lowest floor is below the base flood elevation and have been damaged or is to be remodeled to 50% of the pre-disaster fair market value shall only be repaired or reconstructed in accordance with the Floodplain Management Ordinance.
2. The nonconforming structure may not be enlarged or altered in a way which increases its nonconformity. However, any structure may be enlarged or altered if the construction does not increase the nonconformity.
3. If a nonconforming structure is destroyed to an extent of more than 50% of its replacement cost at the time of destruction, it shall not be reconstructed except in conformity with the provisions of this Title.
4. A nonconforming structure can only be moved if the move results in the structure being in compliance with the requirements of this Title. Any nonconforming structure that is voluntarily removed to be replaced or rebuilt shall conform to the Title 30 regulations in effect when new building permits are issued.
5. The owner of any existing nonconforming structure may be required to install, operate, and maintain thereon such markers and lights as may be deemed necessary by the Director of Aviation to indicate to the operators of aircraft in the vicinity of the airport the presence of an obstruction into the Airport Airspace Overlay District, as required by Part B of Chapter 30.48.

6. Any dwelling not meeting the design standards for single-family dwellings, listed in Chapter 30.56, which is demolished may be reconstructed or replaced provided the original dwelling was constructed prior to January 1, 2000 and shall have the same appearance as the demolished dwelling, or be compatible with the architectural style and building materials of dwellings in the vicinity. An administrative design review shall be approved prior to the issuance of any building permits. (Ord. 3354 § 13, 2/2006)

30.76.050 Nonconforming Uses. Where, at the time of passage of any ordinance codified in this Title, a lawful use existed, which has been made nonconforming by this Title, that use may be continued so long as it remains otherwise lawful, subject to the following provisions. No waivers or variances allowed to this section.

1. Nonconforming uses, which were lawfully established before the ordinance codified in this Title was passed or amended, are declared to be compatible with permitted uses in the districts involved. Legal nonconforming uses shall run with the land and shall be considered for the benefit of the property owner.
2. The use shall not be enlarged, increased or extended to occupy a greater area of land or building than was occupied when the use became nonconforming, nor shall a structure in which a nonconforming use is being conducted be expanded unless in conformance with this Title.
3. A nonconforming use may not continue if the structure is removed or destroyed to the extent of 50% of the replacement cost at the time of destruction, nor shall the use be moved to any other portion of the lot or building on the lot.
4. Except for roosters, when animals are permitted as a nonconforming use, the replacement of animals within the time limit, as specified in Subsection 30.76.050(5)(A) or 30.76.050(5)(B), is permitted, providing the number of animals is not increased. Roosters not permitted within the district shall not be replaced, and all unpermitted roosters shall be removed prior to January 1, 2005.
5. Except when government action impedes access to the premises, a nonconforming use may not continue if abandoned for:
 - A. Six consecutive months for uses in conjunction with structures having a replacement cost of \$3,500 or more.
 - B. Thirty days for uses on land without structures, or structures with a replacement cost of less than \$3,500. (Ord. 3549 § 13, 9/2007; Ord. 3106 § 14, 8/2004)

30.76.060 Exceptions.

- a. The reconstruction of a lawfully constructed nonconforming structure is permitted if a governmental entity required the structure to be relocated from its previously approved location due to the construction of a public improvement, and then only if the reconstruction occurs on the same or adjacent property under common ownership and the applicant applies for permits within 90 days of receiving notice of completion of the improvement from the County.

- b.** A nonconforming on-premises sign, display, or structure may not be relocated, replaced, or structurally altered unless the relocation, replacement, or structural alteration results in a minimum 50% reduction of its nonconforming height or area. This provision shall not apply to a relocation, replacement, or structural alteration resulting from a street widening project or other public improvement project within the right-of-way, in which case the nonconforming on-premises sign, display, or structure may be relocated, replaced on the same parcel, or structurally altered without conformity being required. (Also see 30.76.040)
- c.** A building, or accessory structure permitted by Table 30.44-1, nonconforming to the development standards in effect when destroyed or damaged to more than 50% of its replacement cost by an act of God, war, natural catastrophe, or criminal act such as terrorism may be reconstructed or repaired in accordance with the development standards in effect when it was originally constructed if approved by the Board through a public hearing design review. The Board may impose reasonable aesthetic conditions, including without limitation landscape buffering, designed to mitigate the impact of the nonconformity on adjacent properties or the community.
- d.** The maximum height of a legally nonconforming off-premise sign, display, or structure that is oriented toward the roadway and whose nearest edge is within 60 feet of a public roadway improvement constructed at a later date, may be extended to a maximum structure height of 30 feet above the grade of the travel lane of the roadway or 25 feet above the tallest surface of a wall located within the public right-of-way if the roadway improvement obstructs or obscures the sign's visibility. In no case shall a sign be constructed which will obscure the view of the street or freeway upon which the motorist is traveling.
- e.** If any improvement project is caused to be constructed for purposes of noise abatement within the right-of-way of a controlled-access freeway, which obstructs the visibility from the main-traveled way of the controlled-access freeway of an outdoor advertising structure that adjoins the controlled-access freeway the county shall authorize the height or angle of the structure to be adjusted to a height or angle that restores the visibility of the structure to the same or comparable visibility as before the construction of the improvement project per NRS Chapter 278.
- f.** The owner of an existing legal nonconforming off-premises sign, display or structure may submit an administrative design review to replace the faces of the off-premises sign thereby converting the sign to a digital sign subject to the following conditions for which waivers or variances are prohibited:
 - 1.** Permitted only within the following areas, but in no case shall the sign be allowed within the CRT, C-P or any residentially zoned district designated residential in the land use plan:
 - MUD-1 overlay subdistrict
 - Along a freeway
 - Boulder Highway
 - On Paradise Road from I-215/CC-215 on the south to Twain Avenue on the north

- On Swenson Street from I-215/CC-215 on the south to Harmon Avenue on the north
 - On Tropicana Avenue from Decatur Boulevard on the west to Swenson Street on the east;
2. Must display messages a minimum 6 seconds and messages cannot travel or flash;
 3. The digital signs shall adhere to provision within 30.72.040;
 4. Consecutive signs facing the same direction of travel shall not display sequential messages;
 5. Consecutive signs facing the same direction of travel shall not display messages at the same rate of synchronization;
 6. A sign conversion fee of \$10,000 shall be paid to Clark County with the administrative design review submittal;
 7. Applicant must submit an affidavit verifying off-premises sign has not been converted prior to January 21, 2009. Absence of affidavit will require applicant to comply with 30.76.060 (g) below; and
 8. If NDOT approval is required, it must be received prior to permit issuance.
- g. The owner of any previously converted existing off-premises sign, display or structure that converted to digital face prior to January 21, 2009 shall pay a sign conversion fee within 60 calendar days of March 2, 2009 and adhere to all conditions listed in Section 30.76.060 (f) above.

(Ord. 4658 § 17, 1/2019; Ord 4275 § 13, 3/2015; Ord. 4077 § 16, 2/2013; Ord. 3848 § 12, 2/2010; Ord. 3741 § 6, 3/2009; Ord. 3061 § 8, 5/2004; Ord 2825 § 1, 12/2002; Ord. 2787 § 6, 9/2002; Ord. 2725 § 5, 3/2002)

30.76.070 Nonconforming Manufactured Home Parks. The provisions of this Section apply only to manufactured home parks which were constructed and occupied prior to August 27, 1976. The requirements of this section supersede requirements of the same type defined in other Chapters of this Title for all manufactured home parks listed in Appendix D.

1. Parks established prior to August 27, 1976 (reference Ordinance 510) are considered to be legally nonconforming regarding all code requirements. New manufactured homes may be placed in conformance with the restrictions in effect upon establishment of the park.
2. Parks having a majority of the spaces 1,500 square feet or larger shall be allowed to remove a previously required laundry facility (reference Ordinance 1075).
3. The front setback for a manufactured home may be reduced to 2 feet, where the drawbar, tongue or other attachments to the front are removed.

30.76.080 Nonconforming Adult Uses. Adult uses which are classified by the definition of this Title which do not conform to this Title and the regulations or adult uses set forth in this Title shall be allowed to continue until they are removed or discontinued provided:

1. The uses had fully complied with building, fire and licensing codes when the uses commenced; and
2. The uses had fully complied with the Clark County Code, including the acquisition by the land owner of required use permits if applicable, when the uses commenced; or
3. A nonconforming adult use may expand within the parcel boundary as it existed on March 7, 2001 only if:
 - A. It is within the M-1 District;
 - B. The development conforms to all applicable development standards, including conformance with the aesthetic standards required for commercial buildings;
 - C. All required parking is located on the lot;
 - D. An administrative design review is approved for the expansion of the use;
 - E. The use complies with all other provisions of 30.76.080.
4. Uses which were not lawful in all respects as provided in this Title shall be considered illegal uses and shall not be allowed to remain.

30.80 Fees

30.80.010 Purpose. The Director of Public Works, the Director of Comprehensive Planning, and the Zoning Administrator are authorized to collect fees as specified in this Chapter for the implementation and enforcement of this Title. (Ord 3859 § 12 (part), 6/2010; Ord. 3085 § 60, 6/2004; Ord. 2769 § 106, 7/2002)

30.80.020 General Requirements.

- a. The fees required herein shall be due and payable at the time of filing of any application or prior to the performance of the specified service.
- b. Required fees shall not be waived nor refunded, except as specified in this Section. The Board shall consider each refund request and may order a refund of fees as provided in NRS 244.200 through NRS 244.255. All refund requests shall be submitted in writing to the Director of the department (Comprehensive Planning or Public Works) responsible for collecting the fee in question.
 1. Applicants may request a refund of 80% only when an application listed in Tables 30.80-1 or 30.80-3 is withdrawn before notices are mailed or application information is distributed to applicable government entities, or before plan review has been performed. The Board shall then consider the circumstances of each withdrawal request and may order a refund of fees as deemed appropriate.
 2. Applicants may request a refund of 80% only when an application listed in Tables 30.80-2 or 30.80-5 is withdrawn before plan review has been performed or applicable permits have been issued.
 3. A refund of 80% may only be requested for services and products listed in Table 30-80-4 prior to the provision of services or the delivery or mailing of products.
- c. Reconsideration and re-notification fees, required after the application has been submitted, shall be due and payable not less than 15 days in advance of the meeting at which the matter has been rescheduled to be heard. If not paid, the application shall be held until the required fee is paid, and additional re-notification fees may be applicable.
- d. **Fee Exceptions.**
 1. Application fees as required under Table 30.80-1, and specified administrative fees required under Table 30.80-4, shall not be required when the applicant is a government agency, or a developer of an affordable housing project (for fees related to such projects) as certified by the Clark County Social Service Department, Division of Community Resources; proposing new construction or alteration within a Historic Neighborhood pursuant to Section 30.48.1080; or corrections to an address requested by the property owner if the address assigned to the property does not fall within the proper range of the Clark County Addressing Grid established for their property location.
 2. Fees listed in 30.80-3 and 30.80-5 related to an affordable housing project shall be reduced according to the following scale: Projects providing housing for those meeting 61% to 80% of the Adjusted Mean Income (AMI) (Ver Low Income or Low Income) shall receive a 50% reduction in fees; Projects providing housing for those meeting 60% and below the AMI (Very Low Income and Extremely Low Income) shall receive a 75% reduction in fees.
- e. When a court reporter is required to report the results of a hearing, as required by Chapter 463 of the Nevada Revised Statutes, the applicant shall arrange, and pay, for the full cost of the reporter. The applicant shall ensure a copy of the transcript is delivered to the Zoning Administrator within 10 working days of the hearing. Failure to have a court reporter present at the public hearing shall require holding the public hearing until such time as a court reporter can be present and possibly

require the payment of re-notification fees.

- f. Any application required as a result of Clark County Public Response Office Notice of Violation shall require double the base fee.

(Ord 4903 § 10 (part), 12/2021; Ord. 4770 § 14 (part), 3/2020; Ord. 4562 § 4 (part), 2/2018; Ord 4152 § 12 (part), 12/2013; Ord. 3924 § 13 (part), 1/2011; Ord 3859 § 12 (part), 6/2010; Ord. 3757 § 12 (part), 4/2009; Ord. 3296 § 10(part), 10/2005; Ord. 3160 § 16 (part), 11/2004; Ord. 3085 § 61, 6/2004)

30.80.030 Application Fees. The following types of fees shall be required for the petitions and applications listed in Tables 30.80-1 and 30.80-3 below, payable to the Director of Public Works or the Comprehensive Planning Department as assigned.

1. **Base Application Fee.** The base fee for each application type, not including additional fees based on type of hearing and size and complexity of the application.
2. **Pre-submittal Conference Fee.** When required by this Title for specific application types, the fee established to process and review preliminary plans and determine compliance with various code requirements.
3. **Notice Fees.** Whenever an application, including an extension of time, application for review and a waiver of conditions, is required by this Title, or by Chapter 278 of NRS, to provide a public hearing and/or to post signs on property to notify nearby residents and property owners of the pending hearing, additional fees for each application are required and included in the base application fee, calculated proportionally on the notification radius and signs required.
4. Notice fees required in addition to the base fees per Tables 30.80-1 and 30.80-3, or required as a result of an application being held at the request of the owner or applicant, are required as follows:
 - A. When notification is required to be given to abutting property owners, a fee of \$100 is required.
 - B. When a 100' notification radius is required, a fee \$100 is required.
 - C. When a 300' notification radius is required, a fee of \$150 is required.
 - D. When a 500' notification radius is required, a fee of \$175 is required.
 - E. When a 750' notification radius is required, a fee of \$200 is required.
 - F. When a 1,000' notification radius is required, a fee of \$350 is required for each set of notices required to be mailed.
 - G. When a 1,500' notification radius is required, a fee of \$500 is required.
 - H. When a 2,500' notification radius is required, a fee of \$1,000 is required.
 - I. When over 1,000 notices for any radius, a fee of \$1 per notice is required. Fees shall be paid not less than 15 days prior to the meeting. Failure to pay the additional notice fees as required shall result in the item not being heard at a public hearing.
 - J. When a subsequent application is required to be noticed, in accordance with Section 30.16.230 (5), the same notice fee for the original application is required.
 - K. When a sign is required to be posted on the property, an additional fee of \$200 is required.

30.80.080 MSHCP Mitigation Fee.

- a. When required by the provisions of Chapter 30.32 of this Code and this section, all applicants for Land Disturbance Permits shall pay the MSHCP Mitigation Fee of five hundred fifty dollars (\$550) per gross disturbed acre or any portion thereof located within the parcel, as well as the area disturbed by related offsite improvements.
- b. Applicants for the following types of development shall not pay a MSHCP Mitigation Fee:
 1. Reconstruction of any structure damaged or destroyed by fire or other natural causes.
 2. Rehabilitation or remodeling of existing structures or existing off-site improvements.
 3. Disturbance of any lands, including lands conveyed from federal to private ownership, within the County, which are covered by and are subject to the terms and conditions of a separate habitat conservation plan and incidental take permit approved and issued by the United States Fish & Wildlife Service. Such lands are not covered by or subject to the Incidental Take Permit.
- c. Applicants for a Land Disturbance Permit who have paid per acre fees pursuant to Section 7 of the Federal Endangered Species Act may be required to pay a portion of the MSHCP Mitigation Fee as follows:
 1. If an applicant paid less than five hundred fifty dollars (\$550) per gross disturbed acre or any portion thereof located within the parcel as well as the area disturbed by related offsite improvements in Section 7 fees, the applicant shall pay the difference between five hundred fifty dollars (\$550) per acre and the amount per acre paid in Section 7 fees. These acres shall be covered by and subject to the Incidental Take Permit.
 2. If an applicant paid five hundred fifty dollars (\$550) or more per gross disturbed acre or any portion thereof located within the parcel as well as the area disturbed by related offsite improvements in Section 7 fees, the applicant shall not pay the MSHCP Mitigation Fee for those acres. Those acres are not covered by or subject to the Incidental Take Permit.
- d. All applicants for Land Disturbance Permits who are required to submit a land disturbance/mitigation fee form described in subsection 30.32.040(a)(13)(B) shall pay processing fees of twenty-five dollars (\$25) per residential Land Disturbance Permit and fifty dollars (\$50) per commercial Land Disturbance Permit to the Clark County department which issues the Land Disturbance Permit.
- e. All MSHCP Mitigation Fees collected pursuant to the provisions of this Section and Chapter 30.32 of this Code shall be deposited into the Special Reserve Fund. The Fund, including interest and other income which accrues thereto, shall be expended solely for the development and implementation of the terms of the Incidental Take Permit and any amendments thereto.
- f. MSHCP Mitigation Fees shall not be waived nor refunded except as specified in this Section. The Board shall consider each refund request and may order a refund of fees as provided in NRS 354.22 through NRS 354.250. Applicants who request refunds after submitting an application for a Land Disturbance Permit and then withdrawing it prior to the permit issuance may receive up to 80% of the MSHCP Mitigation Fee paid.
